

Nightingale Classics 2010

Please read [disclaimer](#) and [summary](#) at the end of document

In my second year of university, I flunked a few courses. The reason was that then I was getting good at sex, and I indulged too much in it. Since dad was paying for my tuition and not getting any more sex for it, he did not like it one bit. He decided to punish me to make me pay more attention to school, but the punishment was unexpectedly strange to me, very strange!

On a Friday evening in the summer holiday, dad called me to the living room. That evening, mom was away, probably visiting a friend. There I found my main girlfriend. I did not know how she got there and why she did not tell me. Sheila, a brunette in her nineteenth year of age, was dressed in short shorts covering only the necessary and a halter-top showing more than it covered. I was pleasantly surprised, but not for long.

Dad produced my transcript and started a long lecture about my behavior at school. The old man knew about me more than I expected. I was embarrassed of course, but that was only the beginning!

“You are going to get punished,” he said. “You’ll be spanked on your bare ass.” What? “Sheila will not watch though.” I thought that was thoughtful of him. “She’s the one who’s going to spank you!” Wow! “I hope you are going to behave like a gentleman and not resist the young lady.”

What could I do? Sheila had me stand up and unbuckled my belt. She lowered my pants and underwear down to my ankles. She licked her lips as she looked at my cock. Dad was behind her and could not see her lewd act.

She sat on the couch, and I bent over her to receive my spanking. Strong blows started to land on my bare cheeks, alternating between them. The blows stung, I did not expect a spanking that painful. Meanwhile, my cock was rubbing against her thigh. Despite the spanking, my cock got hard like a board. That was my fatal mistake.

“Daniel,” he has a boner,” she said to dad, being apparently on a first-name basis with him.

“What? The shameless sleaze!” dad barked. “I’ll take over from here.”

Dad brought a chair as I stood there, my hard cock sticking forward in front of me. He made me put my hands on its back for support. I was in this position bent only slightly forward and my boner was on full display.

“Sheila, hold his boner and keep checking on it,” he said. “I’m sure he won’t stay hard for long.”

Harder blows landed on my red ass, stinging more than ever. Sheila, the bitch, constantly squeezed and stroked my cock, often teasing its head with her tongue. Naturally I got harder and harder. Dad surely was aware of what she was doing. She occasionally gave my cock head a strong suck before moving her face away.

I was vaguely aware of the hard blows and the deep hue they surely gave to my ass. My feelings were in my rock hard cock. I could only imagine the disaster that would happen if I could not resist the strong desire to come. There was no way to keep resisting unless the spanking, and the teasing, stopped within seconds. They did not.

Sheila surely knew where I was. As my resistance started to weaken, the bitch increased the pace of her assault. I tried to think of the pain in my ass and how long I won’t be able to sit down comfortably. It was futile.

A Nightingale Classic

Grounded

The inevitable eventually happened. Big jets of the thick white fluid flew out of the end of my cock, splattering Sheila’s face. The bitch thoroughly milked my cock onto her face until my cock went limp.

“Ouch! Look what he did!” the bitch shouted, her face covered with my thick white come.

“What the hell do you think you did? Do you have no shame? Look what you did to the young lady?” dad went on barking as he stopped the spanking. “Now you are going to lick it up. Get down to it. Do it!”

Dad moved the chair back to its place. Beet red, my face redder than my ass, I did as told. I licked every drop of my come off her cheeks, chin, neck and the white strings that went down to the slopes of her tits. I was thankful I did not soil her hair or clothes.

They had me sit on the opposite couch with my pants down, my limp, wet cock lying between my thighs. Sheila went to the washroom to wash and dry her face, neck and uncovered parts of her chest. She returned without her top, her tits jiggling as she walked and moved. Her nipples were fully erect. I was shocked to say the least. That evening was very weird. I even pinched myself to make sure it was not a very long disgusting nightmare.

Sheila stood in the middle of the living room, her nice full tits exposed to two pairs of eyes.

"You acted like a child," she said, condemning my behavior. "A man will never make a mess like that. Couldn't you get a hold of yourself? I thought you were a man. Whoops! I was wrong!"

I could not be more embarrassed.

She walked towards dad and sat in his lap, wrapping her arm around his neck.

"Show him what a man should do," she invited.

Jesus! What were they doing?

Not to disappoint her, dad bent his head onto her tits and started licking and sucking her nipples, one and then the other. She pulled his head to her, enjoying the feeling. He used his hand to knead the tit he was not sucking. Man, my cock was trying to make another scene! She saw my cock stand up in a new boner.

"Don't you even think of touching it, or else you will be tied up!" she threatened.

She was enjoying herself, moaning and encouraging dad, every now and then, throwing a sentence about the differences between men and kids.

"You like my tits, don't you? I can feel your cock pressing against my butt. I am going to set it free," she said as she knelt before dad and started taking his pants and shorts off.

His cock was pretty hard. He had a nice cock, about as big as mine. She held it in her hand and looked at me.

"Come here, sit down here and look how a man's cock behaves," she said, patting the couch beside dad.

I complied.

She licked the head of his cock all over. She then licked up and down his shaft all around. She also licked and mouthed his balls. She took him in her mouth and started bobbing her head up and down taking more and more of him. In a minute, she was deep throating him, demonstrating the skills she learned and perfected on my cock! He was apparently getting some return on his investment in me. He was moaning and running his fingers through her hair. His cock got harder and bigger as she let him fuck her throat. So did my cock, but I dared not touch it.

"That's a man's cock," she moaned.

She stood up and took off her short shorts and skimpy panties. Giving her wet pussy a squeeze, she stood astride dad's legs and started lowering herself onto his big cock.

"Oh, not so fast," dad said. He helped her up and then set her on the couch, kneeling between her legs. "I want to taste your young hot pussy first."

"Wow! You are a real man!" she squealed. "I must be a lucky girl!"

"You are not lucky yet, wait and see," he said.

He spread her pussy open and went downtown on her slice, lapping, sucking and slurping. She moaned and squealed in pleasure. Her pussy was very juicy, and he enjoyed drinking up her syrup.

"Finger my ass while you eat my pussy, it makes me feel so good," she moaned.

He obliged her. He wetted his index finger with her pussy juice and slid it gently into the asshole I had deflowered not long ago. He rotated his finger within her and started fucking her rectum with it. In and out, the finger went, pleasuring her horny asshole, which had been virgin until it knew me.

"Oh, yes! I love being eaten by a real man," she said.

She continued moaning and squealing until she came. Boy, did she come ever!

Not leaving her to recover, dad plunged his hard cock into her. In one long stroke, he was balls deep in her slimy pussy. He proceeded to give her the hard fucking she needed. She wrapped her legs around his waist, throwing her arms around his neck. She shouted and squealed as he pumped her frothy pussy to another orgasm. When her orgasm died completely, he pulled his slimy cock out and straddled her chest.

"Suck it, baby," he said as he started to thrust in her mouth.

He fucked her mouth until she got his cock clean from her pussy juice. He sat on the couch and pulled her astride him, her face to him. She lowered her pussy onto his thick cock and started bouncing up and down.

"Ride my cock, little lady," he urged as she moaned and squealed.

He started slapping her ass making her bounce faster and squeal louder. Remembering her previous request, he wetted a finger in her mouth and slipped it up her ass. He fingered her asshole in the same rhythm she rode him. She went wild and had a violent orgasm in less than a minute.

My cock was standing on its toes, watching the show. It was so hard it would explode if I blew on it.

He made her come three times and did not come himself. He made her kneel doggie style and socked it to her. He pumped her hard and deep. She jumped forward with every thrust and humped back to meet the next one. Her face was a mask of lust like I had never seen it.

She suddenly reached back and pulled his cock out. She was so wet her juices ran down her thighs.

“Put it in my ass, lover,” she said, guiding his cock up to her asshole. “Nick loves it that way.”

What a bitch!

His cock was as hard as ever. He pushed it gently but firmly into her horny asshole. She took it like a good girl, right up to the balls. Fingering her pussy, he gave her a few seconds to get used to it. His cock stretched her asshole tightly. After the short familiarization period, he started fucking her ass with hard strokes. She humped back, her squeals louder and more frequent than before. He liked the feel of her tight asshole around his rigid cock. I knew exactly how it felt.

“Your ass is so tight and hot,” he grunted. “It feels great. I can see why Nick loves it this way. He’s very lucky to enjoy you this way.”

“He is a kid though,” she gasped. “You are not a kid; you are a real man. I love a man’s cock up my ass better.”

The bitch did not want to leave me alone. She acted as if my suffering was not enough.

He squeezed and pinched her tits and nipples as he drilled her tightly stuffed ass. To his credit, he gave her a nice, hard ass fuck that really pleased her. In a few minutes, he gave her biggest orgasm of the evening so far without touching her pussy. She came and came and came. He did too. The involuntary spasms of her asshole must have been too much for him. He pumped his load up her bowels as they moaned, groaned and convulsed. He finally collapsed on top of her, his cock still lodged in her ass.

