

First Time Sex Stories

The Stand-In

Fuzzie Tanner

“It was nice of your parents to let us use their big bathtub while they’re gone,” Aiden said as he leaned back in the warm water, beads of sweat dripping down his smooth young face. He was a dark-haired boy who had a button nose and two big brown eyes set into his round freckled face.

“Yeah, too bad my bossy sister didn’t go with them,” his best friend Jayden said as he lounged at the other end of the tub. He was a handsome blond boy with big blue eyes, rosy cheeks, and full red lips.

As if on cue, his sister Ashley’s blurry form appeared on the other side of the frosted glass door.

“I’ll put your clothes here, Okay?” she called.

“Okay-ay,” Jayden replied in a sarcastic sing-song voice.

“Thank you,” Aiden called out far more politely.

“Don’t stay in there too long or you’ll get dizzy,” she said through the door.

Jayden slumped and gave his friend a pained look. “Got it,” he said.

“Want me to wash your back?” she asked playfully.

“Don’t be stupid,” Jayden said as he stood up to leave the tub. His sister ruined everything!

“Duh, I’m just joking. But get out soon, alright?”

“Yeah, yeah. We’re getting out,” he said as he stepped out of the tub and pulled a towel from the rack. Streams of water dripped from his hairless, naked body onto the tile floor.

“When is she going to stop treating me like a baby?” Jayden murmured softly to his friend as he toweled himself off.

“Huh,” Aiden huffed sympathetically from his seat in the tub. He thought Ashley was hot and wasn’t anxious to take sides against her even for his best friend, especially when she was probably listening.

“You two are a good match for each other,” she taunted.

“No way,” Jayden disagreed automatically, but she was already gone.

“I wonder if she would’ve have really washed your back if you’d said yes,” Aiden wondered as he watched his naked friend towel himself dry, secretly admiring Jayden’s tight little bubble butt.

“Hah! No way that’s ever going to happen,” Jayden promised.

“Well, I sure wish I had a caring sister like yours,” Aiden said softly.

“What? No way! You’ve *got* to be kidding me.”

“I’m kind of jealous of you, Jayden,” Aiden said playfully. Deep down, he really meant it.

Unbeknownst to them, Ashley was just to the side of the door listening to every word.

* * *

“Yes, Mrs. Clark. He and Jayden have already gone to sleep.” Ashley told Aiden’s mother on the phone.

“Wow. I’m impressed. Thank you for taking such good care of our son, Ashley. I have no problem with him staying with you and Jayden for as long as he likes.”

Ashley smirked into the phone. “He gets along very well with Jayden, Mrs. Clark. It’s like they’re brothers.”

“That’s kind of funny, isn’t it?” Mrs. Clark said. “Even their names sound alike.”

* * *

Ashley pulled her most prized possession out of the top drawer of her nightstand. It was a photo of a younger Ashley and Jayden. They were both facing the camera. She was standing behind him with her arms wrapped around his little body. He was holding one hand up to display a “V” sign with his fingers. Both kids were smiling happily.

She sighed, carefully placing it on top of the nightstand, facing her bed. Then she unbuttoned her nightshirt to let her firm young breasts bounce free as she sat down on her bed.

* * *

Aiden woke. Had he just heard something?

“Jayden... Oh, Jayden...” Ashley’s voice from the other side of the wall. “Ahh... Hmm... Mmm...”

Is she calling for Jayden? Aiden wondered. *I can barely hear her.*

Aiden rolled over and gently shook his sleeping friend. “Hey, Jayden. Your sister is calling you... Jayden!”

No response. As usual, Jayden was sleeping like a rock.

Aiden listened again. He could hear bedsprings squeaking on the other side of the wall.

I wonder what's wrong, he thought as he slipped out of bed and walked to the door in his bare feet.

“Jayden... Mmm...” Ashley’s voice was louder but she sounded strange. Was she hurt?

Aiden padded down the hallway. A light was coming from Ashley’s bedroom. He peeked inside.

“Ashley?” Aiden’s eyes widened in surprise. His best friend’s hot big sister was sitting on her bed with her legs spread. The brown-haired girl’s left hand was massaging her breasts while her right hand had shoved her panties aside and her fingers were digging into a puffy mound of wet pink flesh.

“Jayden...” Wet squishy sounds were coming from between her legs. “Ahh... It feels so good...”

Aiden felt his young penis stir and begin to harden. He knew he should go back to Jayden’s room but he couldn’t tear himself away from this amazing sight.

“Ahh... I love you... Here... Put it inside your big sister...” Ashley moaned as she feverishly massaged her breasts and cunt.

Ashley’s doing something naughty with herself, Aiden’s stunned mind began to realize.

“Ahh... Ah... Ahh... I love you... Aiden...”

