My family was very conservative. My parents raised my three sisters and me in a very polite environment. I never heard them speak foul language even when mad. So, my sisters and I grew shy and prudish.

My eldest sister, April, was five years my senior. She married an equally conservative guy after she got her university degree in physics at age twenty-two. Her husband was a lawyer. My second sister, Eunice, two years my senior, was studying biology. My youngest sister, Lenore, one year my junior, was in high school.

At seventeen, I came to know a conservative Jewish girl and we spent a lot of time together. Although neither of us tried to make a move on the other, I could not help fantasizing about her without changing the nature of our sort of platonic relationship.

Rachel was a brunette knockout with beautiful, big brown eyes, nice tits and a perfect ass with matching legs. Many guys tried to hit on her, but she always turned them down. We were sort of a nerdy pair and we enjoyed it.

Once I walked Rachel to her sister's apartment and her sister, Raquel invited me in. Raquel was a taller version of her sister with slightly bigger tits. She worked at a law firm and lived alone downtown, while Rachel still lived with her parents in the suburbs. Raquel was a nice hostess but not at all conservative. I could see the tops of her tits every time she bent over. She made it a point to show me the tops of her thighs and panties. My heart started thumping, and my cock grew into a big boner, forming an outrageous bulge that I could not hide. Rachel looked at my bulge and giggled. I must have blushed into a deeper shade of red than humanly possible. Raquel looked at me with a smile and a mischievous wink.

Rachel was to spend the night at her sister's, so I had to leave alone. Raquel walked me out of the door in her skimpy dress. She said she wanted to see me tomorrow at the same time to talk with me about her sister. She said her sister was going to join us later. When she turned back her ass brushed my not-so-soft bulge, making me shiver.

On the next early evening, I was knocking at Raquel's door. She opened the door in a light night gown. She had sheer panties underneath that did not hid her hairless mound. She invited me to sit down and offered me a soft drink. Raquel started the talking by asking me about what I thought of her sister and how she did at school and so on. When the conversation flowed smoothly, she abruptly asked me whether I had sex with Rachel. I collected all confidence and seriousness to be able to answer her question.

"Of course not," I said proudly.

Raquel laughed out loud at my answer. I did not understand.

"Why not?" she asked. "Don't you find Rachel attractive?"

"Yes, she is very beautiful, but..." I said after hesitating a little.

"Aren't you human?" she said. "Don't you have human desires?"

"Yes, I do, but...", I said.

"But what?" she asked, raising her eyebrows.

"I don't think Rachel will approve," I said triumphantly.

Raquel laughed.

"Why not?" she asked still smiling. "Isn't she human with desires just like you and me?"

"Yes, she is," I said.

"Then why not?" she said, waiting bemusedly.

"Because it is wrong," I said after hesitation.

"How wrong?" she asked.

"Well, we are not married," I said.

“So what?” she said. “I’ve never been married but I’ve been getting fucked more times than I care to remember, and it was very right to me. I enjoyed it very much. Hell, I can’t live without it.”

What could I say to that? I believe it, but I could not act on it. I did not answer.

“It’s for your own good, yours and my sister’s, that is,” she said. “You are young and youthful. You should enjoy yourselves. Experiment and live your lives. You’ll love it, both of you. I’ll talk with my sister tonight and let her get on the pill, but you have to make the first move in a couple of days.”

Raquel paused for a few seconds.

“I liked the way your cock bulged yesterday when you looked at me, and I know the look Rachel gave your bulge,” she said. “She’s certainly interested, but she’s too shy to show it.”

She gave me a few seconds to ponder that.

“Now, I’ll show you this,” she continued, inserting a cassette into the VCR.

She sat next to me pressed the play button on the remote.

The scene started with a couple kissing. It developed fast into cock sucking and pussy licking. I was shocked to watch this, but my cock was harder than ever. While consumed in watching the sex scenes before me, I only noticed when my hard cock popped out of my fly. Raquel was kneeling between my legs.

“What a pity to leave such a beautiful cock hidden inside!” she said softly. “Your big beautiful cock deserves be worshipped and enjoyed.”

Her talk made my cock grow bigger and get harder. She bent her head down and started to lick the head of my cock, making it jump with delight. I shivered like a leaf while she mouthed my cock. Before I knew it, her lips were pursed around the base of my cock. The couple onscreen were forgotten now. I felt a strong delightful feeling developing. It was in a feeling similar to what I felt when I needed to pee but much more enjoyable and it kept going stronger. I tried to pull out, to protest, to say no, or to let her stop, but I could not. Soon, my cock was pulsing as my hot come was pumped into her sucking mouth. She swallowed everything!

That completely amazed me. I was panting when she looked up at me.

“Your come tastes so good,” she said, shocking me. I couldn’t believe it. She licked her lips. “That was quick, but this time you’ll enjoy it more.”

Naturally I could not imagine anything more enjoyable than what I had just experienced.

My cock started to go limp, but when she flicked her tongue just under the head, it went up fast. This time, she took it slow. She looked as if sucking my cock was the most enjoyable thing in the world. While licking my shaft, she worked my pants down and off. She licked my balls, gently sucking them into her mouth. It felt great.

“You have a lovely cock,” she said, looking in my eyes. “If Rachel had it in her pussy, she’d really love it.” She gave it an audible suck. “If you were not my sister’s boyfriend, I’d have fucked the shit out of you here and now. Now, sucking your cock will have to suffice.”

She took her time with me, slowing down whenever I neared orgasm. I pumped two more loads down her throat while watching that two-hour tape. She finished swallowing my last load just as the tape started to rewind.

She pecked me on the lips and pulled away. I put my pants back on.

“You should leave before Rachel arrives,” she said. “I want to talk to her alone. Try not to fuck her just the next time. Take your first time to explore each other’s horny bodies. It doesn’t hurt to experiment with cock sucking and pussy licking.”

Full of emotions to the limit I almost felt dizzy, I left with visions of Rachel sucking my cock or fucking me. I went to bed that day with those visions chasing me. I did not know how to face Rachel the next day, but I needed not to worry, it was very normal.

After school, Rachel announced that she had Raquel’s key with her and that we could go right there directly. We did. I could not hide my horniness and Rachel noticed it. I saw her eye my bulge a few times, but she remained silent about it, choosing not to comment.

We were nervous, sitting on Raquel’s sofa. Raquel was not there. Finally, I turned toward Rachel and kissed her. She responded. First we did not know what to do. It was tentative. Luckily it got smoother very soon, and we enjoyed kissing. I led her hand to my bulge and started stroking her thighs as my mouth traveled down to her neck.

Raquel was self-conscious when I helped her get out of her dress and bra, exposing her tits, but when she saw my appreciative look, she relaxed. I kissed her pale tits, leaving her dark erect nipples to the end. She gasped when I first sucked her nipple into my mouth. She started to moan as I continued to suck and switch nipples.

Before long, I pulled her panties down uncovering her fuzzily covered pussy. She was moist there. I kissed and licked tentatively, getting used to the smell and taste. I soon went wild on her wet pink slice, licking, kissing and sucking. She went nuts, tightening her thighs around my head. She started to moan and gasp as her first orgasm wracked her young body. I did not stop licking her pussy gently until her orgasm subsided.

After she recovered, she helped me out of my clothes and started to get acquainted with my hard leaky cock. First she held it in her hands, hefting it and feeling up my balls, and then she started licking the head tentatively. She was eager to suck my cock. Her lips were tightly stretched around the bulbous head of my cock as she took it in. In a couple of minutes, she was trying hard to cram all of my cock into her mouth. She failed of course.

"Rachel, take it easy," I said. "Take your time, this is your first time. Just enjoy yourself."

She mumbled something unintelligible and started to lick up and down my shaft. She was content to pump four to five inches of my cock in and out of the hot, wet cavity of her novice mouth. I told her I was close to orgasm. She doubled her efforts instinctively.

"Get ready, Rachel," I panted as my cock swelled.

She pursed her lips, keeping only the head in her mouth. She sucked hard while pumping my shaft with her hand. She almost gagged when my come burst abruptly against the back of her throat, and then she started swallowing, letting an elusive drop escape her lips.

"I did it," she squealed happily. "I did it."

"Yes, honey," I said, picking her up and kissing her right on the mouth, tasting traces of my come on her mouth. "It's now your turn again."

She reclined on the sofa and spread her legs. I lifted her legs up, pushing her knees close to her chest. Her juicy pussy and pink puckered asshole were utterly exposed. I smiled at her before I dived in and licked her juices off her sticky pussy lips.

I pulled back and took a look at her virginal treasures. Her pussy lips were red and hot, blood-engorged with excitement. Her lovely puckered asshole looked like a shy little rose. I gave her asshole a tentative lick. She jumped.

"I don't think you should do that," she protested.

Despite her protest, looking at her now moistened asshole tempted me. I pulled her cheeks apart and gave her asshole a longer licking. She stiffened for a few seconds, and then relaxed and started to moan delightfully. I sat back and looked at her. She looked disappointed that I stopped.

"You like that, don't you, you little naughty girl?" I teased.

She nodded shyly.

"I didn't know I was this sensitive back there," she said weakly.

"Now you do." I said. "We both do. You have a gorgeous, edible asshole, do you know that? It tastes good too."

She relaxed, and I went back to licking her asshole. I pushed my tongue gently at her wrinkled opening and it relaxed, taking just the tip in. I licked her orifice circularly listening to her moans. I moved up to her soaked pussy to slurp her juices and then returned to her shiny asshole. I licked insistently feeling her asshole relax and open up wider. I probed it with my tongue. She gasped every time I pushed my tongue in. I pulled back and took a look. Her asshole gaped slightly. Like in that porn tape, I wet my index finger with her pussy juices and slowly wormed it into her asshole. Her asshole gripped it. I wiggled it and swirled it around, making her relax and then pumped it gently in and out of her asshole.

Pursing my lips around her clit, I sucked hard while pumping my finger in her ass. In less than a minute, she was groaning, her pussy pulsing and squeezing juices out while her asshole contracted repeatedly around my probing finger. She came harder than the first time and took a longer time to come down. I smiled at her, my lips covered with her juices. Looking in her eyes, I pulled my finger slowly out of her gripping asshole. It popped out with a soft plop and her orifice clenched shut. She straightened her legs.

She smiled as I bent over her. I kissed her, coating her lips with her own juices. I brought her attention to my now hard cock and started jerking it off over her tits. She replaced my hand with hers, and in a minute, my come was flying onto her tits and face. She raised her head and intercepted my come with her tongue and then took the head in her mouth to suck me dry while rubbing my come into her skin.

We rested a little and then showered independently.

After a while, Raquel arrived. We must have looked to her like the cat that ate the canary.

"Hi, guys," Raquel greeted. "You must have enjoyed yourselves. I am glad you finally came around."

We just nodded.

Rachel spend the night with her sister again. On my way out, Raquel stopped me out of the door and advised me about my next session with Rachel.

"Make her come once or twice before you try to enter her," she said. "Prepare her with your fingers too. Don't force it in. Be gentle. Please don't hurt her; she is your lover."

"Of course, I won't hurt her," I answered. "Don't you worry, Raquel. I do care about her."

The big day came, and we both were eager to get on with our first fuck. I kissed Rachel and then pulled her panties off as she lay comfortably on the bed. A few licks to her pussy got her hot and moaning, and then I alternated between licking her pussy and asshole while her legs pointed to the ceiling, totally exposing her holes to my hungry mouth and playful tongue. My fingers joined in, rubbing her orifices gently before they dipped in. I transferred juices from her pussy to her asshole and had one finger sliding to the second knuckle in and out of either hot orifice. She moaned and humped my fingers as my tongue worked her clit dutifully.

Warmed up, her holes relaxed around my fingers but her fresh pussy could not take my finger deeper because of her hymen. Soon, I had two fingers working each hole. Her ass could take my fingers all the way in. Rachel's moans and grunts heightened indicating she was on the verge of her orgasm. Closing my lips on her clit and giving a little suck, I sent her convulsing wildly in her orgasm. Her holes milked hard around my sticky fingers.

My cock bounced in front of me as Rachel pulled my pants down and off. She let me fuck her mouth standing beside the bed while she was kneeling before me. Her mouth did not ignore my balls when she jerked my cock gently afraid of making me come before she wanted me to. Then she had me sit on the edge of the bed and lean back. She bent over me and tried to take all my shaft into her mouth. She could not but she was an inch away from success. She worked her mouth up and down my shaft very nicely.

Suddenly, I felt the head of my cock pop past her throat. That sudden feeling made me pump the first couple of jets of my load beyond her throat. Rachel pulled back reflexively and had the presence of mind to stop before my cock was out of her mouth. She sucked the head and jerked the shaft to get the rest of my load. After she sucked me dry, she gave my cock appreciative kisses and licks until my cock was limp.

I helped Rachel stand up and took off the rest of her clothes. As she stood naked before me, I kissed and licked her erect nipple before taking them inside for some sucking, making her moan and almost lose her stance. I slipped a hand between her thighs and rubbed her pussy back and forth. She humped my hand gently.

Arranging Rachel on her forearms and knees on the bed, I complimented her on her pretty ass and started licking her asshole. The little orifice relaxed and soon I was working two fingers in and out of her asshole, reaming out her tight backdoor. She moaned, pushing her ass back to meet every stroke. I got three fingers up her asshole to the first knuckle and was swirling them around and pushing them in further. Her asshole was responsive to my gentle coaxing. I said as my fingers went further inside her, "What do you say, Rachel, we leave your pussy virgin and fuck your gorgeous ass?"

