

## White Slave Couple Initiation continues

My wife and I have been married for five years now and we recently got into swinging. My wife has never been satisfied with my less than average penis and I have always submitted to her whims and wishes. In pursuit of a large black cock to satisfy her we replied to an advert for white couples to join a club for the gratification of black youth, my story continues following the initiation ceremony where we meet our new master.

After being broken in by the gang and humiliated on stage for the assembled club members, we are given to our new master Jake. The gang leader describes him as "A man who likes to fuck white pussy, likes to fuck white ass, likes to fuck white faces and loves white tongues up his ass, but shit, that's what you signed up for aint it sluts?" he laughs.

Yes it is what we signed up for and we are now Master Jakes sexual property. Jake hands my wife a chastity cock cage and motions for her to lock my cock inside it. My pink tutu is soaked in cum and I hold it up exposing my limp little cock. My wife snaps the cage shut and kisses my cheek.

Jake explains we are going to tour the neighborhood and be introduced to some of his friends and acquaintances who will use us as they see fit. When the van stops I have to approach the nearest black male then I will be expected to humiliate myself by asking them if they would like to fuck my wife and if I can suck their cocks, lick their balls and lick their arse. The van comes to a halt, Jake orders me to get out, I have work to do!

Our degrading sexual odyssey continued in the van, servicing whomever Master Jake decided should have the pleasure of degrading us.

My wife has been untied and her gag removed, we both kneel on a dirty blanket in the back of the van, the smell of sex and sweat is overpowering as we are driven through the neighborhood to service our next client.

The van slows, I dread this part as I stand and straighten my ridiculous sissy outfit as best I can.

When the van stops I have to get out and approach the nearest person(s) and ask them to use my wife and I in any sexual way they desire.

The van stops and the door automatically opens, I step down and see a black couple standing on the pavement, they look to be in their 50's, both very overweight.

I approach and kneel down in front of them.

"Please Sir, Madam(I look up at them), I am a white sissy faggot and I belong to Master Jake, my wife is inside the van and we are here to submit to any desires you may have, you can fuck my wife, I will lick your ass and suck your cock, please use us" I blurted out

The man turned to the woman

"Been a long time since I had a white boys lips on my ass and my cock inside his and how long since you had a white girl lapping up at your pussy Lilly?" He said "Too long Reg, too long, lead the way you pathetic little faggot, cant wait to see Reg stretch your tight white asshole and I hope your wife likes cunt!"

I led them to the van, Lilly gave my bottom a hard smack as I opened the door for her and Reg,

"Just warming up faggy, Reg likes a glowing ass" She laughed

Once in the van, my wife and I knelt in front of them, as Lilly took charge. She made my wife stand in front of her as she moved round behind her she brought her arms round caressing her breasts with one hand while one stretched down

across her triangle of pubic hair and her fingers explored her wet well used pussy.

This sight had my little caged cock aching as Lilly kissed my wifes neck, telling her what a pretty little lesbian slave she would make.

Her fingers went from my wifes pussy to her mouth as Lilly fed her on her own juice, all the while kissing her neck, my wife moaning with pleasure as Lilly expertly tweaked and twisted her nipples and scooped her cum from her pussy and let her lick it hungrily off her fingers.

She slipped her fingers down her skirt and into her pussy again bringing them out and up to my wifes mouth where she made my wife lick her juices from her fingers.

She kept on making my wife repeat how much she wanted to be her lezzie slave. Lilly called through to our Master to take them somewhere they could enjoy us better,

Jake answered that we would go back to our house.

The journey across town had me lie across his lap as he played with my but plug and slapped my bottom.

"Gonna wrap your sweet lips round my juicy fat cock sissy boy?" He whispered

"Gonna give my cock some tender oral luvin'?"

"Dirty little sissy faggots got to be fucked hard, that's what you queers like?"

He continued.

"Well Sissy boy?"

I couldn't help myself after the last man who had used us, I had reached depths of depravity I had never imagined, I was a sissy cocksucker, my restrained sissy cock was raging in its plastic cage, bent over his lap being spanked, I was horny for cock.

"Yes sir, I want your cock, I want to suck it, taste it feel it fill my mouth" I replied

"Louder Sissy, Lilly didn't quite catch that, your wife must be luvin her cunt fingered cos its gone awful quiet"

"Yes sir, I want your cock, I want to suck it, taste it feel it fill my mouth" I replied loudly

"Do you want a good fuckin' too Sissy?" He asked

"Yes master" I replied, "I need your thick black cock deep inside me"

From what I could see and hear Lilly had my wife in the same position and was scolding her for the amount of spunk in her ass.