When he pulled his cock out of her ass, a blob of come made its way out before her asshole closed shut.

“Do I have to tell you what to do?” he said, looking at me.

Without a word, I proceeded to lick her pussy and ass dry. I licked up her thighs dry of her juices. I licked her pussy area sucking every drop of her come. Finally, I had to lick up the come blob that leaked from her ass. I was as embarrassed as I could be. I did not know what that damned evening was going to have more than it already did. My mind was numb as I felt the pain in my balls and my semi hard, unsatisfied cock.

After all that, I still was hoping to wake up from the worst dream of my life. I sat there on the couch, doing nothing, as they went to the bathroom to clean themselves up. They returned after they cleaned up. He sat on the couch opposite me half-naked, and she sat in his lap, completely naked.

“I bet you never dreamed of this punishment,” he said, “but your punishment is not finished yet!”

I looked down in humiliation. Whatever the hell else was there to do to me?

“You’ll be grounded for a week,” he continued. At this time and age? “You won’t go out or receive visitors for any reason. You won’t use the phone or the modem either. A week from now, we’ll meet in this same place. You’ll then be spanked, if you make a mess, we’ll repeat the punishment. If you fail, she’ll never see you again.”

Well, I was not going to see the bitch after that day anyway, but the punishment and humiliation was still a problem. Anyway, I would have time to think about it.

With that, they dressed. She kissed him long and deep. That was their first kiss, as far as I knew.

“So long, little one!” she said, looking at me.

He saw her off and got back to me.

“Okay, see you a week from now,” he said, smirking.

I washed my cock, dressed and called it a fucking day!

MONDAY—RELIEF

Time was standing still that weekend as I tried to busy myself with anything. I tried watching boring television programs and reruns. I checked my personal computer thoroughly, arranging directories, deleting unnecessary files and directories, arranging and reconfiguring everything. The loss of a modem connection was really frustrating. I went through my stuff, rearranging my room. Everything I did took a very short time. The rest of the time was boring to death. I discovered that getting grounded was something serious. That’s why people hated going to jail, I thought. I bet that they had more things to do in jail though.

Finally came Monday. After giving up on getting any more sleep, I got up. It was around eleven in the late morning. Mom was working around the house. I had a quick breakfast and sat down in the living room. As usual, nothing interesting was on television. I thought I had better pass some time helping mom in whatever she was doing. I believed she was wronged as much as I was anyway.

“Good morning, mom,” I greeted. “How can I help my lovely mother today?”

“Good morning, sweetheart,” she answered with a smile, as it had never been my habit to offer help around the house. “Thanks, Nick, but you don't have to worry about me; I can manage by myself.”

“Never mind,” I said. “I don't have anything else to do anyway.”

So, I stuck around, helping her in the kitchen and the house. She was wearing black sports pants and a black T-shirt. Her pants were not too tight but tight enough and her chest filled her T-shirt nicely. Going through the previous three painful days made it impossible for me to ignore the way her boobs jiggled when she moved or the way the fabric of her pants stretched tautly over her round ass every time she bent over. The way her pants bulged over her ass cheeks and went deep into the crack of her hot ass when she bent over made my tortured cock twitch.

After about half an hour of this, my cock was rock hard. It was trying to drill through my jogging shorts. It felt much harder whenever it brushed accidentally against her hips. Fortunately, I was next to her or behind her most of the time. Otherwise, she would surely notice my predicament and call the police.

She took a short break. I stood behind her.

“Mom, you look very sexy in these clothes?” I complimented. She smiled. “Dad must be a very lucky guy!”

“Well, he is not that lucky,” she said, her smile fainting.

“Oh, that's too bad,” I said. “A very sexy woman like you should never be able to walk straight.”

I was acting according to my condition. Thank goodness, she laughed at my comment.

“You know, I am too old for that,” she said after she finished laughing.

“You are too old?” I said. “First, age has very little to do with fun loving. Second, you are not old. I think I can convince you with my opinion. You are as hot as they come!”

“You have a pretty face,” I said as I put my hands on her shoulders. “These are full and firm as ever,” I continued as I cupped her boobs, giving them a quick gentle squeeze. “This is right, round and firm,” I said as I squeezed a firm butt cheek and ran my hand up ass crack. “You can turn on any living man, I guarantee it!”

I finished with my hands off her so that she would not feel threatened by what I did.

“That's sweet of you,” she said, “but I think you are putting me on.”

I adjusted my boner to point upwards.

“Does this look like I am putting you on?” I asked as I took her left hand in mine and put it over my bulge, keeping my hand over hers. “This is what you do to me. Imagine what you'd do to a stranger.”

“Oh!” was all she could say, but she did not pull her hand off my bulge.

I started moving her hand gently up and down the length of my hard cock as I talked to her.

“You have mouthwatering tits,” I said gently. “Your gorgeous ass is so hot it can give a statue a boner.”

“This can't be,” she said in a weak voice.

“This is real, mom,” I continued quietly. “You are one hot and sexy lady. If dad neglected you for a short while, it's no excuse for you to think you are not. Don't you feel your pussy tingling and getting wet right now?” I waited for a second or two. She nodded. By this time, she was stroking my cock on her own, giving it occasional squeezes. I cupped her right tit with my right hand and started squeezing it gently as I resumed talking. “That proves you are as hot as a woman can be. The boner you are stroking proves that you are as sexy as can be.” I left her left hand on my cock and moved my left hand to her left tit. I gently kneaded both of her tits. She moaned quietly. “You have your hand on a valuable piece of evidence, don't you lose it!”

She smiled, her eyes looking away in a blank stare.

I slid my right hand down her belly, finally stopping on her mound. I brushed her mound up and down and continued moving my hand deeper between her thighs. She parted her legs slightly to give me more room. At that time, she was stroking my stiffest boner ever. I was afraid of coming at any second.

I circularly rubbed her pussy. I started moving my hand back and forth under her pussy, squeezing it at the end of every back stroke. She was moaning now and moving her pelvis back and forth to meet my hand. I gently pushed her hand off my cock and nestled my cock between her ass cheeks. As she moved back and forth, I humped her ass. It was heaven to me, one of the closest positions to her ass without actually being inside her.

After a while of humping her ass and squeezing her pussy, we were so deep in lust we would do almost anything to get off.

"Mom, let me make love to you in your hot gorgeous ass," I gambled.

"What?" she said in a quiet protest.

She was a little startled but she did not miss a stroke.

"Please, mom," I continued my pursuit. "You know I am grounded and can't go anywhere and your outrageously sexy ass got me too hot to trot. You got to do something about my condition."

"I can't do that," she answered.

"You can," I said softly. "I know you are too sensible and kindhearted to let me suffer with a huge boner."

"I have never done it that way," she protested.

For some reason, I expected that from the start. I sensed from the way she said it that she was getting turned on by the idea. To be fair with her tits, I moved my left hand to fondle and squeeze her right tit.

"Oh, mom!" I exclaimed. "You don't know what you've been missing on. You haven't lived until you had a nice, hard cock thrusting in your tight asshole, stretching you, stuffing you, penetrating you so deeply you'd lose control and come like you never dreamed possible." I was pressing my cock harder against her ass crack and rubbing her pussy slower but with more pressure. "I can hardly believe you've been carting this sexy ass for over two decades and no man has ever treated you to a nice, hard ass fuck. Men must have been blind!"

I stopped talking just a little to let my words sink in, but did not stop humping her butt and squeezing her tit and pussy. Actually, I nibbled and sucked her left earlobe for a few seconds.

"It's okay, mom," I whispered. "I'll take care of you. I'll introduce you the delightful world of anal sex. You are going to love the feeling of having my cock pleasure your hot asshole. You'll love to feel stuffed tightly with my hard cock. You'll come and come and come like you have never dreamed."

"That hurts though, doesn't it?" she whimpered in need of assurance.

"Of course, not, mom" I assured. "You are the last person I'd ever want to hurt. Anal sex, just like oral or vaginal sex, hurts or feels uncomfortable only if the person is not readied for it. After good stimulation and priming, an asshole gets so hot it all but begs for cock. Some assholes suck cocks in like a starved baby suck a stiff nipple.

"Don't worry at all," I continued. "I promise there will be only joy and lust. You are in for the sexiest, most thrilling experience ever. Leave it to me; just relax and have fun. If I were not good at this I wouldn't be grounded."

With that, I carried her upstairs.

"Oh, by the way, I like my pussies well soaked in hot sauce, ready to be eaten," I said on the way up. "Be a good girl and drench your pussy with your tasty juices. I am going to feast on it like it's my last meal."

She shuddered, surely squeezing fresh pussy juices into her wet panties.

I gently laid my horny mom in her bed. I took off her shoes, then her pants. She lifted up her ass to help me tug her pants over her ass. I piled her clothes in the corner of the bed. The crotch of her panties was soaked. I put my hand on it, and squeezing her pussy through the thin and now-transparent material.

