

## Every Inch Worth Begging For

I feel the pressure build against my pussy-boy opening, Masters hands holding my lily white sissy bottom cheeks wide apart stretching my sissy hole so it is ever so slightly open, the cold air and dollop of lube makes it twitch and pucker, Master always says it winks at him, gives him the come on, shows him what a slut for his cock I have become.

My lace panties are round one ankle, my hold ups are just about in place and my pretty pink baby doll nightie is pushed up my back as I lie face down, subjugated. I wait expectantly for the thick black shaft that will soon stretch me wide open, impaling my slender sissy boy frame on his erect manly shaft.

Since our first meeting I have submitted willingly to him, becoming his total sissy sex slave. I am always clean and receptive for him. I love pleasing him and this is often my reward, my chastity cage has been removed allowing my pathetic cock to harden and Master will make it spurt as he ravages my sissy hole.

I can feel the bulbous head of his beautiful cock sliding across my sphincter.

Mmmm, it feels so nice just resting on my entrance, I wiggle my bottom in anticipation, my little hairless cock is rigid underneath me, luckily I am lying on an old toweling nappy which will catch any dribbles of lube from my sissy hole and also the squirts of cum that will shoot out of my little weeny as my master takes his pleasure.

The head of his cock slides up and down across my opening, Master is teasing me and I lift my bottom toward him as his cock slides forward toward my wanton hole but to no avail; I feel it ride over my hungry sissy hole, the lubricant is greasing the valley between my buttocks as Master slides his monster up and down along it.

"Gonna have to do better'n'that fagg" he whispers in my ear "I wanna hear you beg for every inch of my cock as I take your faggot ass"

I squirm under his weight, lifting my bottom too him as he slides his cock up and down between my ass cheeks, "please master, please let me feel your cock inside me, impale me on your gorgeous cock, breed me, fuck me, fill me with your seed" I plead

He grunts in return, he stops sliding his cock back and forth and I feel the pressure of his imminent entry, I push back against him as the bulbous head of his magnificent black symbol of manhood begins to stretch my sphincter, the sharp twinge soon passing as I close round the glans of his cock.

He stops, I am pushing back trying to invite the shaft all the way in.

"Quit your pushin' fagg and beg for more" he whispers hoarsely in my ear.

I catch my breath, I am desperate for his cock, now the head is inside me I want to feel the shaft power into me like a piston.

"Please Master, pretty please, fill me with your cock, take me to the hilt, drive your lovely cock deep into my sissy ass." I whimper.

"Whose your master slut?" He replies

"You are master, I am your sissy faggot slut" I pant

"And don't you forget it" he says and with one thrust his entire cock fills me, impaling me on eleven inches of black power.

"Nnno Master" I gasp as my body shakes with the force of his thrust.

Now he puts me in my place, holding me down with his muscular body he ploughs his cock in and out as if sawing me in two, my pathetic little cock has

already squirted sissy goo up my tummy making my ass contract and tighten on his thrusting cock, this only serves to inflame him, he taunts me knowing I have cum.

"Can't hold you're cum can you sissy, one thrust up your ass and you squirt like a fountain"

"Mmmm, yes master" I pant as he drives in deep.

I push back against him, his clock deep inside me. His thrusts start to slow becoming a little erratic as he holds deep inside me.

"Get ready slut" he grunts as his cock stiffens inside me, "here it comes!" as I feel the hot pulsating torrents of semen flooding my bowel. He remains deep inside me; his seed delivered his cock beginning to soften as I murmur my gratitude. He pulls his cock from my tunnel, the cold air rushing in as my hole gapes wide open, the freedom is short lived as a plug is pushed in to keep his seed inside me. He kneels over me again and orders me to turn over, the towel is wet from my squirt and he drags me down so he can slap my face with his now softening cock, coating my cheeks in a mixture of lube, semen and ass juice. I open my mouth and he plops the bulbous head in between my lips so I can clean him. Once complete, I kneel as he sits on the edge of the bed, I kiss his balls thanking them for the spunk which now fills my insides. I am pushed aside, Master tugs my collar, I follow on all fours like his bitch, my pink baby-doll stuck to my chest with my sissy goo, we enter the bathroom, Master stands at the toilet, I reach up and gently hold his cock as he pees, I shake it then kiss it as he turns and returns to the bedroom.

He switches on the television and lies face down half on half off the bed so that I can kneel between his legs and perform the most degrading task of licking his asshole. Master enjoys a soft tongue across his ass very much, it was the first thing I ever did for him as a sign of my obedience and it is an honour for this pathetic sissy to be able to continue to worship his master in this way.

Just a fantasy
