If any of that will upset you or doesn't interest you, **please don't read this story**. You've been warned.

Sunday

Knowing what her mother had gone through the previous evening, Sissy got up when she heard her little sister get active and brought the little one into her room. She wanted to let her parents sleep in as long as they wanted. The two played for a while, then they went to the kitchen to make something for breakfast for when everyone got functional.

Sissy and Kari got to the kitchen and their noises apparently let the new Rotty know they were up. Soon, he was scratching at the back door, reminding Sissy that they did have a new member of the family. Excited, she ran to the door and opened it, and the large dog bounded into the house. He turned around and jumped up on Sissy, almost knocking her down, then with his paws slipping and sliding on the slick kitchen floor, rushed over to Kari. His legs slipped out from under him on the slick vinyl floor as he got next to her and he unceremoniously flopped on the floor. Kari thought that was funny and, laughing hysterically, dropped down on top of him, throwing her arms around his neck and hugging him. Much to her delight, he slurped her face with his wet tongue to return her affection.

Sissy closed the door and walked over to the two. As she got close, the large dog got up, taking little Kari along with him, hanging on for dear life around his neck. Since both girls were naked, their normal state around the house, the dog had become aware of Sissy's musky odor. As she stood in front of him, he reached out with his tongue and slurped along her cunt. This startled the girl, but also felt really nice. She spread her legs to give him better access and then squealed with pleasure as the long tongue found its way up into her moist slit. She staggered back and plopped down on the closest chair, splaying her legs open so the dog had complete access. With Kari hanging around his neck, the dog proceeded to lick the girl's cunt, eliciting loud moans of pleasure from her as his long tongue snaked up into her hot hole. Kari watched in fascination what was going on.

Sissy was moaning loudly at the pleasure the dog's tongue was giving her. She frigged her clit as his long tongue probed up into her cunt and over her asshole, and it didn't take long before she was shaking, on the verge of orgasm. Little Kari hugged the dog, watching close up as her sister enjoyed him. This looked like it was fun! She was gonna like this critter.

As her sister sprawled back in the chair and threw her head back, eyes closed and moaning with her orgasm, little Kari plunked herself down on the floor, spreading her legs wide open. Having got all the juices he could from Sissy, the dog turned his attention to the fresh twat of the little girl. His long tongue started working on the little slit, causing Kari to giggle from the tickly sensations. When she started squealing with pleasure, it finally caught Sissy's attention. The older girl finally focused her attention on what was going on and smiled. "Might as well let my little sister enjoy the newest family member" she thought as she watched the little one giggle, moan and tremble from the tonguing.

After a while, the dog lost interest in the little girl's cunt and started wandering around the kitchen, sniffing for food. Little Kari cried, "Mo' doggy!" but the Rotty was more interested in food. Sissy finally got up and grabbed a bowl and scooped up a bunch of dog food, then calling the dog to follow her, led him outside and filled his bowl for him. As the dog wolfed down his food, Sissy said, "That's it, boy. Just remember who feeds ya when I come out here after breakfast and want you to fuck me." Then she went back inside with Kari, and worked on breakfast. She got everything prepared so when her mom and dad got up, it wouldn't take any time or effort to finish and serve it. Kari kept asking her, "Mo' doggy?"

After a while of playing with Kari in the kitchen and waiting for her parents to get up, Sissy got impatient and quietly went to their bedroom. Peeking in the door, she saw they were both still fast asleep, their arms around each other. Sissy decided that she would finish making breakfast and bring it up to them for breakfast in bed. She crept back to the kitchen to finish the meal. Then she put the food on a tray and carried it to the bedroom. Kari followed Sissy to their parent's room and ran in to jump up on the bed, rousing them.

"Hi, punkin!" Rob said. Lynn hugged the little one and said, "Good morning, dears." She looked at Sissy and the tray she carried and said, "Oh, my! Rob look at what our lovely daughters have done for us."

Sissy laughed and handed them the tray and said, "Take your time. We just wanted to do something special for ya! After your workout last night." She grinned wickedly at them. Kari said, "Doggy! Doggy have breknas!" and pointed to her crotch. They all laughed at that and Lynn looked inquiringly at Sissy. She said, "Uh, we sorta went out to see him and he ran inside. He got a little excited and started licking my cunt and then did it to squirt too. Honest, we didn't try to have him do it. He just did it all by himself!"

Lynn grinned and said, "I'm sure he's been trained well. So Kari got a little of it too?"

Sissy said, "Yah, I was sorta out of it for a sec and he started on her after he got me off." She blushed. "Mom, we've gotta come up with a name for him. Have you thought of anything?"

Lynn looked at Rob, then shook her head and said, "Honey, to tell the truth, I hadn't even given it any thought. I guess we really should decide on something. Anyone have any ideas?" They all looked at each other and shook their heads. "This may be a little harder than I thought", Lynn said. "I'm not really enamored of the 'Spike' or 'Blackie' or 'Rover' type of names.

Sissy remembered the great orgasm that the dog's tongue had given her and said, "How about Thunder? Or Lightning? I mean, that's what it felt like when I was getting off from his tongue this morning."

Eating her breakfast, Lynn said "We'll have to give this some thought. Right now, I really appreciate your making us breakfast, honey." She looked at Rob and smiled. "We had a pretty... ummm, exhausting evening. Thank you for letting us sleep in a bit."

Sissy said, "No problem, Mom." She grinned. "After telling me about it, I figured you could use some 'down time'. C'mon, Squirt, let's let them eat breakfast in peace." She took the little girl's hand and they went back down to the kitchen to get their own breakfast. While they were eating, Sissy got a really kinky idea from something Karen had told her about dogs. When they finished, Sissy got a glass and said "C'mon, Squirt, we're going to visit the doggy again." Kari brightened up and followed Sissy out to the back yard, saying "Mo' doggy?"

The dog was excited to see them again and jumped up and down. Sissy gave him the 'down' sign that she had seen Karen use and said forcefully, "Down!". To her astonishment, the Rotty immediately sat down in front of her, tongue hanging out, panting. She knelt down and started to feel around the dog's sheath, jacking it a bit to try to get him aroused. She really wanted him to fuck her again, but right now she had something different in mind.

The dog stood and with her hand working on his sheath, his cock started emerging. Kari clapped her hands and giggled in excitement. "Mo' doggy!" she said. She'd now found another cock to get in her mouth. She laid down beside the dog, watching what her sister was doing. Sissy worked on his cock and soon he was at full erection. She was just getting ready to lean down and take him in her mouth when Kari beat her to it and slid forward to put her mouth on the dog's cock. Sissy said sarcastically, "Jeez, sis, don't even give me a chance to get in there, huh?"

The dog was excited by the actions of the two girls and soon Kari got a little doggy pre-cum in her mouth. She pulled off and giggled and said, "Doggy yummm" to Sissy. Her sister nodded and moved her hand up so she was grasping the dog's cock behind his knot. She leaned down and took the hard cock in her mouth, sucking and bobbing her head on it until she started to feel some dog cum in her mouth. She pulled off the cock and aiming it at the glass she was holding in her other hand, she started to rhythmically squeeze the cock and soon dog cum was dripping out of the end and into the glass. Kari kept wanting to get her head in and put her mouth on the drooling cock, but Sissy said, "Hold it, sis, this isn't for you this time. We'll come back later and see if we can get some for you."

Working diligently squeezing the dog's knot and cock and occasionally licking on it, she got a couple of ounces of his cum in the bottom of the glass. She wanted more, but figured that she wanted to leave some for when she came back out and had him fuck her again. She figured she'd let Kari lick his cum out of her cunt then, a win-win for both of them. She smiled wickedly at her thoughts.

Resisting the desire to drink down the contents of the glass, she said, "C'mon, Squirt, let's go give Mom her desert." She took her sister's hand and left the dog licking his softening cock and went in the house. Going again to their parent's room, Sissy smiled as she walked in, Kari following her. Lynn and Rob looked at them and Sissy held the glass up and said, "Got something special for ya to top off breakfast, Mom." She grinned and handed the glass to Lynn, who looked at it puzzled.

"What's this?" Lynn asked her, looking at the whitish liquid, although she had a sneaking suspicion.

Sissy said, "It's a present from your dog with no name. It's doggy cum. Go ahead. Drink up. There's more where that came from, I'm sure." She grinned at her parents.

Little Kari said, "Doggy yummm!" and clapped her hands, smiling happily. Even though she hadn't gotten it herself, she had been able to suck on dog cock a bit.

The other three laughed and Lynn eyed the glass. She looked at Rob, then at Sissy, then lifted the glass to her lips, tipped it back and drank it down. Kari said, "Yumm Mommy!" Lynn shivered and nodded, saying "Yes, dear, it is yummy." To Sissy she said, "Thank you dear for that. But from now on, I'll probably prefer to get it fresh directly from the source." They all laughed.

Sissy said, "So, did you come up with a name yet?"

Lynn said, "Since you mentioned thunder and lightning, since that's what we feel like when he does us, how about Storm? After all, that's where the thunder and lightning comes from." Rob nodded in agreement.

Sissy said, "That's great, Mom. Storm it is. In fact, when we went out there, he was like a whirlwind running around us and jumping up and down. So it's probably very appropriate. Storm is great." Then she blushed as the meaning of her words struck her and grinned, "Well, you know."

Kari giggled and said, "Yumm fo' me?"

Sissy said to her parents, "You guys take your time. I'll take Squirt here and we'll go find something to do. You just go ahead and enjoy the morning." She took Kari's hand and said, "C'mon, sis, let's let them have some time together." Kari climbed up on the bed and gave both of her parents a kiss, then got down and followed Sissy out of the room.

Rob looked at Lynn and said, "This is nice. Feel up to having some metal sounds stuck up into your urethra this early in the morning?" He gave her a wicked smile.

Lynn looked at Rob and said, "Oh, dear, I'd just love it. I'm ready to have it stretched as far and as quickly as you can. I really want to feel your cock stroking in and out of it like you did Sarah and then you cumming and pissing right into my bladder." She shivered. "Oooooo, it makes me wet just thinking about it. And some other things, too."

Rob got a slightly apprehensive look on his face and said, "Uh oh. What 'other things'? I've got that feeling again." He grinned at his wife.

Lynn said, "I know we've talked about doing some extreme stuff to me, and having me pee hole stretched is one of them. But I'm also fascinated by the idea of having some piercings done in my labia. Not just temporary with needles, but real permanent piercings. Like Sarah has. Those huge holes in her labia. I want to have those done to me too. Lots of them. I want to be able to wear so much metal hardware in them that I can barely walk. And maybe huge weights hanging from them. Would you mind that, dear?"

"God, no, honey" Rob said. "Sarah's turned me on. And there's so many things we could do with them, like the

weights. But it would take a while to stretch all of them that large. Unless you had something like a paper punch make the holes."

"Well, I asked Sarah and she said that her large ones were done by the doctor. Scalpelling she called it." Lynn said. "I'm gonna try to call Doctor Barb today and discuss some of these things with her. You know, just how far I can go, and stuff. But let's go ahead and start with the sounds. Ooooooo, discussing this has got me all worked up!"

Rob nodded, his hard-on tenting the bed sheets. They finished eating and Rob got up and got the sounds, antiseptic, KY, gloves and some other things and brought them back into the bedroom. He spread a plastic pad out for Lynn to sit on, then propped her up with some pillows so she was reclining but had a good view. He gloved up and swabbed her cunt good with antiseptic, then pulled out one of the sounds, a #9. He held it up in front of his wife. "Imagine this sliding up your pee hole, hon."

"I don't want to imagine it, dear. Stick it in me. Quick. Make it hurt!" Lynn said.

Rob put some KY on the sound, then spread Lynn's cunt lips with one hand and started inserting the sound in her urethra with the other. "MMmmmmmmmmmmmmmm, God that feels good, hon." Rob worked the metal rod in and out of Lynn's urethra, trying not to push it in too far so he didn't penetrate her urinary sphincter and let loose a cascade of piss. Not yet.

He pulled the sound out and got the next larger one and lubed it. Then he inserted it carefully. "How's that feel," he asked. Lynn just nodded and groaned with pleasure. "Not stretching too much?" he asked her. She shook her head 'no'.

Rob grabbed the #12 and lubed it, then inserted it into his wife. Her eyes widened a bit and she said, "That one's starting to stretch a bit, I think. Oh, it feels so good. Don't stop."

Carefully, Rob continued to use each larger size until Lynn screamed when he put the #16 in her. She said, "Oh, God, that's stretching me. It hurts, but it feels so good. Keep going." Rob slowly worked the sound in and out, then pulled it out and sat it down. He opened a catheter, lubed it, and then inserted it up into Lynn's urethra. She shivered as it went in and then she felt it pushing against her internal urethral sphincter. She gasped at the sensation.

"Hitting the sensitive spot, huh dear?" Rob asked. He pulled the cath back a few centimeters, then advanced it again. He did this a couple of times and Lynn threw her head back and moaned loudly with the pleasurable sensation. Rob grinned and holding the free end of the cath in a plastic cup, he pushed the tube several inches up into Lynn's bladder. She mewled quietly from the sensation, her legs shaking.

"Damn, that feels good, honey. Why haven't we done this a long time ago. If I'd known what it felt like, I'd have made you do it years ago." Lynn said.

"Nice, huh?" Rob said, watching the piss drain out into the cup. Once it was filled, he pinched off the tube and looked around for something to do with the piss. Lynn grabbed the glass that Sissy had brought the dog cum in and held it out for him to pour her urine into. After he had almost filled that glass, he put the cup back and let more flow out of the cath. Soon the cup was filled again. "Drank a good bit of piss last night, didn't you?" he said and grinned. Lynn just shrugged and held out the glass that had been filled with his orange juice but was now empty. When the cup was filled again, he pinched off the cath and poured it into the glass, then started to fill the cup from the catheter again.

"Into recycling, are we?" Rob laughed. Lynn lifted the glass she was holding up to him like a toast and then looking at him with a smile, started to drink it down. Rob divided his attention between the cup that was being filled by the cath and the glass that was being drained by his wife.

Lynn drank about a third of the glass, then smiled at him. Rob said, "You're starting to get into the pee drinking thing, aren't you dear?"

Lynn said, "Mmmm, it really isn't so bad once you get used to it. It's just that I get so aroused because it's so kinky and feels so perverted to do it. But I don't mind it at all and I figure I'm gonna have to get used to it,

between the three kids and you." She grinned. "And all the men you line up to fuck me and piss in me."

The flow had stopped when the cup was about half full. Rob sat it down on the tray and worked the cath all the way up inside his wife. Lynn moaned at the sensation, then looked down to see that all but about one inch of the cath was inside her.

"God, Rob, that feels neat. I can't wait to be able to take a cock up there." she said.

Rob slowly pulled the cath out, then lubed the next size sound up and inserted it into his wife. He worked it up until she took a sharp breath, then pushed it another half inch, passing the sphincter. Lynn gave a little scream of pleasure. "Do it some more. That's amazing!" she said.

He worked the metal rod in and out a bit, basically fucking her sphincter, then pulled it out and picked up the next size. This one definitely was going to do some stretching, and as Lynn groaned and shivered, he worked it into her pee hole. Rob worked his thumb lightly over her clit to increase the rush of sensations. Judging from the size of the sound in her, he might be able to work his pinkie finger into her pretty soon. And it shouldn't take much more before Bobby could fuck her in her pee hole.

Rob grabbed the next larger sound and started to work in into her. Again, Lynn let out a loud squeal from the stimulation. It was painful, but so erotically stimulating. He slid the sound in so it passed her sphincter again, and again it resulted in a loud squeal and moans of pleasure/pain from his wife.

Sissy and Kari had been together in Sissy's room and after some of the sounds coming from her parent's room, they got up and went to the doorway of their room. They watched as Lynn laid there with her head thrown back, squealing and moaning with pleasure. They could see Rob doing something to her cunt between her legs, but from their angle couldn't see what. So they walked over to the edge of the bed. "Whatcha doin'?" Sissy said as Kari climbed up on the bed beside her mother to get a better look.

Rob smiled at her and got an idea. He indicated an exam glove and told her to put it on. Then holding the sound up in Lynn's hole, he had Sissy lube her little finger and move over next to him. He pulled out the sound and taking his daughter's hand, he guided her pinkie finger up into her mother's urethra. Lynn fondled little Kari's hair as she watched with interest what was being done at her crotch. As the finger entered her pee hole, she gasped and shuddered. Sissy slowly slid her whole finger up into Lynn's urethra. When it was all the way in to the third knuckle, she looked at her mother and smiled, then crooked and wiggled the little finger. Lynn stiffened and let out a shriek, wiggling her hips.

"Oh God, don't stop Sissy! God that feels good!" Lynn moaned. Rob held his daughter's hand and slowly worked the finger in and out of his wife's pee hole and they watched as Lynn orgasmed almost continuously.

"Wow, Dad! If it's this good, I want you to do it to me!" Sissy said to Rob. He smiled at her.

To Lynn he said, "You like having your daughter's finger working in your pee hole, dear? What a nasty slut, getting off on your daughter's finger. What a depraved, kinky slut you are." His words just inflamed Lynn, bringing her to orgasm. Rob slowly pulled Sissy's finger back out of Lynn's pee hole.

Sissy said, "Dad! That felt so neat. It was so tight on my finger. That's amazing! Can you do that with mine?"

"We'll have to see, hon. I want to work on your mother first before I try it on you. But if you want to, we'll try it a little to see how it is for you soon." Rob told her.

Kari was rubbing her slit and said, "Do me. Do 't me?" Rob looked at his wife who was still coming down from her orgasm and shook his head. He laughed and said to Sissy, "What have I got myself into. Three pee hole sluts!"