"You are a good girl, mom," I said. "This is a nice start. I love how you love cock."

I pulled her T-shirt over her head. Her nipples, erect with desire, were outlined in the thin material of her bra. I gave each nipple a light pinch.

Bending over her, I showered her face with light kisses. We then shared a slow kiss. We slowly eased into a feverish tongue wrestling kiss. She sucked my tongue hungrily as I explored her mouth. Her tongue set out to explore my mouth. I sucked it gently. We finally broke the delicious kiss, and my mouth moved slowly down to her neck. I licked and sucked her neck, making her moan.

I undressed. My cock was extending in front of me, harder than rock. I put my right knee on the bed next to her head and lowered my cock to her mouth.

"Can you see what you did to me, mom?" I said as I brushed and slapped my cock over her lips. "I am too horny to do you any good with this boner. I want you to suck me off, and then I'll fuck you with a new boner."

"Okay," she said lowly. "Later, I'll teach you how to last longer."

Her mouth engulfed my cock and started to suck gently. I began to stroke my cock in and out slowly, not wanting to lose it very quickly. Her lips looked so good wrapped around my shaft. I pulled out of her mouth and got onto the bed straddling her chest.

“Suck it like a starved baby girl suckling her bottle,” I said, putting my cock back in her mouth. “The milk is going to come soon. You need the milk to be able to fuck hard.”

She bobbed her head up and down making me fuck her mouth. She held the head in between her pursed lips and sucked it while she stroked and milked the shaft with one hand and palmed my balls with the other. She was doing a great job on it.

“Oh, yes, milk it into your mouth, baby,” I egged her on. “Suck it well. Be my hot cocksucker.”

After more of that milking, I felt my orgasm near. Finally my dams broke loose.

“Here it comes, baby,” I panted as I pumped my come into her eager mouth. “Swallow it all like a good slut.”

She swallowed every drop of it. After I emptied my balls for the moment, she made sure she did not lose a drop. I pulled out of her, and my cock got soft—for a short time. I kissed her lovingly. Her mouth tasted slightly salty of my come.

“Don't forget to keep it hot and wet for me,” I said as I gave her pussy a couple of squeezes. “Be a good girl, huh? I am now going to play with your hot tits.”

I pinched her nipples through her bra cups. I went down to the kitchen and brought a lump of butter in a plate. I left it on the nightstand to melt. I was going to need it later.

I unclasped her bra and piled it over the rest of her clothes. Needless to say, her nipples jutted out hard and waiting. I was going to let them wait some more. I sat on the bed on her left and cupped her tits leaving her nipples between my forefingers and thumbs, not touching them of course. I applied milking action to her tits while I moved them around. I was very gentle. I kneaded and milked her bountiful globes as my eyes held hers. Her eyes were full of lust, nothing like the way she used to look at me, but a lot more exciting.

I lowered my mouth slowly to her left nipple but stopped short of touching it. I started blowing hot air on it. She groaned in frustration. I alternated blowing hot and cold air onto it, watching her face all the time. She whimpered quietly. I didn't stop milking her tits gently as I did that. I gave the other nipple the same treatment.

Her rock hard nipples were now begging to be sucked. I gave her right nipple a little lick. She let out a slightly loud moan. I gave her left nipple the same lick and got the same response. I took the nipple into my mouth and sucked on it for a while, listening to her moans. Her moans were music to my ears. I licked and nibbled on her nipple, sometimes gently and sometimes hard. I kept her aching nipple inside my mouth until I felt it was satisfied, then I moved to her right nipple.

After finishing with her nipples, my lips skated down her belly stopping shortly at her navel for a short lick that made her shiver. When I reached the waistband of her panties, I raised my head off her. I parted her legs slightly and bent them at the knees in an acute angle. I then put my left hand between her thighs, applying a little pressure to her pussy. She almost jumped. Her crotch was soaked with pussy juice.

“Good girl,” I said as I rubbed her pussy slowly, moving its flesh slightly up and down.

She started humping my hand gently. I gave her some time to hump my hand, and then I started raising my hand slowly up. She followed my hand, raising her butt off the bed. I continued rubbing her pussy and raising my hand slowly until her back was straight with her thighs. With my right hand, I pushed the waistband of her panties down, maintaining the contact at her crotch as she continued humping my left hand. When the waistband got off her ass, I moved my hand off her crotch and used both hands to pull her panties down to her ankles and then off her feet. Her butt remained off the bed until I completely took the panties off her. I put the panty crotch to my nose and inhaled her aroma.

“Mmm, it smells so good,” I said before I collected the drenched crotch and sucked it into my mouth. “And it tastes as good, but I want to taste the real thing.”

I put a couple of pillows under her head so that she could watch me eat her out. I parted her knees, bending her legs at the knees, and started my feast. I admired the scene. There stood a very wet shaved pussy and, beneath it, a shy pink asshole, damp with the juices that leaked onto it. I lapped the juices off her pussy area before I started licking her pussy.

I pulled her pussy open with my fingers and licked the inside of her pussy without touching her clit. I slurped her juices while she moaned and humped my mouth. I sucked her lips and probed her hole. She let out a moan when my tongue hit her clit. I took her clit between my lips and started licking and sucking it. While I worked her clit with my mouth, I finger-fucked her pussy, feeling the juices leak down towards her asshole. I watched her watch me eat her. I occasionally licked her hole around my finger and returned to her clit. I ate her out for some time, but did not let her come. She leaked so much juice. I sucked some of it and let the rest soak her asshole.

Her asshole shone with pussy juices. I pulled her cheeks apart exposing her little rosebud. I gave it a tentative lick, tasting its new flavor. She jumped and tried to move away.

“What are you doing?” she asked worriedly.

“I am enjoying myself,” I answered. “I want to eat your asshole out. An asshole must receive pleasure before it can give pleasure. Relax, mom; I know what I am doing. Just relax and enjoy the carnal sensations.”

She relaxed a little and I went back to business. Her asshole tightened in response to my probing. I kept licking and probing, replacing the pussy juice on her pucker with my saliva. Her asshole relaxed gradually in response to my loving treatment. She responded favorably to my ministrations, pushing her ass against my mouth. Her juices continued to leak down to where my tongue connected to her. I took a short journey up and gave her pussy and clit a short licking. I resumed licking and probing at the opening of her ass and felt it relax more and more.

I wet my middle finger in her pussy, twisting it around to get it well coated with her juices. I pushed my wet finger gently into her asshole as I sucked gently on her clit. The finger went in slowly to the first knuckle. Then I started moving it in and out slowly, driving it deeper with every stroke. I continued sucking on her clit, getting her sauce to leak down where my finger worked it into her ass. She was moaning with pleasure.

Soon, her asshole accepted my finger all the way inside and I could move it easily in and out. I added to the fucking motion a circular component to ream out her tight orifice. It relaxed and opened up more. I inserted my index finger into her pussy and then was fingering both her holes, reaming out both of them and drawing more juices out of her pussy. She humped and moaned, seeping more juices.

Sensing she was ready for more, I pulled my second finger from her pussy and started working it into her asshole besides the first one. She was a little tight but her ass accepted them. After about a minute of finger-fucking her ass, my fingers were moving easily in and out of her. I started twisting them and moving them around to open her ass wider. She relaxed more.

It was about time she came. I inserted my other middle finger into her pussy and kept it there. I moved my two fingers in her asshole rhythmically in and out of her ass as I sucked on her clit in the same insistent rhythm. A violent orgasm was nearing so fast. It finally hit her. She flailed and squeezed my head between her thighs, her pussy and asshole spasmed around my fingers and her clit twitched between my lips, but I did not wane. I watched her face contort in lust and pleasure. When her long, violent orgasm started decaying, I moved my finger in her pussy, firing a new violent orgasm. I kept sucking and fucking her holes throughout her second orgasm.

I let her take her breath after the orgasms wrecked her body. I kissed her pussy and then kissed her mouth. She kissed back hungrily.

“Are you ready to suck my cock?” I asked.

“Oh, I am ready for anything,” she said dreamily. “I’d do anything for you, honey.”

“Good girl,” I said and laid a kiss on her mouth.

She sat up and I took her place. She knelt down between my legs, holding my semi hard cock in her right hand. She started by taking my balls into her mouth, first one then the other. She licked around the base of my cock, going up gradually. After licking the whole shaft, she reached the head. She took the head into her mouth and licked it while inside her mouth. She then sucked on the head and started taking more and more of my cock in, going up and down the shaft. Finally, she was taking the whole shaft inside her mouth, taking the head past her throat. I watched her lips travel all the way up and down the hard rod. It looked marvelous and felt fantastic.

“You are a great cock sucker, mom,” I praised. “Where did you learn that?”

“I’ve always loved doing it, but your father never let me do it to him as much as I wanted,” she said, sliding my cock out of her mouth.

“You can surely do it to me all you want,” I said as I watched the shaft disappear gradually into her mouth.