"No, Nick," she said with disappointment in her voice. "I want you in my pussy and then in my ass. Please take my pussy first."

"You got it, babe," I said, removing my fingers from her ass. I pulled the lips of her pussy apart and started licking her juicy insides. Flicking my tongue over her clit made her gush hot juices which I spread all over her pussy. I worked her very close to orgasm and then knelt behind her. I brushed the bulbous head of my cock up and down her crack from clit to asshole and back, spreading her juices all over and making her squeeze out more fluids. I pulled her knees further apart and adjusted her back, opening her pussy to the limit.

"Do you want to get fucked, darling?" I teased.

"Yes," she said. "Please fuck me."

"Are you sure?" I asked, tracing the head of my cock around her pussy lips.

"Yes, please," she hissed.

"Ok, babe," I said. "hang on."

I pulled her pussy open and placed the tip of my cock at her tight opening. Holding her hips, I said gently, "Relax and push back, Rachel," and I started pushing forward gently myself. The head went in. Suddenly Rachel

sort of jumped and pulled forward. I pulled her back firmly, sending half my cock in. She grunted as her hymen broke. I paused, fingering her clit. Rachel's no longer virgin pussy squeezed my shaft very tightly. I almost came. In about ten seconds Rachel started rocking back and forth gently. In a minute my balls were bumping into her clit as her pussy swallowed my thick cock to the root.

"How does it feel, honey?" I asked.

"Mmm, it feels great," she moaned.

I leant forward and squeezed her tits. Her pussy tightened around me and she almost came. I continued kneading her tits gently and pulling on her erect nipple while delivering long, deep strokes to her tight pussy. Rachel stopped moving and her pussy convulsed around my shaft. I fucked her harder as she went through her orgasm, clawing at the sheets and biting her lip. Her pussy soaked my cock and balls with hot juices. I could not hold back any more, I let go with my come, flooding her soaked pussy even more.

We collapsed on the bed, me on top of her, holding her in my arms. We exchanged sweet words of affection. My cock shriveled and slipped out of her pussy. Her pussy leaked out our mixed come. "Do you have enough strength to go through your first anal fuck?" I whispered.

"Yes, darling," she hissed. "I am ready when you are."

I arranged her on her elbows and knees and wiped her pussy with a wad of tissues. "Is there any butter?" I asked.

"It's in the fridge," she said.

I warmed some butter in the microwave and returned to the bedroom. My cock was diamond hard. Rachel was quick to notice. "I love this cock," she said.

"He loves you too," was my answer.

I gave her the butter to coat my shaft. She first took it into her mouth, balls-deep! She gave it a few strokes and then proceeded to applying the butter to it.

I knelt behind her and had my last taste of her ass before it lost its cherry. Then I started rubbing butter on her puckered opening. I slipped my finger in, working the butter into her rectum. I greased her rectum liberally and used two fingers to finger-fuck her virgin asshole. I took my time working my fingers around to open her up nicely. I managed to insert three fingers into her and as I swirled them I felt her asshole relax.

Her clit was hard and red with lust. I gave it a little suck that made Rachel jump. Then I knelt behind her, aiming my cock at the last refuge of virginity in her body. I moved her knees further apart and adjusted her position for easy penetration.

"Ready?" I asked.

"Yes," she hissed.

I pulled her ass cheeks open with a hand and aimed my cock with the other and applied pressure to her greased opening. "Push back, lover," I whispered as I continued pushing forward slowly but firmly.

Her opening gave and my head started moving in. Rachel was taking deep audible breaths now. Her hole was very tight but in less than a minute, the head was past her sphincters. We paused. I used the same trick on her clit. It worked again and soon she was pushing back and forth, taking more cock into her stretched asshole. Her ass was much tighter than her pussy. It took about four minutes to get the whole shaft inside her and have my balls kiss her leaky pussy.

I pinched her nipples. She came! Her rectum contracted violently around my shaft. I did not dare move in that deadly grip, wanting to save my orgasm till later. When she finished coming, I pulled her upright and back to me and we shared a deep kiss. She knelt down again and I resumed stroking my cock in and out of her stretched asshole in long strokes.

My eyes rolled down to her ass, where I joined her. Her asshole was no longer wrinkled, not a single wrinkle. It was stretched to the limit as my thick shaft skewered her. Her anal mouth hollowed in and out as my cock slid in and out of her. That view made my cock get harder and thicker and I fucked her faster. She fucked back, stroke for stroke as we both got closer to orgasm. I was back to pinching her nipples. It did not take a minute before she was losing her breath in preparation for orgasm. In a few seconds, we both were grunting as her ass twitched around my twitching cock. Wad after hot wad of spunk made its way past her rectum, into the depths of her sucking bowels.

I collapsed on her back, making her collapse to the bed. We kissed and whispered as we rested. Then we showered and changed the bed sheets.

From then on, we used to meet at Raquel's place. We rented porno movies and practiced together, gaining experience and skill day after day and fuck after fuck. Sometimes, Raquel watched us while we made love. She was pleased with our progress. Once she came home while I ass fucked Rachel. She was taken aback by it. We did not notice she was there because she did not make any sound.

Rachel was on her knees with her head and shoulders on the bed. I was crouching above her, coming at her from above, making my balls slap her skin at the end of every ass-plugging stroke. Rachel moaned and begged for more. I was looking at my shaft as it split Rachel's ass when I discovered Raquel was behind us, watching breathlessly.

"Hi, Raquel," I panted.

"Hi, guys," she said, absent-mindedly.

"Hi, Raquel," Rachel said without looking.

Raquel moved towards us and sat at the edge of the bed, asking Rachel, "Do you like it up the ass, sis?"

"How does it look to you?" Rachel said smiling dreamily.

In less than a minute, we were both coming wildly, giving Raquel the surest answer. After unloading in Rachel's rectum, I plopped my cock out of her and brought it to her mouth. She licked it and sucked it in before Raquel's disbelieving eyes.

Rachel and I lay in each other's arms. Raquel started asking Rachel all kinds of questions about anal sex, whether it was painful, how we first did it and so on. It was obvious that Raquel was dying to try it.

"Why don't you try it with your boyfriend?" I asked.

"I can't," she said.

"Why not?" I asked.

"Once he tried to do it with me and I refused, calling him a pervert and a bunch of other bad names. We almost fought and finally I convinced him he was wrong and he apologized. There is no way I can ask it of him again."

"Why don't you do it to her?" Rachel asked me.

"What?" I said with surprise, but my cock twitched.

"You've been good to my ass," Rachel giggled. "You can be good to my sister's, right? Your cock says yes!"

"What about her?" I asked a little embarrassed.

"I ... you know ... well, can't ask this of you," Raquel stuttered.

We sensed she was a little shy to ask and needed a little encouragement.

"You don't have to ask," I said. "We are asking you. I would really like to fuck you in the ass and Rachel wants to watch. Right, Rachel?"

"Yes," answered Rachel.

"Now, will you disappoint us?" I asked.

"No, I won't," Raquel smiled weakly. "But please, I want to keep my pussy for my boyfriend."

"Fair enough," I said. "Is tomorrow okay with you?"

"Yes," she said.

The three of us had a great time the next day. Raquel enjoyed her first ass fuck immensely. From now on I got to ass fuck Raquel once or twice a week. A month later, her boyfriend went on a business trip to Britain for five weeks. During his absence I had the two girls completely to myself, pussy and all. When Raquel's boyfriend returned home she settled down to once a week with us. She no longer objected to my drilling her pussy, actually she enjoyed it most when I kept switching between her pussy and ass. I ended up giving her the full service once a week, taking most of the burden off her boyfriend.

I enjoyed Rachel and her sister very much, but could not escape the feeling of guilt caused by my very conservative upbringing. Once I was doing my homework in my room at home, when I started thinking about my conflicting thoughts. Obviously, I could not stop seeing Rachel, but I sought a way to put my thoughts to rest. I was brought up from my thoughts by a tap on my shoulder. I did not notice anyone getting into the room.

Looking up, I did not believe my eyes. Eunice was standing there in a skimpy bikini that exposed most of her tits. She turned around showing off her bikini. Her ass cheeks were hanging out of the little bottoms. I was shocked.

"Does my bikini look sexy?" she asked smiling.

I looked at her puzzled. All I had ever seen of her body before was her hair, her legs below the knees and maybe her arms. Her nipples were obviously erect as outlined by the thin fabric.

"Yes, it is sexy, but very revealing," I finally said after collecting my thoughts.

"That's the point, silly," she said. "Follow me. We are trying bikinis and lingerie. Can you help us choose?"

I did not understand, but followed anyway. I followed her to the master bedroom. She sashayed in front of me, wiggling her ass seductively. She had a great ass. My cock twitched of its own accord. It did not listen to me. Sister or not, there was a pretty girl, parading her gorgeous ass. That's what my cock thought and acted upon.

There they were. Mom and my eldest sister April were in similar outfits. Eunice sat me on the edge of the bed and the three of them went on parading their bikinis before my bulging eyes. They seemed to be parading their bodies rather than their bikinis. That was the first time I laid my eyes on the details of those ladies' figures. I did not know mom was in such a great shape.

They all were slightly tall. Mom had medium tits and a lush ass., April had ripe tits and a lush ass and Eunice had medium tits and a tighter ass. Obviously, each of their nipples was standing at full attention. Mom had her dyed-blond hair just above her shoulders and my sisters had shoulder long black hair, all with blue eyes. Not only did they parade themselves, but also they stroke sexy poses. Maybe they did not mean it, but with their beauty the poses looked very sexy to me. The ladies wiggled their tits and asked me whether I believed their bras were too tight or too loose. Also bending over one at a time with their asses facing me, each one asked me whether I thought her bottoms were too skimpy. Of course, I was speechless, but I had the presence of mind not to let my mouth hang open. I had my hands on my crotch to cover my uncontrollable bulge.

Bikinis were packed on the floor in the far corner of the room. The first shock hit me when they started changing in front of me, in the corner about ten feet away from where I sat. First, went April. Looking at me, she snapped her bra open and let her nice big tits hang out in the open. She shook them from side to side to restore blood circulation in her beauties. She gave each one a gentle squeeze.

Eunice noticed that April had my full attention for the time being, so she took off her bikini bottoms while facing me. Not a single hair was on her crotch. Then she turned around and bent over to search for a new bikini. Her bare pussy and asshole looked me in the eye, so pink and lovely. Suddenly sitting there was getting so uncomfortable. As if that was not enough, Eunice while bending over, suddenly reached back and pulled her ass cheeks apart, utterly exposing her pussy and wrinkled asshole. In the corner of my eye, I vaguely noticed mom smiling at me.

By the time I looked back at April, she had a new bikini on. Eunice found a new one and then stood up, facing me to take off her bra. Her tits bounced free. Looking me in the eye, she pinched her nipples before putting her new bathing suit on. She took her time adjusting her bra cups, letting her tits bounce sexily. While April and Eunice paraded their second bikinis, it was mom's turn to change into a new one.

Mom was no less of a tease. She took off her bra and held her tits as if to offer them to me, but she was too far away. She then bent over away from me as she slipped her bottoms down and off. She parted her legs a little to give me a better view at her bald treasures or to look at me from between her legs. Looking at me this way, she ran her palm along her crotch, teasing her pussy and making my tortured cock jump. Her pussy was amazingly small too small and too pretty for a woman who gave birth to four children.

The show went on as each lady modeled three different bikinis. I was getting more detached from reality as the home fashion show went on. Then started the lingerie show. In the first round they modeled ordinary sexy, lacy lingerie, all in black along with garter belts and black silk stockings. The second round had sheer under things where hard nipples were outlined in a shade a bit darker than reality and pussy lips where almost in view. The third and final round had push-up and peek-a-boo bras and crotchless panties, that let everything hang out in the open before my greedy eyes. The models did not forget to make all kinds of poses and bends to do their lingerie justice.

Eunice sashayed to me, asking, "Did you like our show, little one?"

I nodded.

She pulled my hands away from my lap, saying, "Show us how much you liked it."

I pulled my hands back down and we struggled against each other.

"Come on don't hide it," April said. "We showed you everything, didn't we?"

Mom then came forward and pulled my left hand to the left and Eunice pulled my right hand to the right. I surrendered. Now there was no hiding my boner.

"Do you think he really liked our show?" mom asked April.

"I am not really sure," April answered. "Let's see."

She proceeded to pull my pants down. I resisted a little and then gave in.

"Wow," April squealed when my boner jumped out in the open. She took my pants off.

"He's got a thick seven-incher," Eunice shouted excitedly. She was pretty accurate at that.

"Yes, that's right," mom said. "Suck it, April." I almost came.

A clear drop formed at the tip of my hard cock. April licked it up teasingly, making my cock jump. Then her lips closed past the head of my cock. That was the proof to me that I was dreaming, so I let go and proceeded to enjoy the rest of my wet dream.

April gave me no time to recover from having her lips close around my cock before her nose was pressed against my pubes as her lips wrapped the base of my cock. Mom knelt behind April and took her bra off, completely freeing her tits and then pulled her panties down. April raised herself a little up to help mom take them off. Then April proceeded to try her tricks on me. She really was an accomplished cock sucker.

