Preface

This story is released under creativecommons share-alike [Link](#)

This story does involve a underage girl. This is a work of fiction and does not imply that anything like this happened in real life. If your offended by cults and underage sex please skip the story, and move on

If you like the story, have request or would like to cowrite a story. Email me at [Link](#)

I get ideas for some really dark to just dark stories from time to time. I've had this story in my head for a while now and it keeps bugging me when I'm in the mood to write. Effecting the rest of my stories. So I decided to write it so I could get back to the happy stuff. But this moods gave birth to Daddy's little girl (real life death of my grandmother need to vent), Clubloli series (My most successful series), and one that was so dark I erased it called The creep. Now I have The cult to add to this list. I hope you enjoy the story.

Chapter 1

Awaken

Brandy wakes up with a very soar back. She sits up in the dark room and looks around quickly getting flashes of the day before. She was walking home suddenly she felt a sharp zap in her neck. Now she has no idea where she is or what time it is. She feels her neck where she felt the sting and feels a bandage that his held up by what feels like tape. She then tries to figure out what she's laying on and quickly decides it's something like a picnic table. or a make shift table made out of boards. She tries to stand but notices her legs won't move and realizes there tied together and to the table. Now her senses coming back she feels with panic and screams for help.

Just then a door opens and she sees a man in a white hooded robe wearing a white mask walk in and close the door. She begins screaming for help louder in full panic trying to get free but suddenly feels a cloth and being forced on her face and pushing her down. A horse distorted voice says, "Shh. Your with us now". Right before everything goes dark.

She wakes up a while later with her hands tied in front of her and her ankles still tied together but a gag in her mouth. The other difference she notices is she is in a all white room with no windows only a door. the only thing in the room is the naked bed she's laying on.

She lays there and begins crying she has no idea where she is or what is going on. She thinks about her mom and her brother along with her dad. She thinks about walking in on her dad coming in late at night after working late. She feels guilty about yelling at her mom for getting the wrong kind of cereal. She even misses her older brother who is always stealing her dolls. Now she's laying in terror with no idea what is coming next.

The door slowly opens. All she knows is when these people confront her it's bad. A woman walks in wearing a similar robe but the hood is down showing her shaved head. the woman is young maybe mid to late teens. She smiles

at Brandy and says, "I know it's scary, but we got you. You safe now. The outside can't harm you"

Brandy lays there crying scared thinking "Is she in danger?" The woman leans in and says, "If you don't scream I'll take the gag out of your mouth. We don't want to scare the birds". The gag is choking her so she agrees. The woman smiles and says, "Here". She lifts her head up and starts to untie the gag but stops and says, "Don't scream". Brandy nods she's to busy crying.

After her the woman takes off the gag Brandy gasps for air. She then looks at the woman crying and asks, "Where am I?" The woman smiles and says, "Your in a safe place. Your with him." She gets more scared and asks, "Who's him?" The woman replies, "He's our god, master, and the great one. We only address him as master, great one, or what ever name he tells us to." Then Brandy says, "What's your name?" The woman shakes her head and says, "We have no name". Brandy says, "Mine's Brandy" The woman shakes her head and says, "We have no name. Our great one says, 'Names individualize us. We are a group. We are one'" Brandy very scared says, "Can I call home?" The woman shakes her head and says, "We can't use phones they use them to steal our thoughts" Brandy is scared and says, "Please let me go home" The woman smiles and says, "You are home. The great one likes you. He wants you here to please the birds" Brandy is confused and says, "The birds?" The woman smiles and says, "Yes they're our watchers. They tells us what the sun has to say" Brandy is more creeped out now.

Brandy desperate says, "Please mam just let me go" The woman says, "I can't it'll make him mad. He really likes you. He says, 'You will bring in more youth to us. He may even choose you to extend his majesty" Brandy looks confused and says, "What?" The woman smiles and says, "He'll make you with child" Brandy is shocked and says, "I'm twelve years old. I'm still a child" The woman whispers, "Have you flowered?" Brandy confused says, "Huh?" The woman sighs and says, "Have you bled?" Brandy says, "Oh yeah I had my first period three months ago" The woman nods and says, "Then he says, 'You are ready'".