I enjoyed the feeling and the view of her lips around my thick cock, which finally got as hard as it could. I reached aside to get the butter plate and stretched my hand to her. The butter was as molten as she was.

“Now you can coat my cock with butter,” I said. “Coat it generously.”

She started taking butter in her hand and rubbing it into my cock, starting with the base of my cock and ending with its head and then moving back down. She repeated it a couple of times, making sure it was very greasy. That was enjoyable.

“Very nice,” I commented. “Now pass me the butter and kneel down in the doggy fashion.”

She got on all fours, and I arranged her so that her knees were parted and pushed forward under her. Her feet were parted more than her knees and her ass was thrust out. I knelt behind her and started applying butter to her

asshole. I started by covering her pucker with butter and massaging it thoroughly. Then I worked lumps of butter into her asshole first with one then with two fingers. I worked more butter into her, twisting my fingers and moving them around to open her up as much as I could without hurting her. I massaged the butter into her sphincters and the inner walls of her rectum. Finally, she could take a third finger past her anal ring. She was ready. I moved forward behind her touching the head of my extremely hard cock to her greasy asshole.

“I won’t move,” I directed in a gentle tone. “Back yourself against me gently. Relax and enjoy!”

I held my cock at the opening of her ass, not pushing, but keeping it firmly in place. I reached with my free hand between her thighs. I kept massaging her pussy as she pushed back against my cock. At first her, asshole tightened a bit, then it relaxed and my cock started inching in. Little by little, her asshole opened up and accepted more and more of my cock. Then the head of my cock made it into her. Her asshole was stretched tightly around my shaft just behind the head. I stopped her and massaged her pussy at a fast pace. I felt her excitement in her ass with my cock.

I resumed rubbing her soaked pussy in an easy back and forth pace, making her move back and forth in the same rhythm. She took more of my cock into her as she moved. Half of my shaft was inside her and her asshole moved smoothly along my cock. It was very tight and enjoyable. I loved the look of her asshole packed with the first cock it ever had.

When I felt her asshole was relaxed enough, I gripped her waist in my hands and made her take longer strokes backward. In a few strokes, I had my cock planted all the way up her once virgin ass. I held her there, my balls gently pressing against her empty but wet pussy. I reached to her pussy and alternated between finger fucking her and toying with her clit. I felt her response around my cock. I cupped her tits, squeezing them and trapping her nipples between my index and middle fingers.

“Your ass is fantastic,” I whispered in her ear as I bent over her. “Everything about you is fantastic. Tell me how it feels to you?”

“It feels strange, but very sexy,” she whispered back. “I’ve never been so full.”

“But you were meant to,” I whispered. “Now fuck my cock with your horny ass.”

I straightened my back, held her butt cheeks apart and watched her stuffed asshole slide smoothly back and forth over my shiny shaft. I kept talking dirty to her, telling her how sexy and nasty she was and how tightly her ass was packed and so on. As her ass got used to my cock and as her desire and lust increased, she upped the pace.

I started meeting her strokes. My balls slapped against her pussy and my thighs slapped against her butt cheeks. I was giving her a nice hard butt fuck and she was enjoying it immensely. When we settled into a good fucking pace, I started taking turns fondling her tits and massaging her pussy. She was moving closer to her orgasm. I stopped playing with her tits and pussy, gripped her waist and concentrated on maintaining our pace to orgasm. My orgasm was getting very near, too.

She started moaning and gasping, moving more violently as I tried to maintain our pace. Then she let out a low scream as her orgasm hit. I felt her asshole go into spasms and milk crazily on my hard pumping cock. I held back. I knew I could not survive her orgasm but I enjoyed trying. She groaned and panted as her asshole came around my cock. I finally let lose toward the end of her orgasm. The spasms of my cock and the hot jets of come squirting into her bowels triggered another orgasm of hers. We both came violently, thrusting against each other wildly as her twitching rectum drained my balls. When our orgasm ended, I collapsed on her back, my arms wrapped around her, my cock still planted in her ass.

“Wasn’t that nice?” I whispered as I kissed her on the cheek.

“That was the best thing that has ever happened to my ass, honey,” she whispered back.

“And your pussy?” I asked.

“And my pussy,” she moaned. “Wonderful! Absolutely wonderful!”

She turned her head and we shared a hot deep kiss.

I pulled my cock out of her asshole and watched a little glob of come leak down to her pussy. I rubbed it into her pussy and laid a kiss on her asshole and another on the cheek of her ass. She turned around and took my cock into her mouth. She licked every drop of come off it. That was real nasty and sexy.

“You are a nasty good girl, mom,” I commented. “And you thought you were a sexless prim and proper housewife. How wrong!”

I took her head in my hands, tilted her face up to me and kissed her come tasting mouth deeply.

We showered separately since we did not have time to start it over. We had some work to finish, too. She changed the bed sheets and arranged everything and went to fix some late lunch. The rest of the day went normal except for some isolated feel-ups and squeezes whenever the situation called for it.

I was very happy. I went to bed early and slept like a baby, a naughty one at that.

TUESDAY—MORE RELIEF

I got up at nine in the morning, which was early for me. Since mom used to stay late up watching TV, she was still asleep. I went to the master bedroom. She looked very peaceful and innocent, deeply asleep.

Little by little I pulled the cover off her. She was on her back, her legs parted a little, her pussy covered by her sheer panties and her negligee twisted and hoisted exposing her midriff. I pulled her panties off, slipping them down off her buttocks and down her legs ever so slowly and gently. I opened her negligee to expose her tits and sat back to admire the sleeping beauty.

Her tits pulled slightly to the sides by their weight, but their firmness held them in place. I parted her legs and bent them at the knees to display her treasures. Her pussy lay beautifully between her thighs, cool and peaceful. Her pink puckered asshole looked a little shy, although no longer virgin, lurking between her cheeks. Her pussy deserved a gentle kiss. I gave it one promptly. I then started sucking and licking her nipples very gently, moving from one to the other. Her nipples stood up proudly to receive more pleasure. After five minutes of this treatment, mom started waking up. Before she opened her eyes, she wrapped her arm around my head, pulling me to her excited tit.

She opened her eyes and said good morning lazily. I raised my head and asked her whether she preferred that we start the day with a blowjob or a pussy licking. She preferred a pussy licking since she still felt a little too groggy to do anything. That was perfectly okay with me.

I took my place between her legs and started my hot meal by trying to work her pussy lips apart with my tongue. As the temperature rose in her pussy, its wetness increased and it got easier for my tongue to delve deeper into her pink and probe every nook and cranny she had inside. I took her lips into my mouth, one then the other and sucked them, gently at first. There was enough juice to slurp even before touching her clit. Meanwhile, she moaned, squeezing her tits.

I pushed her knees way back against her tits and put her arms behind her knees so she would hold her legs back. That made her pussy and asshole fully exposed. I wetted two fingers in my mouth and pushed them gently into her pussy. I used my fingers to massage the inside of her pussy while I sucked and tongue lashed her clit. Her pussy was getting soaked, so I regularly pulled my fingers out of her to suck the juices off them. Sometimes, I wiped them on her asshole. She was moaning and humping her pussy up.

I pulled her pussy open with my fingers and tongue fucked her, feeling her pussy squeeze my tongue and bath it with her tasty juices. I started to dip my fingers into her juicy pussy then rub the juices into her anal pucker. Her asshole relaxed and started to open up. I put my thumb on her clit and started moving it circularly as I used my other hand to apply pressure on her asshole with a wet middle finger. Her asshole sucked my finger slowly, taking it all the way in. I moved it in and out slowly, drooling on it and working my drool inside. I added my index finger to open up her ass more. I pushed the index and middle fingers of my right hand into her pussy and swirled them within her. I worked both sets of fingers in and out of her holes in turns, pulling out of one while delving into the other. She moaned incessantly as I finger fucked both her hot orifices. I stepped up the pace working her to an orgasm. As her moans got louder, my pace went faster until she screamed when she started coming. I slowed down my pace, but kept pumping my fingers within her throughout her orgasm. That made her orgasm harder and longer.

I pulled my sticky fingers from her and sucked them one by one. Then I bent down and licked all the juices she gushed onto her pussy and anal area.

It was then blowjob time. I lay back with my head raised to enjoy the show besides the feel of it. She started her oral activities by giving my cock and balls a thorough tongue bath. She even gave my asshole a few licks. My cock was now wet and hard. She opened wide and took all of it into her mouth and closed her lips around the base and held it like that for a few seconds, looking into my eyes. It was a great feeling of wetness and warmth enveloping my entire cock.

Keeping her lips pursed around the base of my cock, she started milking it with her throat and mouth without moving her head, all the time looking into my eyes sexily. Then she slid her pursed lips up the shaft and stopped just below the head. She sucked blood into the head and squeezed it out with her mouth. She repeated that several times. When she thought she had me where she wanted me, she let her lips slide up and off my dick head.