"April is the family cock sucker," giggled Eunice.

"Oh, yes?" I asked.

"That's right," mom answered.

"And what are you?" I asked Eunice. She did not answer.

April interrupted her cock sucking briefly to say, "Eunice is the family anal nympho."

Eunice blushed at that.

"So you like taking it up the back door?" I teased Eunice.

"Who doesn't?" Mom said, running her hand up her own thinly covered ass. I almost came. "But Eunice has the horniest ass."

April soaked my cock with her drool and expertly had me fuck her throat. Eunice and mom were sitting on either side of mine, fingering their pussies and rubbing their nipples. I leant toward one and then the other, sucking an erect nipple for a second, making them moan. April too had a hand between her legs and diddled her pussy. She then fucked my cock with her glorious tits. It felt great. She sat back and looked at the glistening rod.

"It looks great," Eunice commented then flicked the tip of her tongue on the head. Mom did the same then both of them proceeded to undress.

"It's about time you check us out," said Eunice kneeling down on elbows and knees on the carpet near the bed. The other two beauties followed suit.

Starting at the inner side of the room, I knelt behind Eunice and started to inspect her nether region. Her pussy was a little moist, the lips slightly parted. I gave her a slow lick that made her hold her breath. I wet my index finger in my mouth and wormed it into her pussy to the third knuckle. She gripped on it and started sucking it. I pulled it out and licked her taste off. I blew hot air on her wrinkled opening, making her moan. I wet her backdoor with my tongue and pushed my finger in. Her tight asshole relaxed, taking my finger in to the hilt, then gripped on it and sort of nibbled on it.

I put my cock at the opening of her pussy and applied a little pressure. She gave the backward push that made her pussy swallow my cock to the root. Keeping me rooted inside her, her muscles started milking my shaft. She had a really tight pussy. I gave her a few strokes, then she reached back and pulled my cock out of her pussy and into her asshole. Her ass was much tighter than her pussy but that did not deter her from swallowing me to the root. Locked there, she let her anal muscles milk me. I stroked my cock in and out of her a couple of times then pulled it out. I did not want to come right then.

Moving to April and then Mom, I inspected them in mostly the same way. Eunice had the tightest holes, but Mom has the best cock milking technique. I could hardly stand her pussy, but her ass was a little more tolerable than Eunice's. April was in-between, so to speak.

Back to Eunice's oral exam, she had no problem taking it into her throat or milking it expertly.

"Hi, guys," suddenly someone said. I pulled back reflexively and looked towards the room door. It was dad. I almost died, but no one else seemed to care.

"Hi," they all chimed but me.

"Hi, Nick," he said to me. "Are you having fun?" I did not reply. By this time, Eunice had returned to licking and sucking my cock, but I felt my cock going limp.

"Do you know why we are having this orgy?" He asked, looking at me.

"It's a dream," I smiled. They all laughed.

"No, it is not a dream. Your slut sister is really going downtown on your boner," dad said. "We are celebrating your eighteenth birthday."

Dad paused a little. "I do not know how much you know about your partners," he said. "But as your father, let me pass some of my experience to you." He looked at mom. "The three ladies are wonderful fucks, but they are different as you will find out yourself. Your fantastic mom is the best straight fucker, she's got the most sensitive tits in this room. You will really like what her pussy does to your cock when you suck her tits while fucking her. April knows how to suck a man's cock and as you see she has the best tits for tit fucking. The little slut, who's sucking your cock now, has the tastiest pussy and ass if you are into eating out. She had the tightest and loveliest ass for drilling. If you need any help with them, feel free to call me." He smiled and left the room.

Dad was back very soon. He said, "I forgot to tell you something about April. If she does not get fucked royally, she feels guilty for cheating on her husband. You know, all her husband knows is that she is helping with celebrating your birthday. He does not know his wife is getting fucked silly by her own family. Fuck her good so that we can have her again."

"Don't worry dad," I smiled. "I'll make her feel guilty she is going back to her husband."

Dad left laughing.

I snapped my cock from Eunice and fed it to April. As good as Eunice was, it was obvious April sucked better than Eunice. After a few seconds, I fed it to mom, who also had no problem taking it into her throat and milking it expertly for a few seconds.

Then it was time for some serious fucking. "What do you want to do with us first?" Eunice asked.

"I would like mom to suck my cock while I eat you out," I answered.

"What about me?" April said.

"You can finger your pussy while watching," I said. "Pay some attention to your ass, will you?"

"I will," she smiled.

I lay on the bed and mom lay between my legs. Eunice lay beside me, holding her knees against her chest to open her pussy fully. I turned my upper half to the side and started teasing Eunice's pussy and anal area with the tip of my tongue and that was what mom did to my balls.

The action heated up and my tongue started to dip into Eunice's holes as mom let her tonsils massage the head of my cock gently. We all were moaning. I heard a sudden moan from elsewhere. When I looked, I found April lying on her back, legs held up and back, working two fingers into her pussy and two into her ass. I worked two fingers into Eunice's ass and finger-fucked her furiously while sucking her clit hard. It took her two minutes to scream in orgasm, soaking my chin with her juices. I lapped her juices and signaled mom to mount me.

Mom straddled me, placing the head of my cock at the entrance of her pussy. She lowered herself slowly. She was not pushing my cock into herself, but she rather let her pussy suck it in and lowered herself as more was sucked in. Finally the back of her pussy pressed against my balls. Her magical muscles started working on my cock, taking me dangerously close to orgasm.

"Easy, mom," I admonished.

"I know what I am doing," she said, smiling. "Don't worry."

She eased the grip on my cock and started bobbing up and down. I pushed her hands up. She got my hint and clasped them behind her head, giving me a great view of her jiggling tits. My sisters were now watching while gently rubbing their pussies. Mom's muscles were not idle, but were not trying to beat the band either. She knew how to please cock.

I raised my head and pulled mom to me. I captured a nipple between my lips and sucked it. She moaned and her pussy twitched fantastically around my cock. Sucking the other nipple elicited the same response.

"April, Eunice," I called. "Sit on either side of mine."

They complied; Eunice sat on my right, April, left.

"Now, grab mom's nipple nearest you and suck," I said, placing a hand between each one's legs and started rubbing their pussies gently. The hesitated. "Do it," I called, slipping two fingers up each pussy.

The two girls lent forward and started nursing on mom's tits. Mom wrapped her arms around their heads, holding them to her hungry tits. Each girl had a hand behind mom and was using the other to fondle her own tits. I enjoyed the involuntary contractions of mom's pussy, which were a little dangerous. But mom herself went nuts and was about to orgasm at any moment. I moved my index and middle fingers into my sisters' asses and slipped two other fingers into either pussy. We found one rhythm for the fucking, sucking and double finger-fucking and I was in control of that rhythm. Soon, I had mom's pussy contracting uncontrollably around my cock and gushing its extract.

We did not let go of mom throughout her orgasm. When mom came down off her tide, I asked Eunice to guide my cock to mom's backdoor. Eunice pulled my cock from mom's pussy and pressed it against mom's asshole. Mom did the rest, swallowing me all the way up her rectum. In a minute, we restored our rhythm and were on flying to orgasm. I was under the effect of the crazy spasms of mom's asshole. Some were voluntary, some were not.

Mom needed a little assistance to get off with us. I urged April to rub mom's pussy, or else I would have to leave her alone to do mom with my own hand. She took the former choice and mom flew fast towards orgasm, doubling her speed. I doubled my efforts at the girls' holes.

Then we all came. Mom was the first, taking me with her, April third and Eunice was the last, but all within a few seconds. Load after hot load of my come coursed into the depths of mom's sucking rectum as her asshole twitched orgasmically around my twitching cock. Some of her juices leaked down onto my pubes. April and Eunice's holes contracted wildly around my fingers, her pussies gushing hot juice onto my hand.

Mom collapsed onto me and we kissed. I removed my hands from my sisters' holes and sucked my fingers dry, and then sucked April's fingers which had been playing with mom's wet pussy. My cock slipped out and mom rolled over and lay next to me. I wiped her pussy with my hand and gestured to April to suck my limp cock up again. April arranged herself between my legs while I licked mom's tasty extract off my sticky fingers.

While April worked her magic upon my cock, Eunice sat astride my head and I lapped her pussy. I licked her asshole too. As April fucked my cock with her mouth, I fucked Eunice's ass with my fingers while tongue-lashing her clit. Eunice was coming into my mouth when April's pussy swallowed my cock and started fucking. Eunice lay on her side and watched our fucking.

When April's juices got running, I changed positions, arranging her on all fours. As I drilled her from behind, I instructed mom and April to lie beneath her and suck her tits. They complied promptly. I told them to help her come fast. April was in heaven. I kneaded her ass cheeks while giving her sucking pussy, long, deep strokes. I spit down onto her wrinkled hole and massaged it with my fingers, working some of my drool into her rectum. Then I fingered her ass with the same fucking rhythm of her pussy. She was there in less than five minutes.

She hardly stopped grunting in orgasm as I pulled my soaked cock from her sticky pussy and pushed it all the way into her asshole in one smooth stroke. I fingered mom and Eunice while pumping April's throbbing asshole. April moaned rhythmically with my thrusts. Then I crouched over her and started pounding her hard from above, making her grunt and squeal. She could not stand much of this. April stifled a scream and her asshole lost control and went into spasms around me. I fucked her hard until her asshole stopped twitching and she relaxed. The other ladies withdrew from under her and let her collapse onto the bed. I popped my cock from her ass and knelt down behind her to lap her pussy dry.

"Come here, hot ass," I said to Eunice, pulling her ass to the edge of the bed. "It's your turn."

I bent over her and teased her nipples to full hardness. Then I dragged my tongue down her belly and rimmed her navel. I continued down and teased her clit briefly. I parted her legs and mine and pushed my cock into her pussy. I bent over her, propping myself on my arms, and started fucking her hard, making my balls slap her flesh.

"Do you want me to fuck your ass?" I asked, looking her straight in the eye.

"Oh, yes, please," she said with a lustful look in her eyes. "Please fuck me in the ass."

"All you have to do is make me slick enough for your horny tight asshole," I urged. "Come for me sis, come."

She wrapped her legs tightly around me and started shoving her pussy up hard to meet my strokes, making her ass jump inches off the bed. I fucked harder myself and in a few minutes, she was holding me tightly as her pussy gushed generously around my hard-pumping cock.

When she finished coming, I unwrapped her legs and made her hold them back. I used my cock to transfer some juices from her pussy to her asshole, which was already wet with her fluids. Her asshole relaxed as I pushed the head of my cock in. The hungry asshole swallowed my cock to the root. Eunice moaned when my balls hit the back of her ass. I held her legs against my shoulders and started pumping her rectum.

Eunice's sphincters milked my pumping cock. Mom and April squatted near the bed and watched the pumping action. Either one had her fingers busy between her own legs. Eunice moaned and grunted, pushing her ass to meet every hard thrust of my cock. Long, deep strokes skewered her stuffed but hungry rectum.

I pulled out of Eunice with a plop. I knelt down and lapped her wet pussy, teasing her hard clit. I rimmed her asshole and then tongue-fucked it, working spit and pussy juices into her rectum. Then I was again pumping her tight ass. That break let my cock rest and return with new strength. Every ass splitting thrust pushed Eunice a little closer to orgasm. Finally, her orgasm hit accompanied by louder moans and grunts. Her asshole tried desperately to milk my come into her but I held back, drilling her earnestly throughout her come.

My still-hard cock plopped out of Eunice's ass. I licked her precious fluids off her pussy. Some leaked down to her asshole. I licked it up too. And finally, I laid a loving kiss on the well-fucked asshole.

April was eager to take my cock into the warmth of her mouth. I fucked her throat for a couple of minutes and then I pulled out. I let mom have a little taste of my cock, and then grabbed her and arranged her on all fours on the bed. I licked her asshole. She moaned while I teased the little opening into readiness. Kneeling on the bed, I slipped my cock into mom's pussy for a few strokes, and then I pushed it slowly into her ass. When my balls touched her moist pussy, I pulled her up and back to me, squeezing her tits gently. Keeping my cock inside, I lay back and had her sit on me. As soon as she started moving her ass up and down my shaft, I signaled April to sit on my face. Eunice straddled my legs and started sucking mom's tits. I heard mom moan joyfully and could feel it in the grip of her asshole.

Fingering April's ass while sucking and licking her clit got her off before I expected. Her secretions soaked my lips. She got off my face and kissed me on the lips.

"Have you ever eaten pussy?" I asked her.

"No," she answered quizzically. "Why are you asking?"

"Because I want you to eat out mom," I said.

"I can't do that," she said, but she did not look determined.

"I am sure you can," I countered. "You may love the taste of pussy sauce cooked on anal heat."

"Well, I do not know," she said hesitantly.

"Try it," I said. "If you don't like it, just stop. That's all to it."

"Okay," she finally agreed. "I will try."

Eunice left her place and came to me. I could feel April's breath when she dived between mom's thighs. Mom leant back and aside to make more room for April between her legs. April must have liked it there, because she did not raise her head from mom's pussy. Mom liked it more. She lost the rhythm and her ass moved uncontrollably. Meanwhile, I sucked Eunice's tits while fingering her moist openings.