Giving Lynn some time to recover, Rob told Sissy how it was very easy to cause problems like bladder infections doing this, so it wasn't something he wanted her trying on her own. While they talked, and he explained what he was doing, he dipped the catheter into the antiseptic, then threaded it back up into Lynn's urethra. Then he used a syringe to pull up a little of the silver antiseptic and squirted it through the cath into Lynn's bladder, and pulled the cath out. By the time he finished, Lynn was again panting from the stimulation.

Rob looked at his wife and said, "From the size that you took, it shouldn't take very long to get you so you can take Bobby in you." Lynn grinned at him. Rob said, "To be safe, it might be a good idea to use a condom when he does it. That would help minimize the chances of contamination and infections. But you're not gonna take much more stretching to be able to take him."

Kari had moved up and was playing with Lynn's nipples. Lynn couldn't do much other than lay there and enjoy all the sensations. Rob explained to Sissy about the sounds and how to use them and showed her how the catheter worked. He also emphasized the need for sanitation and sterility of all the items.

After he was through, Sissy said, "Can you guys keep Kari occupied for a while? I want to go see how much thunder and lightning I can get out of Storm." Rob and Lynn laughed and said sure, so Sissy headed out to the back yard.

Rob gathered up of the things and set them aside on the dresser. He had had a hard on since starting to put the sounds in his wife. When he got up, Kari noticed his hard cock and when he laid back down on the bed next to them, she climbed over and grabbed a hold of it. She alternately stroked it with her hands and put her mouth on it to suck.

Lynn said, "My pee hole is still tingling and I'm turned on as hell even with all those orgasms, but I'm not sure I could take you in me right now. But your lovely daughter here seems to be rarin' to go. Rob, I loved watching you and Ben do her yesterday. Would you let me watch you fuck her again right now? I don't think she'll object at all."

Rob pulled Kari's mouth off his cock and got up and grabbed the KY and laid back down. He lubed his cock as Lynn held Kari to keep her from grabbing it again. She said to the little girl, "You sure like cock don't you honey?" Kari nodded happily to her mommy. To Rob she said, "I'll hold her on me, honey, and you can enter her that way. I love doing it that way. I can feel it so much like that." She spread her little daughter's legs out so her little slit was wide open for her dad. Rob moved between their legs and smeared some KY on Kari's cunt. Once it was slick with lube, he rubbed the head of his cock up and down her little slit. Kari giggled then moaned as Rob slowly pushed inside her.

Lynn said, "God, Rob, that's so exciting watching you do that. I love watching you fuck our little baby."

"Not nearly as much as I love doing it," Rob groaned as his cock started to penetrate hist little daughter's hole.

Rob got about half his cock inside the little one before he bottomed out. He pulled back and then started gently stroking in and out of the tight little love tunnel. Kari kicked her legs and moaned. "Mo' Daddy, do mo'. Mmmmm, fee' good Daddy."

Lynn said, "She obviously doesn't mind you doing it. That's it Rob. Fuck our little daughter. Ram your big cock up into her cunt and tear her apart. Jam it all the way into her cervix. God it's so hot watching you fuck our daughter." She kept up a similar stream as Rob stroked in and out. Every once in a while, his cock would hit the little cervix and Kari tried to push down to get more. It wasn't long before Rob couldn't hold off any longer and said, "I'm gonna cum, honey. I'm shooting into our baby's cunt! Oh God, that feel's so tight and so good!" He pushed hard against the little cervix and felt his cum spurting out against it. Little Kari was trembling and moaning, tears starting to stream down her flushed cheeks. She was straining to push harder against the large cock that was inside of her spurting hot semen up into her. She stiffened and cried out, breathing hard, then relaxed back and looked as if she had passed out. Rob had finished spewing into her and he worried that he'd hurt her.

Lynn had had another mini orgasm just watching the two and feeling the movements of them on her. When Kari slumped back down, she could feel the little one's breathing start to slow and she could see the flush on her chest and face. She smiled at Rob and said, "You just made your little girl so happy that she's fainted from the feelings. I know exactly how she feels."

Rob didn't want to drop down on top of little Kari, so he reluctantly let his softening cock slip out of her and moved over to lay at their side on the bed. Lynn turned her head and they kissed. Kari started to move and opened her eyes. "No, Daddy, mo'. Do mo' 'n me." she pleaded. Lynn rocked her and said, "I know you like that but Daddy's got to rest before he can do mo', honey." She kissed her little daughter and rocked her back and forth as Rob's cum drooled out of her cunt over her little ass and down onto Lynn. Fortunately, they hadn't

removed the pad that Rob had put down, so they wouldn't have a wet spot to clean up on the sheets. The three lay there in post orgasmic bliss, shortly all of them falling asleep.

While her parents and little sister were occupied with their pursuits, Sissy had gone out to the back yard. Storm jumped up on her, excited to have someone out to play with him. Sissy spread an old blanket down on the ground and got down on all fours on it. She pulled her cunt lips apart and the dog was drawn by the smell and started to lick her slit. She groaned and said, "That's it, you fucking hound. Lick my snatch and make me cum. Oh God, you're good at that. Ohhhhhhh!"

After he had gotten her pretty hot, she called him around to her side and started jacking his sheath until his cock dropped out. Sissy leaned over and took it in her mouth, engulfing all that she could and getting the dog cock even harder. She tried to get her lips over the dog's knot, but the tip of his cock jabbed at the back of her throat, causing her to gag. She thought to herself that she should practice with a long hot dog or banana so she could overcome her gag reflex and take the whole thing.

Once Storm was nice and hard and Sissy could taste his pre-cum dripping out, she pulled off him and said, "Mount!" The dog went back and jumped up on her, his doggy cock stabbing in the air trying to find her hole. It took her a while to get him into her cunt, but when he was in and seated, she let out a long, guttural moan. "Oh shit, that feels good. Fuck me, Storm. Jam that doggy cock up into my cunt and knot me. Oh fuck that feels good. That's a good fucking dog!" She kept on like that for a while, building her own orgasm up until she started to feel the dogs knot grow in her pussy. She reached back and grabbed a hind leg and pulled the dog into her, pushing back at the same time. This pushed her over the edge and she squealed with pleasure as she climaxed, with the dog still humping into her.

Finally, the dog stopped humping and just stayed there, tied into his new bitch. Sissy thought she could feel the dog's cum still spurting into her and that feeling drove her again over the edge into a full blown orgasm. All she could do was lay her head and chest on the ground, panting and flushed. The dog stayed on her for a while, then moved off of her and ended up facing away from her, his cock tied into her cunt by his knot. Sissy was partly oblivious to that, only knowing the waves of pleasure from his cock filling her cunt, and from the pressure of his knot pulling against her cuntal membranes.

She was breathing hard as the dog continued to slowly spurt his cum into her captive cunt. It felt so good to have the large cock inside of her and that feeling was compounded by knowing that it was a dog cock that was giving her so much pleasure. She truly felt like a bitch being bred by the big black dog. She shuddered with pleasure, only wishing she had another one filling her mouth and cumming down her throat.

Little Kari had been asleep, laying on her mother, who was also asleep along with Rob beside them. The little girl woke and rolled off Lynn and laid on the bed looking at her sleeping parents. She figured that they weren't going to do any more for her, so she climbed off the bed and went in search of her big sister. Not finding Sissy in her room, the toddler went looking for her. In the kitchen she could hear the girl talking to the dog in the back yard. So Kari got the back door opened and walked out to where the two were still tied together.

Kari walked up beside the dog and petted his head, then moved over to her sister. Sissy could see their dad's cum still running out of the little girl's cunt and down her legs, so she knew what had been going on. "Got Dad to fuck you, huh, Squirt? Well, I got Storm to fuck me, as you can see. C'mere, let me taste some of Dad's cum." Sissy pulled the little one down on the ground and spread her legs. Leaning into the drooling cunt, she started licking the cum from it. Kari giggled and murmured, loving the pleasant sensations. Sissy licked down the inside of her thighs a bit, then back to her little slit, then to the other thigh, savoring her dad's cum. Both of the girl's loved the taste of daddy-cum from having it all of their lives.

Sissy got as much as she could out of the little girl's cunt and then she started to feel the dog's knot beginning to slip out of her. She reached back and when the dog's cock pulled out of her, she closed her cunt lips together to hold as much of the dog cum inside of her as she could. Sissy quickly rolled over and raised her hips up bringing her legs up over her head. She told her little sister to get up and go lick the doggy cum from her cunt. The little girl got up and moved to Sissy's ass, then started playing with her finger in the dog cum that had leaked out already. She giggled and thought this was fun.

Sissy said, "Hey, quit playing around and lick my cunt. Get that good doggy cum out of me. You'll like it." The thought of her little two year old sister sucking dog cum out of her cunt was wildly erotic and she started to finger

her clit. She grabbed Kari's arm with the other hand and pulled her down to get her to lick on her cunt. The little girl did and took several licks, then said, "Yummm".

"That's right you little cum slut, that's yummy. Now lick and suck on it so I can get off again," Sissy told her sister. As Kari started licking again, Sissy slowly dropped her hips down so that more of the dog spunk could drain out of her. Kari giggled and continued to lick as it drooled out of her big sister's hole. Finally, Sissy's butt was all the way down on the ground and Kari was laying between her legs, smiling and licking as the dog cum slowly drooled out. Sissy propped herself up on her elbows and told the young toddler how good a cunt licker she was and how much her big sister was enjoying it.

"I don't know if I'll turn you into a lezzie or not, but I'm gonna have you suck on my cunt as much as I can. I like you doing that. You like it, Squirt?" Sissy asked. The toddler looked up and nodded, then stuck a finger up into her big sister's cunt, playing with it and feeling the slick, watery dog cum. Sissy laid back down and rubbed her clit and brought herself to yet another very nice orgasm. The toddler's finger moving in and out of her cunt folds helped a lot.

Sissy suddenly had an idea. She reached down and grasped Kari's wrist and started to work the little hand along the moist slit. She told her to put her fingers together and then worked the little hand in and out of her cunt until she could get most of the fingers up inside her. She told the little girl how good that was and how good she was doing, and continued to push the little hand in as far as it would go. Finally the little girl's whole hand was up inside Sissy's cunt, filling it up like the dog's cock had. She felt so wicked doing this and held Kari's arm above the wrist and pushed and pulled it in and out of her until she had another crashing orgasm. As she shuddered and shook, she could feel the little fingers working inside her and feeling around. It felt so good and she told Kari that, who then started doing it more, bringing Sissy off again with another mini orgasm.

"Damn, sis, I'm gonna have you fist fuck me all the time. Well, whenever I can't get Stormy to fuck me. Or Dad," Sissy told her little sister. Kari smiled and slowly pulled her hand out of her big sister's hole, wondering at the neat feelings. She liked playing like this.

The dog was laying a ways away, licking his cock and groin. Sissy stood up and pulled Kari up and they went into the house. It was completely quiet so they headed for their parent's room. At the doorway, she saw the two fast asleep on their bed. Sissy put her finger to her lips to indicate to Kari to be quiet and then she lifted the little one up and walked over to the side of the bed. She laid the girl down between her dad's legs and motioned for her to suck on their dad's cock, which the little girl was very happy to do. Then Sissy climbed on the bed and straddled her mother's head, dropping her still drooling cunt down on Lynn's mouth. Lynn woke with her daughter's wet cunt on her mouth and Rob woke with Kari sucking him back hard again.

"Mmmmmph?" Lynn said, her mouth covered by Sissy's cunt. Sissy said, "I thought you'd like a little taste of your new doggy lover's cum. He just fucked me good and filled me up. Kari got most of it but I think there's a little left for you." She smiled down at her mother who wrapped her arms around Sissy's hips and started to work in earnest on her daughter's cunt. Lynn's expert tongue work soon had Sissy moaning with pleasure, as did Kari have Rob groaning from her sucking on his cock.

They all enjoyed each other for a while, and Rob looked down at his little daughter with his hard cock in her mouth and said, "You keep up doing that, honey, and pretty soon I may have to fuck your tight little hole again."

Sissy said, "Oh jeez dad, I'd like to watch you do that. I guess I missed out on the last one, but Storm took good care of me." She grinned down at her mother who could still taste the dog's cum in her cunt.

"I don't know that I can cum again so soon, but she's sure got me hard again." Rob said. He leaned forward and pulled his little daughter up off his cock and sat her on his thighs. She played with his hard cock until Rob grabbed a hold of it and started to work it back and forth on her little slit. Kari moaned and knew what might happen now and she wanted that. She helped position herself so that Rob's cock was right at the opening of her little slit and Rob put it in her. Then he took her hips and lifted her up and forward so that his cock started to slide into his little daughter's cunt again. Kari groaned and giggled as she felt the hard rod moving up into her. She really liked this feeling and wanted more of it.

Finally Rob's cock bottomed out and Kari squeaked at the feeling. She really liked the thing pushing against her little cervix. Rob was holding her hips and guiding her onto him and when she squealed, he lifted her up a bit.

She shook her head and said, "No daddy, mo" and tried to push down onto him. Rob was afraid to let her go, fearing that she might hurt herself if she dropped down too hard on him. But the little girl was pushing, trying to get more pressure from his cockhead on her little cervix. She strained and laughed, loving the penetration. Rob finally just held onto her arms and let her sit down, taking as much as she wanted into her. He could feel a lot of pressure on his cock from her cervix. It felt good and he hoped it was feeling just as good for her.

Sissy moved off her mother and they just watched her little sister take as much of her dad's cock as she could and then push down on it and giggle and moan. "What a little slut," Sissy said laughing. "She really likes taking it hard like that. Just like I do. Dad, go ahead and let her take as much as she wants. I think she likes it."

Kari nodded to her, saying "Mo' Daddy". She lifted up a little, then pushed back down onto her dad's hard rod, squealing with delight and pleasure. She would raise up slightly then push down, squeal and then do it again. Soon she was almost bobbing up and down on Rob's hard cock, her chest and face flushed and she was panting hard, trying to make his cock bottom out every time. Rob was excited by the feeling of his daughter's tight little cunt wrapped around his cock and her cervix pushing against it, but he knew he wasn't going to be able to cum again yet. So he just helped the little one bounce up and down until she pushed down very hard and screamed, tears welling up in her eyes. She rocked back and forth, moaning, her eyes rolled back, mouth slack and drooling. After a little of this she slumped forward onto Rob's chest, shaking, with his cock still inside her.

"Wow, Mom, she get's off better than we do, I think," Sissy said to her mother in envy. Lynn nodded and smiled. Sissy said to her dad, "Damn, Dad, I wish you'd have fucked me when I was her age. Or younger. See how much I missed out on," and slapped her dad playfully on the shoulder.

Rob held his little daughter tight to him, caressing her back and little tight butt. Lynn said, "Oh, Rob, it's so erotic to watch you fuck our little baby." Sissy agreed, "Yeah, Dad, she's really lucky. So when're ya gonna ass fuck her. That's my favorite, you know."

Rob stroked the little girl and said, "I don't know. I love being in her tight little ass too. Maybe after a while, I'll get recharged and I can do it, if you both want to watch."

Sissy exclaimed "Whadda ya mean, 'if we want to watch'? We're gonna have to fight each other to see who gets to suck your cum from her little asshole. I want it bad."

Lynn got a very nasty look on her face and grinned at her daughter. "Well, if he stays inside of her after he cums, he can piss in her and we'll have a lot that we can both share."

"Ooooooo, Mom, you're such a twisted slut. Yeah, Dad, do that. That's so perverted and nasty that it's making me wet already. Dad, if you want, you can piss in my ass right now so I can feed it to Mom. I think we'd both like that and you wouldn't even have to cum. Just be hard." Sissy exclaimed to her father.

Rob could see that the two were quite turned on by the nasty idea and thought that since he was still hard from being in Kari, he could do that. He started to pull the little one up so he could slide his still hard cock out of her, but Kari opened her eyes and protested "No, Daddy, mo'. Me like! Do mo'."

Sissy grinned at her mother and said, "That little cunt is going to have to learn to share. She's not gonna monopolize all the cock all the time. Before long, she'll be out back taking on Storm."

Lynn slapped her daughter on the arm playfully and said, "And whose fault will that be? You've apparently been showing her how to do that. My lord, I've got two bitch sluts to compete with." They all laughed at that.

Rob held his little daughter and said, "No honey, no mo'. Daddy's got to help Sissy, now. You had your time, now she can have hers. But you can watch Daddy put his hard cock in her back hole. Would you like that, honey?" The little girl was mollified somewhat and nodded, although she would rather bounce up and down on his cock some more. Rob pulled her off of him and rolled her over onto the bed between them. Then he got up and motioned for Sissy to come and lean over the bed so he could enter her ass. She jumped at the chance. Rob's cock was still lubed with Kari's juices so he didn't need any lube. Sissy laid over the bed with her knees on the floor and he rubbed his cock up and down her slit, then pushed it all the way in to get it slicked up. She groaned with pleasure as the hard rod plunged into her.

Rob pulled back out and centered his cock at her little rosebud asshole. He put pressure against it and Sissy pushed back, until his cockhead slipped through her sphincter. She squealed at the combination of pain and pleasure from the violation. "Oh, God, Daddy, fuck me hard. I love that!" Sissy exclaimed. Rob started stroking in and out of her ass, suddenly realizing that he probably could cum again if he kept this up for a while. Little Kari's tight cunt had really excited him and now Sissy's tight asshole was doing it too.

Using long strokes in and out, he jammed his cock into her rectum. Sissy moaned and said, "Fuck me, Daddy! Fuck your little baby's asshole! Ream me out! Oh God, that feels sooooooo good! I want to cum with your huge cock jammed all the way up my butt. Ram it into to me hard, Daddy. You know I like it really hard. Just jam it into me." Rob worked on her for a while, roughly fucking as she kept up a stream of verbal exhortations to do so. It was very pleasant to feel her tight ass respond to his plunging rod. Sissy was shaking and squealing, panting hard and pushing back against his every stroke. Her body shuddered and shook with her anal orgasm. Rob finally felt his balls start get ready to explode and he pulled Sissy's hips to him hard, pushing his cock all the way up into her ass. She moaned as she felt him start to squirt into her and her anal spasms from her climax brought Rob off. He spurted and spurted his cum up into her bowels.