She lowered her head again engulfing my dick head between her lips. She held my cock with her right hand and moved it around, moving her head too, as if to scrutinize the head thoroughly. The feel of her breath on my wet cock was making it hotter. Then she started giving a lick here and a lick there over the head like she was making the final touches on a piece of art. Her licking gradually became sloppier. She alternated between drooling on the head and licking the drool up. She sometimes let saliva trickle an inch or two down the shaft before she licked it up.

The head of my cock was very wet. She closed her lips around it and started taking the shaft in and out of her mouth, each down stroke taking it deeper. Then she settled in an easy throat fuck. Her mouth was active as she let me fuck her throat. After a while, she quickened the pace. She kept the pace up as my orgasm neared. My orgasm was very near. Then she took my cock out and started licking and sucking my balls leisurely. I was treated to another throat fuck, taking me very close to my orgasm. Then she took another ball licking excursion. She did that a few times. I was on my toes all the time. The pressure inside my balls was so much I thought I was going to drown her when I came.

Finally, she went all the way with her oral fuck and I came like I never had before, spewing wad after wad of my come into her mouth. She need not swallow the first few wads because she held the head of my cock past her throat, letting me enjoy the feelings she gave me with her throat. She pulled back so that the last jets would squirt into her mouth for her to taste them. She sucked and sucked to make sure I held back not an iota of come from her thirsty, sucking mouth.

She held my cock quietly in her mouth to feel it go limp there. When it got totally limp, she let it fall out of her mouth and used her tongue to clean it dutifully. That ended our morning fling since she had to go shopping after a quick breakfast.

We had our breakfast naked. I had her go shopping without panties, telling her that way air would cool her pussy and prevent it from burning in public. I told her also that would not let her drench her panties as she thought about all the lewd acts I was going to do to her when she got back. I relaxed in the living room watching TV as I waited for her to return from shopping.

When she returned, she told me she had to go aside twice to wipe her leaky pussy. She had the used tissues with her to prove it. They were wet and smelled of hot pussy. I would have believed her anyway. I stuck my hand up her skirt and probed her pussy. Her cunt gripped at my finger hungrily. She moaned as I swirled my finger within her cunt hole. It was wet as expected. I pulled my wet finger from her pussy and reached further to explore her ass. I probed her tight asshole gently, making her moan again. I pulled my wet finger out of her asshole and sucked it noisily, tasting the combined flavors of her horny holes while I looked in her eyes.

I undressed her and watched her do her work naked. I had a pair of shorts on with no underwear. My cock was flopping around freely. For two hours, I watched her walk, bend over, reach out, and go up and down the stairs, her tits bouncing and her butt cheeks jiggling. I stood behind her a few times, nestling my cock along her ass crack, and enjoyed her movements. By the time she took a break, I was pretty hot. So was she.

As she sat back in a couch, I disposed of my shorts and knelt astride her, placing my knees on the armrests. I put my cock in her mouth. She sucked on it as I slid it back and forth, fucking her hot mouth and dipping into her throat. I didn't want her to suck me off, so I removed my cock from her mouth before the action could heat up too much.

I let her hold her knees back against her chest. That splayed her pussy and ass and tilted them up readying her to receive my oral and digital warm-up. I started with licking her asshole, enjoying its taste and getting it as wet as her pussy was. I French-kissed her pussy, tasting her honey and sucking on her sensitive pussy lips. I gently probed between her lips, searching for more juices. She started moaning and humping my face. I went down to her wet asshole, licking its puckered surface and pushing in to open it up. The horny hole opened up little by little under my gentle probing and my tongue started to delve deeper and deeper inside. As her asshole accepted my tongue, I worked a finger into her pussy and started finger fucking her. I probed her asshole for a while, drooling sloppily into her rectum.

I pulled my finger out of her pussy and pushed it into her ass. Her ass smoothly accepted my finger all the way in. I inserted the next finger into her pussy and finger fucked both holes. I gently pinched her clit while I worked her hot orifices. Her asshole was ready for an additional finger. I moved my finger from her pussy into her ass and reamed her out with the two fingers. Meanwhile, I used my thumb to massage her clit and pussy lips, occasionally sliding it into her pussy.

Telling her to keep still until I returned, I went to the kitchen, warmed butter in the microwave and worked it into my shaft, greasing it thoroughly. When I got back, I pushed two fingers into her pussy, swirling them inside, then pushed them into her ass, twisting them and moving them around. Sensing that her ass was ready, I pulled my

fingers out. I put the head of my cock at the relaxed opening of her ass and pushed gently, watching the head slide slowly into her tight hole.

“This position allows me to go very deep into your horny ass,” I told her. “Enjoy!”

I applied gentle pressure until most of my shaft disappeared into her rectum. I stopped shortly and pinched her clit, feeling her rectum spasm around my cock in response. I pushed my cock the rest of the way in. When my balls were gently pressed against the back of her ass, I placed her ankles around my neck and held her tits in my hands. As I fucked her ass with long, smooth strokes, I squeezed and kneaded her tits. She thrust her ass up to meet my hard thrusts, moaning as I drilled her deeply. I fucked her nice and hard, enjoying listening to her moans get louder. Finally, she started to flail as her asshole milked my cock crazily. I pinched and pulled on her erect nipples but couldn't resist the strong urge to fill her ass with thick, scalding come. I whisked my cock in and out of her ass as I pumped load after load of come very deep inside her sucking rectum.

I kept my cock inside her a little then pulled out. I watched her asshole close after I left it empty but from my come. It closed shut keeping my come deep inside her rectum. I wiped my wet cock on her anal opening. I pulled her up, making her stand off the couch. I pushed her shoulders down. She knelt down obediently and cleaned my cock dutifully with her mouth.

WEDNESDAY—DIRTY TALK

On Wednesday morning, when I got up, I found mom preparing breakfast. I washed and got ready for breakfast. We sat at the same side of the table. In the beginning, we ate normally, but later my insistent morning erection drew her attention, so she fondled my cock through my pajamas.

I pulled my pajamas and briefs down to my ankles to make it easier for her to play. She jerked my bare cock a little. I invited her to sit in my lap. She did, letting my cock press up against her ass. I pulled the hem of her dress up over her hips, making her thin panties the only insulation between my naked hard-on and her skin. My cock basked in the heat radiating from her pussy. I pulled her panties down. She raised her butt and I slid them down to her knees. She pulled them the rest of the way and kicked them off. She sat in my lap with my hard-on between her thighs, pressing against her moist pussy. She rocked back and forth, rubbing her pussy lips up and down my shaft, coating the upper side of my cock with her copious sap. Meanwhile, we hardly ate anything, but we did!

She was getting hotter as her pussy skated up and down the upper side of my shaft. She grabbed a lump of butter and stroked it up and down my cock. She took another pinch of butter and massaged it over her pucker as she raised herself up to sit down on my cock. She held the tip of my cock at the opening of her ass and lowered herself slowly onto me. This was the first time she took my cock up her ass without getting properly reamed out for it. I pulled her ass cheeks apart for her as she continued her slow descent. Finally, her bottom touched my thighs. Almost all of my cock was in. She sat on my thighs, letting her weight push her the rest of the way down. I removed my hands from beneath her and she fidgeted a little as if to make sure there was nothing left out.

“This is much better,” she sighed.

I put my hands between her thighs and started playing with her pussy, pulling the lips apart, toying with her hard clit, probing her juicy slit and so on. She rolled her hips gently back and forth, making her distended asshole travel small distances up and down the thick base of my cock. We both undulated gently and slowly, enjoying the full penetration and the tight squeeze.

“Mom, try to use your anal muscles to milk on my shaft,” I directed gently.

I slipped her dress down her shoulders and took her bra off. Then her tits were in my hands, the nipples being squeezed between my fingers. I alternated between her tits and her pussy as we continued our leisurely ass fuck. Her asshole tentatively milked on my shaft, adding considerably to our enjoyment. Her anal acrobatics faded away gradually as our coupling heated up. Finally, her orgasm hit. Her asshole fluttered crazily around my cock, trying to milk my cock deep into her sucking bowels, but I was not ready to come yet. I grabbed her butt and bounced her up and down my cock as she came and came, flailing and squealing in pleasure.

Her orgasm ended and she relaxed. Her asshole loosened around my cock, but I was not finished. I held her in my arms, kissing her shoulders while she caught her breath. I stood up, making her stand with me. I kicked off my pajamas and briefs. I held her tight to keep my cock deeply rooted in her ass. We walked slowly to the living room. Our movements made my cock slide in and out of her ass, making her moan and slowing our walk. We walked until we reached a sofa. I bent her over on the sofa, letting her prop herself by her arms. Her dress was collected around her waist. I gripped her hips, getting ready for a hard fuck.

"I want you now to talk dirty to me," I said. "Now, tell me what you want me to do to you."

"I...want you to...fuck me in...my...ass," she stammered shyly.

