### **6. Anna and her initiation**

(Keywords: M/g pedo consensual)

**WARNING:** The following story contains graphic descriptions of sexual activity between a man and a young girl. If you are under the age of 18 or are offended by material of this nature, please read no further.

**DISCLAIMER:** This story is complete fiction and the subject of my imagination. If the detail reveals a lack of research, this is because there was none.

Any similarity to any other story or to real life is pure coincidence.

Enough of all that. Here's the story.

Anna's bikini bottoms were yanked off in a split second and, before the 11 year old had finished the deep gasp which followed, my fingers and thumbs were exploring. She was still very damp from the pool and they slid over her easily with that special sensation one always gets from a young nubile like her. Her bum cheeks were so full and rounded. What a feast!

As my thumbs then started to delve down between her bum cheeks, I looked down at her.

She had a fantastic body which although very young was already that of a woman.

She retained a slim waist but was growing hips which were wide beyond her years so as to accommodate that mouth watering bum.

Her legs were sublime and up top she had a beautiful face with high cheek bones and a generous mouth with a smile that just killed you.

My lips now joined my thumbs and fingers to caress first the peaks of her cheeks and then down her crack to her arse hole.

Anna started to moan at this stage in a quiet whimper and, as my tongue then joined in, licking my way down and then rimming her, the whimpering - "er...! err...! Errr...! became a bit more desperate in tone.

At the same time, her bum cheeks were tensing up each time I rimmed her and I could feel the inside of her generous bum cheeks rubbing against my face.

It drove me wild and I dug my nails into her bum as I continued then pushing my tongue ever strongly into her hole and through her muscle, moaning myself too.

Our afternoon's fun had started in the hotel swimming pool minutes earlier.

I was staying there on my own in the 6 roomed hotel and Anna was there with her parents.

Over the few days I had been there, I had been bewitched by the little girl and, although I had been careful and hidden by very dark glasses, I had not been able to take my eyes off her as she was so beautiful and oh so sexy. Anna had of course detected my interest. Girls know these things.

And so, young tart that she was, Anna had started playing up to me when we were playing around the hotel swimming pool. I had allowed it but continued to be extra vigilant, knowing I was living dangerously.

Most of the time, Anna's parents were around the pool also and so I ignored her when she splashed me in the pool or dropped grains of soil on me as I sunbathed.

On the day in question, however, her parents were not around as we swam in the pool.

It had started innocently enough but then Anna had asked me to lift and then throw her up in the air as high as possible before she splashed down into the pool again.

She did it several times and after each time she swam over to me and threw her arms around my neck, giggling. Her plunging back into the water and then surfacing again quickly had an effect on her bikini. The bottoms were slipping down her bum.

Her front remained covered but there were several inches of bum cheek becoming exposed.

And she didn't seem to be doing anything to pull them up either.

As she hugged me after each time, my hands had initially been around her back but I couldn't resist lowering my hands as things progressed and eventually my fingers were hugging the top of her bum cheeks.

At this point, Anna gave a little sigh and didn't seem to want to go into another throw.

I didn't want to stop either and allowed my fingers to wander down still deeper inside her bikini onto the peaks of her bum cheeks.

After what seemed ages, I moved my face, first rubbing against her cheek until we were face to face.

"I think you are playing games with me" I whispered. "You are just doing this to get your bum rubbed".

"Hmmmm" was the only reply I received as she hugged me even more closely.

My fingers and thumbs were still playing over her bum as I then asked her "Have you had enough?"

"Nooooo!" Anna whined in reply.

"You know its naughty don't you?" I went on.

"Doesn't matter" Anna murmured.

"Is it going to be our secret? I continued.

Anna just nodded her head and gave me one of her fantastic smiles.

I was finished and out of control.

"Lets go up to my bedroom. It will be more private there. I whispered again.

"Are you alright?" I asked Anna after withdrawing from her bum.

"Yes" she gasped in reply.

"Did you enjoy that?" I went on.

"Magic" she replied still gasping deeply.

"Turn over then, my love" I continued. "There's even better to come".

Anna was lying on the edge of my bed and I was kneeling on the floor beside it.

She pushed herself up slowly and then turned over onto her back. Her legs dangled over the edge.

I gazed down at her beautiful cunt, completely hairless and looking a little moist from the start of her precum juices.

Above that, her narrow waist just accentuated her sexy body and legs.

Her little breasts were still covered and I relished the idea of caressing them a little later.

She had laid back after turning over and her face was a picture.

A little flushed, her mouth was open quite wide as she struggled a bit to get her gasping breath back to normal.

Her hair was still down her back caught up under her body and her eyes were open just looking up at me expectantly.

I smiled at her reassuringly.

"You look fantastic" I whispered.

Maybe there was a little smile in response but it was barely noticeable.

I lifted her legs up from where they overhung the bed and then apart.

Anna was calm but her heavier gasps were back, knowing that more fun was about to begin.

I lowered my face down to her cunt and started to lick her clit.

Anna jumped and groaned deeply between gasps.

My hands on the back of her thighs kept her in place.

Then, as my licks grew in speed, I started to rub her round her cunt lips with my index finger.

Anna went wild, bucking her bum up off the bed and trying to twist herself out of my hold on her.

Her gasps had changed to little grunts. Her eyes were closed and she threw her arms up above her head.

Her twisting and turning was now reaching fever pitch and, as she raised her bum off the bed, I slipped my hands under her and cupped a cheek in each before massaging them roughly and pulling her clit deeper up into my tongue.

I knew that Anna wouldn't take much more and so, still gripping each bum cheek, I used an index finger to rub her arse hole and test her entry.

That was enough. Anna screamed and her whole body tensed as her first orgasm ever racked her body from head to toe.

Then, as she started to calm a bit, I slipped off my bathing shorts and moved a bit closer to her before running little kisses up her body and whispering little nothings to her.

My fingers reached her bikini top and slipped under then pushing it up to reveal two juicy nubs of pure joy.

I edged ever closer to her so that my raging prick rubbed against her cunt and took one of those fantastic little breasts into my mouth before massaging it with my lips and tongue.

Anna groaned deeply again but she had used up her reserves of energy and her body was passive.

She was back to deep short gasps with an open mouth but, as I then moved over to the other breast and gave it the same treatment, I am sure that I detected a little smile creeping into her eyes.

I positioned my prick at her entry and guided it towards her.

It just slid over her cunt lips and her flowing precum juices allowed me to enter her quite easily.

As I reached her hymen, I hesitated but only briefly before forcing myself through and deep inside her.

Anna groaned as I did but it was too late. I was completely out of control as I then started to fuck her deeply eventually losing my 7" up her tunnel and coming to a fantastic orgasm.

Anna had another herself and, as it thundered through her body, I kissed her open mouth and slipped my tongue through her lips to lick the back of her teeth and dance with her tongue.

And this is how things continued for several minutes before I softened and slipped out. As our kissing then continued, for Anna was now joining in, I watched as she burst out into a huge grin and sighs of satisfaction.  
Wow!