We stopped, I heard Jakes door slam and the back doors of the van opened. I looked up, Jake had reversed up the drive and we were only yards from our front door.

Jake produced a set of keys and we scurried quickly into the house.

There was a youth sitting in the living room, Jake had got him to bring our car and clothes back.

Jake turned to us and ordered us to thank him

"Thank you sir for looking after our things" we chorused

Jake then asked the youth how he wanted to be thanked

"I want her ass and I want him to eat it when I'm done cumming in it" He said

Jake nodded at my wife who immediately bent over and presented her ass to the youth. Jake nodded at me and I knelt down beside my wife and the young man, I unfastened his trousers and helped him out of them. His penis was hardening and he rubbed it up and down between her buttocks before grabbing her hips and pulling her back onto his cock, impaling her in one thrust., my poor wife

could only grunt at this fresh anal onslaught.

Jake directed me to push my sissy face between the young mans ass cheeks and lick his ass hole as he stood still rocking my wife back and forth to stimulate his cock.

Reg and Lilly watched as we demonstrated how submissively we obeyed our master in the pursuit of black cock satisfaction.

Mercifully the young man did not last long with a warm white slave tongue on his ass hole and a warm wet white slave ass hole round his cock he soon grunted and emptied his balls into my wifes rectum.

Her anus still gaped as he pushed her off his slimy cock. He turned round and without a murmur I remained open mouthed waiting to clean him.

"Shit Jake" he said "I gotta get myself some of these"

His cock now cleaned I helped him pull his trousers back up before I was ordered to fetch a bowl from our kitchen.

My wife had to squat over the bowl in front of everyone and squeeze the cum from her ass. Her face reddened at having to squat as if she were taking a shit, but the farts and squelchy noises as she strained produced spatters of cum at first then thick blobs of black mens seed spurted with each push out of her anus. The stream of semen trailed off, my face was pushed between her cheeks to catch the last strings of goeey semen before I was ordered to put my face in the bowl and clean out all the spunk my wife had deposited.

Satisfied with our total humiliation the young man left. Jake decided to order some take away and we were sent for a shower while our master and his guests watched TV.

We showered and as we dried off Master Jake came into the bathroom, he told us he was leaving us with Reg and Lilly for the night.

He asked if I had any outfits to wear as my tutu was covered in cum and needed cleaning, I replied that I had a maids outfit. Wear It!! Came his reply. My wife was to wear lingerie for Lilly's entertainment.

We both dressed as we had been directed, my wife asked if I was still happy we had taken the decision, I nodded, "I love my new role" I replied, "how about you" "oh god yes" she said smiling, "I cant get enough of those big cocks my love, you do understand yours was never going to get me off like Jakes"

"Yes I know sweetheart, I was destined to be a sissy" I admit.

We go back to the sitting room and crawled through the door where Reg and Lilly are waiting for us. There were four dog bowls on the floor, two filled with water and the other two filled with cereal.

"Eat slaves" said Lilly

We started eating from the bowls, it was difficult enough but they had been positioned so that Reg and Lilly could sit and look at our exposed bottoms as we ate, Reg was already twisting my butt plug and Lilly was pushing her big toe into my wifes ass.

Reg was partly pulling the plug out of my ass before letting it go so it shot back in as my anus closed around the tapered shaft, this amused him as I gave an involuntary groan each time he did it. After we had eaten Lilly moved the bowls to the side of the room.

Lilly ordered my wife present her pussy and ass for inspection, and she had her lie over her knee and pull her ass cheeks apart so that Lilly could inspect her as she sat back in a chair.

Reg made me crawl to him as he sat with his legs open. He proceeded to rub his cock across my face before pulling my face into his hairy crotch. I tried to lick his cock and balls but just as he was settling down to letting me kiss and lick his crotch, the doorbell went.

"Get the door sissy" Reg ordered.

I went to the front door, nervous about answering it dressed as a sissy maid. I opened it enough to peer round, there stood a our next door neighbours. I froze, Jenny and Peter smiled and stepped forward, Jenny looked me up and down approvingly.

"let them in" shouted Reg

I opened the door and let them in wondering what our neighbours where doing here.

I led them back into the main room.

Reg motioned for me to resume my position licking and kissing his hairy crotch and balls, my wife had her back to our guests as Lilly was rubbing her face across her pussy, her bare bottom wiggling as her face was forced into the older ladies wet pussy.