"You sound shy," I said. "If it's your first time and you are not sure you want to have a big hard cock pump your innocent little asshole into a violent orgasm, I understand. I can just remove my cock from your horny asshole," I teased, pulling my cock slowly out of her ass.

"Damn it!" she almost shouted before the head of my cock reached her sphincter. "I want you to fuck my ass silly. Come on, give it to me now."

"All right!" I said enthusiastically.

I pulled her back to me until her tailbone hit my pubic bone. Then I proceeded to take her ass with long deep strokes, feeling my balls slap her pussy gently. I pinched her nipples, then squeezed her tits tightly, tighter as our ass fucking progressed.

"Hey, you got to talk dirty some more," I said as I pinched her clit. "Tell me where you want me to come."

"I want you to come in my ass, so deep in my ass," she cooed, now very hot as she approached orgasm. "I want you to fill my bowels with your hot come. Bathe my insides with your white cream. I am going to milk your cock dry with my asshole. My asshole is very thirsty for your hot come. Give it to me..."

She was so enthusiastic now she did not want to stop talking. I was not complaining! I grabbed her dangling tits and pinched her hard nipples as I pounded her ass hard and fast. She bounced back to meet every stroke, moaning, squealing and cursing. My thighs slapped loudly against her ass cheeks. I pinched her nipples harder as we both approached orgasm.

She screamed when her orgasm started. My dam broke loose as soon as I felt her asshole contract repeatedly around my hard pumping cock. I pumped wad after hot wad of spunk deep into her sucking asshole, giving her what she said she wanted. I slammed my cock continuously into her ass throughout her long, wild orgasm. I pumped my cock in and out of her until it got too limp.

I pulled my cock out of her ass. Her anal pucker was wet with my come. A drop of come trickled down towards her pussy. I rubbed the head of my cock up and down her crack then I sat my sweaty ass on the sofa beside her. She knelt between my legs and licked my cock clean. She leant her head down on my thigh. I bent forward and kissed her on the cheek. We rested a little then we showered. I gave her a few sex digests to learn talking dirty.

Later, I watched TV and mom went about her normal business. In the early afternoon, she finished her work and sat beside me on sofa. She suddenly stood up and bent over deeply to pick something off the floor. I did not think that was the reason she did. I slipped my hand up her dress to give her pussy a gentle squeeze. I was pleasantly surprised that her pussy was bare under her dress. I flipped up her dress over her waist and pulled her closer to me.

I held her hips in my hands and licked one ass cheek then the other. She moaned as I tickled her ass cheeks with my tongue. I licked her close to her ass crack, teasing her, but did not touch her there. I drooled just below her tailbone and watched my drool dribble slowly down onto her ass pucker and then down to her pussy. I nipped with my lips at her skin where her clit must hide. I kept doing that for a while. She was moaning softly. Her pussy got juicier and the juices trickled down to where I was nipping. Her lips parted and her clit reared its head rising to attention.

My horny mom moaned and shivered while my tongue toyed with her clit. Her pussy oozed more juices, soaking her clit and enriching the sexy taste of her pussy. I parted her ass cheeks and explored her anal pucker with my tongue, tasting her anal flavor. I used my tongue to spread her pussy juices to her asshole, now tasting her asshole dressed in pussy sauce. She opened up to my tongue, her swollen lips parted, allowing me to probe her pussy hole, and her asshole relaxed to my ministrations. I took turns pushing my tongue in one hot hole then the other, mixing my drool with her juices on both holes.

I worked a lot of juice and saliva into her asshole. Both her holes were now soaked and ready for more than my tongue. I took her clit between my lips and sucked on it steadily. Meanwhile, I worked my right index finger into her pussy and my middle finger into her ass tantalizingly slowly. I finger fucked both holes while I continued sucking her clit. She moaned and her pussy gushed more juices, getting my lips coated with her sap.

Pulling my finger out of her pussy, I licked some of her juices and moved the rest to her anal area where my middle finger worked it in. I added my index finger to her asshole, reaming it out as I returned to sucking her clit. While I did her clit and asshole, I inserted the index and middle fingers of my left hand into her pussy. I proceeded to finger fuck both holes with two fingers each.

I removed my dripping wet fingers from her pussy and wiped them on the fingers drilling her asshole. I sucked on her pussy hole then drooled onto her asshole, working the mixture into her. I massaged her clit with my index

finger, working a third finger into her asshole. Slowly, the three fingers went in, stretching her little asshole wide. I continued massaging her clit while working the three fingers in and out of her asshole until she came. I plastered my mouth on her pussy hole and sucked gush after gush of fresh pussy juice. Meanwhile, I pumped my fingers into her spasming asshole and diddled her clit furiously. I removed my fingers from her asshole and licked her pucker until it contracted shut.

She straightened up, breathless and her face beet red. She sat in the sofa to take her breath. I watched her get back to normal while I disposed of my pants and briefs. When she looked around, she found my cock standing tall and waiting. She bent down onto it and slobbered onto its head before she took it all into her mouth.

For the following while, I sat back while her hot pair of lips traveled up and down over the entire length of my hard cock, her tongue and throat doing marvelous things to me. I reached out and pulled her dress up, exposing her ass. While she sucked my cock and fondled my balls, I stroked and kneaded her ass cheeks, occasionally teasing her pussy or asshole.

I nudged her head away and she sat up. We lay on our sides in the spoon fashion, both naked from the waist down. I put my left arm under her head reaching out to her left tit. I discovered she was only wearing that thin dress. Her nipple was waiting for my fingers, hard and ready. I toyed with her nipple and squeezed her tit gently, while my right hand was working my cock back and forth along her pussy and anal crack. The head of my cock was spreading her juices to her anal area.

She pushed her ass back as I guided the head of my dick to her wet opening. The head went in. She paused a little. We both pushed against each other driving most of the shaft into her rectum. We settled into an easy pace. I pumped her ass with long, deep, smooth strokes. We both enjoyed ourselves immensely.

Suddenly, the phone rang. She nestled her ass back into my pelvis before she picked up the phone. She talked on the phone while humping her ass gently against my cock. I discovered it was dad on the other end of the line. My cock grew bigger and harder. I am sure she felt it. I gently pulled my cock almost all the way out. When it was her turn to talk, I darted my cock all the way up her ass in one swift stroke, making her gasp audibly. I heard her explain that she suddenly remembered she forgot something on the stove and she excused herself for a moment to check on it. She muted the phone and looked back at me.

“You bastard, how do you do that to me?” she rasped. I silently took her clit between my fingers and gave it a gentle pinch. “Oh, you know how to shut me up, don't you?” she cooed before she resumed the phone call.

I pumped my cock into her ass, matching the flow of the conversation. I would pause when she did and pump her when she talked according to her speech flow. That made it difficult for her to concentrate on what she was saying. She did not nudge me in complaint though. She was getting a kick out of it. She apologized telling dad that he had called her while she was watching a soap opera and that her concentration was divided, but she wanted him to continue nonetheless.

By the time they finished the call, we both were near the finish line. We stepped up the pace a little and I worked my hands more actively around her tits and pussy. Soon, she was moaning and shoving her ass back uncontrollably as she writhed in orgasm, her asshole milking hard on my come pumping cock. I dumped my cock load deep inside her bowels and kept my cock rooted there to rest. We relaxed as I held her in my arms and sucked gently on her earlobe.

She seemed to enjoy licking my cock clean after fucking. I lay on my back while she licked it all from the head to my balls. She swabbed it dutifully. When she finished, I grabbed her head and kissed her long and deep.

A little later, I felt tingling in my cock while she was preparing dinner. I went to her in the kitchen and took her in my arms from behind. I whispered in her ear, telling her my cock was ready for a blowjob if she was up to it. Of course, she was.

I almost forgot how much she enjoyed sucking cock when she did it leisurely. I sat there on the kitchen table, knees parted and enjoyed about half an hour of blowjob bliss. She worked the whole area from my asshole to the tip of my cock. She licked and sucked on my balls. She even rimmed me a little. She licked every cell in my cock before she allowed the head to sink into her mouth where she licked it and sucked it thoroughly. After her mouth finished making love to my cock, she let my cock fuck her mouth deeply and thoroughly.

I was very close to coming when she suddenly slipped a finger up my ass, making me spurt jet after jet of my hot come deep into her throat. My spurts were so powerful she did not have to swallow, but I felt her swallow and swallow and suck for more. She made sure to suck every single drop from my twitching cock. After that, she licked and sucked me lazily until my cock fell completely limp. She kissed it, concluding the blowjob.

On the dinner table, dad asked me how I was doing. I told him I could hardly manage, but I was thinking of a way to show him I managed all right. I was going to find a way before the break of the next day.

THURSDAY—REVENGE

When I woke up on Thursday morning, mom was not home. I had a quick breakfast and went to the living room. I looked into the morning papers and watched TV. She returned home shortly, carrying groceries and other stuff. She put them away in the kitchen, then came around and sat next to me.