Sissy laid her head down on the bed, panting from her climax. Her face was flushed and she felt so good. For his part, Rob was feeling the same way, with his legs a bit weak from cumming in his daughter. He smiled at Lynn, who was happily watching the two of them, frigging her clit and bringing herself off too.

Rob held onto Sissy's hips while his cock started to soften. Then he tried to relax his sphincter muscles and let his piss start flowing. It didn't take too much effort and soon he had a good stream spurting up inside his daughter's ass. When Sissy felt it, she roused from her orgasmic bliss and turned her head to look over her shoulder at her dad. She said, "Mmmmmmmmm, that feels so good! I can feel your hot piss filling up my ass!" Then she looked over at her mother and said, "From the feel of it, you're going to have a whole lot to drink down pretty quick. Dad's pissing in my ass and filling it up for you. My Sunday cum and piss enema is your after breakfast desert drink." She grinned nastily at Lynn.

For Lynn, watching her husband fuck their little two year old and then sucking and licking dog cum out of Sissy's cunt, she was still completely turned on. She had just brought herself to several orgasms watching her husband ass fuck their daughter and now the idea of drinking the cum and piss out of Sissy was only heightening Lynn's arousal. She secretly hoped that there might be a bit more than just cum and piss for her when she got to drink it out of her daughter. Lynn shivered from the nasty but so very arousing thoughts.

Without letting his softening cock slip from his daughter's ass, he held her hips tightly and walked them awkwardly back into their bathroom, where it would be easier to clean up any mess they made. He called Lynn to join them and gave her a deep kiss as she joined him by his side. He said, "I know you're such a slut and enjoy doing this kind of thing. So get down and get your mouth ready. I'm gonna pull out and it's gonna be a gusher." Lynn shivered and got into position.

Sissy said, "Mom, you're such a nasty slut. I love it. Hold on a sec before you pull out, Dad." Then she motioned for little Kari to come over beside her and positioned her next to her hip. She said, "There, Squirt. Now you can watch your nasty mom drink Dad's piss from my ass. Watch and learn." With that she pulled forward a bit and Rob's cock slipped out of her. Lynn moved quickly to get her mouth over the stream that shot out of the enlarged hole.

Lynn had to swallow quickly to take as much of her husband's piss and cum as possible as it was sprayed out of her daughter's asshole. She held her mouth tightly to Sissy's hole, not losing a lot. Lynn watched her toddler daughter Kari out of the corner of her eye. She shivered from the arousal of knowing that she was doing such a kinky, twisted thing in front of the little girl. While she swallowed, Lynn frigged her clit furiously and had several great orgasms by the time the stream dribbled down to nothing. She shivered as she realized that there had been several solid chunks that had been squirted out and directly down her throat. The fact that she had ingested her own daughter's shit didn't disgust her at all, but only heightened the arousal, making her feel that the act was even more perverted and twisted.

Lynn was almost disappointed when Sissy lifted up the toilet seat and pulling away from her mother's mouth, sat down and let the remaining shit and piss drop out of her into the toilet. In her mind, Lynn was picturing herself laying down on the floor with Sissy squatting over her, forcing her turds down into Lynn's mouth. She wondered if she could actually do that, and leaned forward to give Sissy a passionate kiss, thanking her for the delightful

'breakfast desert'. Sissy threw her arms around her mother's neck and returned the kiss, tasting the piss that lingered in Lynn's mouth.

"Mmmmm, Dad. We're going to so enjoy you doing that with Kari so we can both share it." Sissy said to Rob as she pulled away from her mother's kiss. "Just think, Mom. Drinking the cum and pee fresh out of Squirt's ass. God, that turns me on!" She kissed her mother again. Kari moved around so she was next to them and pestered them for a kiss too. They took turns kissing the little girl, letting her get a little bit of the taste of the pee with the kisses.

Rob suddenly had an idea. He stepped past the three females and went to his box of toys. There he found the two cow magnets that he had picked up at the feed store. They were about three inches long, very smooth with rounded ends and about a half inch in diameter. He took them back to the bathroom and used the silver antiseptic to clean them good. Lynn and Sissy watched him, wondering what he had in mind, although the shape of the magnets did give them some interesting ideas.

After Rob got the two magnets cleaned good, he told Lynn to sit on the edge of the tub and lean back. After she was in position, he used a little KY on her pee hole and then started to work the end of one of the magnets into her urethra. It wasn't much larger in diameter than the last metal sound that he had stuffed into her, so he figured he should be able to get it to fit in her. Lynn moaned with both the pleasure and the slight pain that the object was giving her. It took a bit, but Rob did get the magnet almost all the way up into Lynn's urethra. Sissy was watching and said, "Dad! That's amazing. And so hot! Can you get it all up into her?"

Rob said, "I don't know, but I think so. Watch." He pushed the magnet up and all the way into Lynn's urethra. With his little finger, he pushed on the end of it until it was barely visible to them. Then he took the second magnet and held the tip of it close to Lynn's pee hole. The first magnet was attracted and it started to slip out from the magnetic pull. Lynn gasped as it slid all the way out. Rob grinned and slid it back up inside of Lynn's pee hole again. But this time, instead of holding the second one's end out, he held it down a ways and slipped it into Lynn's cunt hole. It got almost all the way in then, jumped up and stuck to the vaginal wall opposite to where the first one was in her urethra. Lynn squealed at the pain caused by the sensitive tissues squeezed between the two metal rods. Rob reached his finger into her hole and manipulated the magnet in there, which caused unique sensations in Lynn's cunt and urethra. The position of the two magnets caused them to be pretty close to the tissue which was her G spot and the movements were highly stimulating. To say the least.

Sissy exclaimed, "Wowwwww, Dad! That's kewl. You're gonna have to do that to me."

Lynn was panting a bit at this point and Rob had her stand up and walk around with the magnets inside her. She did then threw her arms around his neck, wiggling her hips from their stimulation, and kissed Rob. She said, "I don't know how you do it, but you find the oddest ways to turn me on and get me off. I can't believe how stimulating this is."

Rob said, "Well, the size will help dilate your pee hole and the second one will hold the first one in place. At least, I think so." Then he whispered in her ear, "I can't wait until I can fuck your pee hole, honey. I know you're gonna love it." Lynn looked at him, nodded vigorously and kissed him passionately.

"It hurt a bit when you shoved that one into me from the stretching it did. But you know how I don't mind pain like that. Now the tissues squeezed between them are gonna start hurting, I can tell. But it's really turning me on. They move slightly when I walk and it really gets to me. I want to leave them in and see how long I can take it. God I love you, honey." Lynn said.

Sissy was watching all this and said, "Mom, I want to feel them in you. Can I?"

Lynn nodded and moved back to the bed and turned to her daughter, spreading her legs. Sissy inserted a finger into her mom's cunt and felt the magnet stuck against the upper wall. Then she gently pushed Lynn back onto the bed and got between her legs, spreading her mother's cunt lips with the fingers of one hand. Lynn propped herself up on her elbows and watched her daughter poke around her snatch. The combination of sensations was really getting her worked up. She could feel Sissy push the magnet in her cunt from side to side and it was very stimulating. Then Sissy pushed her little finger into Lynn's pee hole to feel the end of the magnet in there. Rob put his hand on his daughter's shoulder and motioned for her to move over. He leaned down and stuck two fingers into his wife's cunt and pulled the magnet out, which made the one in her urethra slide out also.

He grinned, then put one of them back into Lynn's pee hole, then held the second one's tip to it and pushed it up into her urethra until Lynn's breath caught as the first one pushed against her urinary sphincter, indicating that was far enough. The second one was only about half way in. Rob let go of it and helped Lynn to stand up. Gravity pulling on the heavy magnets slowly caused them to slide out, giving Lynn somewhat of a new sensation. She moaned as they slid out and dropped into Rob's waiting hand. Lynn's legs were shaking as she reached climax yet again. Rob handed the two magnets to Sissy and told her to put them in again, one in Lynn's piss tube and one in her vagina. As Sissy did this, Lynn threw her head back and moaned loudly in orgasm from the stimulation. Rob marveled at how orgasmic his wife was. Actually, all three of his family females were like that.

Sissy was having great fun playing with the two magnets, watching her mom get off as she pulled them out again. Little Kari had been watching her and asked to hold one of the magnets. Sissy gave one to her and before any of them realized it, the little tyke had inserted it up into her own vagina. She stood there proudly, looking at the other three. All of them burst out laughing. Rob said, "Like mother, like daughters."

Kari giggled and wiggled her hips, dancing around in place. She enjoyed the feeling of the smooth, heavy thing inside her little cunt. But while it was a tight little cunt, it couldn't hold the heavy magnet against the pull of gravity, added to the gyrations she was doing, and the heavy piece of metal finally slipped out of the little one's cunt. She giggled and clapped her hands, delighted in the sensations that it had given her. She bent down and picked it up and started to insert it in her again when Rob grabbed it and said, "Let's clean it first, honey." He wiped it off using some antiseptic solution and then gave it back to her. She immediately tried to slip it up into her, but had a little trouble this time with coordination and finding her little hole. After a couple of tries, she got it back up into her. She giggled and wiggled her hips.

Sissy had watched her antics. Now she reached out to her little sister's crotch and said, "Let me feel it, Squirt." Kari moved closer to her and pushed her little mound out. Sissy stuck a finger up into her little sister's cunt and felt the magnet. She pushed it further up inside the little vagina, then felt around with her finger. She apparently hit the little one's sensitive spot as Kari moaned a little and wiggled her hips on her sister's finger.

Rob knelt down with the other magnet and pulled the little girl close to him. He took the second magnet and held it against her abdomen at her pubic area. He could feel the attraction of the two pieces of heavy metal. Moving the one he was holding a little bit, Kari started squirming and giggling. Obviously she was feeling the one in her move in response to the one Rob was holding against her. There wasn't a strong enough attraction for the outside one to stick to her abdomen but they did respond to each one's movement. Rob told Sissy to stick her finger up into Kari and move that magnet around, which she did. Rob could feel the movement of the one he held. This could prove to be an interesting set of toys to play with. He'd have to see what kinds of things he could think up on how to use them. He handed the one he had to Sissy to continue playing with.

Rob looked at Lynn apologetically and said, "Sorry about your toys. It seems that your youngest daughter has found them as much fun as you. I'll stop and pick up a few more. It seems that they're fun toys to have around."

Lynn laughed and said, "Yeah, we're gonna have to buy three sets of everything from now on. One for me, one for Sissy and one for Kari. But that's not a bad thing, I guess. It's fun seeing them enjoying themselves." Rob nodded and smiled, then sat down next to her and they watched the two girls playing together. Lynn cleaned her hand off and then applied a little lube to her little finger. Gingerly, she felt around and tried to insert it into her pee hole. It took a bit to find it, but she did and slowly pushed up into it. She threw her head back and moaned loudly with the pleasure. Then she started to work her finger in and out, increasing her tempo, moaning and shaking, until she brought herself again to a shuddering climax.

Rob was holding her and could feel her whole body shivering and shaking. He really envied her on just how much and often she could orgasm, sometimes almost continually. Sissy and Kari stopped playing with Kari's cunt and the magnets and watched their mother getting off. They enjoyed seeing her do that.

Lynn stopped her fingering, but kept the finger up in her urethra. She quieted down a bit and looked at Rob and said, "Hon, the orgasms from doing my pee hole are just fucking unbelievable! They're different and almost stronger than any others. I don't know how to explain it. The tissues are so damn tender and sensitive! God, I want you in me there so badly. I can't wait until we can do that."

Rob smiled. "From the way you're going, it shouldn't take too long to get you that stretched." He kissed his wife and said to her quietly, "I'm looking forward to being in you there too!"

Sissy moved over to them and said, "Dad, what would happen if we put this one in Kari's rear while she had the other one in her pussy?"

Rob thought a second then said, "I don't know. They would probably be strong enough to attract each other, but the problem would be getting the one out of her rectum. I supposed we could just wait until she shits it out normally, but I don't think it would be a good idea. Now yours! I can always open you up with a speculum and use something to pull it out, but I'm not about to try to open her little hole that way."

Sissy looked almost dreamy and said, "Hmmm, maybe we should try that. I'd like to feel one in my ass. And you could fuck me there with it inside. I'd like that! I like putting anything in me and then having you fuck me." She motioned to Kari. "C'mere, Squirt." The little girl moved over to her and Sissy felt up inside her little hole, trying to grasp the magnet that was already up there. When she wasn't so successful, Rob said "Use the other magnet and pull it out that way."

Sissy put the second magnet part of the way inside her little sister's slit and felt the click as the two magnets came together. Then she slowly pulled them both out of the little one's cunt. "Pretty slick idea, Dad!" she said. Then she stood up and slipped one into her cunt and bending over, worked the second one through her asshole. When the second one slipped all the way in, she gasped and said, "Dad! I can feel them pull together. Oh, damn, that's neat!" She started fingering the one in her cunt and exclaimed, "When I move it, the one in my ass moves. Kewl!!!" She fidgeted around with it, getting more turned on until she said, "Dad, will you please shove your cock in my ass again. I need it bad. Please!??"

"I don't know how much I can do for you, sweetie. You got all of me a little while ago. But your antics have gotten me hard again, so come here and sit down on my cock and let me feel that magnet in you." Rob told her.

Rob put a dollop of lube on his cockhead and Sissy squatted over it, slowly easing down until he penetrated through her rosebud. She let out a long moan of pleasure as it slipped into her. As soon as he got a few inches into her, Rob could feel the smooth metal of the magnet against his cock. It was a very sexy feeling. He pulled Sissy back to lay against him. With her cunt fully exposed in that position, little Kari got down between their legs and started to put her hand into her older sister's cunt to find the magnet. The stimulation got Sissy going and she said, "That's it, sis, fist fuck my cunt. Shove your hand all the way up inside me while dad's cock fills my ass. Oh, God, I'm gonna cum again soon. Damn, that feels soooooooo good to have both my ass and cunt filled up. Ahhhhhhhh!!!"

With Kari working her little hand up inside Sissy's cunt to find the magnet and her gyrating on her father's cock in her ass, it didn't take much to push Sissy over the edge and she squealed with another orgasm. She gasped and shook, then said, "Fuck, Dad, I'm going to put those things in me when the dog fucks me. It'll feel so neat. Will you buy me some of my own? A BUNCH of them?" Little Kari had pulled the magnet out and was playing with it, pushing it in and out of her little slit.

Rob laughed and hugged Sissy tightly to him and whispered in her ear, "Sure, my little slut. Anything to get you off." He started thrusting his hips, pushing his cock in and out and pretty soon he felt that familiar stirring in his balls. He knew it would probably be pretty much a dry cum this time, but it still felt so good. Especially since he was in the ass of his pre-teen daughter. He finished thrusting and then just held her tight to him as he had a very satisfying mini orgasm. He had little cum left to spurt but the contractions felt good.

Lynn watched them snuggle while Kari played with the magnet in her cunt, then she got up and said, "I'm going to clean up a little and then call over to Jerry's and see if Bobby's ready to come home yet."

Rob grinned at her and said, "You mean if he still has the energy to come home?" Lynn just grinned back at him.

Lynn was gone quite a while. When Rob's cock popped out of Sissy, Rob let Kari suck him clean then lick his cum that drained from Sissy's cunt. Sissy almost had another orgasm watching her little toddler sister lick her clean. Then they left Kari to play with the magnets and went to the bathroom to clean up. Sissy told her dad that she wanted him to use the metal sounds on her too so she could feel what it was like being stretched.

"I know you like to be stretched as much as possible, sweetie. I've got an interesting toy that you'll probably like. But I want to try it out on your mom first." Rob told her. Sissy pestered him to tell her what it was, but he just laughed and told her "after I use it on your mom, first."

When they walked back into the bedroom, they were met by a very comical sight. Kari was standing, but bent completely over, teetering back and forth with one hand between her legs trying work one of the magnets into her little asshole. After watching her uncoordinated, unsuccessful attempts for a while, Sissy said "C'mon, Squirt. Let's get you cleaned up too" and took the young girl into the bathroom.

She sat Kari up on the counter and took the magnet from her, then asked her where the other one was. The toddler gleefully pointed to her crotch and spread her legs. Sissy said, "I should have known. Feels slick, doesn't it? I liked those too. Can't wait to feel one up my pee hole like Mom did." Kari seemed to agree in her two year old baby talking way.

She inserted her finger into her little sister's cunt and felt around for the magnet. She could feel it but couldn't grasp it to pull it out, so she took the other one and put it in until she felt the two click together. Then she pulled them both out, much to Kari's delight. After cleaning the little one with a warm washcloth, the two went to join their parents in the kitchen to have some lunch.

Lynn had made a light lunch and they sat at the table. They heard some clattering of a bicycle in the back yard and the new dog barking excitedly. Shortly, Bobby opened the back door and entered the kitchen, doing his best to keep the excited dog from getting in the house. He was smiling but wasn't moving with his usual youthful enthusiasm. Lynn held out her arms to him, he came over to her and sat on her lap, giving her a big hug. She asked, "Well, how was it? Did you all have a lot of fun? Tell us about it."

Rob said, "Yeah, bub. We hope you had a good time." Sissy grinned at him.

Bobby continued to smile and said, "It was awesome, Mom. Whatever you told Mrs. West must have really set her off, 'cuz we didn't stop doing sex stuff all weekend. I think my dick is going to be so sore!" They laughed with him at that. "But it was really neat. I guess Mrs. West hasn't had a chance to do much stuff because she really tried to make up for it all weekend."

