Chapter 1

Ashley a blond eleven year old girl. Is sitting with her boyfriend, Mike. In the woods behind, Point Pleasant, West Virginia.

He doesn't know, but she's had a crush on him since the beginning of the school year. She's nervous talking to him cause he's an eighth grader, and she's a sixth grader.

He's nervous to. She's the first girl he's been with even though he's thirteen. He's getting turned on, by her budding breast that are sticking out of her shirt. He can tell she's not wearing a bra.

She moves her hair behind her ear. A nervous habit she has, but don't do it a lot. She's the first to speak up. "Mike, how many girlfriends have you had"? He looks down embarrassed and says, "Your my first". She blushes and says, "Your my first boyfriend also". He politely laughs and says, "At least your only eleven and not thirteen". She shrugs and asks, "Why"? He replies, "All my friends have had girlfriends since they where ten. I just now got one. They've even saw a girl nude". She thinks to herself, "That's not what the girls in the eighth grade are saying", but seeing this as an opening to end her curiosity, about what boys look like. She says, "Would you like to see my tits"?

Not expecting her to ask him that, even though he's been thinking it. He shrugs and says, "OK". She blushes and tells him, "Only if I see your". She then points between his legs. At the chance to see tits, he unzips his pants and takes them off. Along with his underwear. Her eyes get big at the site of his erect cock. Her heart starts beating fast.

Forgetting the deal she just stares at his balls and dick until he covers them up and says, "We had a deal now take off your shirt". She snaps out of her gaze, then quickly takes her shirt off. He begins rubbing his cock at the site of her small and perky tits. She blushes, giggles, and says, "Your playing with yourself". He's breathing hard from being excited. He doesn't saying anything. But his eyes get big at what she does next.

She takes off her skirt and panties and lays them on top of her shirt. Being naked in front of her half naked boyfriend is getting her excited. Then without thinking she closes her eyes, and leans in. She then gives him a kiss on the lips. When she leans back he's staring wide eyed. She smiles and grabs his hand. She puts it on her breast and says, "Squeeze". Without hesitation he does. He starts jacking off with his other hand. Because the feeling off her small barely developed breast is making him hornier.

She stops him jacking off and asks, "Can I"? He nods nervously. She's happy and grabs one of his fingers. She then sticks it in her pussy. She then starts jacking him off. Copping how he was doing it. He's getting excited. She tells him pull it in and out. He starts sliding his finger in and out of her. Turned on he says, "It's so soft and wet". She blushes and says, "Is that bad"? He shakes his head and says, "Jack me off harder". He shows her what he means and then finishes saying, "I think your very hot. Can we". He's interrupted by a noise in the bushes.

They stop and look. Fear feels them, at what they see. A pair of red eyes. Looking at them. Ashley lets out a loud scream. She picks up her clothes and takes off running. Beside her holding his pants is, Mike.

Their running as fast as they can. Their ignoring the branches hitting him as they run through the woods for their life.

Ashley looks back for a second, and sees a half human and what looks like either a half bat or half moth, monster. She starts running fast and yells, "Run faster"! He starts running fast but his foot is caught on a tree branch and he falls. He lets out a loud humph when he hits the ground. Ashley looks back and sees him. The fear of losing her new boyfriend takes her over. She stops to defend him but just as soon as the monster gets near him it stretches out its wings and soars into the air.

Ashley runs to Mike. They hug and cry. Despite Ashley being buck naked. He doesn't get turned on. She doesn't either even though his unerect dick is touching her leg.

Mike finally gets control of himself and says, "We have to tell someone". Ashley nods. They then run home.

When they get to the edge of town Mike stops and says, "We better get dressed". Ashley is so afraid she forgot she was totally naked. They get dressed and go their separate ways, and head home.