It was sudden when mom's asshole started contracting repeatedly around my cock. She started coming in April's lapping mouth. I thrust vigorously into mom's coming asshole, making her fall back and down next to me with our bodies still joined at my pumping shaft. I rolled us over, getting on top of her and arranged us into the doggy style.

I pulled my cock out with a plop and gestured to Eunice to suck it. With a new coat of saliva on my cock, I plunged into mom's waiting ass, balls deep. Then I urged mom to move her ass back and forth along my entire shaft. My cock was stretching her asshole tightly. Eunice commented on that.

"Look," she said to April. "He's really stretching her asshole out."

"You should have seen him when he was stretching yours," April giggled. "It was a view to behold."

"Really?" Eunice asked. "Is that why it felt so good?"

"Ask mom," April said.

"Hey girls," mom said. "I can't judge, because I can't see myself, but I feel so damned full of cock."

"You certainly are," both girls giggled.

I leant forward gripping mom's tits in my hands and started squeezing them. We were both close to orgasm. I sped up my thrusts and mom matched me stroke for stroke. In a couple of minutes, mom was grunting as her asshole milked my aching cock. I hardly could hold back till she finished orgasm. I pulled my cock out. It popped out of her asshole. It lay along the back of her ass crack and started spewing come over her back. My sisters watched my cock until it stopped pumping jizz. Then April took it into her mouth and jerked it to squeeze every last drop into her thirsty mouth.

Eunice was meanwhile licking up my come off mom's back. "Share some with mom," I said to her. She did, sharing some with mom over a tongue kiss. April did the same. The horny girls did not leave a trace of jizz on mom's back. Mom's back was moist with saliva.

I kissed every one of the three, tasting my own come in all their mouths. Then I collapsed on the bed on my back. Mom was on her tummy. We rested for a minute, and then I felt something tickle my limp cock. The moist tip of a tongue brushed my balls. Serious licking and sucking of my cock followed in several seconds. My cock twitched and started regaining its composure. April's hungry mouth could not let me rest for a complete minute.

While April fed on my cock, I stroked mom's back lightly, going south little by little. Mom sighed. I felt a round ass cheek and then the other, and then brushed my finger tips down her anal cleft. I teased the rim of her pussy, getting my finger wet, and then traced back up to her anal opening. Working the tip of my finger in and out of mom's asshole, she started humping her ass back.

"Mom, do you want to get double penetrated?" I asked.

"What?" she said in surprise.

"Wow, yes, mom. That sounds really hot," Eunice squealed.

"Yes, mom. You are going to like having me and dad work your pussy and ass at the same time," I urged.

"I don't know," mom said. "I've never thought about this act."

"You can think about it while Eunice brings dad with a big boner," I said.

"I will do that," Eunice said, hopping off the bed.

April did not stop throating my cock to join the discussion, but finally I pushed her head off my glistening boner. She left it reluctantly, leaving a thick coat of saliva on it. I leaped on mom, sticking my cock into her asshole. It went right in.

"Did you make up your mind?" I asked, skewering her ass.

"Yes," she answered, pushing her ass up to take me deeper. "I will try."

Dad entered the room, preceded by his hard cock, which was longer and a bit thinner than mine. Eunice was with him. I rolled over on my back, taking mom with me. Mom propped herself on her arms and worked her ass up and down. Dad dived between her legs and licked her pussy silly while I drilled her ass. Her asshole made nice contractions around my cock.

When mom was ready, dad knelt between her thighs and pushed his cock into her pussy. Working her asshole, I could feel dad's cock slide into her, making her ass a tighter place. The first few strokes were not in harmony, but then we found a rhythm, working one's cock in while the other pulled his out. Mom moaned and grunted, shoving her ass back and forth.

Suddenly, April and Eunice, each captured an erect nipple of mom's and sucked. Mom screamed and came, her two holes milking our cocks violently. Mom collapsed back on my chest, but we continued pounding into her until she stopped moving. We pulled out of mom and left her lying on the bed.

Eunice let mom's nipple drop from her mouth to say, "My turn, my turn."

"I agree if you refresh my cock," I said.

Before I finish my sentence, my anally flavored cock was inside Eunice's mouth. April took the chance to feast on dad's cock. Dad in his turn did not miss that chance to eat Eunice's pussy and ass, getting her readier if that was possible. She started moaning around my cock.

Dad lay on his back, his shiny long cock sticking up. While Eunice mounted dad and lowered her pussy on his cock, April gave the head of my cock a few sucks. I had to pull it from her and kneel behind the already rocking Eunice before she started shouting at me. They stopped moving as I pushed my cock into Eunice. Her tight asshole was tighter than before, but equally hungry.

When we found our rhythm, April straddled dad's face to ride his tongue. Soon, her moans added to Eunice's. I squeezed and handled Eunice's tits while dad did April's. Mom was watching silently. Dad must be one hell of a muff diver, because April was the first to come. Eunice followed shortly, letting her asshole spasm crazily around my cock and her pussy milk dad's. Dad could not stand it and pumped his load up Eunice's pussy while drinking April's juices.

April dismounted and Eunice collapsed on top of dad while I fucked her ass slowly and kissed her neck and ear. We rolled off dad, me taking Eunice with me, keeping my cock lodged within her rectum. I settled on my back and

wrapped my arms around her, whispering to her to squeeze her ass around my cock to keep it hard. Her rectum started rippling delightfully around me.

At my next glance at dad, I found April sixty-nining with him and mom was helping her with sucking and licking his cock. I am sure April would have preferred an extra cock to a helping mouth. Eunice was rolling her hips back and forth as her ass fucked my cock. I gave her asshole a few long strokes before I pulled out. I pushed my cock into Eunice's mouth and bent over April to munch on her ass.

I bit and licked at April's ass cheeks while finger-fucking her tight hole. Eunice held my hips and moved me back and forth to fuck her mouth. Meanwhile, mom was taking dad's cock deep in her mouth while April concentrated on the sensations wracking her body.

April was ready. I removed my cock from Eunice's mouth and crouched over April, aiming my cock at her ass. I lowered myself, finally pushing my cock into April's asshole. She moaned as her ass slowly swallowed my shaft. I fucked her slowly while dad gave her pussy final licks. Mom left dad's hard cock and he crept from under April. He sat in front of April and she sucked his cock some more. Then Dad crept beneath her until his cock was beneath her pussy. I slowly lowered April onto dad and soon his cock was sliding into her pussy and the flight began.

Dad seemed to be a well-respected pussy lick. Mom sat on his face, facing April and started fondling April's tits while dad ate her out. I reached a little forward and started playing with mom's tits. She enjoyed the bigger ones. April was having the time of her life. I was happy for her.

Dad and I gave April's holes a hard workout. When she neared orgasm, I was near my limits. She screamed and started coming, forcing me to follow suit. I could not help pumping my load way deep up her bowels. Her twitching asshole sucked my cock too hard to resist. She milked my cock dry. Mom came into dad's mouth almost at the same time, but dad did not stop pumping April's pussy. Mom and April held each other while coming.

Mom moved off dad's face and laid April onto him. I pulled my shriveling cock out of April's asshole with a plop. Her asshole leaked a drop of my come down her crack. Eunice pounced on my cock, licking my anally flavored come off the soft shaft. She made sure there was nothing left to lick, and then licked some more.

April rolled off dad and there was a hard cock in the room. Eunice jumped on it. She licked her sister's come off of it and sat on it, facing dad. She rode it a little, and then took it out of her pussy and slipped into her horny ass.

"You must be reading my mind," dad said, as he gripped her tits and squeezed them while thrusting vigorously into her willing ass.

"Not really," Eunice answered. "I am not a mind reader, I am a cock reader."

"Why would a man ask for more?" dad wondered.

Watching made Mom and April horny. They slithered toward me and assaulted my limp cock.

"I am tired," I said. They did not listen. Even my cock did not listen to me. It started twitching and growing.

"Hey," dad called to me. "This is a once in a lifetime event, Nick. You won't have it every day. Not even in your coming birthdays. We have these parties only to celebrate eighteenth birthdays. On other birthdays, we have smaller orgies so avail yourself of it, son. Tomorrow life will get back to normal."

Dad did not miss a beat up Eunice's ass.

By the time dad finished talking to me, my cock was hard and ready for some serious fucking. I stood up and brought my cock towards Eunice. Standing astride dad, I pushed my cock into Eunice's mouth. Eunice held my hips and pulled me into her, taking my cock all the way into her mouth. She fucked both cocks in the same rhythm.

"Tell us how it tastes while you are getting ream," I said to Eunice.

"tastes bet'm," she said, mincing both ends of her sentence as she sucked my cock hungrily.

I let her suck me for a minute and then disentangled myself from her to look after the two other waiting ladies, who watched while strumming their clits.

"Mom, April," I called. "Get on your hands and knees."

No sooner said than done.

They pushed their asses out obscenely as I knelt behind mom. I stood my cock along her slit and slid it up and down along her moist lips. She humped back.

"Want it up the ass?" I asked.

"Yup," she said, pushing her ass back against me.

I rubbed the head of my cock up and down her wet pussy to get it slick. Then I swirled the tip of my tongue over her wrinkled asshole. The slightest push of the head of my cock against her asshole let her hole open of its own accord and swallow my cock head. After all this reaming, their horny assholes opened at a single touch.

"Jesus, mom," I exclaimed. "Now fuck me."

I stood still, watching mom's ass deep-rectum my thick shaft. I stroked her ass cheeks and back lightly, while looking at her anal ring, tautly stretched and traveling up and down the length of my cock. Then the anal milking action started. It was exquisitely light and very enjoyable. I leant forward and stroked mom's tits and tickled her nipples with my fingertips. I could not keep still for longer than a couple of minutes, my hips started moving back and forth on their own.

April was looking back at us, reaching back with her hand and fingering her asshole.

"Hi, there," I smiled at her.

"Hello," she said.

Meanwhile, we could hear screams and shouts coming from the other side of the bed. Eunice was coming, shoving her ass up and down uncontrollably against dad's pumping pelvis. Dad was trying hard to hold back. He succeeded and normal ass fucking resumed after Eunice finished coming.

It was April's turn. I kissed mom's shoulder and pulled out of her. I did the same with April, letting her fuck me herself. I gripped her big tits and squeezed and kneaded them. I pulled on her erect nipples. April went nuts. I reached between her thighs and captured her clit between my fingers. A little pinch to her clit sent her over the edge. In less than five minutes, April was convulsing and shoving her ass back at me. Her asshole milked my cock hungrily, but I could easily hold back as I pumped her ass hard, enjoying her orgasmic waves.

Finally, April relaxed, dropping her head down. I pulled from her and was back at mom's ass. Mom was ripe, having played with her pussy while I drilled April. I drilled mom's ass for a few minutes while handling her sensitive tits. She was ready. I told mom to finger her clit. Before she could touch her clit, she broke into orgasmic contractions, but she fingered her clit all the same throughout her violent orgasm. I gripped her hips and pulled her tightly back to me to hold my cock as deep as it could go within her. What an enjoyable anal orgasm!

"April," I heard dad call.

I looked around and found Eunice sitting near me, watching me and mom. Dad was lying back with a boner that leant to the back. April was on her tummy where I left her.

"Yes, dad," April answered, getting up.

"Come here, darling," dad called.

I pulled from mom. My cock popped out of mom's ass and into Eunice's mouth! She sucked it while I watched April suck dad's cock for a minute. Then dad asked her to lie on her tummy and got on top of her. He worked his cock into her and started a slow ass fuck.

"Oh, dad," April moaned. "I love this."

"It wouldn't be appropriate to go back To your husband without a special present from your dad, right?"

"Oh, dad," she moaned. "How thoughtful of you!"

While Eunice sucked my cock, I held mom's hips and raised her up to my face. I wiped those tasty juices off her sated pussy and put her back down.

"Okay, Eunice," I called. "Now, do you like me to do you like dad is doing April?"

"Why, sure," she responded.

She lay on her tummy and soon I was on top of her, her legs between mine. Having stuffed her ass, I proceeded to give my anal nympho sister a nice, slow ass fucking, hoping to satisfy her insatiable asshole. Her asshole milked gently but expertly on my cock. I asked her to rub her pussy gently. She did while I worked my hands beneath her tits and kneaded them in the same rhythm.

Mom had enough. She left the room without being noticed. The sisters smiled at each other from beneath us. They reached over and held hands while their hot asses received some deep drilling.

Eunice humped her ass back slowly to meet my thrusts and make sure that I fucked it in as deep as it could go. I could sense a few involuntary spasms around my cock as Eunice neared orgasm.

"I am going to come," Eunice moaned as I nibbled on her earlobe.

"I can sense that," I whispered. "Make your horny ass come hard for little brother. Come for me sis," I urged.

We continued fucking in the same slow pace until suddenly, Eunice called, "Oh, fuck," and her asshole twitched out of control around my cock. I pumped hard into her without compromising the depth of each stroke. She held April's hand tightly and I bit on her earlobe. Eunice moaned and grunted as her asshole rippled wildly around my hard, pumping cock. When she finished coming, I went back to our slow rhythm. I really enjoyed her come. Soon, she recovered and resumed fucking back. It seemed that dad and April were near their orgasm.

"I love the way you fuck my ass," Eunice whispered.

"I love your ass," I whispered giving her ass a harder thrust.