Sissy said, "Well tell us all about it, bro'. Did you do her good?"

Bobby looked sorta sheepish and said, "Yeah. We did it all over the house. I don't think there's any place we didn't do it. We didn't have any clothes on all weekend. It was slick. And she's really sexy! I like doing it with her."

"Better than me 'n Mom?" Sissy asked him with a grin.

Bobby put his head on Lynn's large breasts and said, "Gosh, no." Then he looked up at his mother, "I like doing it with you bestest of all, Mom. But she IS really sexy."

Lynn hugged her young son to her and said, "Well, I'm glad you liked it and had a good time."

Sissy said, "Does she like to do all the pervy kinds of stuff that we do?"

"You mean, like the mice and snakes 'n stuff? No, but I bet she would! She really wanted to do all kinds of things with us. All weekend long. We didn't get a lot of sleep. She wanted to do it all the time. It was all Jerry and I could do to keep up."

Lynn raised her eyebrows at that remark and said, "You didn't tell her about what we do, did you?"

Bobby looked at her and said, "Nope. I wanted to though. She asked a lot of questions, but I didn't tell her much. But Jerry really wants to fuck Sissy. Real bad." He looked at his sister "Will you let him. He's really nice and he really wants you badly." He looked at Lynn and said, "Almost as much as he wants you, Mom. Will you let him fuck you? It would really make him happy. He's wanted you for so long."

Lynn laughed and said, "Well, I wouldn't mind it at all, but we'll have to see. We have to be careful how much we let people know, you know. But if we can do it safely, sure, I'd love to make your friend happy."

"Great!" Bobby said. "Can I watch, Mom? I'd really like to watch him fuck you. It was fun watching him with his mom, too."

"So she and Jerry did it together, huh?" Lynn said. "Have they been doing it before?"

"Nope" Bobby said. "But Mrs. West and I talked about it and she told me that she'd wanted to do it with Jerry for a long time. And Jerry's wanted to do it with her, too. They just both were scared of letting the other one know. Afraid of getting in trouble. But whatever you told her when you talked to her must have done something, 'cuz she let Jerry watch us and then they did it. And we all didn't stop doing it. Wow, it was awesome! And Mom, she wants to talk to you real badly. She told me to tell you to call her as soon as you could. She was real excited about it. Will you call her?"

"Yes, dear, I'll do that. There's quite a bit I'd like to talk to her about, too." Lynn told him, looking at Rob.

Bobby said, "Kewl! And hey, she likes to drink my pee, too, just like you do. I peed in her mouth all weekend. She really likes it."

"Ah, another kinky bitch!" Rob said, laughing. "Just what we need, another one. Wonder if she goes for needles too?"

"I don't know, but she has really neat tits. Real big." Bobby said. "Not as nice as your's, Mom, but they're real big. Should I have asked her if she likes her tits hurt like you?" he asked.

Lynn looked at Rob then said to Bobby, "No, dear. You need to be very careful who you mention things like that to."

Bobby said, "Oh. Yeah. OK. But I'll bet she likes stuff like that. She has a whole lot of slick vibrators that she likes to use. She had us use them on her sometimes. She's really hot!"

Sissy piped up "How big are they. Can she take huge ones like Mom and me?"

"They're not really huge", Bobby said, "but she's got a lot of 'em. We had fun with 'em." He stood up and started taking his clothes off. "We were naked all weekend. I like that. Can I go and check on Albert? Did you use him this weekend, Mom? You know I told ya it was OK to."

"Ummm, we were pretty busy with some other things. And you've seen the new dog." Lynn said to him.

Bobby nodded and said, "Yeah, he's kewl. It's gonna be fun watching him fuck you. I can watch, can't I?"

Lynn grinned and said, "Yes, dear, you can. Now go ahead and check on Albert and if you would, check on Monte too. And we got the add-ons for the mouse house. You can put the mommy and new babies in the separate little part then we can connect them together when the babies are old enough. OK? Now, scoot."

Bobby picked up his clothes and gave Lynn a kiss. "I love you, Mom." he told her, then headed to his room.

Rob said, "Sounds like it's going to be interesting to meet Mrs. West. Maybe you should give her a call and see what she wants to talk about."

"Yeah, Mom", Sissy said. "Sounds like she's a hot one. I'd like to watch Dad do her. Call her, Mom."

Lynn picked up the phone and dialed the number that she had written down on the fridge whiteboard. The phone rang and Jerry's mother answered.

Lynn said, "Mrs. West? Hi, this is Lynn, Bobby's mother again. How are you?"

Mrs. West said, "Oh, Lynn! I'm so glad you called. Please, call me Patty."

"Oh, OK. Patty, then. Bobby said that he enjoyed his stay and that you all had a good time," Lynn told her.

Sissy giggled as she looked at Rob with that comment.

Patty said, "Oh, it was wonderful. I can't tell you how much I appreciated your call yesterday and your telling me that it was OK to... ummm, well, you know. I've sorta wanted to do that kinda thing for a while if you know what I mean. Oh, that sounds so wicked. I'm sorry."

"No, no", Lynn said. "Bobby has told us how much he enjoys being over at your house and how much he liked the attention that you showed him. He's quite mature for his age with things like that, so we figured that he could handle any attention you wanted to bestow on him."

"My God, Lynn, I feel so guilty yet so... uh, alive. Did Bobby tell you what we did?" Patty asked.

"He told us a little bit. Said that you three thoroughly enjoyed each other. We think that's great." Lynn told her.

"Lynn, there's so much I want to talk to you about and ask you. I mean, I feel so bad about what I've done, but... well, it feels so good, too. Umm, can I ask you something. Bobby seems to be, like you say... well, quite knowledgeable. About sex, that is. I mean, well, do you do the same things with him? Oh my God, I can't believe that I said that." Patty sounded quite embarrassed.

"Well, Patty, let me say that I know how you feel. Completely. Uh, I'm not sure we want to discuss these kinds of things on the phone. Maybe you should come over and we can talk about it personally. Would that be OK?" Lynn asked.

"Oh, I'd like that so much. When's a good time?" Patty asked, sounding relieved. "I can be over there in five minutes."

Lynn looked at Rob and mouthed 'five minutes' with a questioning look. Rob shook his head and made a motion like he was stretching taffy with his hand, the common signal for 'more time' or 'stretch it out'. "Uh, Patty," Lynn said, "we're in the middle of something right now. How's about giving us an hour or so, and then we'll be ready."

"Oh, that's great. I'm sorry. I'm just so anxious about all this. I'm putting you out, I know. Oh, Lynn, I really need to talk to you about this, though. Thank you. I'll be over in an hour. Oh, thank you so much! You don't know how much I appreciate this. Thank you." Patty was thoroughly anxious and rattled.

Lynn said, "No, no, that's all right. We know exactly what you're going through and how you feel. We'll be glad to talk to you about everything. See you in an hour or so. OK?"

"OK. Bye." Patty said and hung up. Lynn could tell from her voice how rattled she was and knew exactly how the woman felt. It was only a few days ago that Lynn was having the same type of phone conversation with Sarah.

Lynn looked at Rob and said, "The poor woman is about ready to go out of her mind. She feels guilty but she likes it. Same way we have been. Oh, Rob, I'm so happy we can help her with this. We have to decide how much we want to let her know about what we do. But I know exactly what's going through her head right now. So we've got an hour to decide how much we want to discuss with her."

Rob looked thoughtful and Sissy said, "Mom, why shouldn't you take her into your confidence. After all, we know that she's done it with her son so it's not like she's gonna go rat to someone. And Bobby really likes her. Jerry's a good kid, too. Maybe if they knew people like us, they wouldn't feel so bad and stuff."

Rob said, "Your lovely, mature and highly oversexed daughter certainly has a point. I mean, we don't have to tell her everything, like about the snakes and mice and Kari and all that stuff. But if it would help her, we could make her and Jerry feel a lot better about what they're doing. Help those guilty feelings."

"Right. I know how much relief I've felt being able to talk to Ben and Sarah and now share with them." Lynn said. She grinned at her husband, "And it'll give you another sexy wench to polish that knob of yours. I know you won't object to that."

Rob laughed. "Dear, I have my hands full with you three insatiable sluts. Plus Sarah and Karen. Then there's

Gillian. Now Jerry's mom. I don't know if I'll survive all this."

"Aw, c'mon, Dad. If she's as sexy as Bobby says and has big tits, you'll love it. Woncha?" Sissy said to her dad, who grinned back at her.

Lynn said, "Well, we probably should all put some clothes on so we don't scare the poor lady any worse than she is. And maybe it would be good to have Sissy take Kari with her in her room so our youngest sex slut little daughter doesn't give too much away by latching onto your cock or trying to stuff something into her little snatch in front of the woman. We'll have to take it slowly and see just how much she can tolerate. I don't want to scare her to death."

Sissy said, "Aw, Mom, I wanna be there. If she's as sexy as Bobby says, I may want do something. Although if Jerry comes with her, I could probably keep him occupied. And blow his mind."

Rob said, "I don't doubt that in the least, sweetie. But remember. Both of the boys have just had a wild weekend with her. They may not be up for that much. Besides, I think it would be best if the two of us talk to her first and see how things go. If it works out well, we can get you involved if you want."

"OK. I see what you mean. But I really want to watch you fuck her, Dad." Sissy said with a big grin.

"C'mere, sweet cheeks and give me a kiss. You know I love you so much." Sissy jumped on his lap and gave him a big kiss. "I promise, if I get to do her, I'll be more than happy to have you watch us. At least as long as she doesn't freak out, OK?" Rob told her.

They talked a little more, then they went up to their rooms to get some clothes on. Rob told Bobby that Mrs. West was going to come over and that he and Lynn would like to talk to her alone first. Rob assured him that they would call him as soon as they could, if he wanted them to. Bobby said he understood.

"Dad? Are you gonna fuck her?" Bobby asked.

Rob hugged his son and said, "I don't know. Right now we just want to talk and help her and Jerry sort things out. But if she wants more than that, and if she's as sexy as you say, I'll be more than happy to help her out in any way she wants." Rob grinned and tousled Bobby's hair.

So it was about an hour after the phone call that Mrs. West and Jerry arrived and rang the door bell. Rob opened the door and instantly realized that Bobby had not exaggerated at all.

"Hi, Patty. Jerry. Come in, please." Rob said. "Jerry, Bobby's up in his room if you want to go join him." Jerry said thanks and headed to Bobby's room.

Lynn hugged Patty and said, "Oh, I'm so glad to finally meet you in person. We've got so much to talk about! Please have a seat."

Patty was both nervous and excited as she sat down on the couch and Lynn sat next to her. Rob sat in his overstuffed chair and looked at the woman. She was probably about 5'8" tall, with long auburn hair that came to her shoulders, and about 38DD. She was a bit heavier set than Lynn but both of them were still worthy of being a model in any men's magazine. Rob was going to enjoy doing this one, that was for sure. In fact, it was hard to take his eyes off of the two women.

Lynn smiled at him and then said to Patty, "You'll have to forgive his drooling and heavy breathing, dear. Rob. Put your tongue back in your mouth. We want to make Patty feel at home, not like a sex object." She grinned at him.

"Oh God, Lynn, I don't mind at all. In fact it's good to be appreciated. I can't tell you how much this means to me to be able to talk to you two. I mean, after this weekend. And with Bobby. And all. Oh, I'm so ashamed!"

Lynn put her arm around Patty and said, "Dear, don't feel bad. We know exactly how you feel and we only want to assure you that you're among friends. I wouldn't have told you what I did if Bobby didn't think you were the right kind of person to do it. Listen, don't feel guilty or ashamed of anything. You can talk to us about anything

and we won't make any judgments or let out any secrets."

"Lynn, you don't know how awful I've felt about this. But I've also been so aroused. I can't believe I've turned into a child molester. And with my own son! Oh, what have I done?" Patty said, tears welling up in her eyes.

Lynn put her arms around the woman to try to comfort her and held her close. Rob just sat quietly, waiting to see what happened. After while, Patty pulled back and dried her eyes and said, "I'm sorry. You must think I'm an awful mother."

"No, dear", Lynn said, "we know exactly how you feel. We want to do anything we can to help you and Jerry."

Patty looked at Lynn and then said quietly, "So, do you... um... you know... uh, do things... uh... I mean, Bobby's so knowledgeable."

Lynn looked over at Rob and then hugged Patty. She said, "Patty, you aren't a bad mother or a wicked woman. All you're doing is showing and sharing your love. There's nothing wrong with that. Ummmm, what I can tell you is that Bobby has been shown a lot of love and he enjoys sharing it. You don't have to worry about him."

Patty said, "But, my son. I've taken advantage of him. I know you said that Bobby would enjoy whatever I did with him, but my God! Jerry's my son. It's incest. I can go to jail!"

"From what I understand", Lynn said, "Jerry surely isn't objecting to being loved by his super sexy mother. In fact, he's wanted it for some time. It's just that both of you were scared to do anything about your feelings. Now you don't have to be. You have to be careful, but unless you do something to hurt him, I don't think Jerry's gonna object at all to being able to enjoy his mother's charms. Bobby sure does enjoy you. But he did say that you about wore him out this weekend."

Patty laughed through her tears and said, "Yeah, I think I went a bit overboard. Guess I was making up for lost time. But it's such a turn on for me to have a young boy. I've had to really work to keep from raping Jerry for a long time. It's been really hard. And now that I know that he wanted it too, I feel so dumb. But I've been so scared! Lynn, I know it's none of my business, but umm, do you and Bobby... ummm, are you... ah... intimate? I mean, he's so good. So... experienced."

"Patty, I want to tell you a lot, but it may take a little time for that. We've been very free and loving with Bobby. All of our kids are very loving. All I can tell you right at this moment is that it's OK if you want to do things with Bobby. As long as he wants them too. And I can tell you that Jerry only loves you and you're not a child molester or a wicked woman to want to share your love with him. Even physically. We're going to be here for you and help you as best we can. We've been scared and paranoid like you and we're just starting to learn that there's others who share our ways of loving. We'll be here for you."

Patty sniffled and smiled. "Oh, Lynn, you don't know how much better that makes me feel. I've been so lonely since Jerry's father died and I've been so sexually frustrated. Maybe I just took that out on Jerry. Or transferred it to him. Or something. But for years I've had an attraction for young boys. And it's made me feel so perverted and wicked. I mean, every time I go to his school, I just get wet looking at all those young studs... well, studs to be. But now that I've actually done it, it's exhilarating! But I'm so scared! What if someone finds out?"

Rob spoke up. "Patty, we're here for you. You'll get over the scared part after a while. You two will still have to be very careful who you say anything to, but you can be as open and free with all of us as you want. We know how you feel and what you're going through. But it'll be OK and we'll help."

Patty smiled. Lynn said with a grin, "And Rob will be more than happy to help you with the hornies when you need. That is, if he isn't too old for you. But there's always Bobby."

Patty's eyes widened and she looked at Rob then back at Lynn. "You mean you wouldn't mind lending me your husband once in a while? You don't mind sharing? Oh, you guys are so... awesome, as the kids say nowadays."

"No, I don't mind," Lynn said. "He's been helping me with some of my fantasies and ummm, sharing me. I don't have any problem if you want to make him feel good. I think we all may be able to make each other all feel good. And I hope that we don't blow your mind too badly with some of the things that we do."

Patty gulped and said, "Uh, I'm not sure that you could do anything more far out than some of my fantasies. I mean, screwing with my own son is only a part of it. Uh, exactly how much did Bobby tell you about our... ummm, 'activities' this weekend?"

Lynn smiled. "You mean about enjoying his pee and that kind of thing? Well, he did mention that you liked it just like I do and that he enjoyed doing it with you."

"Oh God, I thought I was such a pervert!" Patty exclaimed. "You mean you actually do that too? I thought I was being so perverted."

"Yes, dear, we have learned to enjoy a lot of... umm, 'kinky' things around here. It may take some time, but we'll try to share as much as we can with you", Lynn told her.

"So... will you tell me if you actually do things with Bobby? And your other kids? He said he had two sisters. Does he... I mean, do they...uh...?" Patty stammered, flushing with embarrassment.

Lynn looked at Rob. She took a deep breath and said, "Honey, this poor woman is scared to death. Maybe we should try to help her out. What do you think about having Sissy and Kari come down and meet Patty? I think we can trust her, as much as she can trust us. What do you think?"

Rob stood up and said, "I don't doubt that our oldest is wetting her panties to get down here. Why not. I'll be right back."

He went out of the room and Lynn stroked Patty's cheek. She said, "Patty, dear, we're going to trust you with our whole lives. You've trusted us. We'll help you all we can."

Patty took Lynn's hand and held it. She looked into Lynn's eyes for a moment and said, "You know, it's been a long time since I've done any kind of sex things with another woman. Or girl, actually, since it was so long ago. I hope you aren't offended, but you make me feel so... well, good, right now. Would you be upset if I..."

She didn't get the sentence out, as Lynn leaned forward slightly and gave her a light kiss on the lips. As Lynn pulled back she said, "No I wouldn't. You're very attractive. Even, like Bobby said, sexy. Hope you don't mind my being so forward, but it seemed like you wanted that. Me too."

"Oh God, Lynn," Patty said breathlessly, "you guys are so amazing! I can't believe my luck!"

Lynn smiled and said, "It's just the beginning, dear." She turned to look as Rob, Sissy and Kari entered the room. "Patty, I'd like you to meet my two lovely daughters. Sissy and Kari. Kids, this is Jerry's mother, Patty."

Rob had had Sissy put on a long T shirt and nothing else. Sissy thought that was a hot idea. They decided to just let Kari stay naked as there wasn't much point in getting her all dressed up.

Sissy walked over and said, "Hi, Mrs. West. You probably don't remember, but we met at school a couple of times when you were picking up Jerry."