Ashley barges into her house forgetting she snuck out. Her mom and dad are sitting at the kitchen table. Ashley bends over out of breath. Her mom

looks at her and yells, "Why the hell where you doing outside! And it's ten pm". Ashley keeps looking behind her she's pale white from fear. She's also crying. Her mom gets concerned and says, "Honey what happened did someone bother you"? Her dad stands up and heads for the phone. Steal crying Ashley says, "No me and Mike was being chased by a big monster. Her mom gets serious and yells, "You snucked out to see a boy"! Ashley is to scared to care that she's in trouble and says, "Mom what chased us"?

Her mom finally asks, "What did it looks like"? Ashley quickly replies, "It was a big man like think with red eyes and wings". Her mom and dad, laugh. Her mom then replies, "That sounds like mothman". Realizing the don't believe her. She heads to bed.

She doesn't bother changing her clothes or stripping she just gets in bed. She cries herself to sleep, but every time she drifts off to sleep. She wakes up startled from flash backs of the monster.

Chapter 2

Finally after it starts getting light outside she gets out of bed. She stumbles into the kitchen where her mom and dad are sitting with their arms across their chest. Her mom looks at her and says, "You look like hell. Did you sleep last night". Ashley has dark rings around her swollen eyes, and tears are running down her face, and replies "No I kept having dreams of the monster".

She sits down at the table. She looks at her mom, and says, "I read about mothman in West Virginia history. Do you really think it's him". Her mom is getting concerned realizing she says something last night she forgets about the punishment she was going to give her.

Her dad leaves and her mom sits in the chair across the table from her. She then tells Ashley, "Honey it's just a legend. He's not real. I don't know what you saw, and apparently you did see something". Ashley starts crying harder and says, "Mom I know what I saw. If he's such a legend why is there a statue of him in Gunn Park". Her mom takes her daughter's hand and says, "Honey, people love legends and the town is just trying to get tourist, also it's Mothman Park now".

Ashley then asks, "If it wasn't him what did I see"? Her mom shrugs and says, "It was late and you were nervous from breaking the house rules. So you probably just saw an animal and miss identified it". Ashley defends her story by saying, "Mom it was a good six foot tall, with red eyes and wings and it ran as fast as us".

Her mom takes a deep breath and says, "OK here's the story. You'll see how crazy it was. In 1966 a large winged human like creature was spotted in Point Pleasant, WV. Some say he chased them. One said, it attacked them. He was also spotted by many people who say he was harmless. Later a news reporter interviewed the people. After the report was published three men dressed in all black from head to toe. Black hair, black sunglasses, black suit and shoes, the infamous men in black, visited them and told them not to talk. Also another man who was believed to be only part human appeared his name was Ingred

Cole. Cole went to one resident and told him everything that would eventually happen. He spoke through telepathy more sightings were spotted even a few UFO's and with them the men in black would appear again. Soon after the intuition sightings of the Mothman the witnesses started suffering from pink eye, and nightmares Then on December 14, 1967 the Silver Bridge fell and killed 47 people"

Ashley replies, "That sounds just like the monster I saw mom". Her mom replies, "Honey scientist later found out it was just a sandhill crane. Ashley defends herself by, "But what about the silver bridge. It did fall". Her mom looks at her concerned and says, "Honey yeah the bridge fell but it had nothing to do with the sightings it was a faulty bridge". Realizing she's getting nowhere with her mom she gets up and leaves for school before her mom can stop her.

Chapter 3

The next day Ashley didn't have a good day. One reason Mike kept ignoring her. They ate lunch together, but it was quite. He finally came to her once towards the end of school, and said "Did you tell anyone"? Tears begin running down her face and says, "Yeah mom and dad. But they laughed at me". Mike replies, "I haven't told anyone". Ashley wants to hug him, but just heads to her final class.