There's a noise that sounds like a bird tweeting but it's clearly made by a person and the woman stands up and says, "Follow it's time for his praise before meal" Brandy stands up but the woman says, "Your not in garment. He'll be angry" the woman turns around and says, "Stay", then leaves. About a half a minute later she returns with a folded robe and says, "Undress" Brandy says, "Can you leave?" The woman says, "I am your senpai. I have to be with you at all times. It's my job to show you how to please his greatness"

Brandy then after hesitating undresses.after she's in her underwear she gets the robe. But the woman says, "No you must be free of all outside cloths." Brandy feels a filling of dread then takes off her underwear"

After that the woman nods and says, “Your beginning to get breast, and I see a few strands of hair”. Brandy covers up herself so she won’t look at her cherry sized breast and pussy with about five hairs on it. The woman sighs and says, “Quick his greatness is getting mad” Brandy starts crying but gets the robe and puts it on.

After she’s dressed she follows the woman outside. Brandy looks around and sees a bunch of window less buildings surrounding a large mansion. there’s no grass except in a opening in front of the house but there’s thick pillows arranged in a semicircle.

The woman ushers Brandy to a place with two pillows and says, “On your knees. Time to bow down and listen. Don’t look up unless called on” Brandy is tired of crying. She’s still scared to death But she gets on her knees the woman then instructs her to bow down putting her forehead on the ground. Brandy does.

After a second she hears “Hello followers. Say my name” The women all chant, “You are the great one” He replies, “Yes I am” He pauses for a bit then says, “I was told we have a lady that needs to be a woman. Bring her to me.

The woman tells Brandy, “Come”, as she takes her hand. Brandy is scared and says, “What is” The woman shushes her and says, “Keep your head down and speak only if he asks you a question”. They walk up to him and the woman gets down on her knees and looks down then says, “Do the same” Brandy does. The man says, “Hello Daisy” Brandy assumes that’s the woman’s name so she don’t reply but then here’s, “That’s you” Brandy groans and says, “My name is”. The woman nudges her and says, “Your what ever his greatness calls you” Brandy says, “I want to go home” the man replies, “Daisy you are home. Sunshine will be preparing you to be a woman tonight. Then you’ll be one of us, and pray that I may choose you to carry my child” Brandy shakes her head, “I don’t want” He stops her and says, “My carriers never do but they grow to like it. Now Sunshine go prepare her at the house” The woman replies, “Yes your greatness”.

The woman takes Brandy by the hand and says, “Come we have to go to the great house and prepare you” fear over takes Brandy she begins crying again.

she’s more scared as she’d pulled threw the large foyer with carpeted steps at the end of it there is a open large living room with a big crystal chandelier above it. Brandy don’t have much time to look before she’s being pulled up the steps. The woman mad says, “Daisy come on. Don’t be scared be happy usually we have to please him in the yard for the birds to see”. Then suddenly Brandy feels the woman’s grip loosen Brandy takes that time to kick the back of the woman’s knee then she lets go.

Suddenly free Brandy takes off running she runs behind the stairs to a big

hallway where she sees a door. She runs down the hall then threw the door. She can hear, "Daisy stop now. In his name stop" Brandy runs threw the door and then threw a field and trees but is stopped by a large fence. She runs down the fence praying for anything then she sees a hole in the fence Brandy crawls threw it and runs threw the woods. Behind her she hears a siren begin. She sees a road up a head with a car. she begins waving her arms screaming help. But the car goes on past.

Brandy starts crying again out of breath then starts running down the road where she sees a house. Happy and filled with relief she screams, "HELP!" But right after she hears a pop sound then something blunt hits her head. Her head moves forward then her legs get weak. Her head begins getting foggy as she falls. When she hits the ground everything goes dark.

Chapter 2

Senpai

Brandy wakes up she's naked and her right hand is tied to a post to the right and her left is tied to one on the left she's on her knees She looks up and says, "Where am I" All she sees is people in black robes with hoods hiding their face and they're heads are down in shame. She then hears a distorted voice say, "You have shamed us" She's then whipped across the back. after the snap of a leather belt hitting her she screams in pain. The voice says, "You are not allowed to leave". she's then whipped again, and screams with it. Her back is stinging bad. She cries in pain, "HELP!" She's then lashed again. She cries out louder, "Please stop". The voice says, "No", Then lashes her again. She then remembers the woman saying, "I'm your senpai". Remembering reading on line what that means, 'Mentor' She desperately screams, "Senpai help" The voice says, "She's can't help you she's getting her own punishment" In the distance she hears, "PLEASE STOP!", followed by a loud whack. Right then Brandy feels the sting and slap coming from the belt whipping her. She's whipped another four times before the voice says, "Your punishment is done. You and your senpai will now go into isolation" Brandy is crying from fear and the pain of the whipping.