Aiden’s eyes widened even further. Had she just said his name?

“Aiden... Precious...” Ashley lifted her left breast toward her mouth and began to lick it wetly.

Me? Not Jayden? Aiden wondered.

She looked up, panting. Her green eyes were hot and feverish as they looked directly into his. Aiden jumped as he realized he’d been caught. His heart began to pound heavily. He felt dizzy.

“You’re finally here, Aiden, you precious little angel. I thought I’d have to go in there and get you.” Her cheeks were flushed, her ruby lips full and lustrous.

Aiden raised his hands and clasped them under his chin. He knew he should leave but he felt paralyzed. His throat was all tightened up and he could barely breathe. His penis

had become rock-hard inside his pajamas and was throbbing more madly than ever in his young life.

She turned slightly toward him and pulled her panties all the way back. He saw what looked like a hamburger turned sideways. Two soft, puffy mounds of pale skin enclosed a ridge of pink flesh that ended in a thick rosy point. Just below it there was a furrow of wrinkled pink skin that dripped with clear fluids. Long brown hair sprouted from her panties near the very top of the otherwise hairless hamburger.

“I’ve wanted you since the first day I saw you over here. I’ve been doing this every night...” She said as she pulled one long slender leg from her panties and laid back on the bed and spread herself for him.

Aiden’s shocked mind could barely function as he drank in the sight of her teenage breasts with their swollen, dark pink nipples. Even more fascinating was her fully spread young cunt. His mouth began to water as he stared at the dark pink hole that had just opened in the middle of her sex. Tiny pink petals flared out to either side of it. Just above was a pale pea that poked out from the firm pink ridge higher up. Like a crown at the top, there was a pale and puffy mound that resembled a furry cushion.

Aiden gulped as he watched liquid ooze from her enticing hole. Instinct told him that it must be where a man was supposed to put his penis when people wanted to have a baby. Did she want him to...?

“Come here, Aiden,” she whispered sexily.

Aiden walked slowly forward like a moth drawn toward a flame. As he did, she leaned forward and got on her hands and knees. When he reached the bed, she pushed aside his fly and took his hard young penis into her mouth.

“Ahhhh... Ohhhh... Ashleyyyy...” Aiden murmured incoherently as he felt the hot wetness of her mouth engulf his cock all the way down to its hairless base. It felt like liquid fire. The pleasure was indescribable. He’d never even imagined that anything could feel so good.

She popped him out of her mouth for just a moment. “Shh! Don’t make too much noise...” Then she took his slender three-and-a-half-incher back inside her mouth, this time licking all around it with her tongue.

Aiden nearly swooned. Her tongue felt amazing as it licked and tickled his most sensitive places. Then she gently pulled back his foreskin and began to lick the super-sensitive areas underneath. It felt so good that it was almost painful. He found himself reflexively jerking himself back for a moment of release, then pushing himself gently forward for more.

“Hunnnng...” he grunted softly as his young mind tried to deal with the sudden overdose of pleasure that his friend’s gorgeous big sister was giving him.

“Try to hold on for a while,” she instructed as she moved her mouth around on his tender young morsel.

“Huh?” *Hold on to what*, he wondered.

Then she was licking underneath his foreskin again. This time, the sensations were so intense that he had to pull back.

She gently took it between her thumb and two fingers, seeing the angry redness of the protruding part of his crown.

“Does it hurt?”

“A... A little...”

“Sorry. I’ll make you feel better,” she said as she switched places with him, letting him sit on the bed while she knelt in front of him. Then she took his whole cock into her mouth and kept it there to let it bask in her warm wetness. She gently cupped his tight little balls and began to fondle them gently.

“Ohhhh... Um, Ashley... Why are you doing this?”

She reluctantly pulled her mouth away and looked up at him with a slightly hurt look.

“You don’t like it?”

“I... I like it, but...”

“You said that you wished you had a sister like me. It made me so happy to hear that. I love you, too, Aiden.” Then she went back to sucking his cock with long slow strokes, being careful to keep it covered with his foreskin as far as his powerful erection would allow.

Ahhhh... Ohhhh.... Hunnnng!” Aiden felt a strange feeling start to form somewhere behind his throbbing young prick.

Seeming to sense this, Ashley pulled her mouth away long enough to say, “I love you like you’re my brother, too...”

Then she put him back into her mouth and this time it was pure heaven. She now knew which parts were too sensitive and was working her way around them, stimulating them just a little but not too much.

This time the pleasure was so pure and beautiful that Aiden felt himself go completely limp. He flopped back onto the bed and closed his eyes so that his young mind could concentrate on nothing but these wonderful new feelings coming from his cock.