Patty said, "Oh, yes. I remember now. It's so nice to see you again. And this lovely angel must be Kari." She held out her arms to the toddler. Kari smiled and walked over to the woman and let herself be picked up and hugged.

"Oh, she's such a little angel! It doesn't seem that long ago that Jerry was her age." Patty exclaimed.

Kari was enjoying being held by this new friend and she grabbed a hold of one of Patty's large breasts and started fondling it. A lot like she did with her mother's.

Lynn flushed a little and said, "Uh, sorry 'bout that. We don't usually wear a lot of clothes around here and she still likes playing with my breasts."

Patty said, "Oh, it's OK. Oh, you're such a sweet little one. You can play with my breasts all you want, honey." She squeezed Kari to her.

Sissy watched this and looked at her dad, then her mom. She said, "Umm, Bobby said you guys..." - She looked at Lynn and saw a slight nod - "had a great time this weekend. Wish I'd been there."

Patty blushed, then said, "Ummmm, yeah. We sorta did have a wild weekend." She looked at Lynn and said, "Uh, just how much can we discuss in front of the kids?"

Rob and Lynn laughed. Lynn said, "My dear, you don't have to worry about them in the least, as I'm sure you're going to find out soon. They all fully share everything with us. So don't worry about that."

Sissy figured, not completely correctly, that everything was out in the open and said, "So Jerry's been trying to catch me naked for a long time. You don't mind if I, sorta, like do him, do ya?"

Lynn's mouth flew open and she said, "Sissy!"

The girl looked at her mom and said, "What? I thought you guys had told her about everything. Geez! Sorry."

Patty laughed and said, "No, no, Lynn. That's all right. I think I'm getting the picture. You're all rather free around here. Gawd, I wish I could be that way! I just love it. It's a bit of a shock, but I think it's a very pleasant shock." She looked at Sissy and said, "Honey, this is all rather new to both Jerry and me. So please try to be patient and take it easy with him. But I know he's lusted after you for a while. He'll be overjoyed to even have you smile at him, let alone 'do' him. But honey, you go ahead and 'do' him all you want. Fuck his brains out if you want." She got a sheepish look on her face and glanced at Lynn, then said, "But, uh, if you do, I hope you won't mind if I...uh... watch some time?"

Sissy, in her usual outgoing way, said, "You can join in. That'd be so hot. Watching him do his mom with me. That's OK isn't it, Mom?"

Both Lynn and Rob were a bit taken aback about how fast things were going here. They were watching each other for any cue to jump in and change the subject or steer the conversation to something else. They just shrugged to each other.

Lynn said, "Yes, dear, that's OK. As long as Patty and Jerry are comfortable. We don't want to do too much too fast. Patty, I hope you don't mind Sissy's being a bit forward and blunt?"

Patty held out an arm to Sissy and said, "Come here, dear. Sit here with me. You are such a sexy young lady!" Sissy sat down next to her and Patty put her arm around the girl. Sissy's T shirt rode up exposing her cunt. Patty looked at Lynn and said, "I don't mind at all. I'm just so overwhelmed by this all, but I am so happy at the same time. You all are just so great." She hugged Sissy to her and indicating Kari said, "In five or so years, this little one's gonna be old enough to be giving you a run for your money, won't she?"

Sissy grinned and said, "She's a slut! I already have to share Dad..." Both Lynn and Rob sat up and Lynn loudly cleared her throat. Rob broke into the conversation, trying to keep Sissy from revealing too much. "Uh, Sissy takes good care of her little sister and I'm sure there won't be any competition for the boys later on. Right Sissy?" he said, with emphasis on the last two words.

Sissy flushed and realized she was revealing more than she should. Geez, they could have warned her. She nodded in assent to her dad's statement.

The cat was out of the bag though, as Patty quickly realized what the girl had let slip out. She said, "Oh my God! You guys already do it don't you? Have you, I mean, do you... ummm, this little sweetie, does she... uh, do you...?" Patty stammered. She couldn't believe that a two year old toddler could be involved in any sexual things. Although she quickly realized that the idea of that was not shocking her at all, but actually arousing to her. Just like thinking about doing things with Jerry, her son, aroused her rather than shocked or disgusted her.

Rob and Lynn didn't know what to say. They still weren't quite ready to admit to their two year old daughter having sex. For as long as they had been keeping their family secrets and being totally paranoid about being safe and not letting it leak out, it was ingrained in them as almost a reflexive action. Although they knew that they would eventually share those things with Patty - and her son Jerry - it was still hard for them.

Patty looked back and forth at Rob and Lynn, then hugged the two girls to her. "I think that's so erotic! I just can't believe all this. Oh thank you Lord for sending these people to me!" she exclaimed excitedly.

Lynn said, "Then you're not shocked or put off by all this?"

Patty said, "Shit, yes... oh, sorry sweetie," covering her mouth. She hugged Kari, then continued, "Yes, I'm shocked. This is all so damn... sorry... darn new to me. But I'll get over it. Quickly, too. It's just so much, all at one time. But I've really been thinking about this kind of stuff for a long time. It's just that I thought I was twisted and perverted and everyone would be disgusted if I even mentioned any of the stuff I thought about. But here, you guys actually do it."

Rob laughed and said, "Patty, my dear, we'll try to ease you gently into it, but you don't know the half of it. Sissy, let's try to be a little discreet and not overwhelm Patty and Jerry with too much at once. In fact, why don't you run up and see what Jerry and Bobby are up to. Maybe give Jerry a peek and a thrill. But keep them occupied so we can discuss a few more things with Patty. Hmmm?"

Sissy grinned and stood up. She walked over to her dad bent down, purposely giving Patty a view of her bare bottom and cunt as the T-shirt rode up, and whispered in his ear, "You just wanna fuck her, doncha? She's hot. Do her good." She kissed him on the cheek and sashayed out of the room. Rob smiled, a little guiltily.

Lynn said to Patty, "Yes, we've done a bit of different things. I'm glad you aren't put off."

"No, no! To the contrary, I'm getting really turned on. Oh, God, Rob, it has to be so erotic to watch you do it with this little angel. God, what I'd give to see that! You don't think that sometime when you... I mean, if you're going to... uh, well... oh shi... I mean shoot..." she grinned, "could I watch? Sometime? Please?"

Lynn looked at Rob then said, "Patty, if you want to get a little more comfortable, maybe we could see how things work out. If you wouldn't be too embarrassed, that is, getting naked?" Lynn stood up and started to unbutton her blouse.

Patty blushed furiously, but said, "I think I could manage that, Lynn. I'm really a bit embarrassed about my body, so you'll have to forgive me." She sat Kari on the floor, then stood up and hesitantly started to remove her top. Lynn looked at Rob sitting there with a big grin on his face while Kari walked over to him. She said, "C'mon, stud, get outa those clothes. Let's see what Kari does."

Rob stood up and removed his shirt, then his pants. He wasn't wearing any underwear as usual, so after taking his socks off, he was nude with a raging hard-on. Little Kari stood next to him and grabbed his cock as soon as it was available. The two women finished getting undressed as Rob gently sat down and spread his legs for Kari to stand between them and bend over to suck his hard rod into her mouth.

Patty gasped at the sight of the toddler taking the adult cock in her mouth. She and Lynn sat back down on the couch. Patty said, "That's so fucking hot! I can't believe she does that. And may I say, Lynn, that you are one of the sexiest females I've ever seen in my entire life. If I wasn't so in love with cock, I'd hit on you! Damn you've got a body!"

Lynn blushed at the praise and said, "Thank you, dear. You're not so bad yourself. Believe me. And you don't have to be a lez to appreciate the body of another woman. Maybe we can bring back some of those happy memories when you're ready."

"Ohmygod! You guys are so amazing! Lynn, it's been a long time, but I'm ready for anything. But I want to watch your sweet little baby right now. Damn, that's so amazing. Does she... I mean, can she take that whole thing? Oh God, that's hot!"

Lynn said, "Yes, Patty, she does take the whole thing. All the way. And she orgasms from it, too. It's just amazing when she cums. I don't know if we can do it now, but we'll see."

Rob had listened to the two's conversation and figured he'd see what Kari wanted to do. Although he really already knew. He pulled her off his cock and said to her, "Hey, sweetie, you want to climb up here and put it in

you? You like that, don't you?" Kari nodded and said, "Daddy yummm. Ina me? Fee' good." and climbed up onto Rob's lap. She sat and straddled Rob's cock, rubbing her little slit on it. Rob said, "Lynn, can you hand me the lube, please. I've got the feeling that our slut daughter is gonna want to show Patty how she does it." He bounced Kari on his lap. "Don't you, sweetie?" Kari nodded and mumbled in her two year old talk and tried to fit the head of Rob's cock into her slit.

Lynn handed the lube to Rob and he put some on his cock, then rubbed a lubed finger along his toddler daughter's slit. Once she was well lubricated, he took his cock and started rubbing it along her slick slit. Patty had gotten up off the couch and was kneeling next to them, totally amazed at what she was watching. She just kept saying, "That's so hot!" over and over.

Lynn said to Rob, "Honey, why don't you turn her around and put it in her? That way, Patty and I can see more of the action. I'm sure Patty would like that." Patty's face lit up with a big smile. Rob nodded and lifted Kari up and turned her around, then sat her down again facing them with his cock sticking out between her legs.

"Maybe Mommy can help put it inside you, sweetie." Rob said. Lynn grasped her husband's hard rod and slid it back and forth along her young daughter's slit. Rob lifted Kari up a little and Lynn held his cock upright. Slowly he lowered his little daughter onto his cock as she giggled, moaned and wiggled. She knew what was coming and she really liked the tinglies that she got when her daddy's cock was inside her. Patty gasped and watched as Rob's large cock slid easily into the little girl's tiny cunt. Rob bottomed out with about three inches in her, and Patty moaned as she fingered her own clit. Lynn grinned and leaned forward to tongue her daughter's little clit. As she did, Kari moaned louder and tried to bounce up and down. She was wiggling her hips and thoroughly enjoying the full penetration.

Rob started lifting Kari up and then lowering her down on his cock. As he bottomed out each time, Kari tried to push hard, just like she had before. She really liked the pressure of his cockhead against her little cervix. Rob was enjoying the sensations also. Lynn kept working on her daughter's clit and it didn't take long this time before Kari started breathing fast and moaning loudly. Soon she was flushed from chest to face and tears started flowing. Her legs started to spasm and she squealed and cried as her dad and mom brought her to orgasm. As she started to shudder, Rob lowered her all the way down and pushed his hips up to put pressure on her little cervix. Kari cried out and shook, her little legs shaking with her orgasm and tears streaming down her cheeks. Patty just watched, mouth hanging open in wonder, having even forgotten about rubbing her own clit.

After her breathing had started to slow down, Kari stopped crying, closed her eyes and laid back against her daddy. She just loved the sensations she got when daddy did that with her. For Rob's part, he had tried to hold off cumming as he wanted to get his hard cock into Patty. So he wrapped his arms around his darling, post-orgasmic daughter and cuddled her to his chest. It felt really nice with his cock seated in her tiny, tight cunt.

"Oh you guys, that's amazing! I can't believe I just watched a toddler get off on being fucked. Damn!" Patty exclaimed.

Lynn smiled and said, "That's nothing. Watch what happens when we try to take his cock out of her. She just wants more and more and doesn't want him to pull out of her. Can't say as I blame her at all. I often feel the same way." She grinned at Patty.

Patty said, "And you're gonna let this gorgeous stud do me, too? Oh shit, I'm so hot right now, I can't wait."

Lynn scooted over next to Patty and said, "No, I don't have a problem sharing him. I'm sure he'll really enjoy this wet cunt." She rubbed Patty's clit a bit, eliciting several moans of pleasure, then slipped two fingers up into the woman's sopping cunt and started to massage her G spot. It wasn't long before Patty was shuddering and moaning, holding her large breasts in her hands and tweaking the nipples with her fingers. Lynn continued to work her fingers and bent down to take a nipple into her mouth. As Patty started to orgasm, Lynn bit down on the nipple until Patty was shaking and screaming with pleasure. Lynn's hand was soaked and Patty slowly fell back until she was laying on the floor. She literally couldn't hold herself upright.

Rob watched the two women with a sloppy grin on his face. He really enjoyed seeing his wife with another female, no matter what age. He loved to watch his daughter and wife pleasure each other. And the rather recently new sensation of having his cock sheathed in his two year old toddler daughter's cunt made for all that more enjoyable sensations.

Lynn pulled her fingers out of Patty's cunt and laid down next to her, kissing her and massaging the woman's large and sensitive breasts. Every once in a while she'd pinch a nipple. She wanted to see if Patty was into any kind of pain like she was herself. After a while, the two sat up and agreed that they were both feeling really good. Lynn got up and knelt between Rob's legs. She said to Patty, "Watch this."

Kari seemed to be asleep, laying on Rob's chest and stomach. Her breathing was slow and even, but as Lynn tried to pull Rob's cock out of the little cunt, she roused, her eyes flew open and she cried, "No, no, mo' in me. Fee' good. Do mo'." Lynn grinned and stopped. Rob then started to lift the little one up off his cock and she cried, "No Daddy, do mo'. Do mo'. Fee good." Rob lowered her back down and the toddler laid back, contented to have her little cunt filled with her daddy's hard cock. Lynn and Rob grinned at each other and at the look of amazement on Patty's face.

"I can't believe it!" Patty said. "I wouldn't have believed it if I hadn't seen it with my own two eyes. Damn, that's sexy!"

Lynn smiled and said, "Yeah, I get so turned on watching her take adult cocks. She does the same thing when she takes it in her ass, only I think she likes it more there. She takes after her mom that way."

Patty's eyes widened and she said, "She can take it in the ass? Shit, that's fucking unbelievable! And to tell the truth, I just love it in the ass."

Lynn winked at Rob and said, "Whattaya think, hubby? Feel like seeing if you can make Patty feel as good as you just did your little daughter? How 'bout it Patty?"

"Oh God, I'd LOVE that!" the woman said. "I haven't had an adult cock in my ass for ages! Please! Yes, do me!"

Lynn stood up and started to pick up Kari, who immediately protested and wanted to stay impaled on her daddy's cock, but the two soothed her and Lynn laid her down on the couch. She said to Patty, "Go ahead, dear, take a taste of their combined juices on Rob's cock. I'll quiet her down and then help you get it in your ass."

Patty jumped up and was taking Rob's cock in her mouth immediately. She mumbled, "I'm not sure I'll need any help. Mmmmm. Tastes good!" as she gave Rob's still hard cock a good spit shine.

Lynn quickly got little Kari calmed and quieted down on the couch and moved over to put her arms around Patty and fondle the woman's large tits. She tweaked the nipples and started pinching them harder and harder. Patty just moaned around Rob's cock in her mouth, not making any objection even when Lynn got pretty aggressive and was surely causing the woman a good amount of pain by squeezing her nipples quite hard. Lynn put her lips to Patty's ear and said, "You like that, don't you bitch? You like your slut nipples hurt, huh? You like it rough, don't you?" Patty just moaned and nodded her head, not taking Rob's cock out of her mouth. Lynn continued the rough play with Patty's breasts, squeezing and twisting the nipples and gripping the tits as hard as she could, digging her fingernails painfully into the globes. Patty's moans just got louder and her motions on Rob's cock got faster and more frantic.

Lynn whispered in her ear, "You're such a dirty slut! Fucking your own son! And fucking my son! What kind of perverted slut are you. You just got off on watching a two year old being fucked. What a twisted cunt! You like your tits hurt? Want me hurt them more. You like a little pain with your sex? 'Fess up, you dirty cunt! You'd like your fucking tits tortured while you were being fucked wouldn't you?"

Patty reacted to Lynn's dirty talk by moaning harder and louder, sucking on Rob's cock. Rob signaled to Lynn that he was getting close and needed to pull out. Lynn grabbed a hold of Patty's tits and squeezed as hard as she could while twisting the nipples to make as much pain as she could. Then she pulled her back, pulling the woman off Rob's cock. Patty threw her head back and moaned. Lynn leaned forward and kissed her, keeping up the pressure on her nipples. Patty shuddered and moaned into Lynn's mouth as she started into a small climax.

Rob lubed up his cock again to get ready to plunge it into Patty's asshole. Lynn broke away and said, "C'mon, cunt, let's get your ass on my husband's cock and I'm gonna stick my whole fist inside you and beat your cunt senseless." Patty moaned and nodded. Lynn helped her unsteadily get to her feet and turned her around so Rob could put some lube on her asshole. Then she helped Patty sit down and get Rob's cock against her brown

pucker. As Patty felt the pressure of Rob's cock against her rosebud, she pushed down and screamed as the head suddenly stretched her sphincter and penetrated into her ass. She moaned as she lowered herself down onto the shaft until it was all the way inside her rectum. Then she wiggled her hips and started to lift up and drop down.

Lynn knelt between her legs and started working several fingers up into Patty's cunt. The woman's hole was sopping wet with her juices and was quite elastic. Lynn got four fingers up into her hole and could push against her cunt wall and feel Rob's cock moving in and out of her. Twisting her hand, Lynn worked until Patty's hole was pretty well expanded, then tucked her thumb into her palm and started working her whole hand into the gaping hole.

Rob could feel his wife's hand moving on the other side of Patty's rectal wall. It really felt stimulating, knowing what was being done. Then as he pulled his cock back once, he could feel the pressure increase and could feel the fullness of Lynn's whole hand filling Patty's cunt. He plunged his cock back all the way into her ass and Patty let out a scream of passion.

"Ohshitohshitohshit!" Patty wailed. "That feels sooooo good. Fuck my cunt with your hand. Fist me good, dammit!" she said, which Lynn was happy to do. As Patty lifted up on Rob's cock, Lynn plunged her fist up into the woman's cunt, each time pushing harder until she was almost punching her fist up into Patty's hot hole. Patty was holding onto the arms of the chair and raising and lowering herself as Rob thrust his hips up into her as she dropped down. It wasn't going to take much more of this before his balls were going to spew his cum up into Patty's rectum.