She's untied then two of the robbed people take her by her hand and pull her into the back to a large metal door with only a slot in it. The voice then says, "You have to wear this." One of the men folds her arms in front of her while the other puts what she thinks is metal panties on but is shocked when they put a pad lock on it. She hears a door open and two men drag in a naked woman that has red marks and bruises all over her. Everything but her large breast has them on it. She's also wearing the metal panties.

The voice then says, "So you two won't be pleasing each other and making the best of your punishment I put chastity belts on you two". one of the men opens the metal door and the man pushes the girl in, and the two pulling the woman drags her in. Then one whispers to the man who then says, "No they will be allowed to talk that way sunshine can disciple Daisy." Another whispers.

Then the man says, “No we where not told to gag we where told only put the belts on” then the door slams shut leaving them in the dark. There’s only a small line light that is coming threw the vent

Brandy breaks down crying again. But the woman says, “Please calm down. Your not the first to try. I tried we all try. but we learn to stay. We learn that his greatness won’t allow it. He’s everywhere.” Brandy crying says, “I can’t worship him” The woman replies, “You have to or he’ll put you in the chamber” Brandy replies, “What’s that” The woman says, “It’s a air tight room where they slowly suck the air out. they do that till you die” Brandy blinks and asks, “Are you just trying to scare me?” The woman sighs and says, “No they did it to my senpai. When I tried to escape the third time.” Brandy is feeling better being with her and says, “Did they hit you also?” The woman nods, “Also the first punishment is whipping. the next is electrocution. The senpai gets double the punishment, but the same.”

Brandy crying says, “I’m so sorry”. The woman shakes her head and says, “No you did what we all try when we’re first brought here” Brandy then says, “Why haven’t the police came?” The woman says, “They do but his greatness gives them a suit of money and they leave” Brandy replies, “What does he want from us?” The woman sighs and says, “He wants sex from us. If we submit to him he allows us to do what ever we want at long as we stay in the confines.” Brandy replies, “I miss TV, My mom, My dad, even my brother. I miss home” The woman replies, “What’s TV?” Brandy smiles and says, “Oh do we just watch stuff on the computer?” The woman replies, “What’s a computer?” We entertain ourselves by getting better at sex by masturbating each other. Or we work the gardens so we can give to him. But your lucky sun-fest is coming up” Brandy asks “What’s that?” The woman says, “It’s a great day It’s the day we all have sex in a group in the garden. Then that night we all feast. It’s the only time we get more than a strip of meat”

Brandy goes to a corner and says, “How long do we stay in here it’s getting hard to breath” The woman says, “Close your eyes and pretend your somewhere else” Brandy starts breathing hard and says, “But I can smell this places stench”

Before long there both holding on to each other crying. Brandy at first liked the softness of the woman’s large breast against her but now there doing nothing to sooth her. Brandy laying her head on her beast was making the woman feel better but she has been in isolation before and knew it was only a matter of time before the comfort would disappear

It’s a while before the door opens. A man wearing a white robe takes the two by the hand and pulls them out. Brandy is still hurting bad and the woman can clearly barely walk. She must of been hiding her pain to keep Brandy from feeling worse.

There taken to a large room with a queen sized bed but pulled past to a wooden door on the left wall.

It opens to a large bathroom with a large shower. The man in a robe unlocks the belts from both of the girls and says, "Sunshine you can show her in here or in the bed. But he wants to make her a woman in a hour but only will touch you clean" The woman nods and says, "Yes" She then staggers over to the shower and says, "Follow me Daisy". She adjust the water then steps in" Brandy follows. It's a large shower with a bench on the back and on the side wall is a bunch of scented soaps" She hands Brandy a bottle of pink soap and says, "It's pink lavender. It really makes him horny so he cums faster" Brandy says, "Huh? what's cum?" The woman replies, "It's what a man ejects out of his penis when he climaxes. But only the male superiors cum on you. His greatness can't waist his seed so he goes in you"

She then nods and says, "First we bath. We don't have long" The two start washing off. Then the woman kisses Brandy on her lips. Brandy jumps back and says, "What was that?" The woman says, "A kiss I have to show you some basics before we start" Brandy afraid of getting whipped again because it still hurts, and afraid of what will happen if she's not ready leans in and kisses the woman back. Next thing they're French kissing and the woman places Brandy's hand on her breast then says, "Do this" and squeezes Brandy's chest.

Brandy squeezes the woman's chest and says, "It feels weird squeezing a large chest" The woman reaches between Brandy's legs and starts rubbing her pussy. Brandy moans, "This feels good" The woman smiles and says, "Do me like this" She then feels the woman's finger begging to go in, Brandy stiffens up and starts breathing heavy. After a few seconds of moaning she reaches for the woman's crotch and begins doing to her. The woman French kisses her and says, "Stick your finger in me" Brandy pushes her finger in. The woman lets out a soft moan.