“Ah... Ah... Ah... Ahhhh... Ashley... Oh, Ashley...” His head rocked back and forth on the bed as she brought him to higher and higher levels of pleasure. Just when he thought it couldn't possibly get any better, it got better. He felt her take his hairless pink ball sack into her hand and begin to fondle it again. He felt his thighs spread apart to give her better access to the tender little glands.

Just when that strange feeling was starting to happen again, Ashley took him out of her mouth and leaned forward, to place his wet, slimy hardness between her firm young breasts. The she squeezed them together.

Aiden opened his eyes and groaned when he felt her soft warm tits engulf his hard cock. It felt like he'd just stuck it inside a nice warm loaf of bread. It felt crazy good, but not as good as her mouth. He hoped that she'd go back to sucking him soon.

She looked at him with dreamy eyes.

“Give me all of your... cum,” she said softly.

Huh?

“Ashley... Do you... Do you do this to Jayden, too...?”

Ashley stood up and leaned over him, keeping her eyes locked on his the whole time.

“No... He's my brother...”

She put her knees on the bed and straddled him, lowering her crotch down toward his throbbing young cock.

“I can't do *this* with him...”

Taking his slender young stalk in her hand, she gently bent it upward so that it stuck straight into the air.

“But...” She slowly lowered herself and felt the warm head touch the dripping, burning tissues at the entrance to her tight little vagina. “If it's with you...”

With a sigh, she lowered herself onto him. Moments later, she felt his firm little scrotum against her bottom and knew that the precious little boy was all the way inside her.

“Ah... Ah... Ah... Ahhhh!” Aiden whimpered as his cock was engulfed in her furnace-like depths. Silky soft wetness surrounded him and immediately began to undulate and caress him. It felt ten times, a hundred times, a thousand times better than her mouth. He knew that she had put his tender virgin cock into her hole for making babies and he never wanted to take it back out. He wanted to make babies forever!

She began to move slowly, keeping him deep and swirling around inside her hungry little cunt. She didn't want to give up one precious inch of it!

"Ohhhh... It feels so good." She gasped, grinding her pussy in a big wet circle on his pelvis. "It feels incredible!"

"Ah... huh... huh... huuuung..." Aiden agreed breathlessly, out of his little mind with lust and pleasure. The walls of her cunt were gripping and kneading his poor little wiener without mercy. It seemed to fit him like a tight glove, as if it were made just for him. All tight and hot and wet and... wonderful!

"Try calling me Big Sister..." she asked as she undulated over him, feeling his firm throbbing deliciousness swirling around inside of her. "Please..."

His big dark eyes looked into hers, filled with the pleasure she was giving him. "B... Big Sister..."

"Unh... Say it more..."

"Big Sister... ah... ah... Big Sister... ohhhh... Big Sister... unhhhh..."

"You make me so happy," she whispered as she leaned down to kiss him. She put her tongue into his mouth and was surprised by how eagerly his shot out to meet it.

"Hnnng.... Nnnng..." They moaned into each other's mouth. His boy breath smelled light and sweet. She filled her lungs with it.

Aiden instinctively began to move his hips so that his cock began to move in all directions. They both groaned as even more wonderful sensations filled their minds.

"Big Sister!" Adam said forcefully as he thrust himself deep inside her. "Big Sister!" He said again, almost angrily.

"Ah! I'm so glad... Ah... Ah..."

"But you're not..." Aiden groaned as he continued to pump her full of his cock.

"Huh?"

He reached up to grab the beautiful tits that were swaying hypnotically above him.

"Unh... You're *not* my big sister! Hungh!" He squeezed her breasts hard.

"Oww..."

"Unh... Unh... I don't want to be Jayden's stand-in! Hunh..."

“Ah... Ah... Jayden! Baby!”

“I’m not Jayden! Ungh... I’m Aiden!”

Aiden’s pumping hard-on was sopping wet with her juices. Every movement was now accompanied with loud smacking noises. The smells of wet cunt and hard boy cock filled their nostrils.

Tears suddenly filled Aiden’s eyes and began to fall down the sides of his face. Ashley was so shocked that she stopped moving.

He struggled onto his elbows, still rock-hard inside her. The tears continued to flow.

“I’m Aiden and I like you more than Jayden does!” He used an arm to wipe the tears from his face.

“Aiden. You’re Aiden. I know that,” she whispered lovingly, then pulled him close and hugged him tight. At the same time, she pressed herself downward to keep his hardness all the way inside her.

They looked deeply into each other’s eyes and kissed for a long time.

“Ashley,” Aiden said firmly when their lips finally parted.

She smiled and lifted herself off his cock. “Let’s try it another way,” she suggested. He moved aside and she got onto her hands and knees, sticking her full round bottom into the air.

She turned around and looked at him impishly. “How about like this?”