Patty's legs were shaking, and she was moaning and squealing with each plunge of Rob's cock and Lynn's fist. Finally, Patty dropped down hard onto Rob's cock groaning, "Oh shit, I'm cumming!" Lynn twisted her hand around and tried to grasp Rob's cock through the vaginal wall, while leaning forward and tonguing Patty's clit. Rob felt the pressure of Lynn's hand and he started spewing his hot seed up into her bowels. Patty's eyes were closed and her head thrown back, mewling with little moans and squeals of pleasure as she shuddered to a long climax. Rob laid back in the chair with his eyes closed and just felt his balls being drained into Patty's ass.

Finally, Lynn raised up away from licking Patty's clit and was startled to find all three of the kids huddled around them, watching. Lynn smiled at them. Sissy had a big grin on her face and leaned down to whisper in Lynn's ear, "That was so sexy, Mom!" Bobby and Jerry were kneeling down, getting a good look at Lynn's wrist disappearing into Patty's sopping cunt.

Lynn lifted her free hand up and tousled Jerry's hair and said quietly, "Whatta ya think? Like seeing your mom get off like that?" Jerry couldn't even talk. He just mutely nodded and didn't take his eyes off his mother's stuffed cunt.

Patty heard this and her eyes shot open as she looked down to see the audience they had gathered. "Oh my God! What...? When...? Uh... ohhhhhhhhhhh shit!" was all she could get out of her mouth.

Sissy disappeared into the kitchen and then came back with a glass filled with amber liquid. She grinned wickedly at her mom and went to stand beside her dad and Patty. Patty looked around and said, "Oh, Jerry! How long have you been here? How much did you see?" Then she realized that she was sitting with her asshole impaled on Rob's cock and Lynn's fist filling her cunt. "Fuck! Dumb question! Oh Jerry, I'm sorry!"

Lynn grinned and said, "There's nothing to be sorry about. I think Jerry liked seeing you like this. Huh, Jerry?"

The boy just dumbly nodded and mumbled, "Mm hmm."

With his usual young brashness Bobby piped up and said, "Yeah, Mrs. West, it was awesome. You're really sexy. Just like when my mom gets off. It's neat!"

Patty was blushing fiercely, looking around at all of them. Even little Kari had roused and was standing next to her mother, taking the whole thing in. With the wicked grin still on her face, Sissy said cherubically, "Here, Mrs. West. I brought you something to drink. You'll like it." Sissy handed the glass to the embarrassed woman.

Patty took the glass, happy to be able to do something 'normal' to cover some of her embarrassment and started

to take a long swig from the glass. She got just a little bit in her mouth when her eyes opened wide and looked at Sissy. Sissy said, "It's mine. Bobby said you liked his, so I thought you'd like a little refreshment. If you don't like it, Mom will be happy to drink it, woncha Mom?"

Lynn nodded and then flexed her fingers up inside Patty's cunt, making the woman moan. Sissy knelt down and put her tongue to Patty's clit while Lynn started twisting and turning her hand and flexing her fist. Patty just moaned some more and then chugged down the whole glass of Sissy's piss without stopping. When she had drained the glass, she shuddered with another mini-orgasm from the ministrations the other two were performing on her.

Bobby watched and said, "Kewl, huh, Jer?" Jerry nodded as Lynn pulled him close to her. Jerry was horribly conflicted, wanting to watch his mother being fisted, yet having Lynn's huge, firm tits right next to him. He didn't know which amazing sight to focus his attention on.

Lynn said quietly to him, "Do you want to try it. I'll pull my hand out and you can put yours in and feel what it's like. Your mom will love you fisting her." Jerry nodded mutely again. With her free hand, Lynn took Jerry's hand and put it up next to her wrist that was entering his mother's cunt. She unclenched the fist and pulled it back out a little bit and said, "Now, I'm gonna slowly pull my hand out. As it comes out, you just slide yours in alongside mine. OK?" Jerry nodded. Lynn guided his hand beside her wrist and helped push it up alongside hers, then slowly pulled her hand out as she helped Jerry push his all the way up inside his mother.

Patty gasped and said, "Oh, Jerry! I love you so much!"

Jerry looked up at his mom and said, "I love you too, Mom. This doesn't hurt you does it?"

Patty shook her head and said, "No, honey, it feels really good. Push it up hard in me. Fuck me hard with your fist. Punch it into me. Oh God, I'm such a dirty slut!"

Jerry started pushing his fist up into her with a little guidance from Lynn's hand on his wrist. She let him get all the way up into Patty then gently had him pull it back until her membranes bulged out around his hand. Then she suddenly forcefully pushed his hand back up into Patty's cunt. The woman moaned with pleasure. Lynn whispered into Jerry's ear, "Go ahead. Punch your fist up into her. In and out. Hard. She likes it hard."

Jerry started doing that, until after a few strokes he was hitting pretty hard against her cervix with his fist. Patty screamed, "That's it. Harder. Oh God, Jerry that feels good. Punch it into me as hard as you can. Oh God, I'm gonna cum again! Ohhhhhhh!"

Jerry was hesitant to push too hard as he didn't want to hurt his dear, sexy mother. So he started twisting and turning his whole fist inside her as he punched in and out of her. This got Patty really going and she started shaking and screaming, "I'm cumming, I'm cumming! Don't stop!" She shuddered to a tremendous climax as Jerry punched his fist in and out of her cunt. Lynn finally slowed him down after Patty had started to go limp, laying back on Rob whose cock was semi-soft but still in her ass. He had started to harden again feeling Jerry's fist going in and out of his own mother's cunt. It was a unique sensation, to say the least.

Sissy had taken the empty glass out of Patty's hand and now handed it to Bobby and said, "Here, bub, why don't you fill it up this time for her?" Bobby's face lit up with a grin and he stood up, holding the glass in front of him, under his little hard cock. It took a while for him to be able to relax enough but eventually he filled the glass up with his piss. Kari watched him, standing next to him. She said, "Yummmm, fo' me? Bobby yum fo' me!"

Sissy said, "Just a little bit, Squirt. The rest is for Mrs. West." Bobby held the glass up to his little sister and they watched her take a little sip from it. She smiled, then took a bigger drink and said, "Yummm." Sissy took the glass from her and went to Patty's side again, holding it out to her. The stupefied woman couldn't believe her eyes and numbly took the glass and drank it down. When she finished it, Sissy took the glass from her and leaned over to kiss her on the lips. The two exchanged some tongue.

When they broke apart, Patty exclaimed, "My God, this is a whole family of perverts! I could never have imagined this in my whole life!" She had a big smile on her face.

Sissy looked at Lynn with a grin and said, "Ha. Think so? Get up off Dad's cock and watch what Kari does. And I

want to taste Dad's cum from your asshole."

Slowly, Patty gingerly raised herself up off of Rob's cock. Sissy said, "C'mon, Squirt. Get Daddy's yummy cum!" and held Rob's cock upright for her little sister. Patty clenched her ass cheeks together and put her hand over her asshole to hold the cum in as Kari made a beeline for Rob's cock and took it into her mouth. She had a big smile on her face as she sucked his cum and Patty's ass juices from it.

As Sissy laid down on her back on the floor she said, "Help guide her ass over my mouth, Mom. I want to get as much of Dad's cum as I can. Unless you want some?"

Lynn took Patty's hand and guided her to straddle Sissy and then squat down over her head. Sissy used her hands on Patty's butt cheeks to both spread them and guide the drooling asshole over her mouth. Rob's cum slowly dripped out into her mouth. Lynn said, "That's OK dear. You can have it all. Clean her out good."

Patty just squatted over the girl, amazed at what she was doing. She felt Sissy's tongue lick around her asshole every once in a while. Once she had gotten most all of her dad's cum that was going to drip out, she inserted a finger and felt around inside Patty's rectum. Again, Patty was completely taken aback at what was being done.

Lynn watched as her daughter pushed her finger up into Patty's ass and then pulled it out and sucked it clean. It was obvious that Sissy was looking for more than just residual cum. Then Sissy used her thumbs to spread Patty's asshole open and licked as far up into it as she could get her tongue. Then she said, "C'mon, give it all to me."

Patty didn't realize what Sissy was asking for. She thought that the girl couldn't get all of the cum that had been spewed up into her ass, so she tried to bear down and push as much out as she could. Suddenly a small turd popped out and directly into Sissy's mouth. Sissy swallowed said, "Mmmmmm, that's it. Give it to me." and spread Patty's ass cheeks and licked at her hole. Patty was aghast at what the girl was doing, but because she was so highly aroused at what had gone on so far, it was also strangely erotic to her. Patty looked at Lynn, who could only shrug her shoulders and grin.

Kari was happily licking Rob's cock and grinning up at him. Bobby and Jerry had knelt down and leaned close to watch what Sissy was doing. When the turd had dropped into Sissy mouth, Bobby exclaimed conspiratorially to Jerry "That's so kewl! She's eating your mom's shit! Isn't that neat?" Jerry could only again nod mutely. Prior to this weekend, he and Bobby had only talked and fantasized about some of what had actually gone on. Now Jerry had witnessed first hand some of the most depraved sex he could have even imagined. He did have to agree with his friend that it was, indeed, 'kewl!'.

Lynn was taking this all in and smiling. She had been worried about Patty and Jerry finding out too much, but now a lot had been let out of the bag. Not everything by a long shot. But a lot. The only thing she was worried about was it all being an overload for the mother and her son.

Lynn knelt beside Patty and leaned to give her a very sloppy, passionate kiss. When they pulled apart, Lynn said, "I hope this isn't too much for you. We've trusted you with a few of our family secrets. But I think we can trust you to keep them quiet."

Patty stood up and pulled Lynn up to her. She put her arms around Lynn and looked into her eyes. "Lynn, you have totally blown my mind. I can only hope that Jerry can recover from all this OK. And if this is just 'some' of your secrets, I can't even stretch my imagination to think what else you guys do. But I can't thank you enough for including us!" She pulled Lynn to her and gave her a kiss, both of their large breasts smashing together between them. Lynn moved to rub her tits against Patty's, giving both a nice feeling.

They broke the kiss and Lynn put out her arm to pull Bobby to her and hug him to her. Patty did the same thing to Jerry and the four just stood there in a group hug for a while. Lynn finally said quietly, "We're going to have to sit down with these two and make sure they realize how serious it is to keep this all quiet. She looked at Jerry who nodded. "Yes'm, I understand. I won't say anything. Mommy, I love you so much. I want to do all kinds of things like this. Is that OK?"

Patty kissed him on the forehead and said, "If you're very careful, we can do this as much as you want, dear. But you can't tell a soul about anything."

Lynn caught Sissy's eye and motioned with her eyes for her to come over. She said, "Jerry, if you can be very careful not to say anything, I'm sure Sissy will be very happy to play with you too." Jerry's eyes widened as he felt Sissy's front and tiny breasts pressed against his back and her arms wrap around him.

"Sure, stud." She said. "We can fuck like minks anytime you want to." Jerry gasped as he felt her hand gently wrap around his cock and balls and fondle them. Shit! The girl of his dreams letting him fuck her. Damn!

Lynn lifted one hand up and cupped her breast that was in front of his face and said, "And you can play with these and we can do all kinds of things together too, Jerry." Seeing this, Bobby put his mouth on Patty's nipple and sucked on it, looking up at her and grinning.

Patty said, "Oh, Bobby. I want you to do anything you want with me too. Bite it, please. Bite it hard." Bobby wasn't one to disobey his elders, so he happily started nipping at the brown nubbin with his teeth. Patty whispered in his ear, "Harder. I like it really hard." As Bobby bit down hard but carefully, she moaned and said, "That's it. Oh God, that feels good!"

Bobby tongued and bit on the nipple like he did with his mother's sometimes. Then he looked at Lynn and said, "Maybe she'd like to have the needles put in them too, like you do? Can we do that sometime?"

Patty and Lynn gasped at the same time, but for different reasons. Lynn hadn't been ready to quite reveal her kinky masochistic streak just yet, although that was what she had tried to find out- whether Patty liked that kind of pain.

Patty was just totally taken by surprise at something she had never even conceived of. After all, she hadn't spend hours and hours on the net, looking for the nastiest, kinkiest, most perverted videos and stories like Lynn had. Just having plain sex with a young boy like Bobby and drinking his piss had just been one of her most far out fantasies until yesterday. And then with her own son!

Patty looked at Lynn and finally was able to squeak out, "You do things like that? I mean, stick things in you? Like torture stuff?"

Lynn didn't know exactly what to say. She looked at Patty and said, "I told you that you'd found out some of our secrets. Yes, I have some fantasies of being hurt and having things done to me. Rob has been wonderful in helping me actually live some of those fantasies. And Bobby has too." Lynn hugged her son. "From your responses when I was... um, 'manhandling' and torturing your nipples while you were sucking on Rob's cock, you kinda like the rough stuff too. Biting on nipples is just the start, dear. You won't believe some of the things that can be done."

Sissy broke in and said, "Yeah, Mom's a real pain slut. You should see what she can do."

Lynn frowned at Sissy to shut her up and said, "Why don't you two boys go talk together for a few minutes and let us grown ups discuss some things. OK?"

Somewhat disappointed, Bobby nodded and said, "C'mon, Jer. Let's let 'em talk." Jerry wasn't especially excited to leave the four massive tits in front of him and the tight body of Sissy pressed against his back. He was pretty much in heaven right where he was.

Lynn said to Sissy, "Why don't you see if you can help Jerry feel really good, honey? Please?"

Sissy said, "Awww, Mom! I wanna hear what you are gonna talk about. This is getting good."

"Dear, go on now. I'll tell you everything later. But I know Jerry would probably really appreciate having you make him happy. Wouldn't you, Jerry?" The thought of the girl of his fantasies really physically doing sex things with him was too much of a temptation and he smiled and nodded agreement.

Sissy said as they turned and walked out of the room, "OK, c'mon stud. Let's see if we can get you off. Maybe I'll let you watch the dog fuck me if you wanna. M'kay?"

Patty heard this last comment as they left the room and her mouth dropped open in surprise. She looked at Lynn, who had a guilty look on her face. Patty said, "I don't know why that would surprise me after everything that's happened here so far. Damn, Lynn, I can't believe you guys. Never in my wildest dreams..."

Lynn pulled Patty down on the couch with her and said, "I'm sorry. We didn't want to dump so much on you today. But... what's done is done. I hope you aren't too disgusted and can handle everything alright." She glanced over at Rob, who smiled back at her and nodded. Little Kari had finished cleaning his cock off and had climbed up and was quietly laying on his chest, one hand on his deflated cock.

Patty looked over at where Lynn was looking and said, "Aww, that little sweetie. She's so precious! She looks so sweet and innocent. I can't believe what I watched her do today!" She looked at Lynn and said, "So how long have you been doing this?"

Rob laughed and said, "You mean fucking the kids? Or the other really kinky, nasty, perverted stuff?"

"Yes", Patty said, grinning. "Oh shit, Lynn, no, I mean... well... damn! I don't even know what to say. Why don't you just tell me what you want me to know and I'll just try to get my mind wrapped around it. I mean, I can't believe..."

Lynn laughed and said, "Yeah, you've mentioned that a few times." Patty blushed. Lynn continued, "Well, we've been including the kids for a long time. Sissy was quite inquisitive and we didn't really ever try to hide anything from her. Rob started her quite young when she found us screwing and wanted to do it too. Then Bobby came along and he's been exposed to sex all his life. It's become pretty natural for him. He understands what would happen if anyone found out about it. The kids have been very good. But let me tell you, they DO love sex. Just about anything." She chuckled. "As you have probably figured out."

"Yes, they're so mature", Patty said. "But yet they are still just playful young children their own ages. It's so mindblowing. But I like it. So when did you start the little one? How old is she, anyway. Or should I say, how young?"

"She's almost three. Her birthday's coming up pretty soon. We're trying to figure out how to make a special party for her. But she's obviously been exposed to all the rest of us. She's gotten a real oral fixation for Rob's cock. Well, any cock I guess..." Lynn laughed. "But she's only been penetrated in the last week or so. And as you saw, she's pretty orgasmic already. Takes after her mother and sister."

"Yeah", Patty said, "I couldn't believe... Oh, I'm sorry. I keep saying that. But this all just blows me away. And yet it's so arousing. I can't get enough of it. Oh thank you so much for taking me into your confidence. I assure you, no matter what, I won't betray that. After all, this weekend has been the best sex I've ever had in my life! No way I'm gonna queer that deal! So you've been doing this stuff for quite a while then?"

Rob said, "Actually, we've just been having pretty normal... if you can call it that... sex with the kids for a long time, but some of the kinkier stuff is pretty new. My lovely, perverted wife has just recently turned us all on to some of her more... shall we say 'interesting' fantasies. The last couple of weeks for us have sorta been like this weekend has been for you. Mind blowing. And we've enjoyed it too."

"We've had to be so paranoid and secretive about everything," Lynn said, "as you know the consequences if anyone found out and reported us. It's enough to drive you crazy just worrying about it. Then just this last week, we've met some others who share our... ummm, 'kinks. It's been like a ton of weight was lifted off of us to find any others that do what we do. I mean, it's been impossible to know who to trust. So we just kept very quiet. So we know a lot how you're feeling. And it's good for us to share with you, too."

"God, you mean there are others out there who do these kinds of things?" Patty said. "I thought that I was just the twisted one. You don't know how guilty I've felt!"

"Oh yes we do" Rob said. "That's why we decided to confide in you when Bobby told us about you two and how you seemed to want to... ummm, be open about things with him. And Jerry's such a good kid and has been a good friend of Bobby's."