She then takes Brandy to the bench and says, "Put your face between my legs and lick my pussy." Brandy has s confused look so the woman says, "My front crack"

Brandy gets on her knees and puts her face between the woman's spread legs. The woman tells her, "Spread it apart and lick the inside" Brandy does as told. When She licks her clit the woman stiffens up and moans. When Brandy's tongue goes over the woman's pussy hole Brandy pushes in a bit then up to the clit. She didn't think she would like it but she's loving the taste and feel of the woman's pussy. She loves it so much that she begins licking faster. The woman is panting and moaning. Then says, "Stick you finger in me and lick the top"

Brandy sticks her finger in and licks her clit. The woman loudly moans, "OH FUCK" Followed by heavy breathing. Brandy is wanting something with her but is liking licking the woman to much. The woman says, "Come up an

suck my tits”

Brandy sucks the tit on the woman’s large breast while the woman fingers Brandy. The woman after a minute lays down and says, “Put my head between your legs and squat down”

When she does Brandy feels the woman’s tongue being pressed against her pussy while the woman spreads it apart. The woman is licking Brandy’s cherry and says, “OH I love cherry’s” Brandy though is to relaxed and enjoying the feeling of butterflies in her stomach. She says, “My belly tickles” She laughs but has to lay down on the woman’s breast while moaning.

The woman hears the bird chirping sound again outside and stands up leaving Brandy wanting more. The woman says, “We’ll finish this later tonight in our room. Now his greatness wants to make you a woman” Brandy nods then the shower door opens.

Someone turns off the water and throws them a towel. Brandy notices a bulge in the man’s robe so she says, “Why does his robe do that?” The woman replies, “His greatness will show you in a minute” The man says, “He wants you two dry”

They both dry off then put on a robe that is folded where there old robes where. They then follow the men.

Chapter 3

Search Party

A plump woman in her thirties is looking out her window. She sees a girl in a white robe running to her screaming, "HELP!" Right before a man in a black robe shoots her in the back of the head with what looks like a paint ball gun. The woman gasps and picks up her phone and called nine-one-one.

Mean while a blond woman of the same age is walking around a neighborhood screaming, "BRANDY!" The echoes of other's in the search party follow. The woman looks at the man beside her and says, "Do you think we'll find her?" The man says, "It's been a six hours" The woman breaks down then the man holds her.

A police officer walks up to him and says, "We're going to continue the search but I'm requesting you go home encase she goes there. The couple nod and leave. listening to people holler, "BRANDY!" Over and over.

The plump woman out of breath, "Says I need a cop at one hundred Aberton road. I just saw someone shoot a kid" The operator says, "OK get to a safe place. She nods but looks back and don't see anything. No man, no girl, nothing" She stands in silence as the operator says, "Mam, Mam you still there?" the woman replies, "Yes sorry. I don't see anyone. They're all gone". She then hangs up.

She stands there trying to figure out if she saw something and just panicked or if she really saw what she thought she saw. Then there's a loud knock on the door.

When she answers it the cop says, "OK what did you see?" The woman tells him, "I saw a girl maybe eleven maybe twelve I'm not sure. Running towards my house wearing a white robe screaming for help." the cop nods and says, "Then what?" "I looked down to call nine-one-one and when I looked back up everyone was gone" The cop nods and says, "Did you get a good look at her?"

The woman nods and says, "Like I said she was eleven to twelve blond hair", she continues giving what details she knows. After she's done the cop gets on the radio and says, "Yeah we have a sighting of that missing girl. at one hundred Aberton road. I'm going to have a look around to see if I see anything". followed by "ten-four" The cop looks at the woman who's in awe and says, "I'm going to be looking around. Stay inside and lock your doors"

The woman paces back and forth for a while till she hears a bunch of sirens coming towards her house. She stands there watching the cars drive past the house in a blur. She runs over to the TV and turns it on. There's a amber alert going at the bottom. All she sees is Brandy Wierton twelve years old blond if you seen her contact local authorities.