She walks slowly home constantly looking behind her, afraid of seeing it again. Finally she gets home, but when she walks through the kitchen. One of local news anchors is sitting at the table. He stands up and says, "Hello I'm Tom Mullens. I'd like to ask you some question about what you saw". Ashley yells, "MOM! DAD! Why did you call the news"! She then stomps out of the kitchen and heads to her room, but her mom yells, "Ashley Dawn get your little ass in here and talk to this man". Ashley is just embarrassed and don't want it going around school, but here's her mom coming towards her so she gives in and goes back to the kitchen. Hitting her mom's arm on the way through without trying to move out of her way. Her mom smacks her on the butt and says, "Don't talk back".

The spanking does hurt her but it did sting so she sits down at the table holding her butt. Tom sticks his hands out. Ashley gently shakes it, the then says, "Well Mrs Ashley, I was informed that you spotted an unknown creature out in the county. Am I correct"? Ashley, shrugs and says, "Yeah, but know one believes me". Tom then replies, "Why don't they believe you"? She's getting a little annoyed and answers, "Yes but I'd like you to answer a question for me". He nods, "Who told you I saw the creature". He replies a woman named, "Andrea". Confused because she doesn't know an Andrea she lets it be.

The news anchor goes back to answering questions, which Ashley answers. He then picks up his things and leaves. Embarrassed Ashley lays her forehead on the table and says, "God I'm going to be the laughing stalk of the whole school". Her mom pats her on the back scaring Ashley, and says, "Next time I'll just send them on their way". Ashley looks at her mom mad and says, "Why

didn't you do that this time"? Her mom replies, "I thought it was important". Ashley gets up and runs to her room crying.

She jumps onto her bed crying. A few minutes later, she hears a knock on the door. Her mom then walks in, and says, "Honey I beginning to think you saw something out there do you want to go back and check"? Ashley looks at her with a tear stained face, and says, "No it'll be there". She then hides her head and cries. Her mom is concerned and leaves.

Chapter 4

After about an hour she goes back down stairs. She picks up the phone in the kitchen and calls, Mike. He picks up after two rings. Ashley just says, "Mike come over we need to talk". She hangs up and goes to the kitchen and rest her head on her hands. Her mom lays a glass of water down beside her and says, "Honey do you want to talk". Tears begin running down her face and she says, "Every time I close my eyes I see it. I'm so sleepy I could just pass out". About an hour later there's a knock on the door. Her mom goes to answer it.

Her dad gets up from his chair and leaves. She looks up to see Mike sit down. "Mike tell me the truth did you tell anyone?", She says, through sobs. Mike looks at her puzzled and says, "About what"? She looks at him and says, "The monster we saw". Mike laughs and says, "Monster? What monster"? He pats her on the back and laughs, then says, "I think you need sleep you look tired". He gets up and leaves.

She stops him and says, "Mike the thing we saw when we where in the woods yesterday remember"? Mike smiles and says, "Oh yeah the crane", he shakes his head laughing, "That thing had you scared didn't it"? Ashley looks at him mad and says, "You where as scared as me. Also who's Andrea"? Mike shrugs and says, "My mom". I thought she would think it was funny so I told her". Ashley looks at him mad and slaps his face, "That's for lying to me you said you didn't tell anyone". He shrugs and says, "So you told yours also". Ashley then points to the door and says, "Get out". He shrugs and leaves laughing.

Her mom comes back in and says, "Honey that was weird the news anchor wouldn't of came here if that's what he told him. Something happened". Ashley crosses her arms and lays her head on them and cries.

She then hears a scratching at the window and stops crying. Out the window she sees a pare of glowing red eyes staring back at her. Fear feels her, and she lets out a loud scream.

Chapter 5

She's shaken awake, by her mom. Who says, Honey what's wrong? You were screaming like you just saw a ghost". Ashley looks down and says, "I just saw it again. It was outside the window". Her mom kisses her on the forehead and says, Honey you fell asleep". Ashley looks at her mom scared and says, "Can I sleep with y'all I don't want to be alone". Her mom replies and says, Honey I know your scared, but you really need to get some sleep". Ashley puts her head down and goes to her room. She shuts her curtains tight and throws some extra blankets in front of it. She then curls into a ball crying.