We watched as dad and April's noises went higher. Their pumping got frantic and their faces contorted as they concentrated on their pleasure. Then they fell out of sync as their come hit. Dad pumped and April shoved her ass back as they grunted. Then they relaxed and stopped moving. Dad and April kissed when he finished giving her his special present. Having secured his present within April's bowels, dad rolled off her and onto his back.

"Next is our turn," I said to Eunice. "Are you ready?"

"I don't know," she said. "I don't know if I can come any more."

That made me feel good. Eunice was not really insatiable.

"Hey, sis," I said. "You have to. Work your clit harder and I will take care of your tits and ass."

I needed to come, but I could not do it without her help. I squeezed her tits harder and pinched her nipples while giving her ass longer and faster strokes. Eunice went alive with this new pace and, in a couple of minutes, she seemed close to orgasm. I gave her everything I got. My flesh slapped audibly against hers as we grunted and panted. Eunice screamed and her rectum went wild, contracting around my pumping shaft. That got me off. I thrust my cock as deep as it could go and pumped what must be my biggest load ever deep into my sister's sucking bowels. Her ass milked crazily for more. Every time her orgasm subsided, I thrust into her, renewing her anal contractions. Our orgasm must have lasted for a couple of minutes. Having drained my balls, Eunice relaxed, collapsing on the bed, me on top of her, both spent out. Dad and April were looking at us, with big smiles. Dad was lazily stroking April's ass.

Finally, my limp cock slipped out of Eunice's asshole. Eunice's leaky pussy left a wet spot on the bed. Now all sated, we went to shower, Eunice and I together and dad and April together. Eunice made sure to clean my cock thoroughly with her tongue before showering. I am sure April did the same to dad.

After we put our clothes on, Eunice suggested we go downstairs to the living room. There waiting for me was a surprise birthday party. After all this, who needed a party. It was like my past birthday parties, but we had wine.

With the next morning, life was back to normal. I was back to seeing Rachel and Raquel but I no longer felt guilty about drilling them and it helped me become a better lover.

A couple of months later, it was mom's birthday. Dad and I fucked mom silly in all combinations, until she could take no more. April and Eunice joined the party and had their share. Concentrating on mom, we couldn't satisfy my nympho sister, especially because according to dad's rules, we were restricted to three hours. But three months later, it was Eunice's birthday and we satisfied her all right. A month later, came our parent's anniversary. Dad went after the girls and I went after mom. My sisters drained dad while I drilled mom senseless. It was repeated two months later, in dad's birthday. A month later, April was the birthday girl. She sucked our cocks silly and we, in turn, double-fucked her and made her eat pussy while taking it up the ass. Later that evening we threw a conservative party and her husband was invited. We were now waiting for a big event. Lenore's eighteenth birthday was two months away, and with it comes a big time orgy.

Meanwhile, Raquel married her boyfriend and left her apartment. Rachel and I started to meet in my room. We were both adults and studied at the local university, me electrical engineering and she computer science. We saw little of Raquel for the first three months.

Raquel invited Rachel and me to her matrimonial house and introduced me to her husband, Dave. Dave chatted with us for half an hour and then left, saying he had some business to do with a client. He told Raquel not to wait up for him, that he may return after midnight. Dave kissed Raquel and left, saying he looked forward to seeing us again.

"I missed your cock," Raquel said to me as we heard Dave's car start.

I was taken aback.

"He missed you too," I said, my cock twitching to concur.

Raquel was sitting opposite us. She came and sat on my left while Rachel was on my right. Raquel started feeling up my crotch.

"I see you did not lie," she smiled.

Soon, I was sitting back, while Raquel, kneeling between my knees, let her throat fuck my cock. Rachel and I kissed while she took off her top, moments before I started fondling and sucking her tits.

Coating my cock thickly with saliva, Raquel bent over the coffee table and called to me. I didn't notice her getting completely undressed.

"I miss your pussy," I said. "I want to eat you out."

"No, no," she protested. "First I want you to fuck me in the ass, and then you can do to me anything you want."

"Let's get some butter then," I said.

"No," Raquel said. "I am ready."

I knelt behind Raquel, bringing my cock to her asshole. Her tight, wrinkled hole shone. Wow, she had it greased all right. I pushed my cock in and she pushed her ass back. She was tight, but pushed back until her ass bumped my pelvis. She almost came when my cock hit bottom.

"Oh, yes," she moaned. "Fuck my married ass." She giggled.

"Whatever you say," I said, thrusting back and forth, letting her stretched ring massage my thick pole.

I kneaded and milked Raquel's firm tits. The depraved woman did not last for five minutes. She screamed while her asshole twitched orgasmically around my pumping shaft. I fucked her ass mercilessly throughout her orgasm.

"That was great," she moaned. "I needed it." She straightened up and kissed me on the mouth.

"I hardly started," I said.

"That's okay," she said. "Me too. You can fuck me through another orgasm!"

"Why not?" I said. "What do you say, Rachel?" I asked looking at my stark naked girlfriend.

"Yes," she said. "Go ahead."

"Come here, Rachel," Raquel called. "I want to eat your pussy."

Rachel was surprised but I encouraged her. We arranged ourselves without freeing my cock from Raquel's anal vise. Rachel sat back on the couch holding her legs up and back while I knelt behind Raquel. I started drilling Raquel's ass while she ate her sister. At every deep thrust into Raquel's ass, a moan escaped Rachel's lips as the lust waves traveled from Raquel to Rachel through the mouth-pussy link.

Rachel's face contorted in lust as her pussy got eaten. I wet a finger in my mouth and pushed it up her neglected asshole to complete the circuit. Her moans heightened and she shoved her ass forward. I pumped and reamed out Rachel's tight asshole while her sister's tongue danced lustily off her stiff clit. The girl's asshole gripped and twitched around my finger in accordance to the tongue lashing her clit was getting. It did not look like she could stand it much longer. In a minute, Rachel screamed and convulsed in orgasm, her asshole contracting wildly around my pumping finger as she gushed her juices into her sister's sucking mouth.

Raquel bucked her ass in the same fast rhythm she lashed Rachel's clit. With my free hand, I held Raquel's waist and tried to steady her and deliver a nice slow ass fucking while making sure to give her the deepest thrusts. She turned back and shared the familiar but delicious taste of her sister's juices with me. I pulled my finger out of Rachel's asshole and inserted it into Raquel's mouth. She licked and sucked it. Then I took that same finger now wet with her saliva to her clit. I tickled her clit a little. She gasped and then stiffened. Her asshole milked hard on my cock as she screamed her orgasm, gushing her juices against my palm.

I licked Raquel's pussy nectar off my hand while delivering the last thrusts into her asshole. Then I stood up bringing my cock to her mouth. Rachel brought her head down to my cock too. The two girls jerked my cock onto their faces. Soon, jets of hot come flew into their eager mouths and onto their pretty faces. After they sucked my cock dry, they licked my come off each other's face.

We sat back resting on the divan, me in the middle wrapping my arms around them.

"I didn't know I was this horny for your cock," said Raquel.

"I can hardly believe it, either," I answered. "I guess now you got to prepare me for the next round since you drained my first come load."

"Why not?" she said, mumbling the second half of her answer around my cock.

Rachel and I kissed and felt each other up while Raquel sucked my cock. Rachel moaned around my tongue as I massaged her pussy gently and then reached further down to finger her asshole. I fingered her asshole with my

middle finger while doing her pussy with my thumb. She humped my fingers and moaned into my mouth. My mouth skated slowly down her chin, neck and chest and stopped over her heaving tits.

Meanwhile Raquel had my cock pretty hard and was sliding it in and out of her throat. I busied myself with Rachel's tits, licking all over her globes before stopping at her aching nipples. I gave those erect nipples a good workout while working her nether holes. We both were ready.

Rachel sat astride me, her face to me, and lowered her pussy slowly over the full length of my hard cock. She gasped when she hit bottom, her clit getting squeezed against my pubic bone. I held her ass cheeks and moved her up and down my shaft as we started a slow fuck. I kneaded and squeezed her ass, looking into her lustful eyes.

Raquel knelt at the floor behind Rachel and started licking her sister's ass cheeks, finally probing tentatively at her asshole. Then Raquel's tongue worked harder over the pulsing asshole.

"I think marriage converted your sister into an insatiable slut," I said to Rachel.

"So do I," she said. "She has never acted this way before."

Raquel groaned while probing Rachel's asshole, but did not say anything. I pulled Rachel's ass cheeks apart to help Raquel probe deeper. She moistened a few fingers in her own pussy and then brought them to Rachel's tormented asshole. Rachel grunted as she felt her sister's finger enter her rectum. I felt her pussy grip on my cock and she bobbed her ass more urgently, what with both holes getting pumped. It took her a couple of minutes to gush her fluids onto my cock, soaking it real good. Raquel worked her finger harder into Rachel's twitching asshole.

There was so much Raquel's fingers could do within Rachel's ass. It was time for something bigger. I lay Rachel on her tummy on the floor. She pushed her ass up to me and I worked my cock gently into her asshole. It went all the way in. She moaned when my balls pressed gently against her pussy. I had Raquel kneel down in the doggy fashion, her knees on side of Rachel's head. I ate Raquel's well-fucked asshole while fucking her sister's horny hole. My tongue burrowed into Raquel's asshole in the same rhythm I pumped Rachel's bucking ass but on the out-stroke. They seemed to echo each other's moans. Raquel was fingering her pussy while I tongue-bugged her ass.

We started slowly and our rhythm built up as we fucked. Finally my balls were slapping audibly against Rachel's sticky but empty pussy. She bucked her ass back at me to meet every thrust. Raquel did the same. Then suddenly both girls started coming. A girl's ass twitched around my tongue, while the other's twitched around my pumping cock. I fucked and tongued till both girls recovered from their orgasms.

I removed my cock from Rachel's ass with a plop and then flipped her on her back. I licked her soaked pussy while Raquel rubbed her sticky pussy slowly over Rachel's mouth, soaking her face. Little by little, Rachel started licking her sister's juicy pussy while I slurped her equally juicy pussy.

Getting through with Rachel's pussy, I brought my cock to her mouth. Raquel reluctantly moved her pussy off her sister's mouth to allow me in. I stroked my cock several times in and out of Rachel's mouth, letting her taste her own asshole on my shaft. Then it was Raquel's turn to host my cock.

Raquel's pussy was the only hole, which had not got my cock that evening. As soon as I pushed the head of my cock into Raquel's pussy, she shoved her ass back so fast she made me jump as her clit slapped my balls. She bucked her ass back fast. I gripped her hips with my hands and stopped her.

"If you don't stop moving," I threatened. "I am going to fuck it out of you and you can then buck all you want."

She stopped moving and I started sliding my cock agonizingly slowly in and out of her gripping pussy. I pulled her ass cheeks apart and teased her asshole with my fingertips.

"Rachel," I called. "Finger fuck this slut's asshole."

I held Raquel's ass open and worked my cock in and out of her pussy nice and slow while Rachel fingered her ass while licking her clit and my balls. Raquel moaned impatiently as I fucked her, but she was getting real close. I stepped up the pace and Rachel did the same, trying to get Raquel to come. As Raquel got very near to orgasm she bucked her ass back. I withdrew my cock out of her and that seemed to drive her over the edge. She screamed and shoved her ass back as Rachel continued finger fucking her asshole. Her pussy twitched around thin air and gushed hot juices out. I rubbed the head of my cock on Raquel's contracting pussy, but I did not try to get it in.

Raquel had hardly recovered from her orgasm when I pressed the drenched head of my cock against her wrinkled asshole, but she did not complain. Actually her asshole sucked my cock head in of its own accord.

"Don't move. We will take care of you," I called to Raquel, and then addressing Rachel as I slowly drove my cock forth, I said, "Rachel, give her a slow, thorough licking. Let's give the bitch a really enjoyable cornholing." I

paused and then said, "Raquel, if you behave yourself we will make you come, and then I will pump my spunk way deep up your horny ass." Raquel moaned in consent.

I took Raquel's ass with slow, long, precise strokes, making sure to push my cock in balls deep and then pull it back up to the head in every stroke. My balls brushed over Rachel's nose while she licked her sister's gash. She sometimes licked my balls in the process. It was a leisurely ass fuck for our pure enjoyment not for the need of release. We fucked as if we had the whole time at our hands. My deep strokes within Raquel's ass aimed at stimulating every sensitive nerve ending she had in her rectum and it worked. Raquel moaned happily as I drilled her ass and her sister ate her pussy out. I enjoyed it too, especially the occasional involuntary spasms Raquel's tight rectum made around my pumping cock.

While keeping the same fucking rhythm, I leant slightly forward and cupped Raquel's jiggling tits. She gasped when I gave her tits a gentle squeeze. I applied a gentle milking action to her tits and squeezed and twisted her erect nipples very gently. She moaned and gasped at my ministrations, her body getting very sensitive with excitement.

"Raquel, baby," I said. "Do you want to come for me, horny?"

"Yes," she hissed.

"Do you want me to come for you and flood your bowels with my hot come?" I asked.

"Yes," she hissed.

"Then what are you waiting for, damn it?" I urged. "Come for me, baby, come. I want to feel your lustful asshole milk hard on my big cock and suck every drop of come I have."