I patted my crotch, motioning her to sit in my lap. She did, stretching her legs to my left on the sofa. We shared a deep kiss. I let my lips and tongue travel across her left cheek to her earlobe and then down to her neck. Meanwhile, I had my right arm around her back and my left hand was feeling her tits and squeezing them gently.

"I feel like nursing on your ripe tits," I said as I unbuttoned her top.

With her bra aside and her pretty tits exposed, I licked her tits all over, her left tit then the other. I teasingly licked her areolas, slowly feeling every little bump, not touching her needy nipples. I took my time doing that while my left hand traveled up and down her thighs, making her instinctively part them. I popped her left nipple into my mouth at the same time I cupped her panty-clad pussy with my hand. I gave her pussy a little squeeze when I sucked on her nipple, making her moan softly. I squeezed her pussy while sucking and licking her nipple.

Slipping my hand down her panties, I took her right nipple into my mouth. I worked her nipple slowly to extreme hardness while playing with her pussy. I traced her moist pussy lips then tickled her clit. I slid a finger into her wet pussy hole, probing her insides. I alternated between massaging her lips, toying with her clit and finger fucking her pussy.

When I finished with her nipple, I looked up at her face, pushing my hand down to tease her asshole.

"Oh, yes, wake my asshole up," she moaned. "She is still asleep. Make her hot for your hard cock. Speaking of your cock, he is trying to lift me up, the naughty little thing. He is not little, though."

While she talked, I used her pussy juice to finger fuck and ream out her puckered asshole. My cock was getting hard pushing against her left ass cheek.

"Isn't your asshole already hot for my cock?" I teased.

"She is, but I want you to make her hotter," she cooed. "Make her so hot she will suck your big cock right in."

"And why would she want to suck my cock in?" I teased. "What is she going to do with it?"

"She wants to suck your big cock in because she is hungry for it," she said. "She is very horny. She wants to be stuffed with it and she needs to be fucked silly."

"What will your horny pussy do while I fuck your ass silly?" I said. "Will she feel left out or jealous?"

"Oh, no," she said. "She will be having fun. She likes to watch, the little pervert. She will be watching open mouthed, drooling until she comes. And boy, will she come ever!"

"Wow! She's a real pervert!" I exclaimed. "And I thought she was innocent. She seemed innocent to me."

"Oh no, don't be fooled by the looks," she said. "Believe me. She is getting soaked just listening to us talk about it, can't you feel it?"

"Of course, I can feel it," I said. "She's even got your cock hungry asshole soaked with her abundant juices. Maybe you want to get my cock ready for it before your asshole gets drowned in pussy juices."

While we had this banter, I had her asshole real wet with her juices and I had two fingers reaming it out.

"Good idea," she said getting off of my lap.

She pulled my pants down to my ankles and proceeded to give my hard cock a quick blowjob. Soon, she excused herself for a minute. I disposed of my pants and jumped into my room to retrieve a little cassette recorder. I turned the recorder on and hid it near the sofa.

She returned, carrying her panties in her hand. I took the panties from her and smelled them.

"Oh, what a nice smell!" I said.

She knelt in front of me, stroking my cock with a buttered hand to get me slick.

"You want me to sit on this big fucker, won't you?" she teased. "You want to get my asshole stretched tightly around the base of your cock, eh? You want to skewer my ass with your big, hard cock, don't you?"

"Actually, I do," I said. "But is that all you want me to do to you?"

"Oh, no," she cooed. "I want you to pump my ass hard. I want you to give me the best ass fucking you know how. Fuck me until I come. Then pump your hot, thick come deep inside my bowels. Fill me with it, okay?"

"Okay," I said. "Now come on, baby. Sit down on it, you hot hussy."

She leaned back on the sofa, placing her feet to my left and her hands to my right like a spider and lowered her ass to my cock. Her dress was collected around her waist.

“Hold your big cock for me,” she said. I did.

She maneuvered her ass until she got the head of my cock at her asshole, then she worked her asshole slowly down my shaft until her ass touched my thighs.

“Oh, I like this,” she moaned, bobbing her ass up and down.

Her pussy was available to me. I used my left hand to toy with her clit while I squeezed her tits and pinched her nipples with my right hand.

“Oh, yes, baby,” she moaned. “Play with my pussy and tits while I fuck my horny asshole with your hot cock. That makes me hotter.”

“Anything you say,” I said as I slipped two fingers into her pussy, making her moan.

Having both holes plugged made her bounce faster. She squealed, cursed and talked dirty as she got closer to coming. She grunted and moved uncontrollably. I helped steady her with my hands. She moved slowly up and down as her asshole milked on my cock and her pussy twitched around my fingers, bathing them in hot juices. I survived her wild anal spasms without coming. I let her rest a little with my hard cock still rooted in her rectum.

“Now, I want to eat out your drenched pussy,” I said. “Get ready for it.”

I helped her stand astride me and put her wet pussy at my mouth. Her pussy was drenched. I got my face wet just lapping up her copious juices. I gripped her ass cheeks and probed every nook and cranny of her pussy, toying with her clit and swabbing her pussy lips. I stuck a finger up her ass and moved for the kill, not quite. I tongue lashed her clit while I finger fucked her ass. When she got so close to orgasm she could taste it, I told her to sit down astride me.

I gripped her hips and helped her mount my cock. She reached behind her and guided my cock into her ass.

“This time I want you to come inside me,” she moaned. “Baby, flood my rectum with your hot spunk!”

“You got it, baby,” I said, lowering her the rest of the way to the base of my cock.

Grabbing her ass, I started rocking her in an easy rhythm. Her throbbing asshole moved smoothly up and down my shaft, massaging every cell in my cock as she tried to voluntarily milk my hard cock. I watched her tits bounce up and down as she moved. They were inviting. I captured a nipple between my lips and enjoyed sucking on it quite hard. I moved to her other tit and gave it a good sucking.

She started to bounce faster as anal lust took over us. I grabbed her tits in my hands and started squeezing and kneading them roughly. I sucked on one hard nipple while twisting and pinching the other, switching between them. That drove her wild. She bounced, moaned, squealed and talked dirty, asking me to do her tits harder. Both of us were getting closer to orgasm.

She slapped her ass hard down my cock and stiffened. I felt her asshole contract wildly around my cock. I responded by biting her nipple and pumping my load of come deep inside her sucking asshole. Her spasming asshole made me dump a big load into her bowels. She continued to milk my cock for more. Her pussy gushed its juices getting my pubes soaked.

I showered her tits with kisses, then kissed her full on the mouth. Her asshole was gripping on my cock, wanting it to stay planted in there, but it was getting too limp to stay in that tight place. She cleaned my cock with her tongue as usual and went to the shower.

While she showered, I rewound the recorded cassette and dialed dad's number. When he answered, I played the cassette where mom talked dirty as she got her ass fucked. When I thought he heard enough, I hung up.

I left the shower wearing a T-shirt and pretty tight shorts that showed my bulge nicely. Going to my room, I found Diane, our next door neighbor, sitting in the living room, waiting for mom.

“Hi, Mrs. Wilson,” I greeted. “How are you?”

“Fine, thank you,” she said. “Yourself?”

“Fine,” I said as I got closer to her. I noticed she was eyeing my bulge. When I paused in front of her, she looked up at me. “Did you like it?”

She blushed.

“I am sorry,” I said, smiling. “I didn’t mean to embarrass you, but I enjoyed the way you looked at it.”

“Me, too,” she said, blushing a little.

“Maybe some time we’ll do it again,” I said as I headed to my room.

Mom and Diane left together in a joint errand. Mom returned an hour later.

In the afternoon, we were hot again. I told her I wanted to fuck her in my room. She was more than happy to oblige. I carried her upstairs to my room and deposited her on the bed. I told her I wanted to sixty-nine with her for starters.

I undressed her little by little, kissing and teasing the sensitive flesh as it was exposed. By the time I finished undressing her, she was moaning constantly. I undressed and lay on my back and she knelt down over me. She slobbered over my semi hard cock while I licked her clit and wormed two fingers into her pussy. I was fucking her pussy steadily with my fingers by the time she had my cock fully hard.

She coated my cock with saliva as it fucked in and out of her mouth, dipping into her throat. Her pussy coated my fingers with thick pussy juice as they shuttled in and out of her slimy hole. I sucked on her clit insistently as I worked my greasy fingers into her asshole. She stopped sucking my cock momentarily to enjoy the feeling of getting her asshole penetrated. She moaned and her pussy squeezed a fresh gush of hot juices, giving her clit a tasty dressing.

I tongue fucked her pussy while finger fucking her ass. I sucked her juices right from the source. Her three holes sucked on what I offered them. I let her and me enjoy the triple penetration for a while before we changed positions.

Moving into a rimming position, I laid her on her tummy, pushing a cushion under her pelvis to raise her ass up. As I parted her knees, her pussy and ass were presented openly to me. I folded a towel and put it under her pussy to absorb her juices. Before I worked on her ass, I brought a lump of butter and let it melt nearby.