"Oh, I love him so much. He was really devastated when his dad died. He sort of retreated into a shell for a

while." Patty explained. "But since he's had Bobby for a friend, he's gotten so much better. I just wanted to take Jerry and wrap him up and take him inside of me to make him feel better. Well, and I've had sort of a thing for younger boys for a long time, but I felt so guilty having those feelings for my own son. But I'm so glad I can finally show him just how much I do love him. Both emotionally and physically. Ahhhhh, this is so wonderful!!" Patty reached out and took a hold of one of Lynn's nipples and said, "So, tell me, what's this thing about needles and torturing your tits? Did I understand that right? Is that what you like to do?"

"Well, over that past year or so, I've had some of these fantasies. I'm mean, I've always liked to have Rob do me really rough sometimes. And he's been wonderful about that. He can be quite masterful, let me tell you!" Lynn said. "And recently I've started to try to find some information about doing different kinky sex things. I know I love him so much and I know he loves me the same way, so we've really never had any petty jealousies, sex wise. I mean, having to compete with a nubile, sexy young daughter who wants him to fuck her day and night, in every hole and every which way. I mean, if that hadn't made me jealous, I guess... well, let's say that I'm just not. And recently, my dear husband has let me... no, encouraged me to enjoy other men, so I know he doesn't have a problem with that. We're really just very well adjusted and happy. Sexy. And happy."

"Sexy, I guess!" Patty said. "My God, woman. You could blow away most of those hot young chicks in the men's magazines. You are HOT! I mean, I had a quick little fling with a girlfriend after high school, but I'll tell you, I'm definitely pure hetero. Then I look at you and my mouth waters. I want to lick and suck and do all kinds of nasty things to you. Your fist was pure heaven." She looked over at Rob and said, "Well, second to your lovely cock in my ass. That was super wonderful!"

Rob nodded and smiled. "I'm very happy that you liked it. It was very good for me, too!" He grinned at her wickedly.

"So getting back to the needles thing" Patty said. "Tell me more about that."

Lynn said, "Well, as I was saying, I've had some interesting fantasies and some of them revolve around these mounds of enjoyment." She put her hands under her large breasts and hefted them, pinching the nipples a little. "I've found that I sorta like a bit of pain and it gets me off a bit. Well, a LOT! So I did a bunch of surfing on the 'net and found that tit torture isn't as isolated a thing as you might think. In fact, the whole S/M field is quite popular, despite what a lot of people think. With the right introduction and easing into things, it can be... ummmm.... really stimulating."

"You mean like when you were trying to twist and pinch my nipples off?" Patty laughed. "You were just 'introducing' me gently into the S/M scene?"

Lynn smiled and said, "No, I was just trying to find out if you responded like I do when my nipples are tormented. Believe me, what I was doing wasn't anything close to the kind of tit torture that is done. Trust me."

"So, what did you decide?" Patty asked. "That I'm hot for pain? That I'll get off by having you torture my tits? Twist them off?"

"Well", Lynn said, "I found out that you reacted a lot like I do to that. And that whispering sweet, dirty talk in your ear just gets you going hotter. Just like it does me. So, yeah, I sorta did find out that you like your tits tortured. How much I don't know, but then we've just started on me and I don't know how much I can take yet. But it's gonna be interesting to find out." She glanced at Rob and he smiled wickedly at her.

"And you've had needles stuck into your tits to do this, huh?" Patty asked. The she visibly shuddered at the thought.

Lynn nodded. She glanced at Rob again, then said, "My loving husband helped me to find out what it was like. I'd found a video on the 'net that really got me hot fantasizing about being the one having it done to. And Rob assisted me by trying it. Yes, I've had a number of needles stuck in my tits on two occasions now. And I got off harder than I've ever done before. The orgasms were earth shattering! If you're interested, we can see how you might like it if you want to."

Patty shuddered again and said, "I don't know. I mean, I liked what you did when I was sucking on Rob's cock. I just don't know if I can handle the idea of needles in these things." She hefted her breasts up and looked at

them. Then she said, "But you might show me that video first and let me see what happens. Or I can watch you and see what it's like. Ummmm, how do you do it anyway? I mean, just stick them through your nipples? Like getting a piercing?"

"So you've thought about getting pierced before huh?" Lynn asked her. Patty blushed and nodded slightly.

Lynn said, "Well, it's sorta like that, I guess. I've never gotten pierced, but I've watched videos of it. But yes, through my nipples. And directly straight into my tits too. That was the interesting bit." Lynn looked at Rob lovingly and smiled. "Last night in fact."

"What?? Last night? You had needles in your tits last night? I can't even see anything. Wouldn't you bleed and have holes in you or something?" Patty asked in wonderment.

Lynn moved closer to her on the couch and held her breasts out for Patty to look at. She pointed to one nipple and used her fingernail to indicated some of the small punctures that were almost invisible. "See here. I had ten in each nipple. Straight in. I used some cayenne pepper and colloidal silver when we got home on them. Makes them heal right up. No infections. No pain."

"Cayenne!! Oh my God, wouldn't that burn like a sumbitch?" Patty exclaimed.

Lynn smiled and said, "No. I make a tincture with vodka and put that on. The silver is the best antiseptic in the world and the cayenne helps heal quickly. Plus a little vitamin E and aloe. So the needles weren't really the painful part. It was being banged by about thirty guys. All my holes. I was still a bit sore this morning. And a bunch of them peed in my mouth after they fucked me. I know you like drinking piss. We watched you a while ago and Bobby told us how you liked his this weekend. And Jerry's."

"Thirty guys? With needles in you? Oh my God! Are you serious!" Patty exclaimed, unconsciously rubbing her clit with one finger.

Lynn noticed that Patty's nipples were still hard as rocks and that she was fingering her clit. This indicated to Lynn that the woman was far from disgusted by all this.

Rob chuckled and said, "Yup. And that's still only the beginning."

"Oh yeah. The dog. Dare I even ask about that?" Patty asked, grinning.

Lynn said, "Well, we just got him yesterday, so I actually haven't had much chance with him yet. He did me good when we went to the store to... ahem, 'audition' him. But I've been busy with other things so far. I AM looking forward to him, though. Would you like to join me sometime?" Lynn grinned at her.

Patty said, "Fuck, Lynn. I don't know. Let a hound fuck me? That's so perverted!"

Lynn smiled and said, "Yeah, I know. Delicious, huh? Don't tell me you've never thought about a dog hammering your pussy with a fat canine cock? C'mon, 'fess up."

Patty said sheepishly, "Well, I've heard about women who do it with dogs and of course, I heard about the donkey show in Mexico from my husband, but I've never really... ummmm, thought about me actually doing it. Or letting a dog do it to me."

"You might like it," Lynn said. "Just think, six or eight inches of doggy cock pounding in and out of your cunt or ass, then taking his knot and being tied to him while he squirts you full of his doggy cum. Wouldn't you like that? Just a little bit?" Lynn teased.

Kari had been lying quietly on her dad's chest mumbling in her two year old, unintelligible way and when she heard Lynn talking about the doggy she perked up and said, "Doggy cum? Yummm. Fo' me?" Then she pointed to her mouth. Then down to her little bare, red slit.

Patty exclaimed, "Oh my God, Lynn. You don't let the dog fuck her, do you? I mean, how? Gawd!!!"

Lynn quickly said, "No, Patty. We're not stupid. She's too young for that. At least we think so. She has a different opinion, I'm sure, but we're trying to keep her from doing any dangerous things that we can. Like the dog. But you know toddlers. Whatever they see or touch, they want to do or taste or play with. And as open as we are, she's seen quite a lot and always wants to do it too. We've gotta be constantly on watch with her. And since we just only got the dog yesterday, it's gonna be a job keeping her away from him. Or vice versa." She grinned.

"You guys are amazing!" Patty said. "This is all so overwhelming to me. I mean, just overload! But don't get me wrong. I'm totally turned on, too. About everything. Tell me more. Like what Sissy did, when she... uh, sucked my ass."

Lynn laughed. "Oh, that. Uh, well, since I started getting into a bit more kinkier things, she has too. She's highly sexed. She's a wonderful girl! But we've recently met some new people who are into many of the kinky things we are, and even more. One of those things that Sissy has been exposed to, along with me, has been... ummm, well, excrement. Scat. It's just sorta come up a little bit. It's not that we're into it that much. But Sissy has been exposed to it and sometimes she just likes to show off. You know. Try to freak someone out. She's become a real exhibitionist. Ummm, we both are."

"Won't she get sick? I mean, isn't that dangerous?" Patty asked, aghast.

"If someone is sick, it could be." Lynn said. "But from what we've been told, it's not that dangerous if both people are healthy. Besides, we have the super silver antiseptic that we use to clean up everything. Including our insides. I used it on my punctures last night and this morning. You can see there's no signs of infection."

"So you do that too. I mean, eat it?" Patty asked incredulously.

"Well, I've had a taste. I'm not that into it if that's what you mean. Yet. But it doesn't disgust me or turn my stomach. After three kids, you get a little used to... ummm, shit... after a while." Lynn smiled at her.

"Well, consider my mind totally blown. Should we call the kids down? Or would we just be interrupting Sissy and Jerry? You know, he's had a crush on her for a long time. Getting to actually fuck her will be seventh heaven." She smiled.

Lynn said, "According to Bobby, he's had a bit of a thing for me too. I was going to give him some thrills the next time he came over, but I guess we've taken care of that in spades, huh?"

"Yeah, he's talked about you in the same way as her sometimes. And now that I've seen you, I can't blame him. Poor boy had to have a perpetual hardon while he was here around you. Haven't you ever let him catch you nude? I mean, I've been pretty outlandish lately when Bobby's around. Or even just for Jerry. I'm so glad that I don't have to worry about that anymore now. We can just be free around each other. And fuck each other's brains out!" Patty laughed self-consciously.

"No, I haven't done anything overt in front of Jerry. We've all been so paranoid about who found out about things we do that we're just naturally a bit secretive. Although I wouldn't have minded doing something in front of him. Patty, there's a couple of other things before we get the kids back down." Lynn said. "I have a feeling that now that they know you've been introduced to our family secrets that one or the other will probably let a few more things slip out. Like Sissy did the dog and Bobby the needles."

"Oh my God, there's more?" Patty exclaimed, laughing. "I'm not sure I can take any more... Just kidding... I'm still turned on by what you've told me so far. I got a feeling that even more kinky stuff will only turn me on more. So go ahead. Blow what little is left of the shreds of my mind."

Lynn looked over at Rob and then said, "Well, have you ever thought about putting things up into you? I mean, other than the usual vegetables or dildos or those kind of things?"

Patty grinned and said, "When I was a kid, I'd put just about anything that would fit up in my cunt. Didn't have a problem when I screwed the first time 'cuz I'd taken care of that hymen long before. So yeah, I've not only thought about it, but I've done it. WhY?"

Lynn smiled and said, "Well, how about... ummm, things other than inanimate objects like dildos?"

"Inanimate?" Patty said, puzzled. Then she suddenly got a wild look on her face as it hit her. "You don't mean live things, do you? I mean, other than live cocks... dogs or otherwise? You put live things up your snatch? Shit!"

"Well, I haven't put a lot of THAT up in me yet, but I suspect it'll only be matter of time." Lynn said, grinning at Patty's expression. "But no, I'm talking live things, not shit."

Patty leaned forward to Lynn and said, "What the fuck have you been putting in that lovely cunt of yours? Go ahead, tell me. I don't think anything you tell me can mess my mind up any more than you have already." She reached out and caressed one of Lynn's nipples with a fingertip. "Would I like it?"

"Patty, what can you think of that's long and hard and sinewy. Another name for a man's cock? Wiggles and slithers." Lynn said, being a bit obtuse. Patty couldn't come up with anything. Lynn used her hand to slither it between Patty's breasts and up around her neck. Suddenly the light dawned.

"Fuck! You don't mean to tell me a snake? Bobby told us he had one." Patty exclaimed. "No! I can't believe it? But my God! How erotic that must feel."

Lynn nodded and said, "It definitely is. And I love it. First I tried it with Albert, Bobby's pet python. It was so good, we got one - a bigger one - just for me. Sissy likes it too."

"Holy shit! You mean you both have stuffed a snake up your snatch? I can't believe it! I gotta see that!" Patty said.

"That can be arranged, I guess. And that's not all. We've taken some other things too. What would you think about putting a live mouse into your cunt? Interested?" Lynn asked with a big grin on her face.

"Maybe I should just ask what you haven't had in that cunt of yours." Patty laughed.

"Well, since we've decided to let you in on pretty much everything, I guess you should know." Lynn said. "Let's see. Two foot live python, three foot live python. Live mouse. A handful of live worms. Oh, and the dog of course. Sissy's had the small snake, a mouse, live worms, a goldfish enema, the dog. And she's had a horse. At least one that we know of. And it's not the same, but a guy stuffed golf balls in her cunt and ass. A teacher, no less. Mmmmmmm, let's see, what else? Oh, did I mention that Kari has had a worm or two in her little cunt already?"

Patty just sat and looked at Lynn, speechless.

"I hope we haven't put you off with all that, dear. Please tell me that you're not disgusted and want to run out of here yelling and screaming and never see us again", Lynn said, smiling.

Poor Patty shook her head and finally said, "No, Lynn. I was just trying to imagine some of that. I can't. You're gonna just have to show me, I guess. All of it. Not all at once, please, but maybe over time. You guys are so perverted. But no, I'm not gonna run away, screaming. But give me a little time to accept all this. OK? And I'm not too awfully sure I want Jerry exposed to a lot of this. This weekend has been a bit overwhelming for him, I think. Maybe as he gets more comfortable, we can expose him to more perversions, but I don't want to upset or hurt him."

Rob said, "We understand completely, Patty. That's why we wanted to discuss this between us and not have the kids here. We'll try to make it as easy as possible on Jerry. But he seems to be taking things well so far."

Patty said, "When you had him fist me, I think you almost overloaded him that time. He hasn't done anything like that, at least as far as I know. And doing it to his own mother. I hope he's OK with that. Like I said, he's been sort of in a shell since his dad died. It really affected him deeply. He's just lately been coming out of it a bit."

Rob said, "I wouldn't worry about him. He looked like he was enjoying it from what I saw. I don't think you have as much to worry about with him as you think you do. He's a good healthy boy and Bobby'll help him, I'm sure. They're really close friends."

"Yeah." said Patty. "Bobby's been a good influence on him. You've raised such a good boy. And being able to

screw the girl of his dreams, with all of our permission, has gotta have him walking on clouds."

"Not to mention, screwing his mother and his best friend's mother too." Lynn laughed. "That's gotta keep him happy. Or at least busy."

They all laughed at that. Lynn said, "I guess we should get them all down here and just emphasize how important it is to keep this all quiet. I'm sure Jerry understands, but we should make sure he knows how important it is not to say anything to friends at school or inadvertently let something slip. We don't want you to get into any trouble. Sissy and Bobby will help him understand and remind him, I'm sure."

Lynn got up and walked to the doorway and called out, "Kids. It's OK to come back down." She walked over to the couch and sat down. Shortly, all three of the kids walked into the room. Bobby had Albert wrapped around his shoulders. Sissy had her arm around Jerry, who had a big grin on his face. Patty patted the couch for Jerry to sit down next to her, which he did.

"Mom! Sissy sucked me. She's really good. And she let me pee in her mouth. And Bobby did it to her too. She's so neat!" Jerry was overjoyed. Nothing like an oversexed - and sexy - almost teen girl to make him happy.

Sissy grinned and said, "I'm gettin' to like it, Mom. Like you do. I told Jerry he can pee in my mouth anytime he wants. And fuck me too." Lynn nodded and smiled at her, then patted Jerry on the leg.

"Jerry, whenever you're here, you just let me know if you want me to do anything for you. And we don't usually wear any clothes around here, so you'll be seeing us all naked, all the time when you're here. Is that OK?"

Jerry nodded vigorously with the shit eating grin on his face and said, "Gosh. Sure!"

Patty said, "Um, Lynn. Is this..." she motioned to Albert coiled around Bobby, "the one you use?"

Lynn said, "This is Albert, Bobby's snake. Mine's Monte. He's a little bigger than Albert. Do you want to see him? I'll take you up and show you."

Patty was fascinated by Albert, not repulsed, and said, "Ummm, sure. Why not. Why don't you guys stay here and we'll be back soon."

Lynn and Patty headed up to see Monte. They entered the room and found the snake wrapped around the climbing branch in his cage/terrarium. They walked over and the snake turned its head toward them, sensing their motion.

Patty said, "My God that thing is big. You mean to tell me that you put that inside you?"

Lynn nodded. "Yup, the whole thing. I can take it, head and all. It's so erotic!"

"I can NOT even imagine. Not now, but sometime you've gotta show me. OK?" Patty said.

"No problem. You can try it too if you want." Lynn said.

"I don't know about that. Let me think about it. But I'd really like to see some of those videos you talked about that you've watched. Can we do that soon?" Patty asked.

"Sure. I'll show you the ones where the woman takes a snake like Monte in her snatch. And the mice. And other critters. You might like them." Lynn told her.

"I don't know... Mice too? That's where you got the idea?" Patty asked.

"Mmmm hmm. Wanna see 'em. We keep some to feed to the snakes." Lynn said.

Patty shuddered involuntarily. "That's one thing, the feeding, that I DON'T want to watch, thanks. But yeah, show me the mice. I used to have hamsters when I was a kid and we got a gerbil for Jerry when he was quite a bit younger. Didn't last very long, I'm afraid."

Lynn led her out of the room and to where the mouse cage was. She said, "The woman I mentioned in those videos does gerbils too. I haven't tried one of those yet. 'Course I only started this kind of stuff a week or so ago. So I don't know what the future holds. Right now, I'd like to think I'll try anything that won't cause permanent damage."

