Bobby had never been this scared in his whole life. Separated from the main group, armed only with a club, and unsure of which way to go, he summoned all the courage he had. Bobby began to wonder the dark cold caves alone hoping to find a way out. He figured that if he kept going uphill eventually he would emerge once again on the surface.

The plan might have worked, if it had not been by the fact that the boy had not gone unnoticed. Out of the darkness, a long claw like hand stretched out towards the boy.

The boy shrieked in fright when he suddenly felt an arm wrap itself around his neck. Turning his head quickly, Bobby saw his worst fears realized. He was under attack by a mean, scary looking, and incredibly strong cave demon.

Bobby could not resist the overwhelming strength of the foe. Very soon, his arms were being tightly bound behind his back. Bobby thought of all the horrible tales that he had ever heard of cave demons, making him feel very frightened. He did not want to be eaten by cave demons.

Despite Bobby's best attempts, the demon began to strip the boy, first one boot, then the other. It would be hard for Bobby to escape without his boots. He was beginning to lose hope

It did not take long for the demon to strip Bobby of his helmet, armor and boots. The boy almost naked, bound and helpless laid on the floor, too ashamed, and too frightened to look at the demon who stood right before him.

Bobby's worst fears soon became true. The demon grasped his hair, and began to rip the fur loincloth off his body, making him naked. Could it be true? He had heard that demons liked to rape young boys before they ate them, but he had thought it was an old wives tale.

Bobby cried in terror, begging the creature to stop, but it was to no avail. It almost seemed to him that the demon liked to hear his terror filled screams, as he began to prod Bobby's private parts.

Despite his best efforts, the demon penetrated the boy's ass with his finger, sliding it in and out. Bobby's screams reverberated up and down the dungeon caves, but there was no one to hear them, much less come to his aid. Bobby could not believe this was happening to him.

Things did not get better. Before he knew what was really happening, the demon laid next to the bound boy, and began to rape him, thrusting his long phallus in and out of his ass. The demon took his time enjoying the boy, before he ate him.

Once the boy's defilement was complete, the cave demon decided to move taste some delicious boy flesh. He unsheathed his butchering knife, harshly grabbed the boy's hair, and with a god-awful hiss prepared to slit the boy's throat. Bobby had accepted his imminent demise, and cried quietly waiting for he blade to cut into him.

Utterly surprised, Bobby stood up, and looked up at his savior. Or was it a new foe?
