Jill and Teri's First Kiss

By Megan

Jill and Teri had been friends since they were babies. Now they were both almost 14 years old. Jill was the tomboy of the two, always wearing denim overalls and kept her brown hair tucked under a baseball cap. Teri was kind of preppy but sexier than Jill. She like clothes from American Eagle and dressed in shorts, t-shirts and white tennis shoes. Teri's blonde hair was below her shoulders and she often wore it in a cute ponytail, tied with a satin ribbon.

This particular afternoon they had both come home from middle school to do a bit of studying and telling the kinds of stories that 14-year-old girls love to tell. The conversation inevitably turned to boys and sex, two things that Jill and Teri were not well versed in. They began to argue about what French kissing was and how long you had to do it before it was “gross”.

“I think it’s when you stick your tongue in the guys mouth,” said Teri.

“Ewwwwwww!”

“It can’t be that bad, they do it in the movies.”

“I dunno. But I’m sure that if you do it for more than a minute it must be just like gross.”

“How would you know?”

“How would you?”

“I said it first!”

“My sister has done it,” continued Teri. “She said it was really sexy and it made her...ready for this...wet.”

“Wet?”

“You know what I mean.”

“No I don’t,” said Jill.

“It’s when your, you know, vagina gets excited.”

“Really?”

“Yeah, it gets wet. Not like when you pee. But kinda slippery wet.”

“Does your get that way?” Jill asked.

“I’ve never tried it. My sister says you have to kiss or stuff to get it that way, and I’ve never kissed anyone.”

The two girls looked at each other, studying what the other might be thinking. They giggled.

“What are you thinking Jill Taylor?”

“Nothing.”

“Bet you are. What is it?”

“I was thinking that you and I could try French kissing and see if it makes us wet.”

“Really?”

“I mean we both know each other and it’s not like it would be bad or anything. Right?”]

“No I guess it wouldn’t.”

“What do we do? Neither of us has ever kissed like that.”

The two girls inched forward. Teri reached out and put her arms around Jill, pulling her close. Their lips just barely touched.

“This is so weird.”

“No let’s keep trying.”

This time their lips connected, and they began to kiss. Both were breathing heavily. Almost automatically they got more passionate, their heads turning to position their lips more closely. Teri was the first to push her tongue forward. Jill’s mouth opened slightly and accepted her friends tongue in it. Sparks flew and the two girls fell back on the bed.

Teri withdrew her tongue and opened her mouth to encourage Jill to kiss her deeply. Jill slipped her tongue into Teri’s mouth and began to moan gently.

Soon they were twisting their tongues together, their sweet girl saliva mixing and stringing as they penetrated each other's mouths. They pressed their bodies closer together.

"Oh Teri this is so nice."

"Keep doing it Jill. I love it when you kiss me deeply."

Jill responded by pushing Teri on to her back. She knelt over the girl's body and began kissing her face and neck, and licking her ears and chin. Teri pulled Jill down and wrapped her legs around her, pressing their crotches together. Jill kissed Teri more and more, licking her lips and planting kisses on her nose and forehead. Teri reached out and pulled Jill close, plunging her tongue deep into her mouth and grinding their lips together in a sexual, passionate and loving kiss.

At the same time, they were rubbing against each other. Kissing and rubbing. Teri's legs wrapped around Jill's waist.

Now it was Teri's turn to give Jill some special kisses. She was breathless and aroused and rolled over to put Jill against the mattress. Methodically she kissed every square inch of Jill's face and neck and undid the shoulder snaps of her overalls. She pushed the bib down and began to kiss

Jills chest, stopping and planting a special kiss on her protruding nipples. Jill moaned deeply and arched her back.

“Oh my god Teri. Keep going.”

Teri unsnapped the sides and slip the overalls down and off. Jill was clad only in a t-shirt and her pink cotton panties. Soon her t-shirt and panties were on the floor, leaving her naked.

“Teri, will you get naked too?”

Teri nodded and undid her pants and belt and flung them in the corner. Next she pulled off her shirt and slid down her panties, leaving them in a pile with Jill’s.

The two girls lay down next to each other and embraced. They resumed their passionate kissing, but this time their bodies were now in tight contact. Their young girl pussies rubbing against each other, making their downy soft pubic hair damp and sticky.

They sucked on each other’s lips, and took turns penetrating the other’s mouth with their tongues, making their faces slick with saliva and sweat. Jill slipped her knee in between Teri’s legs and began rubbing her pussy hard.

Moments later Teri orgasmed, something she had never experienced before and her little body shook and her breath was fast and shallow.

“Oh my god. What happened to me?”

“I don’t know. What was it like?”

“My whole vagina felt like it was exploding. I felt so warm and tingly. It kinda started in my belly and moved all over me.”

“Wow. And you’re all wet down there.”

“Yeah, just like my sister said it would.”

“I wish I had felt that.”

Without hesitation Teri pushed Jill down onto the bed and resumed kissing her.

“I’m gonna make you so wet and excited you’ll faint.”

As they kissed, Teri slipped her hand down in between them and placed it directly over Jill’s damp pussy. She twitched and shook. Teri began to rub it gently, causing Jill to open her legs up, as if to invite further investigation.

Their tongues connected and they made out harder and more intensely than before. Teri's fingers probed Jill's pussy and slipped inside. Jill was nearly at the breaking point, her best friend kissing her all over and fingering her pussy at the same time. The sensations were powerful and new and pleasurable. Every once in while Teri's finger would brush up against something in her vagina that made her squirm and moan. She had no idea what it was but it felt so good.

Soon she could take no more and her body shuddered and the same deep warmth that Teri had described was sweeping over her too. Her vagina contracted and shook and she could feel her toes curl. Her first kiss had turned into her first orgasm, and she had all the wetness to prove it.

The two girls lay in each other's arms, cuddling and kissing each other like little lovers. They giggled and hugged. But the car pulling into the driveway rudely interrupted their private bliss. It was time to go home and eat dinner and finish homework and do the laundry.

"That was so good Jill."

"Yeah it was."

"I never imagined that kissing could be that great."

"Me neither."

“Maybe we can do it again. I mean only if you want to.”

“Yeah. Yeah I do.”

“Bye, Jill. Be careful walking home.”

“I will.”

“We can study after school tomorrow.”

“How about at my house.”

“Okay.”

With that Teri began to clean up her room. She noticed that room had a sweet aroma that was new to her. Wonder what it's from she thought. Maybe Jill and I can figure it out tomorrow.