Next thing she's walking with Mike who is laughing at her and in front of them is a monster she screams out, and he just laughs her pointing. "Ashley!", She then hears jarring her awake. Her mom is standing there. Ashley is laying in a ball crying. Her mom says, "This just got serious". Ashley looks at her and sobs out, "Do you believe me"? Her mom puts sits down on the bed and lays. Ashley's head on her lap stroking her hair. Her mom looks at the blankets blocking her window. She looks at Ashley and asks, Honey why do you have those up there"? Ashley sobs out, "So he can't see me". She gets ready to say something but looks down and sees Ashley asleep. She then tucks her in and starts to leave. Ashley lets out an ear curdling scream.

Ashley is dreaming she's being held down by the monster, and shaking him. It's letting out a weird growl.

Her mom is now shaking her hard to wake her up. Her dad runs into the bedroom scared, Ashley wakes up screaming. When she sees her mom shaking her she screams out, "MOM STOP"! Her mom does then hugs her. They hug until morning. When her mom says, Honey you need to get a shower and change clothes. You've been wearing the same clothes for three days". Ashley nods and says, "Can you stand in there with me"? Her mom nods and says, "Sure and I'm going to make a doctor appointment for tomorrow OK"? Ashley looks at her and says, "I'm not crazy". Her mom replies, "No hunny I don't think that. He can give you medicine so you can sleep, with out dreams". Ashley says, "I'm so tired".

Ashley, gets some clothes out, and heads to the bathroom her mom follows her in. Keeping her promise. After her mom closes the door. She moves her index finger in a circle to motion her to turn around. Her mom smiles and does. Ashley undresses, before turning on the water and then gets in.

After she closes the curtain she says, "OK mom". The hot water relaxes Ashley as she slowly washes off. When she's cleaning between her legs the temperature of the water and the rubbing on her pussy makes her relaxes so she takes the rag with her other hand and begins rubbing the inside of her clit with her finger. She forgets about her troubles and that her mom is on the other side of the curtain, and lets out a soft moan. Her breathing picks up. She then inches her finger into her pussy, then starts fingering herself. Completely forgetting everything, that's going on.

She's interrupted by her mom saying, "Ashley? Are you playing with yourself"? Ashley quickly stops remembering her mom is in the same room as her. Her mom replies, "Sorry honey that was probably the first relief you've had in a while. Hell I do it to". Ashley makes a grouse out face and says, "Grouse mom. I didn't want to here that". Ashley shakes her head then washes her hair.

She turns off the water and says, "OK mom". Her then says, "I'm already turned around". She steps out and sees her mom's back but her mom is handing her a towel. Ashley takes it and dries off. She gets dressed. Then leaves without eating breakfast. Her mom tries to stop her but Ashley says, "I just want to walk".

Chapter 6

She's walking down the street towards her school kicking a rock just trying to clear her head. Then she walks past an alley way. She feels an arm back her. She's then dragged into a dark part of the alley.

She looks up and sees three men dressed in all black, and wearing no expression. Two are just looking blankly at the wall and the center one is looking at her blankly. She can't see their eyes cause of the black sun glasses. She giggles and says, "You looks like the Men In Black". The center one still with out expression asks, "How do you know of us"? She starts getting scarred remember her mom's story and want to run but she's backed into a corner. So she just giggles and says, "You guys are a lot scarier than Will Smith".

The center one grabs her by her shirt collar and says, "You didn't see anything", in an authoritative voice. She doesn't reply. He then gives her a shake and yells, "YOU DIDN'T SEE ANYTHING! UNDERSTAND"! Realizing he's not asking she just shakes her head in fear. She's scared to death, but then says, "I'm sorry I did". The man shakes her harder and yells, "YOU DIDN'T SEE ANYTHING"! This time she just shakes her head and tries to leave. But as she passes the one on the right grabs her by the back of her neck and says, "Listen, You didn't see anything. Quit talking. If you don't. We won't be so nice, the next time. Understand". She's crying in fear, and almost pees her pants. She then begs please just let me go I won't talk I Promise", while crying. With out another word they leave and disappears around a corner.