I handled Raquel's tits a little harder while maintaining the same pace. Soon, she stiffened completely and groaned as her orgasm hit her. It was hard to maintain my deep, slow strokes while her asshole twitched violently around me, especially when I started coming myself. I managed to keep my pace though. I pumped load after hot load of thick spunk deep into Raquel's sucking rectum and that made her orgasm go longer. As I continued pumping her contracting asshole, Raquel had the longest, hardest orgasm I had ever seen her have. She moaned and groaned while we kept on working out her holes. I could hear Rachel slurp up her sister's profuse secretions.

My cock started to shrivel. I bent forward and kissed Raquel on the lips and then pulled my cock out of her. Raquel collapsed on the carpet as my wet limp cock dropped into Rachel's waiting mouth. She sucked it and licked it clean. Then I collapsed on top of Raquel to rest a little. My cock hung down along her wet crack. As I showered her face with light kisses, Raquel whimpered that it had been the best fuck she had ever had. I whispered into her ear that I enjoyed it immensely too.

Raquel's eyes fortuitously hit the wall clock and she suddenly jumped and said, "Dave may be back in half an hour."

We all sprung up and hit the shower. We showered together in five minutes. We dressed, and I and Rachel left hurriedly.

On the way home, Rachel said, "Am I going to get this horny when I get married?"

"Only if your guy neglects you ass," I joked and we both laughed.

Finally, Lenore's birthday arrived. Mom told me I was going to baptize her. This very idea gave me a raging boner. It was very electrifying just to think about ravishing such a fresh, innocent beauty. Lenore had black hair. She was the only one with green eyes, mine were brown. Although she always dressed conservatively, I expected her to have ripe tits.. She had a pretty face that exuded innocence. Nevertheless, her face looked very sexy. Since my eighteenth birthday, many a time had I imagined her full lips wrapped around my thick, intimidating cock. Now it was going to happen.

Mom came to my room and told me they were waiting for me in the master bedroom. I felt my cock twitching at the start of a boner. She told me to undress and put on these briefs and follow her. I put on the red translucent briefs she gave me and my boner did not seem to go away. I waited a little until my cock softened a little and headed to the master bedroom. I arranged my cock to point upward a little to the right, because I did not want it to hurt when it grew into a full boner which was inevitable.

Mom was sitting on the edge of the bed and my three sisters stood in a row. All four ladies had thin skimpy swimsuits on. They were so thin not only were the nipple bumps outlined but also a hint of their color showed. Lenore looked shy in her skimpiest wear ever. Her figure looked as I expected. It made my cock witch.

"Good morning," I greeted.

"Good morning."

“Good morning, little one.”

“Good morning, darling,” was the answer.

“Nice briefs,” mom said.

“Thanks, mom,” I answered with a slight blush.

“Lie down over here,” mom said pointing at the bed behind her. I did. My bulge now was hiding behind mom.

“Girls,” mom said, directing her speech to my sisters. “Now we will do some exercises for temptation resistance. They will be a little hard, but I want you to be able to resist sexual temptation and never lose control.” She paused a little. “As you all know a man's excited member, i.e. hard cock, can be very dangerous to a woman. Now we will try to resist it. We will use Nick's cock to demonstrate.”

Mom knelt astride me and lowered her crotch to mine. “The first exercise,” she said, “is riding Nick's rod like this.” Mom slid her crotch back and forth slowly along my now stiff boner. Our underwear was smooth like silk so the fabrics slid easily against each other allowing mom's pussy to slide along the full length of my lying cock.

“Do not apply much pressure,” mom continued. “You must control your moves. Move slowly and rhythmically back and forth along his cock. Concentrate and don't lose control. Nick may try to make you lose control. Be careful but enjoy the ride. We will do this for five minutes each.”

Mom winked at me as her pussy slid tantalizingly along my shaft. Soon, I could feel her wetness seep through underwear and coat the underside of my cock. I reached up with my hands and held mom's thinly covered tits. I kneaded the jiggling tits gently and tickled her erect nipples through the bra cups. I noticed mom's eyes defocus as desire took over her body. I thrust up suddenly as she was sliding back when her clit was most vulnerable. She gasped and almost came.

“Time is up, mom,” called Eunice suddenly, breaking our spell.

“April is next,” mom said as she dismounted me reluctantly. “Let him rest for a second.”

April rode me just like mom, and then it was Eunice's turn. Eunice bumped her pussy against my cock a few times, and then I called, “Mom, she is cheating.”

“Eunice, play by the rules or leave,” mom admonished.

“Sorry, mom,” Eunice apologized and then played fair.

Then it was virginal Lenore's turn. She looked very nervous as she straddled me.

“Relax, sister,” I advised. “It's fun. Don't move until you feel comfortable with it.”

I let her sit idly for a minute, making my cock twitch under her innocent pussy. I held her hips and started moving her gently back and forth in short strokes.

“Now you are ready, Lenore,” I said, smiling at her and letting go of her hips. “Start moving.”

I watched her move tentatively, her big tits jiggling and her nipples erect. I held her hefty tits and kneaded them gently, gazing into her beautiful green eyes. The excitement seemed too much for her naive body. Her eyes started to defocus. “Hey, Lenore,” I called. “Keep looking into my eyes, don't get carried away.” I did not want her to come already. I cautioned her a few times, but nonetheless bumped my cock against her unsuspecting pussy a couple of times, making her gasp as her pussy squeezed a fresh gush of hot juice.

When Lenore dismounted me, my cock had been covered by a cocktail of juices, I wished I could taste. We rested for a couple of minutes, and then mom started talking.

“Congratulations, girls,” mom said. “We made it through this exercise. The next exercise is a little harder. We have to get naked.” Saying this mom took off her top and bottoms, and helped the others undress. “You too,” mom said, pulling down my briefs. My cock bounced up and down freely. I did not pay attention since I was checking out Lenore's bare tits. They were full and firm. I could not wait to put my hands and lips upon them. Her pussy was bald just like the others.

Mom straddled me again, now explaining what she was doing. “Pull your pussy lips open and let the cock lie between them. Now slide your pussy slowly up and down the shaft, letting it massage your clit. The same rules hold but this time each turn is three minutes.

She started moving and I held her tits, now playing with them more freely. I squeezed her globes, pinching and twisting her stiff nipples. I watched mom struggle to stay in control as her pussy juices leaked on my cock, down to my pubes and balls. Each bump against her now naked clit made her gasp and discharge fresh juices onto my shaft. In the last half minute I wet a finger in mom's mouth and started teasing her asshole lightly.

In April's turn I paid more attention to her tits and gave them a nice workout. She gasped and a moan escaped her lips but she maintained her pace bravely, bathing my cock in her juices.

Throughout Eunice's turn, I used my left hand to finger fuck her asshole while squeezing her tits with my right hand. I gave her a hard time trying to keep in control.

It was Lenore again. Her virginal pussy was too tight to spread over my shaft. I squeezed her full tits gently as she rode my slick shaft. I tickled her erect nipples with my fingertips, watching her eyes defocus. Then I wet my left hand fingers thoroughly in my mouth and used them to massage her asshole gently. She tensed at first, and then relaxed when she came to like the new sensations. I continued to tease her asshole while fondling her bouncing tits as she slid her leaking pussy along my shaft.

Lenore's pussy pulsed against my cock when I suddenly captured an erect nipple of hers between my lips and sucked it in. I applied more pressure as I massaged her wrinkled asshole. She started to lose control when I sucked harder on her nipple and abruptly dipped a fingertip into her asshole. She grunted and came, losing control. I held for dear life on her nipple and kept my finger up her ass, while using my free hand to hold her hips and restore her lost pace.

When Lenore finished coming, I let her collapse on my chest. My mom and sisters applauded and I whispered into Lenore's ear, "Happy birthday, little sister."

Lenore seemed to try to remember, and then hissed, "Oh, thank you, Nick."

Mom helped Lenore get up and prepared to continue her lecture or lab, but now she was standing. She gathered my sisters near the foot of the bed and said, "There are three major types of sex. All kinds of sex are supposed to be enjoyable to both partners. Oral sex involves oral stimulation of the genitals. Oral stimulation of the cock is called fellatio or cock sucking, that of the pussy is called cunnilingus or pussy eating, and oral stimulation of the asshole is called anilingus or rimming." She looked towards Eunice, saying "Eunice, ride Nick's tongue and show us how a woman receives oral sex."

Eunice knelt astride my face, her back to the audience. I gripped her ass cheeks and started licking her pussy. Soon, I was sucking her clit and her moans filled the room. Then I pulled her a little forward and started licking her asshole. "This is rimming," mom said. I probed Eunice's asshole which relaxed and opened for my tongue. "Thank you, guys," mom said, concluding our oral demo.

"April," mom called. "Show us how a woman sucks cock."

April sat on the edge of the bed beside me and bent over my cock. I started feeling up her ass. She pursed her lips around the head of my cock and swallowed it all to the base. Lenore watched intently. April's mouth traveled up and down the whole length of my cock while I rubbed her pussy and spread her juices to her ass. She gasped when I abruptly pushed two fingers up her, one into her pussy and the other up her ass. She continued her long strokes while I pumped her nether holes. She flicked the tip of her tongue on my cock head and lick around the head.

"Of course, there are too many tricks to show," mom said. "Thanks, April."

When April joined the audience again. Mom continued, "And then there is vaginal or straight sex." Saying that, mom straddled me, facing her audience, and lowered her pussy on my cock down to the base. Mom bounced as her pussy traveled up and down my cock in long, smooth strokes. Mom moaned as she demonstrated pussy fucking to her daughters.

"And for those who want something extra," mom said, as she got off my cock. "There is anal sex or ass fucking. Eunice will demonstrate that for us."

Eunice checked my cock and found that it was slick enough with April's saliva and mom's pussy juices. She straddled me, aiming my cock at her wrinkled asshole and lowered her ass down slowly. Lenore watched as the entire shaft of my cock disappeared up her sister's ass. Eunice's tight ring traveled in long strokes up and down my shaft while her muscles milked my cock. I met her strokes as she demonstrated deep ass fucking to her virginal sister. I pulled her ass cheeks apart to drive my cock deeper if that was at all possible.

As mom took Eunice's hand and helped her down, she sat Lenore on the edge of the bed, saying, "Now we will introduce you to all these kinds of sex. First, Nick will eat you out."

"You are very beautiful and innocent, Lenore," I said to her lovingly as I knelt before her. "We will take care of your innocence. You will be very beautiful and sexy and lewd as we introduce you to the delights of the flesh." I kissed her. She kissed back tentatively. I probed her mouth with my tongue. She did not know what to do with it. I instructed her to suck it gently and let her tongue interact with it. Then I let her probe my mouth with her tongue.

Shortly we were both enjoying kissing. I had a hand behind her and the other feeling up her tits and squeezing them gently.

I kissed down Lenore's neck and chest, reaching finally to the swell of her breast. "Impressive tits," I said. I licked and kissed her tits, teasing her nipples into full erection without ever touching them. I licked her now stiff nipples thoroughly, making her moan. Then I made her gasp as I sucked her nipple into my mouth. I sucked her nipple, lashing it with my tongue while using each of my hands to knead a full tit. I treated her other nipple the same.

My tongue then traveled down her tummy, stopping briefly to rim her sensitive navel. Then I pushed her back gently, making her lie on her back and lifted her legs and parted them. April and Eunice sat on either side of Lenore and each held a leg. Mom knelt behind me and fondled my cock with both her hands.

I started by kissing Lenore's inner thighs, making her shiver, and then I moved to her pussy. "Lenore, you have a pretty pussy and a gorgeous asshole," I said. "They look good enough to eat, which is what I am about to do to them." Lenore shivered as I laid a loving kiss on the center of either hole. "They taste equally exceptional," I mumbled.

Lenore moaned when I started teasing her pussy with the tip of my tongue. I teased her until her lips swelled and got moist, opening up slightly, letting her clit peek out shyly. Then I started licking harder, letting my tongue probe her virgin cunt while kneading her ass. Lenore moaned quietly, rolling her head from side to side. Her sisters took this as a cue to suck her aroused nipples. Mom in her turn, lay back between my legs and let me fuck her mouth with gentle strokes.

My tongue stopped at Lenore's hymen. Then I took a detour and licked her asshole for a few seconds. She shivered at the unexpected stimulation. I returned to her wet pussy. I sucked her pussy lips hard, and then targeted her clit. I sucked and lashed her clit with a fast rhythm until she stiffened and came panting. I fastened my mouth to her pussy hole and sucked all the juices she squeezed out, sucking hard until she relaxed. April and Eunice let go of her nipples then.

I gave Lenore a minute to rest and then started licking her anal area leisurely. First she tightened, and then her asshole started to relax. I drooled and licked and sucked her wrinkled asshole and she moaned and humped my mouth. Mom left my cock and watched my anal assault for a while and then fetched a butter plate for later use. The two sisters went back to licking and sucking Lenore's tits.

As Lenore's pussy juices started to flow, her asshole opened up to take the tip of my tongue in. I probed the tight opening, coaxing it into further relaxation. I managed to push more of my tongue into her. Then I wet a finger with her flowing juices and pushed it into her asshole slowly. The little opening tightened at the sudden change. I gave it time to relax and my finger went in to the hilt. I worked my finger circularly to ream out her asshole and she responded nicely. Soon, there was room for another finger. I drooled into her open asshole and worked my spit inside before letting second finger in. I reamed the virginal asshole with two fingers and when it loosened up enough I used the two fingers to fuck her ass.