The cop that was interviewing the woman walks up to his sergeant that just showed up. The sergeant says, "Officer Bryant what have you found". Officer Bryant points and says, "There's a large fence over there with only one gate it's heavily guarded though and no one will open because I need a search warrant. His sergeant nods and hands him a piece of paper and says, "Lets go"

Chapter 4

Virginity

Brandy and her senpai walk into a large bedroom. In the center of the room, is a king size bed. The room also has brown curtains with two dressers in the front of the room. On the back wall is a walk in closet beside that is a bathroom. Laying in bed is a average build man with a short beard. The woman bows her head and says, "Hello your greatness" He nods back and says, "I bless you. Thank you" Brandy nods and says, "Hello" The man looks weird and says, "Was you not told how to address me". Then looks at the woman. The woman bows and says, "Please forgive me lord" He then smiles and says, "It's OK Dorothy. I forgive you. I feel like telling her myself anyway. I feel somethings different with this one"

He then sits up and says, "Disrobe and get in bed. Tiffany". Brandy and the woman disrobe and get in bed. Brandy hates the fact he keeps calling her something different but not wanting to be lashed again she goes with it. She's still stinging from the last time

He smiles and says. "Tiffany spread your legs I want to check your cherry" Brandy don't feel comfortable doing it but does. He reaches and spreads apart her pussy and says, "Nice. I love it" She then points and says, "Can I see that" and points to the blanket. He smiles and says, "After I tell my story" He sits up and says, "It was about twenty-five years ago I was working as a bus boy at a restraint. When I broke a bunch of dishes. When I looked down I saw a pattern and everything made since. This whole time before my life was meaningless. Then I realized something the plates was telling me something. I should of been worshiping myself. The plates had writing on it but the only thing I could see was the letters U then g o and d, and I knew I was a god. I told a bunch of people on line and they agreed. So we decided to from a commune to preach my gospel"

He then smiles and says, "So see why you should bow to me?" Brandy goes on and bows mostly out of fear of more lashings. He motions her over and says, "Lay down and we'll begging but first" He uncovers himself and her eyes get

big seeing his erection.

He smiles at her and says, "Now stick it in your mouth" She sighs and bends over opening her mouth sticking his rock hard penis in her mouth. She gets about half in and also feels him teasing her pussy hairs. The woman at the same time starts licking his balls while he instructs Brandy how to give him head. After teasing her pussy hair he begins rubbing his finger in her cunt.

When she pulls out his dick for air he says, "Straddle me and Heather put my cock in her". Brandy backs up till she feels something push up against her pussy. She also feels the woman begging licking her pussy while moving his cock out her of way to different areas. After she's very wet she feels his cock against her pussy again. Then fills her pussy spreading apart as it pushes into her. He's also pinching her nipples. It hurts but at the same time she likes it.

She gasps when a the sharp pain of her cherry breaking happens but soon after she falls on him gasping saying, "Oh God this feels good" The man laughs and says, "Thank you" He's thinking she's calling him God. He then instructs her to fuck her so she does. He lays there while the woman licks his nuts and Brandy fucks him screaming, "YES! OH GOD YES!" Loving every second of it. He leans up and sucks her small tit. She sucks in air and moans, "OH" It only gets better when he beginnings thrusting into her. She stops humping and enjoys him thrusting his full length into her till he moans load and thrust hard into her. Her insides feels very warm and she feels gitty but he pushes her off and says, "Clean me" and throws a pack of wipes at her from the end table she's busy staring at his blood covered dick and notices her pussy is sore.

She opens the pack but is interrupted by a loud knock on the bedroom door while they yell, "POLICE OPEN UP" The man's face is staring in fear he stands up after they yell a second time. But a few seconds later as he's opening the window they kick the door open. Followed by "FREEZE". He throws something that was beside the window threw the window but is tackled by the cops before he gets threw.

Brandy is shaking confused of what's going on but another cop puts a towel around her and hands one to the woman. and begins taking them outside while they put the man in handcuffs. They're taken to another room and handed the robes they where wearing and asked to put them on. Teh cops turn around to Brandy's relief though she had already dropped the towel, and puts them on. They're taken outside. Brandy is crying and so is the woman. A woman in a black suit walks up to Brandy and says, "Brandy Wierton?" Brandy nods relieved of hearing her real name and not a random name the guy inside gave her.

A detective walks up to the woman and asks her, "So what's your name?" The woman shrugs and says, "I think he called me Dorothy last time" The

detective says, "Do you know your name?" The woman shrugs and says, "We have no name. We are one"

The social worker takes Brandy to her car and says, "Lets go home." Brandy is a nervous wreck but scared for the woman and yells, "Come on senpai". the detective stops her as she walks to her. The social worker helps Brandy in her car and drives off.

A hour later Brandy is walked out of the social workers off to her parents to their open arms, crying. They hug for a while before leaving.