Aiden’s eyes lit up and he got on his knees behind her with a big smile on his still-wet face. He grabbed his cock, which was generously lathered with foamy white girl cream. It felt slick and slippery in his fingers and smelled like pussy. Her poo hole was pointed right at him but he wasn’t interested in that. What he wanted was the wet pink oval just below. He pointed himself right at the center of it and pushed. He felt her hot warmth engulf the tip of his cock. There was some resistance so he pushed harder. He felt himself passing through a tight circle, then he slid easily back inside her with a loud wet slurping noise.

Aiden gasped. His prick felt like it was on fire. He suddenly realized that his foreskin had pulled back as he’d entered her. His ultra-sensitive crown was now fully engulfed by her hot wet tightness. He pulled back and felt the foreskin move back into place. Another thrust inward, and the tight circle near her entrance pulled it back again. This new feeling was beyond incredible!

The bedsprings began to squeak rhythmically as the two youngsters quickly fell into the natural rhythm of coitus. First there were pants, then gasps, then moans as the two smooth young bodies lost themselves in the pleasure of sex.

“Haa... Haa... Haa... Ung... Haa” Aiden was grunting as he enthusiastically filled her with his tender young meat. He fell onto her back and grabbed her tits. They filled his small hands nicely and he began to squeeze them gently.

“No... Unh... Not so loud... Unh... Jayden will hear us... Unh!”

“Ah... But... Ah... So good... Haa... So good inside you... Aa... Ashley!” That strange pressure was back inside his tummy, growing stronger. It was sort of like having to pee. His balls grew tight behind his penis and began to bump against her pussy every time he went deep. The head of his penis began to tickle slightly as it plowed into the tightly gripping folds of her hot wet cunt.

Ashley felt her young lover begin to tense up, then his hips lost their rhythm and began to speed up. She knew instinctively that he was about to cum and wondered if he could make sperm yet. She knew she should have him pull out but she was close to an orgasm of her own. His tight little ball sack was banging delightfully against her clit, stimulating it perfectly. How much sperm could a hairless little boy have, anyway?

Aiden felt his penis begin to burn and tingle. A strange warmth was rising through it. The pressure was getting too strong to hold back. Was it sperm? Should he take it out? It would be impossible to stop now. Were he and Ashley about to make a baby? Should he warn her? Questions filled his young mind as he felt the last of his control slip away.

“Ah... I... I’m gonna... Unnnnh!” Aiden yelped in his high-pitched soprano. He felt his hips suddenly slow down and begin to shakily drive his ready-to-burst cock hard and deep inside her. His legs began to tremble uncontrollably.

“Unngh! Me too!” Ashley whimpered as the young boy’s writhing little ball sack crushed itself against her clit and set it off like a stick of dynamite.

Her cunt clamped down on his straining cock like a vise.

Ashley felt the boy suddenly freeze, trapped by her tightly gripping orgasmic cunt. He grabbed her hips in his small hands and pulled her toward him, straining his pelvis against her and planting his pubescent cock as far inside her as he could get it. She felt it thicken and begin to throb.

Her back was arched, her body trembling as her pelvis began to spasm wildly. Sparks of pleasure burst from her throbbing clit and shot into her cunt and nipples. The only thing she needed now was to be filled with hot young sperm.

“Ahhhh! Yes! Cum! Cum inside me!” she screamed, forgetting all about the need to be quiet.

Aiden came.

He felt his cock spasm strongly as it sent a powerful stream of thin, clear boy cum into the soft inner folds of her wildly pulsating vagina.

“Ahhhh!” he sighed as incomprehensible pleasure shot through his trembling little body. An intoxicating wave of satisfaction and release quickly followed. The crown of his cock felt like it was on fire. He couldn’t move it. All he could do was hold still as he spasmed again and sent another generous spray of clear boy sprinkles into her throbbing depths.

“Uuuungh! Ja... Jayden! Ahhhh!” She screamed as she felt the boy’s warm semen begin to fill her.

Aiden grimaced. “Ah! Ah! Ah! Ahhhhhhhh!” He gasped as his young cock continued to pulse inside of her. Each spasm sent forth a smaller amount of his immature seed. By the time his little body began to relax on top of her, it was only dribbling from the tip of his firmly buried crown.

Ashley’s cunt, now full of sweet young boy cum, finally calmed down as well. She fell weakly onto the bed, causing Aiden’s softening cock to finally fall out of her. He landed on top of her with a soft grunt, his slimy cock smacking wetly onto her bottom.

“Haa... Haa...” Aiden panted, his warm breath puffing against her shoulder.

His body felt wonderful but his mind was troubled. *In the end, she called out for Jayden even though she knows how I feel about it. Will I ever be anything more than a brother to her?*