Holding Lenore's asshole open with my free hand, I pulled my fingers from her and worked a good lump of butter into her ass. I applied a second lump of butter to the opening of her ass. Then I pushed two fingers into her and massaged the butter into the walls of her rectum. Slowly and gently I worked my fingertips on the sides of her tunnel, relaxing every muscle and stimulating every lurking nerve within her ass. Meanwhile, she moaned and her juices flew, reaching down to where my fingers worked her hole.

Then pumping my two fingers in and out of her ass, I gave her aching clit two flicks with my tongue and she was gone. Her asshole clenched repeatedly, squeezing my fingers, while her pussy gushed juices, which I sucked to the last drop. This orgasm was stronger than the previous one and was accompanied with louder groans and grunts.

April and Eunice let Lenore's legs down and she lay completely limp, her eyes glazed. I kissed her on the mouth. She did not move except for her eyes. "Did you like it?" I asked. She nodded yes with a faint smile. I held her hands and let her rest for a couple of minutes.

"Darling," mom said to Lenore. "Ready to try his big lollipop?"

Lenore sat up and waited for further directions. I sat back in the middle of the bed and bounced my semi-hard cock up and down, inviting her to it. April sat beside me and told Lenore she will be coaching her. "First look at it thoroughly. Don't be shy. Hold it with your hand, feel it, squeeze it. Get to know it as much as you can with your eyes and hands," April instructed.

The young girl inspected my cock and held it with her fingers. My cock pulsed and started growing. "It likes you," April said. "It is getting harder." Lenore continued her check-over, looking at my cock from different angles. "Kiss it on the head," April instructed. Lenore did tentatively. "Come on, sister," April said. "Hold it in your hand and really kiss it, it won't bite." Lenore kissed it again letting her lips part slightly.

"Now lick around the head," April said. My cock was diamond hard as I watched the innocent virgin lick around the tip. "That's it," April encouraged. "Now lick along the shaft. Do it slow and enjoy yourself." Lenore's tongue traveled up and down my shaft. "Make it all wet," April encouraged. "Slobber over it and savor the taste." Lenore tried to do as told.

"Very good," April commented. "Take the head into your mouth and lick it and suck it gently. Don't touch it with your teeth." Now Lenore was acting out my fantasy as she wrapped her lips tightly around the head of my cock and sucked my hardest boner. "You are enjoying yourself, aren't you?" April asked me. I smiled in agreement.

"Len, baby," April called. "Take it deeper, but don't rush it. Enjoy every second." More and more of my cock disappeared beyond the full, sensual lips. "Try to milk it with your mouth," April guided. Then Len did something with her mouth that took Rachel two months to learn. My cock twitched. "Very well," April praised. "Take it deeper and move it in and out. Let it fuck your mouth gently." I humped gently to meet Len's shuttling mouth. What a view with her lips stretched around my thick shaft and bobbing up and down.

"Now try to take it all in," April instructed. I thought she was nuts. "Relax your throat and take it slow. If you gag, back off and try to relax some more and retry." April used her hands to align Len's head and neck for the impending task. Len took me in deeper. She gagged and backed off several times, but each time she managed to take it a little deeper. Finally, her lower lip pressed against my balls. Mom and my two sisters applauded. Admirable. We all complimented Lenore.

"Excellent, Len," April cheered. "Now you are on your own. You can practice these tricks and come up with ones of your own. Have fun."

Len let me fuck her mouth and throat for a while. She experimented with various tricks and it was quite a test of will power to hold back against her no-longer novice mouth. I did not want to come in her mouth yet. I straightened up and pulled her off my cock. "You are fantastic," I said just before claiming her lips in a long kiss. She kissed back nicely.

I laid Len back in preparation for what was to come. I spread her legs and bent over her pussy. She was soaked. I lapped up her juices and heated her some more with my tongue. Mom applied a thick coat of butter to my cock. I squatted bringing my cock to Len's vaginal pussy. I rubbed the head against her lips, pushing gently in. Len moaned and humped passionately. When she got real hot, I pushed my cock firmly in, breaking her hymen and taking her virginity away. She winced. I stopped moving, but massaged her clit with my thumb. Len relaxed and started humping herself. I worked my cock in and out slowly going deeper and deeper into her extremely tight pussy.

When I got halfway into her, I leant forward over her, taking her legs with me. I continued thrusting deeper into her. In a couple of minutes, I had my balls bouncing off her ass and my pubic bone bumping into her clit. I gazed into her sexy green eyes as I pumped her tightly gripping pussy. I watched her face as it got overshadowed gradually by a mask of lust. Lenore moaned continuously, the tight sheath of her pussy following the moves of my strokes in and out. She did not last for a complete five minutes. Len came, her pussy milking hard around my pumping cock. I kept on fucking until she fell limp. I was real close to coming. I jerked my cock out of her and lowered her legs to the bed as my cock spewed a big load of hot spunk onto her belly. While April and Eunice licked my come off their sister's belly, mom gave me a wet cloth to wipe my cock. April scooped some come on her fingers and brought them to Len's lips. Len licked my come off April's finger savoring the new taste.

I lay on top of Lenore and kissed her on the lips. We started with a light kiss, followed by a more passionate one. Then our tongues tangled in a deep kiss. I wrapped my arms around her and rolled ourselves over, getting her on top of me. Her head nestled over my shoulder while I kneaded her ass. She moaned when a stray finger slipped into her slippery asshole. I pumped my finger gently in and out of her asshole.

"Are you ready for what is next?" I whispered as I reamed her asshole with my finger.

"Yes," she whispered back.

"Do you want to come while my cock pumps your virgin asshole hard?" I whispered.

"Yes," she hissed.

"I guess you got to suck my cock and make it hard and ready for your horny ass."

"Yes," she hissed as she got up, letting my finger slip out of her asshole.

Lenore lay my limp cock on my pubes and started licking up and down the underside.

"Suck it in," advised April. "and feel it grow inside your mouth." Lenore complied.

My cock started to grow slowly in the moist warmth of Lenore's mouth. Her tongue rubbed and licked the underside of my shaft while within her mouth. Then her head started bobbing up and down my semi-hard cock. Lenore held my cock in her hand and licked around the head and flicked her tongue on the underside of the cock head. Meanwhile, my other sisters teased my nipples with their tongue tips. Mom took this chance to ride my tongue and leak her delicious juices into my sucking mouth.

Lenore let my hardening cock fuck her mouth deeply. Soon, my cock got rock hard as my cock head massaged her throat nicely. I held mom by the ass cheeks and rocked her back and forth to help my tongue fuck her deeper. Another mouth joined my cock, sharing it with Lenore's. It was April's. April took my cock deep in her mouth while Lenore licked my balls. Then the two girls flicked their tongues on opposite sides of my cock head. Soon, Eunice joined them and the three sisters took turns sucking my cock.

Mom was oblivious to what happened behind her as my tongue probed her pussy and lashed her clit. I squeezed and kneaded her tits with my hands, pinching and pulling on her nipples. Her hot juices stimulated my taste buds continuously. Then mom started moaning louder and riding my tongue harder as she was about to come. Finally she grunted and came. I held her ass tightly as I sucked hard on her gushing pussy. When she finished coming, she lay down and I got up to position Lenore for our next session.

Lenore knelt down on her knees and forearms and I knelt behind her. I held her tits and squeezed them gently while licking her asshole lightly. Her last virgin hole opened up to my tongue and I started probing her buttered rectum. I also toyed with her erect nipples. Amidst this, I felt mom's hands buttering my hard shaft, preparing it for Lenore's extra tight orifice.

Reaching out, I coated three fingers with butter and gave Lenore's asshole a quick but gentle reaming. The tiny hole readily accepted two fingers for a little stretching. Then I worked the third finger in alongside the others. Lenore's asshole stretched to the limit and struggled to take my three fingers. With a little patience and insistence, I got my three fingers in to the hilt and swirled them around.

My little sister's asshole was ready to give up its cherry as I brought the bulging head of my cock to the slick opening. I held Lender's hips and pushed myself forward. The little asshole tightened a little reflexively at the pressure. I kept the gentle pressure at her asshole until it relaxed and my blunt cock head started going in. Lenore breathed deeply and tried to relax as my cock advanced slowly into her rear end. When my cock head popped in, I paused for a few seconds. Then I applied pressure to sink more in. Her asshole now was more relaxed and it was easier to push in.

Lenore's asshole was finally stretched tightly around the middle of my thick cock. I paused for a few seconds. Next, I started rocking her back and forth gently, making her ass take in more of me with every back stroke of her ass. Lenore started to rock back and forth on her own and I could use my hands for other purposes. I held her hefty tits and milked them in the same rhythm of her strokes. Shortly, I could feel Lenore's dripping pussy kiss my balls with every lunge as her ass swallowed my entire shaft.

My pelvis rocked back and forth to meet Lenore's thrusts. She moaned happily as her asshole received its first stiff fucking. Our audience cheered and egged us on, enjoying our anal show. That gave us an additional thrust. I pinched and twisted Lenore's tits gently as our thrusts got more passionate and our moans and grunts got louder. I took her with deep, smooth strokes, bumping hard against her twitching ass and slapping her pussy with my balls.

Lenore's control started to diminish and she bucked her ass harder, as if she was bouncing it off my pubic bone. I was expecting it when Lenore grunted and her asshole started to spasm crazily around my pumping cock. She shoved her ass back out of control. I gripped her hips and steadied her, delivering timely thrusts to her orgasmic rectum. When she relaxed, I lifted her ass up, twisting her in the air, and brought her pussy to my mouth. I lapped her dripping pussy dry.

Finishing Lenore, I looked around. Eunice was in the same position, Lenore just had been in, but Eunice was then pulling her ass open with her hands, displaying her smiling asshole. I was not the one to reject such an invitation, so I moved a little and had my cock nudge at the eager wrinkled hole. Eunice pushed her ass back eating up my whole shaft. She moaned as her pussy bumped my balls.

Mom and April flanked me with kisses. Since Eunice did not need any help to fuck me with her ass, my hands were free to caress the assaulting ladies. I fingered their pussies while we kissed. I bent a little and licked and sucked their tits while sneaking my hands behind them. We continued kissing as I finger fucked either asshole with two

fingers. Then I sneaked a finger up each pussy while maintaining my anal assault. I had them coming over my fingers at the same time Eunice brought herself to orgasm with my cock up her ass.

After finishing Eunice nicely, I rolled mom on her back, spreading her legs and bending them at the knees. I leant over her and started drilling her dripping pussy. When mom was hot and humping I pulled my cock out of her pussy and let it slide down slowly until it reached her wrinkled orifice. With a gentle push I had the head past her asshole, and then I lunged forward driving my cock in to the balls. I fucked her ass with deep, steady strokes, working her leaking pussy juices into her thirsty asshole. When mom was close enough I returned to her pussy. A few strokes got her over the edge. She thrashed as her pussy bathed my cock and her asshole with hot juices.

By the time mom recovered from her orgasm, April was frigging her pussy and squeezing her tits with need. I arranged my eldest sister on her hands and knees and knelt behind her. I gave her leaky pussy a few probing strokes with my cock, and then guided it to her backdoor. I delivered to my married sister's horny ass a deep fucking that was sure to give her a fulfilling orgasm. She bucked and grunted as she met every deep thrust of mine, making my flesh slap audibly against her ass. April was too horny to last long. Soon, her asshole twitched contentedly around the solid thrusting shaft of my cock. She screamed and grunted with passion and then fell down with exhaustion.

Lenore was lying on her back, kneading her tits lazily. I kissed both her nipples and licked around one and sucked it into my mouth. I pushed her legs back and apart, and then gently placed her hands on her knees to keep her crotch widely open to me. I kissed her pussy, which was still moist from her previous activities. Then I licked up and down her pussy lips until she responded bodily and vocally to my ministrations. Her pussy oozed juices continuously as I concentrated my lingual vibrations on her clit. I wiggled a finger along her soaked pussy lips and worked it slowly into her asshole. The little orifice opened for my finger and milked it gently. I reamed her asshole gently while continuing my clitoral assault until I felt her oozing juices reach my finger, which probed her ass.

Kneeling a couple of inches below Lenore's ass, I slapped my cock a few times against her wet pussy lips. Then I brought my cock head to her wrinkled hole and pushed gently. When her sphincter closed past my cock head, I proceeded to deliver a slow deep ass fuck. I leant forward over Lenore and shared a hot kiss with her.

"Do you like having me fuck your ass?" I asked hoarsely.

"Yes," she hissed.

"Then you are going to love it when I pump my come way up your rectum," I promised. She shivered.

I pulled out of Lenore and rolled her over and lay on top of her. I urged her knees apart and placed mine on either side of hers. In this position, we were relaxed. I entered her and fucked her ass nice and slow while alternating between whispering dirty talk into her ear and nibbling her earlobe. I pressed my balls against the back of her pussy at the end of each stroke, inciting her to come for me with the talk and the walk.

We started to move urgently as our orgasms neared. I fucked hard into her ass until she went out of control and started coming. My cock responded to the wild spasms of her ass with spasms of its own as I pumped wads of hot come deep into her sucking ass. The sudden spasms of my cock within her made her slip into another hard orgasm. Her asshole milked harder than ever on my spewing cock, draining me thoroughly. We both stayed limp for a couple of minutes, breathing irregularly.