"Fuck, girl! I can't believe you. But I got the feeling that I'm gonna be trying a lot more exotic stuff in the real near future." Patty said with a laugh. "So these are the little critters you stuff into your cunt too? What's it like?" Patty asked.

"Amazing. You can feel it move around inside of you, trying to find a way out. It's so... ummmm... perverted." Lynn said, smiling. "Wanna try one?"

"God no!" Patty exclaimed. Then she said quietly, "At least not right now. I'll watch you do one and then I'll think about it." She leaned close to Lynn and said, "God, you're so sexy. You and all your nasty kink have got me so hot I can hardly stand it. That ass fucking and fist fuck hardly took the edge off." She kissed Lynn, which Lynn returned happily.

When they broke the kiss, Lynn said, "Well, my dear husband won't be able to do much since you already got all of him in your ass. Wanna go outside and try out the dog? I'm sure he'll be happy to do you. He's usually happy to do any female."

"Ummm, as tempting as that is - not!" she grinned. "I think I'll pass. I probably should just take Jerry home. He's seen and done enough for the day, I suspect. I can handle myself with my trusty vibrators." Patty said with a grin. "And mentally picturing what I've seen here today."

Lynn said, "We could take you down to the dungeon, hang you from the ceiling and flog you good. How's that sound? Or we can use the needles on your gorgeous, big tits. Or I can have Rob nail my tits to a board. Mmmm. That would be fun." she said to see how Patty would react.

Patty looked at her incredulously and said, "You're seriously thinking of doing that?"

Lynn nodded and said, "Fantasize about it all the time. Those twenty needles in my tits last night were just a tickle. I'm serious about being a major pain slut. I'll have to tell you about it sometime. After you've had a chance to get accustomed, so to speak. Don't want to freak you out too soon."

Patty just shook her head and caressed Lynn's cheek with one hand. "You're amazing. I got the feeling this is gonna be a wild trip. But it's gonna be fun while it lasts." She took Lynn's hand and said, "C'mon, let's go back down and see if maybe something as simple as two young boys fucking me in both holes will take the edge off." The two held hands and started out of the room. Patty said, "But I do want to see you put that whole big snake up your snatch. And soon. Not right now. But soon. OK?"

Lynn smiled and nodded and they went back down to the living room. As they walked in Patty leaned over and whispered in Lynn's ear, "And you can show me the dungeon sometime, too."

Lynn nodded and whispered back, "Will you drive some nails through my tits for me, then?"

Patty slapped her playfully on the arm and said "Ewwww, noooooooooo." Then whispered, "Maybe."

Jerry ran to his mom and hugged her. "Mom, Sissy let me stick my tongue up in her. And then I did it to Kari too. They liked it. I want to do that to you. A LOT."

"Honey", Patty said, hugging Jerry to her, "you can do that anytime. Right now, do you and Bobby think you could both do me at the same time? I'm horny as hell and I want you so bad, baby. I love making love with you. I want us to do it all the time. I hope you do too."

Jerry said, "Sure, Mom. I love you so much. It feels so good to be inside you. It'll be better when I can spurt cum into you though, like Bobby's dad did."

Patty looked at the boy. "What... where did you learn about all that?"

Jerry looked sheepish and said, "Ummm, well I read one of the health books and Bobby and I've talked to a couple of older guys and they told us...ummm, some things."

"Well, whether you two can spurt or not, would you guys do me? Honey, I'm really horny and Rob won't be able to do it for a while. And I really like you boys doing it with me", Patty told him.

Jerry looked at Bobby, who nodded enthusiastically. "Sure, Mom" Jerry said.

"OK. Bobby, lay down on the couch." Patty said. "I'm gonna take you in my cunt. Jerry you get behind me and do my ass as hard as you can. OK, honey?"

Bobby handed Albert to Sissy, then as Rob, Lynn and Sissy watched, the three went at it and seemed to thoroughly enjoy one another. Jerry was a little inexperienced and Lynn helped lube him and get him into his mother's ass. Little Kari still lay quietly on Rob's chest, mumbling in her two year old way. Sissy said, "Mom, looks like Dad's gonna have another slut to keep busy with. This is turning out pretty good, huh?"

Lynn smiled and said, "Yes, dear. But I'm sure your father can handle us all. That is, if Kari doesn't wear him out first."

Rob said, grinning "Oh, I think you two'll be wearing the dog out. Or you'll be going to the ranch, Sissy, doing the horses. I'll just be here all alone with my sweet little baby. She won't be going out on me."

Lynn playfully slapped him on the side and said teasingly, "Oh yeah? What about the real estate man when he stops by to do her again? Or the delivery guy? Let's see. Who else can I let fuck her? Hey, I know. I'll take her to that bar and let all the guys do her and then she'll be too worn out for you. And don't forget Ben. He's just in love with her."

The three laughed and Rob said, "But seriously, we owe Ben really big time. They've been wonderful to us and I have a feeling it will only get better in the future. I don't know exactly what group they're in but I want us in it. I have a feeling there'll be some good connections there too. Like your lady doctor they referred you to."

Lynn said, "Damn! I knew there was something I was forgetting. I was gonna call her today and talk about some medical things. Mabye it isn't too late. I'll go and try her right now. Keep everything warm for me. OK, stud?" She kissed Rob and left to make the phone call.

Sissy and Rob watched the action going on the couch for a while, then Sissy said to Rob, "Daddy, you really don't mind if a bunch of guys fuck Kari?"

Rob looked at her holding the snake and said, "No dear, I don't have any problem with that. Just like you, as long as she is happy and doesn't get hurt and everyone can keep a secret, I don't mind. In fact, like your mother, it does really turn me on to see her getting it. Just like watching you. I love seeing you happy, getting off being fucked or doing any kind of sex things. I don't know. Maybe it's wrong, but we all seem to rather enjoy being a perverted family."

"God, yes, Daddy! I just LOVE doing all these things, especially when others are watching me. It feels so pervy." Sissy said. "And sis seems to get off pretty good too. I can't believe she can climax like that. And then want more."

Rob smiled. "Well, you're the same way, so why shouldn't she be?"

Sissy had been fondling Albert and now started to put his tail into her cunt. She said, "Yeah, I guess so. Pretty soon, we're gonna have to share Albert and the mice with her." She laughed.

Rob watched her slowly work the snake up into her cunt. It was fascinating to see either her or Lynn do it. Kari also pointed to the snake and said, "Snakey. Fo' me too? Snakey 'n me too?"

Sissy had fully half of Albert up inside her and continued to work the reptile in. Rob told Kari, "No, honey, you're

too small. We'll have to find something else for you. But you can have Daddy's cock up you when you want. Is that OK?" Kari seemed to somewhat understand what he said and nodded, continuing to chatter and talk in her two year old way.

When Sissy had most of Albert up inside her, Rob said, "Hey, what's this thing with you and the scat? Since when have you gotten into that?"

The feeling of the snake inside her was getting Sissy aroused and she'd started breathing hard. She'd massage her clit occasionally as she worked Albert up into her. She said, "Ahhhh. Ummm, I just saw Karen doing it and it... ahhh... seemed so nasty that I tried it. It's not so bad. It makes me feel... oooooooooooooo... like a totally depraved slut when I do it. Ahhhh, this feels good... anyway, when I'm really turned on, sometimes it just happens... ahhhhhhhh."

Rob watched as she got almost all but the four or five inches of the snake into her. Albert didn't seem to mind at all as he let himself be stuffed into her and made no attempt to escape. Rob reached out and tweaked one of Sissy's nipples lightly and said, "You mean totally depraved like when you put a snake up in your cunt?" and laughed. Sissy nodded, a wicked grin on her face.

On the couch, Patty was thoroughly enjoying the feeling of being double teamed by her son and Bobby. She looked over at Rob and Sissy and gasped when she saw only the head of the snake remaining outside of Sissy's cunt. Sissy noticed her attention and in her aroused state, fingered her clit and smiled at the woman's astonishment. Then looking right at Patty, she pushed Albert's head in, so he was completely inside her. Then she stood up and walked over to put her crotch right in front of Patty's face. "Wanna lick?" she asked the woman.

Despite her normal reticence about reptiles, Patty was caught in the throes of passion and was so aroused that she pulled Sissy to her and licked her tongue along the young girl's slit. Combined with what the two boys were doing to her and the sheer depravity of licking the girl's snake filled cunt, Patty was pushed over the edge and started to shake with orgasm. She put her head down and moaned loudly. Bobby grinned up at his sister from under Patty while Jerry could only hold on to his mother's hips. The two boys weren't old enough and developed enough to produce any amount of semen, but they still could have dry climaxes, which they enjoyed completely.

Sissy stepped back and put her finger in her snatch, pulling Albert's head out so he could breath. She stood there grinning, the snake's head sticking out of her cunt, while she alternately caressed its head and her clit. Then she moved back closer to Patty to see how much the woman would react to Albert. Patty was breathing hard and totally aroused and she did something that she probably wouldn't have done normally. She reached out one hand and with one finger, stroked the snake's head. Albert made no attempt to move out or escape. Patty moved her finger down and started to insert it into Sissy's cunt, to feel more of the reptile inside her.

"That feels fucking awesome!" Patty exclaimed as she worked her finger in and around, feeling the sinewy body of the snake in the tight, warm cunt. In her aroused state, she was getting more and more accustomed to the idea of taking the snake inside HER cunt. She wondered what it would feel like. Sissy turned around and bent over at the waist, giving Patty a much better view and access to her snake filled hole. She grinned up at the woman from between her legs.

"You're gonna want him in you, aren't you?" Sissy asked.

Patty looked embarrassed but nodded. "What's it feel like? she asked.

"Feels good. Filling. And when he moves, it's better than any dildo. It's hard to describe." Sissy said.

Jerry pulled out of his mother's ass and Patty rolled off of Bobby and laid by his side. She pulled Jerry down onto her and kissed him. "I love you so much, honey. You make me feel so wonderful. I'm glad these friends helped us like this."

Jerry nodded and hugged his mother, laying his head on her large breasts. He was in heaven and didn't want this to ever end. He said, "I love you too, Mom. I want to do this with you all the time."

Sissy was holding the neck of the snake with one hand and with the other she reached out and stroked Jerry's cheek and said, "I hope you'll still want to do me, too. I like sucking you."

Jerry nodded happily and said, "Oh, I love you too, Sissy." He looked up at his mom and said, "Mom! Sissy takes me all the way in her mouth. I mean, everything. My balls and all. It feels so good!"

Patty smiled and said, "I don't doubt. I guess I'll have to try that too, if you won't mind?"

Jerry smiled brightly and nodded. "I'd love that Mom!"

Sissy went back over and sat on the arm of the chair with Rob and Kari. The toddler wanted to pet the snake, so Sissy helped her carefully do that. Kari let them know that she wanted to take the snake in her too.

Lynn walked back in the room and sat on the other arm of the chair and said, "I talked to Doctor Barb. She's really nice. She said she thought she had an opening on Tuesday so I've got to call her office tomorrow to confirm a time. Since the kids are out of school this week, Sissy, maybe you could take care of Kari when I go." Sissy nodded.

Bobby piped up and said, "Why do you have to go to the doctor, Mom? You got something wrong?"

Lynn said, "No, dear, this isn't for being sick. I'm going to talk to her about some other things."

Sissy said, "You mean about doing the needles 'n stuff?"

"Yeah, and stuffing the animals up into ya?" Bobby asked.

Patty was looking inquiringly at Lynn too. Lynn said, "Well, if you all must know. Yes, some of those things and some other stuff too."

Rob said, "Should you maybe take Kari too? Would it be good to have her looked at to make sure we're not harming her? Physically, I mean."

"Well, I'm going to talk to her about that," Lynn said. "But I want to talk to her alone first and then set up a time when all three of us girls can have her look at us."

Patty said, "Who is this doc? What'll happen if she finds out what you guys, ummmm, do all together?"

"She was referred to us by some new friends who are into the same kinds of things we are. She's in their 'circle of friends' I guess you would call it. And she knows all about these things, so there's no worry. From talking to her on the phone just now, she's really wonderful," Lynn told her.

"Well, keep us in mind, too," Patty said. "I'd certainly like to have a doctor that I could talk openly with about this kind of stuff. My doctor is old and really stodgy. I wouldn't be surprised if he didn't approve of me having any kind of sex at all, let alone with my wonderful boy." She ran her hand through Jerry's hair and they both smiled.

Sissy said, "Yeah, Mom, I want to meet her. I'd love to have a female doctor instead of Doc Waddell. Although, he is kinda good looking." She said to Patty, "He's younger and is really nice. I get the shivers when he examines me and I don't have any clothes on."

Rob laughed and said, "Honey, you get the shivers and get aroused when anyone, even the dog, looks at you without your clothes on. You're a complete exhibitionist slut!" He reached over and tweaked her nipple and said, "And I love you for it, sweetie." Sissy beamed.

Lynn said, "I see you've appropriated Bobby's snake. Does he feel good? Are we gonna share with Patty?"

Sissy had been frigging her clit and enjoying Albert inside her. She took a hold of the snake's neck and with a grin, started to slowly pull the reptile out of her hole. When she had it almost all the way out, she said with a wicked grin, "Care to try him, Mrs. West? I've got him all warmed up for you."

Patty said, "No dear. Not now. Having had my two favorite studs do me, I think I'll pass. But I'd love to watch Lynn put him in her cunt."

Bobby said, "Yeah, Mom, put Albert in you."

Lynn smiled and said, "OK" and took the snake from Sissy. Kari indicated she wanted it in her, but they made placating sounds to her and Lynn stood up and put Albert on and between her large breasts. He slowly slithered around, apparently happy with the body heat he was getting.

Lynn laid down on the floor in front of Patty and spread her legs. Then she slowly worked the snake into her cunt, little bit by little bit. When all that was left was his head outside, with a smile she pushed him all the way up inside her. Then she stood up and rubbed her crotch and walked around a little, showing off. Then she leaned down and gave Patty a long, wet kiss. When they broke apart, Lynn said, "Are you ready to take him in your cunt?" Then she stood up and turned away from Patty, and bent over at the waist like Sissy did. She fished Albert's head out and massaged her cunt lips, the snake and her clit, putting on a lascivious show for the woman and the two boys.

Bobby said, "That's neat, Mom!" Jerry grinned and nodded his head.

Patty said, "I'm not ready quite yet. But I think I'll be corrupted to the point of doing it pretty soon. You all are so nasty!"

Sissy said, "Just wait 'til ya see her dance with the mouse in her. That's fun!"

Lynn blushed and Patty said, "I don't doubt that one bit. But I'm gonna have to work up to some of this stuff. This is all so amazingly new to me and I'm just overwhelmed." She hugged Jerry to her and said, "How 'bout you, hon?"

Jerry looked up at her adoringly and said, "I think it's great, Mom. I love you for this. And everything."

Patty said, "If you want, Bobby can come over to our house Tuesday when you go to the doctor. I've got to work part of the day, but he's welcome any time." Bobby and Jerry grinned at each other at that prospect.

Lynn said, "That's fine. I know he'll enjoy that."

"Karen's gonna pick me up tomorrow and we're gonna go see Mr. Sullivan and then we're going to the ranch," Sissy said with a big grin. "If that's OK with you guys."

Bobby piped up and said with a mischievous grin, "Ya mean the kennel? Are ya gonna do the dogs or the horses?"

Sissy said, "Maybe both. Mr. Sullivan wanted to watch us. And we'll probably do him too."

Seeing the look on Patty's face, trying to change the subject before Patty started asking questions, Lynn said, "You know, we should probably get something to eat. Rob, what do you think about all of us going to McD's, only this time just for the food? No exhibitionism or sex stuff. Just to eat."

Sissy said facetiously, "Awwwww, Mom, you take all the fun out of it. I so wanted to show off that big chrome butt plug again. And I'm sure Kari would love to be fucked in public again, too." She grinned, and Patty just looked incredulous.

Lynn laughed. To Patty she said, "If you want, we'll tell you all about it as we go. Whatta ya think?"

Everyone agreed that they liked the idea, so Lynn extracted the snake and had Bobby put it away. Then they all cleaned up and got clothes back on and climbed into the SUV to head to the restaurant. On the way there, Sissy regaled Patty and Jerry with the story of their last trip and the public exhibitions. Lynn and Bobby provided a few details from their point of view. Patty considered her mind duly blown, but hearing about it did get her aroused. She agreed that she wouldn't mind doing some of the things they told her about.

After a somewhat uneventful meal, comparatively speaking, they got back to the house and Patty and Jerry left to go home. Patty kissed all of them goodbye and gave Lynn an especially long thank you kiss. She told Lynn, "I

want more of this. Call me." Lynn happily agreed.

Rob decided that he'd take advantage of what daylight he had left and go outside and work on building the new dog's house. He had to admit he was pretty wrung out with the past days activities. Bobby went to his room to play some video games, also worn out from his antics both at Jerry's house and today.

Sissy talked Lynn into showing her some of the extreme videos of things that she had found on the 'net that she wanted to try. After Kari was put to bed, the two had an enjoyable time watching the videos and talking about what they wanted to do and how they wanted to do them or have them done to them. The two enjoyed the time immensely.

When Rob came in, Lynn fixed him them snack and then she and Rob went to bed and talked for a long time. Lynn wanted Rob to assure her that he didn't mind if she had guys like the real estate man and delivery guy fuck her or Kari. Rob told her that he only wanted her to make sure she got as much as possible on video so he could watch it later. And that she keep Kari safe. Lynn reminded Rob that he should call his 'new girlfriend', Gillian, and arrange a time for them to get together. Rob told Lynn that it seemed she was more interested in the bar maid than he was - although he certainly wouldn't object to fucking her - again - and that Lynn should call her tomorrow. Lynn agreed and eventually they fell asleep and both got a good night's sleep.