She runs in their direction so she can tell the cops where they went but sees nothing. She asks a woman walking by, "Did you see three men dressed in black". She shakes her head as she continues waking.

Scared she walks to school crying and walks past everyone. She even ignore the once laughing calling her cry baby. She opens the door for the principle's office, but after cracking it she remember the threats so she closes it and goes to her locker.

Her day goes by slow again. At the end of the day she heads home the day is a blur she doesn't remember it.

As she's walking down the street, Mike runs beside her and asks, "Did they visit you"? Ashley gives him a dumb look and says, "They"? Ashley looks back at him. Her eyes are red and swollen from no sleep. She also has tears running down face. He gives her a frown realizing she met them, and says, "Sorry". She sobs out, "Why"? He gives her a frown and says, "I they asked", I think it was a question and not a command, "If anyone was with me and I said, you". She shakes her head in disbelief and runs home.

Chapter 7

She runs to her room crying. As she ran past her mom. Her mom got up and followed., and started knocking on her door. Ashley ignore her the whole time.

Her face is red and her eyes are swollen from crying and their also red. She sobs out, "How could he do this to me. I'm going to die". She then remember her mom saying after all the sighting, "The Silver bridge fell and killed a bunch of people".

Feeling worse know she falls on to her bed, and cries out, "What's going to happen to me? Is my family going to die"? She falls back and cries even harder. Mean while her mom is knocking and yelling, "Ashley what happened at school today"?

She looks out her window to stare at the starry sky, but sees the monster again. Staring back at her. Hoping it's just another monster she pinches herself. She yells out, "Awe"! She stops crying and begins screaming. The monster then lets out a scream also and begins trying to get inside.

She opens her door and runs out into her mom. Her mom turns white when she sees it. It disappears. Ashley and her mom runs to her dad screaming it's outside. Her dad grabs his gun that he keeps beside the back door, and runs outside.

They then hears three gun shots. About a minute later her dad stumbles back in. He's pale as Ashley and her mom. "I shot at it. The thing was big, about six feet tall. It was flying away I think I missed", her dad mumbled out almost all in one sentence. He put the gun back in it's place. Then pours himself a cup of whiskey, but decides to just tip the bottle. He hands the bottle to his wife she takes the cup. He starts to hand it to Ashley, but remembers she to young.

Ashley crying but now no longer feeling alone sits at the table with her parents. Her dad says, "What the fuck was that"? Her mom replies, "Ashley wasn't making it up". Their all staring blank while talking.

Chapter 8

They're sitting at the table still staring it's been over an hour. Her mom speaks up and says, "My God it's real. My whole life we've been taught it was just a crane. Everyone wasn't lying". Her dad just shakes his head. Ashley's out of tears and just sobs, in terror.

Just then it gets worse, and everything begins shaking. The walls begin forming cracks, Ashley hides under the table covering their heads. Ashley's mom is just following Ashley's lead.

Right after they got under the table her mom's chandelier that she put above the table falls and shatters on it. They hear pictures and glass breaking. They hear car alarms and sirens going off outside.

A couple minutes later the shaking quits. It's quiet except for the sirens and alarms going off. Her dad runs in and yells, "IS EVERYONE ALL RIGHT!?" Her mom is shocked she just nods her head. Ashley answers for her and says, "Yes, Dad". Her mom finally yells get under the table. He quickly does just as he does the part of the ceiling falls and they hear a loud crash after it.