I rolled off Lenore and before I settled in my position, April's mouth was on my cock. Despite my being tired, April had me up and running in no time. Then she rode me to a quick orgasm. Then it was mom's turn. I sucked mom's tits until she came. Finally, it was Eunice. She rode me a little, and then switched my cock to her ass. She bounced her ass off my balls for a few minutes and then hopped off me, getting on all fours and invited me to fuck her ass hard from behind. I did, smacking her wet pussy with my balls with every thrust. She came long and hard and loud.

I told Lenore that I wanted to come in her mouth and have her swallow it all. She knelt down on her hands and knees as I knelt before her. She sucked my cock in and I fucked her mouth deep. She let me in to the balls. We had a nice long oral fuck. Meanwhile, I ran my fingers through her hair and sometimes fondled her hanging tits. I fucked faster and faster, holding her head and thrusting into her throat. Then I stiffened halfway inside her mouth, as I spewed my come into her throat. She sucked hard, jerking the rest of my shaft to milk every iota into her mouth. Then I lay completely exhausted.

Dad came in, stark naked, his semi-hard cock bouncing in front of him.

"Did you initiate Lenore properly?" he asked.

"Yes," I said.

"Let me see," he said, leading Lenore out to another room for a comprehensive test.

While dad tested Lenore, mom and my older sisters could suck a new boner from me. Then they passed cock from hole to hole as I lay there on my back. I did not lay completely passive, but the women were much more active than I. When they finished they shared my cock between their tongues.

Lenore's test must have been hard; it lasted for two hours. Dad tested every hole she had and came twice in her mouth. When she returned, she was walking funny. We showered and dressed in preparation for the birthday party. My present to Lenore was a set of butt plugs.

Life went on in the same pattern for the following couple of years. I continued to see Rachel and sometimes Raquel. Eunice married two years later. We made a bachelorette party for her, in which we fucked her silly.

In my senior year at the university, I came to know a lovely girl. She was quiet, shy and very beautiful. Most students said she was a geek. She was nice, though. Beth had brown hair, green eyes, a pretty face, a nice figure and she dressed conservatively. I took her to dinner a few times, but could get to nowhere with her. She believed she had to preserve herself for her future husband, not even a kiss. We danced slow, not cheek-to-cheek though. My parents and sisters liked her and she liked them. I even introduced her to Rachel and Raquel. Her parents were nice people, conservative like mine. I fell in love with her.

We got engaged after six months, but still I could not as much as get a kiss from her! However, I continued to see Rachel and Raquel. Six months later, I graduated and got a job and we were to get married in a couple of weeks.

The weekend before my marriage, my family made a bachelor party for me. My mom and sisters fucked me senseless. I thought I would not get a boner for at least a week, but my cock proved me wrong the next morning. A couple of days later, Dave was out of the state and Raquel had us in, me and Rachel. The two sisters gave me a bachelor and goodbye party. We fucked and sucked all night, for the last time, ending our sexual relationship. I told Raquel she had to make Dave fuck her up the ass, which I learned later she did. Rachel however had a standby boyfriend, so she started seeing him.

My wedding day was unforgettable. It started as any other wedding day would until the bridal kiss. Beth chose to postpone it a little. We had a flight to Vancouver to catch four hours later, where we were going to spend our honeymoon. My in-laws invited us to spend a couple of hours at their house to wait for our flight.

Mom drove us to the house. I sat with Beth in the back seat. I claimed my kiss from my bride. We continued to kiss more, and I felt up her tits through her wedding dress. I brought her hand to my crotch and let her feel me up. My cock twitched and grew under her tentative strokes. I hoisted the hem of her dress and felt up her pussy through her panties. By the time we arrived at my in-laws', we were both horny.

We sat in my in-laws' living room, me and Beth on the loveseat, dad on a couch, and Beth's dad John in the middle between mom and my mother-in-law, Victoria, on the sofa. John suggested a toast. We all apologized since none of us used to drink. He replied that it was a special occasion. Anyway, we had a glass of champagne each.

"I learned you are virgin?" dad asked Beth, suddenly.

"Yes," she nodded softly, blushing deeply.

"You are a nice girl, Beth," he said. "Have you ever seen a man's genitalia?" he asked.

"No," she shook her head, still blushing.

"I compliment you on your chastity," dad said. "Now you are married, and you have to know about it."

I started feeling funny, in addition to feeling high.

Suddenly dad unzipped his fly and fished out his cock. We all held our breath. Dad stroked his cock a little, until it got semi-hard. He walked towards Beth and urged her to hold it. She looked at me quizzically. I nodded. She held it cautiously. Dad urged her to feel it and stroke it. It got harder as she did so. Dad got closer to Beth and pulled her head forward urging her to suck his cock. She hesitated. I pushed her head forward gently. She flipped her bridal veil and I watched as dad's hard cock entered Beth's innocent mouth, my own cock feeling as hard as diamond.

Dad instructed Beth how to lick, kiss and suck his cock, and she obliged him smoothly. Suddenly, I felt a hand on my bulge. It was my mother-in-law Victoria's hand. She unzipped my fly, popping my boner out and went down on me. She copied dad's instructions to my cock, but it was obvious she was an expert.

Amidst enjoying the symphony Victoria was playing on my cock, mom turned my head to the right, where she had disposed of her panties and hiked her long dress to have me eat her out. Mom was standing on the seat beside me. It was only fair for John to go down on his daughter. Beth raised her ass to help him pull the hem of her white dress to her hips. He pulled her panties off and parted her thighs and dived in. When he pulled her ass forward, she

had to slump down and dad had to step up on the seat to keep feeding her his cock. Looking down at my bride's pussy while gagging mom's with two fingers, I noticed that she was beautifully hairless.

Collecting her dress over her hips, Victoria lowered her pussy, hairless by the way, on my cock, pushing it down to my balls. Mom's hands pulled my head to her crotch, and mine rocked Victoria's ass up and down. Needless to say moans and grunts filled the place. Mom turned around and let me lick her ass as she frigged her pussy. I heard Beth moans get louder as she approached orgasm. I looked at her, keeping a finger pump mom's ass. Beth was holding dad's shaft tightly out of her mouth, her eyes glazed and looking straight ahead. Her innocent face contorted lustfully as she expressed her first orgasm vocally. I slipped a wet finger up Victoria's ass, she gasped and went wild, coming in a couple of minutes, her holes twitching wildly around me.

Dad and John helped Beth take off her bridal gown, she kept the veil. Mom and Victoria took this chance to undress too. They only kept their garters, stockings and shoes. Dad instructed Beth to suck my cock. Her novice mouth licked and sucked her mother's juices off my swollen cock. She sucked good for a beginner. John licked her ass meanwhile. She grunted suddenly as he pushed a finger up her asshole, but she enjoyed it as expressed by her moans and pushing her ass back. Mom helped Beth take off her white bra.

Mom applied KY jelly to my shaft generously while Victoria applied some to Beth's pussy. Beth straddled me and started lowering herself on my ready shaft. Mom held Beth's pussy open and controlled her descent. Mom rubbed Beth's clit while working the virgin pussy down my hard shaft. I gazed into my bride's eyes while kneading her ass gently to lessen her tension. Beth's open pussy lips closed around the head of my cock. Mom held Beth still when Beth winced as my cock head pressed against her hymen. Mom worked Beth's pussy hard, making her get close to orgasm and getting her pussy wetter and readier for its first penetration. When Beth started coming, mom pushed her firmly down. This sudden move made Beth go deeper in orgasm, shoving her ass back and forth. I gripped her ass hard and steadied her to prevent her from hurting herself. By the time Beth finished coming, she was sitting on my thighs, my balls pressed against her ass as her pussy squeezed my shaft tightly. I held her head and gave her a deep kiss.

John stood on the seat and pulled Beth's head to his semi-hard cock. She took it in and started sucking, rocking gently up and down my cock. I gripped her ass and sucked her stiff nipples, making her moan around her dad's cock. Victoria was on her knees, sucking dad's cock. Dad thrust gently into her mouth. Mom watched Beth's ass bounce up and down my cock. I let mom suck two of my fingers and then pushed one up Beth's ass. She bucked her ass urgently. Mom pulled my finger from Beth's ass and applied KY jelly to my fingers. I worked two fingers up my bride's ass and finger fucked her ass in the same rhythm she was fucking my cock. I worked my fingers around, stretching Beth's tight asshole. As she got hotter, I sucked harder on her nipples and managed to work a third finger up her tight asshole. She came seconds later, grunting and moaning out of breath. John's cock slipped out of her mouth. Her narrow openings contracted repeatedly around my cock and fingers. Her pussy bathed my cock and balls with hot juices. I gave her another kiss with my cock and fingers still lodged inside her. I stuck my tongue deep into her mouth and toyed with her tongue.

I kept my three fingers within Beth's ass as I arranged her on her hands and knees on my left. She rested her elbows on the armrest. John stood before her on the floor and resumed stroking his cock in and out of her mouth. I massaged Beth's pussy with my left hand and licked and kissed her left ass cheek while working the insides of her ass with two greasy fingers. Victoria was on her knees. She wiped my cock and sucked it into her mouth. Dad knelt behind her and fucked her slowly. She suddenly grunted around my cock. I looked at her and knew she was taking dad up her ass as he squeezed her tits. John knelt behind mom and started fucking her.

Beth was finally ready for my cock up her ass. I helped her sit on me, facing away from me. I held her ass open and lowered her slowly onto my shaft. It took a minute to get her sphincter past my cock head. We paused a little, and then it was smoother for her to descend the rest of the way. I let her sit on my balls to get used to the new feeling while I rubbed her pussy gently. Holding her waist, I helped her rock up and down slowly. Gradually she took longer strokes. I heard mom groan as John put it to her ass. Now the three women were getting it up the ass, but only my bride was getting it from her husband. I pinched Beth's nipples. She moaned and her asshole twitched around me.

Dad pulled out of Victoria's ass and she sucked him. Then he held Beth's legs up and maneuvered his cock to her empty pussy. I could feel his cock within her sliding along mine. Beth moaned, grunted and moved passionately as we double pronged her. A few moments later, John brought his cock to Beth's mouth, filling the last of her holes with cock. I was already running out of staying power and this drove me over the edge, taking Beth with me. I pumped my big load of come deep into the virginal recesses of Beth's ass, making her come. She screamed and

stiffened. Our dads continued fucking as her asshole and pussy twitched wildly and I could feel her gushing juices leak down to my balls.

John pumped his come down Beth's throat. She swallowed it all. Then dad pulled out of her and brought his cock to her mouth where she sucked him dry. My shriveled cock slipped out of Beth's asshole. John sat next to me to rest. He pulled Beth into his lap and lazily stroked her tits. Dad knelt between her knees and started licking her pussy.

Victoria took my hand and lead me to the sofa where she and mom went down on me. Glancing at Beth opposite of us, I found her lying on her side, sucking her dad's cock while my dad licked and fingered her pussy. Soon, my cock was harder than rock. I arranged mom and Victoria on their knees on the floor, their heads and shoulders resting on the sofa. I knelt behind them and started licking and fingering there pussies and asses, one and then the other. On the loveseat, dad was fucking Beth doggy style while she sucked her dad's cock.

I knelt behind mom and pushed my cock into her pussy. While I fucked her nice and deep, I finger fucked Victoria's pussy and asshole with four fingers, two fingers up each hole. I heard Beth groan as dad thrust his cock up her ass. I fucked Victoria's pussy while working mom with four fingers. I got my cock soaked with Victoria's juices and then pushed it into mom's ass. I fucked mom's ass hard and deep until she came. I left her limp body leaning on the sofa and brought my cock to Victoria's ass. I drilled her tight asshole silly, making her come hard. Then the two women sucked my cock until I splattered their faces with come. Beth was sitting on the loveseat squeezing her tits as dad and John delivered their hot come to her face and tits. She stuck her tongue out and intercepted their flying come in the air. They wiped their wet cocks on her cheeks. Then she licked and sucked their cocks clean as she massaged their come into her tits. We cleaned up and hit the road.

Mom drove us to the airport. We were in our wedding clothes. Beth unzipped my fly and started sucking my cock. I pulled her head up and told her I wanted to save it for later. She said so did she but she wanted to play a little. What was a man to say? I let her suck it until we arrived at the airport. In the plane, I sneaked my hand down her panties and fingered her hot pussy. She spent the trip rolling her head from side to side.

We had a nice honeymoon and a nice marriage thereafter. I had mom and my sisters visit us to train my bride on the fine arts of sex. She became a wonderful fuck. Of course, each time one of them visited we ended up having orgies together. Even when Eunice visited us with her husband, we disappeared in the kitchen for about ten minutes to make coffee. While making coffee, she would suck me off, or I would fuck her up the ass and squirt my cream in her rectum. In similar situations, April was sure to suck me off.

Beth became a better fuck than her mom, so I let her train her mom especially in anal sex so that her stay with us, whenever she visited, would be more pleasurable to all of us.

Lenore got married two years later. My folks continued to celebrate birthdays in the same fashion. None of our spouses used to attend those parties. We had been married for four years and it had been fantastic.

Celebrations

I grew in a conservative family where you would never hear a foul word around the household. When I got eighteen, my family threw a fantastic birthday party for me. Although, the party was private, it changed my look at things and at my own family. Other celebrations were events to remember as well. Finally, I had a great marriage.