"Now then" Reg said, "you two white folks want to join our little club?"

I heard Jenny reply

"Yes, we do, Peter's cock just cant do it for me, I , sorry we need a black master"

"Well" said Reg, "you both see how your neighbours are a servin' here, we degrade them, we use them, we humiliate them, they suck cock, eat ass, eat pussy, damn they do anything for us, watch"

"Then strip sweet stuff, I want to see your sloppy white cunt and asshole" Lilly ordered, "your sissy husband can get naked too, sure Reg will want a good look at his goods"

Peter and Jenny stripped off in front of Lilly and Reg.

They were made to bend over and pull their buttocks apart exposing their tight virgin ass holes, they had to lie on the floor spreadeagle, Jenny was made to hold her pussy open.

Reg was on the phone to a friend, we knew he would be organizing their gang bang as the first part of their initiation just as we had been introduced to our life of slavery.

Jenny was ordered to kneel behind Peter and lick his ass hole while wanking him into her panties. Jenny appeared reluctant to push her tongue into her husbands ass but Lilly threatened to spank her ass and throw her outside if she did not do as she was told. She pushed her face between his cheeks and reached round as Peter held her panties to catch his cum, to Peters shame he shot his load very quickly, red faced and humiliated as Lilly and Reg laughed out loud. He then had to put the soiled panties in his mouth.

Reg made him stand and gyrate his hips so his soft little cock bounced about.

I was busy licking Reg's balls when he pulled my head up, "Go and lick your neighbours wifes asshole slave, I wanna fuck it before the boys get here"

I crawled behind Jenny and pushed my face between her soft fragrant cheeks and began to swirl my tongue over her hairless pucker, Jenny was enjoying the feeling of my tongue probing

her anus as I felt Reg behind me. He pushed me out of the way and grabbing Jenny by her hips pulled her toward him, his thick black cock riding up between her buttocks.

"Slave" he said, "guide my cock into this bitches ass"

I did as he ordered helping the head of his cock press against her tight hole until she relaxed and he entered

"Stay on your knees there slave" he ordered "I may need more lube"

He grunted as he opened Jenny's virgin anus, she was gasping in pain and ecstasy,

Reg was rubbing her shaven pussy with one hand and bending her over with the other.

He looked over toward Peter "keep wiggling that lil' cock sissy, it'll be caged before tomorrow."

"Yes Sir" replied Peter staring at his wife being fucked up her ass.

Reg had his own agenda and it mostly involved pushing his cock into my mouth then into Jenny's ass. He enjoyed opening her hole with his thick shaft and watching it gape as he fed his dirty cock into my mouth to clean him. Eventually the lure of her tight stretched hole on his cock became too much and he dumped his load deep inside her bowels.

He laughed as he pulled out,

"Your sissy husbands gonna enjoy eating that out along with a few loads more when the boys get hold of ya! they love a tight white ass"

"Now faggot" he said looking at me, how far up my ass would you push your pretty white tongue if I unlock your pathetic little cock and let you fuck your new sissy lover here" pointing at the still gyrating Peter. "As far as I can for as long as you want Master" I replied

"Good fagg" he said "come here".

I stood before him as he unlocked my cage, my cock hardened instantly and he grinned as he ordered Peter to get down on all fours.

I was positioned behind him and Reg, Jenny, Lilly and my wife all watched as I put the head of my cock to Peter's virgin sissy love hole and pushed.

Reg spat on my cock as it slid inside Peter, he moaned as his poor bottom was invaded for the first time.

I began slowly fucking him as everyone watched. Lilly commented how tiny my cock was and that if Peter thought this was uncomfortable

then he had better get used to it as the big black cocks that would be using his ass next would be much bigger.

Reg decided to stand over Peter so I could suck his cock as I fucked Peter's bottom, his cock was still covered in cum and Jenny's ass juice

he was half erect as he squirted a stream of piss into my mouth, I swallowed as much as I could before each spurt

but some of his piss dribbled down my chin dripping onto Peter's bottom.

I was close to cumming inside Peter and my thrusts became faster.

I heard Lilly shout "Look he's gonna cum" as my tiny balls contracted and I shot my pathetic sissy spurt into Peter's rectum. My tiny limp cock slipped out of Peter's bottom and my wife locked my cage back on, she patted my head "there there darling, if you're good maybe you can sink off on night while I get a good fucking"

Reg ordered me to lie on the floor as he squatted over my face, it was time to pay for my debt to his ass for letting me fuck Peter.

Just a fantasy