Ashley screams and so does her mom. Her dad is just laying there breathing heavy. Ashley cries out, "Since when does West Virginia get earthquakes"? Her dad answers her, with an expressionless voice, "We get them just not very often. It's been a hundred years since the last one".

They lay under the table praying the rest of the house don't collapse. Then about an hour later they hear someone cutting down the back door then yell, "HELLO! IS THERE ANYONE IN HERE"? Her dad yells back, "YES IN THE

KITCHEN UNDER THE TABLE”!

About fifteen minutes later four firemen pull the three outside and gives them towels. Someone wrapped in a towel runs to Ashley and hugs her. It's Mike, he says, "Thank God your alive". Another fireman walk over and hand her parents a cup of coffee. He gives Ashley a cup of hot chocolate.

Before the worker walks off, she asks, "Is mom and dad OK"? Forgetting their right beside her. He nods and says, "Your dad is slightly injured. But your mom is OK". She then gets out of her stair for the first time, and looks at the ambulance where her dad is getting some gauze on his arm her mom is standing about four feet from her.

She then stops and looks out at the town. Fires are everywhere, trees are down, and houses are heavily damaged, or fallen. She then looks at her house, half of it has collapsed the other half is heavily damaged.

Her dad walks back over to them bandaged up, and says, "Well I have a few cuts but I'm fine. Her mom breaks down crying and hugs him. So does Ashley. Mike walks back to his family. He then continues while hugging them, "the quake was measured at 5.0, and left damage from Charleston, to Gallipolis, Ohio. The epicenter was here". He stops for a second, then goes on, "All schools in Cable, Putnam, and Kanawha Counties are closed. Along with Marshall University and the University of Charleston". Ashley looks at him he's head is down and is staring blankly into space. She thinks, "He must of just said all that to make himself feel better".

They hug for about thirty minutes. After their done Mike walks up to her and says, "Well I guess he was a good guy". She nods. She then holds his hand and they start walking. A few minutes later their back where they where at the beginning.

She then feels him unfasten it. Her heart starts racing faster knowing what he's trying. She does stop him instead she takes off his shirt. He takes off hers. He stares at her chest.

They get undressed and start kissing again. Just then they hear something in the bushes. They quickly stop in panic. They reach for their clothes. But instead of a monster a small rabbit jumps out. They both laugh, and Ashley giggles out, "He's cute". Mike looks at her and says, "So are you". He lays her down and starts kissing her again.

She moves his hand to her wet pussy. She has him feel it sending chills up her spine. He puts her hand on his dick and has her jack him off. She stops kissing him and says, "I love you". He says, "I love you to". They then go back to kissing.

She wraps her legs around him and says, "Mike fuck me". He gets a smile on his face. He then stops and says, "How"? Ashley giggles. Then grabs a hold of his dick and puts it to her pussy. Her breathing picks up and she says, "Push in. I'm ready".

She flinches at the same time but relaxes after words and says, "No pull it out". He looks at her weird and does it. "Now put it back in". He does. "Now keep doing it faster and faster". He smiles and does it he loves the feeling.

He doesn't know what is going on he just knows her pussy is getting wetter which makes him feel better. He then feels pressure build up in his dick. He pants out, "Somethings happening". She pants out, "I don't want you to but start jacking off". He replies, "Jacking Off"? She's getting frustrated and says in one breath, "Fuck it Mike just pull out and play with yourself I'll finger myself". Excited from getting to see her masturbate he does.

He pulls out and starts jacking off. She begins fingering herself. She moans out, "Spray on me". Curious, but a second later the pressure is released and cum starts squirting out. Landing on her stomach. She fingers her small pussy harder and harder. While smearing his cum around up to her nipples and then smearing it around them. He's turned on more back her still cumming and playing with his cum but falls on the ground beside him. She stops playing with herself and looks over to him.

They smile at each other and stare at the stars. About an hour later they get dressed and go back to their family. Their escorted into a tent by some red cross workers. Their taking to their family, where there are three cots set up.