Her puckered, slightly relaxed asshole tasted of pussy juices as I licked the pink crinkled opening. Soon, my tongue was pushing her sensitive skin inside as it made its way to probe her hot anal depths. Her asshole opened under the gentle pressure and my drool started flowing into her rectum. I inserted my left middle finger into her pussy and twisted it around within her while tongue fucking her asshole.

Raising my head from her ass, I left a string of drool going down to her anal opening. I watched my drool funneling into her rectum. I wet my right middle finger in my mouth and inserted it into her ass. I drilled both her holes with my fingers. She moaned while her pussy juices drenched the towel.

"I am going to give you a long, slow ass fucking that will leave you motionless," I said.

She moaned contentedly.

I grabbed the butter and used it to lube her asshole thoroughly. I took a while to work more butter into her butt than usual. I massaged her rectum getting it thickly coated.

"You should be slick enough for the marathon ass fucking you are going to receive," I said.

I also coated my cock with butter. I knelt astride her, my hands on either side of her shoulders. I slowly lowered my ready cock to her greasy anal opening. She shivered when my cock head touched her asshole. I pushed down gently, watching the column of my cock sink slowly into her tight, but welcoming asshole. Inch after thick inch of hard cock disappeared into her chute. Finally, I felt my balls press against her wet pussy, making her groan quietly.

Lowering myself onto her, I wrapped my arms around her and sucked her earlobe into my mouth. She turned her face back and we shared a long deep kiss. It was a nice feeling for me to have my cock deeply planted in her rectum and for her to have her asshole widely stretched and her rectum tightly stuffed with hard cock. We took a few moments to relish that pleasant feeling.

I withdrew my shaft very slowly from her ass and put it back in even slower. I paused like that letting my left hand crawl slowly down her belly until it reached her crotch. She moaned softly when my fingers brushed her wet clit. I inserted two fingers into her wet pussy. I felt her pussy and ass grip on my fingers and cock, respectively. I kept my fingers still within her pussy and my cock at rest in her rectum.

Every time my cock went a little soft, I would give her ass several slow strokes to get it rock hard again. Sometimes, she milked on it with her asshole.

"Oh, yes, mom," I encouraged. "Milk on it gently, but don't get the milk out already."

We intended to enjoy our slow anal ride to the most. We were just resting like that with my cock planted deep inside her ass. We did not let my cock rest, though!

Whenever my cock felt like taking a break, I changed its mind by a series of deep thrusts into her tight asshole. I changed the pace from a series of thrusts to the next. When I felt like taking a longer break, I stirred my fingers in her pussy, making her asshole give my cock a waking-up workout.

After about half an hour of that, I started fucking her slowly but insistently for ten minutes. Both of us were close to coming. I paused then but my fingers worked gently within her pussy. I then resumed pumping my cock

slowly into her asshole until her orgasm hit. I continued my slow ride while she moaned and pushed her ass hard against my cock, her asshole milking wildly on my cock. Her milking pussy drenched my finger with her juices. I did not succumb to her pressure and survived her orgasm.

She relaxed totally after her big orgasm. I rested on top of her, my cock rooted within her guts. After a while, I suddenly propped myself on my arms and gave her a hard pumping to remind her of what we were doing. She started thrusting her ass back to meet my strokes. I gradually slowed the pace and lowered my shoulders, returning much of my weight upon her.

I maintained smooth, deep ass fucking strokes, enjoying the softness and tightness of her rectum. I looked back over my shoulders towards the door. Dad was standing at the door, watching us fuck. From where he was standing, he had a bird's eye view of our crotches. He could see my cock taking long strokes into her asshole and my fingers immersed in her pussy. He could hear her moan and egg me on. He surely could see the thin, sensitive skin of her asshole hollow in and bulge out as it gripped on my pumping shaft. I raised my right hand giving him the V sign without missing a stroke. She did not notice a thing; she was too busy enjoying getting her ass fucked.

Dad was not due home yet, but apparently after listening to that phone call, he wanted to investigate the matter. He was lucky his timing could not be any better. After getting more than an eyeful, he left and was only back at his usual returning time.

That incident made my cock grow bigger and harder. I moved faster, giving her ass harder, more furious fucking. She went more active, shoving her ass back for deeper penetration and harder pumping. She talked dirty as we prepared for our simultaneous explosion.

Suddenly, my balls let loose, pumping a big load of come deep into her ass. She screamed and her asshole went wild around my cock. While her rectum spasmed around my come-spewing shaft, I diddled her clit hard with my fingers, making her lose control and buck like a bronco.

We rested after our wild orgasm. I knelt up pulling my cock out. Her asshole closed shut with a quiet plop. Her anal pucker was a little relaxed, shining with lube. Her pussy was drenched. It shone with her thick juices. The towel had a large dark wet spot. The room smelled of pussy. The view of her loose, wet, pink pussy lips was too tempting for me to resist. I bent over and started licking the juices off of them, making her moan.

Licking that wet pussy of hers made my cock twitch. I held it with my hand and started slapping it on her wet crack. She tensed a little at first, then she pushed her ass back and out for more. That made my cock semi hard. I held it in my fist just behind the head and started pushing the head in and out of her greasy asshole.

I wiped my oily cock with a soft cloth then brought it to her mouth. I sat on the edge of the bed near the headboard. She worked her head up and down as she sucked my cock to full hardness. She enjoyed practicing her cock sucking talents for a lengthy while as she got me closer to the edge.

She fondled my balls and rolled them in her hand as I got very close to coming. Soon, jets of my scalding come were coursing down her throat as she sucked thirstily. When she dropped my cock out of her mouth, it was limp like a wet rag. I felt limp myself. I lay next to her to rest. After a few minutes, we got up to get ourselves presentable.

At dinner, dad gave me some hateful stares but did not say a word. From the way mom behaved, I did not think he said anything to her. I did not think he would dare.

I still had twenty-four hours more of imprisonment unless I failed the test, but I did not intend to. I was sure I would not.

FRIDAY - NIGHT COURT

On Friday morning, I was feeling happier than before. Partly because dad conceded defeat silently and partly because today was the last day of being grounded. Although getting grounded was much fun, I felt a little bad because something was imposed upon me. Probably if I were not grounded, I would spend most of my time at home, but at my own will.

I got up in the morning, not alone though, before mom. I undressed her gently as she slept. She moaned sleepily. A little later, she was moaning lustily as I woke her by licking her pussy. Her pussy was quick to wake up and start drooling. I left just a little drool reach her sleepy asshole and lapped the rest.

Lying on my side beside her, I helped her nipples start a good day while I toyed with her pussy with my left hand. When the rest of her body was awake, I pushed my middle finger into her ass and started reaming it lazily.

“While your dad had sex with me last night, he tried to finger my ass,” she moaned.

“Yes?” I said after giving her closer nipple a little suck.

“I pushed his hand away,” she continued. “He did it again a little later, but I pushed his hand away firmly.”

“Did you tell him your ass belonged to someone else now?” I teased, feeling my cock double in hardness. “Did you tell him it belonged to me?”

“Of course, not, silly,” she said, “but I let him know it didn’t belong to him.”

“I think that should be enough for him to get the message,” I said, massaging her rectum with two fingers.

“I think I should have told him you are giving my ass all the attention it can take so he wouldn’t think it is not lonely and needy,” she said.

“That’s a good idea, but he may get jealous or something,” I said.

“Oh, why didn’t I think of that?” she said in mock seriousness.

“Do you know, mom, that now you deserve a reward for being such a very good naughty girl?” I said.

“Are you going to fuck my nice ass silly?” she smiled. “Is that my reward?”

“Nope,” I said. “I was going to fuck your nice ass silly anyway. That’s not your reward. I am going to eat your ass and pussy silly. That’s your reward.”

I pulled my fingers from her ass and rolled her gently on her tummy.

“And you will make my asshole a little pool of drool?” she moaned. “Mmm! I like that!”

With that, I started tongue bathing her ass cheeks tantalizingly. I pulled them slightly apart exposing her puckered rosebud. I gave her pucker a slow gentle rim job, feeling her orifice relax and open up slowly. She moaned and pushed her ass up to me, ending up on her knees with her knees parted.

I continued rimming her, now squeezing her pussy while I probed her ass with my tongue. I spent a while fucking her ass with the tip of my tongue, drooling into her rectum while teasing her clit. Then I started stretching her asshole to get her ready for my cock.

Kneeling behind her, I rubbed my cock up and down her pussy to get it lubed. She pushed her ass back at me.

“Please put it in,” she begged. “Fuck my pussy. Please?”

Up until now, I had never had my cock in her pussy, believing that fucking her pussy would be an outrageous violation of her marriage and motherhood. I believed that a woman’s pussy was the temple of marriage and the part she gives away to her man while keeping the rest of her body. Obviously, mom did not share that opinion or she was willing to share that special part of her body with me after last night’s incident made her realize she belonged to our relationship more than she thought she did.

“Are you sure, mom, you want me to fuck your pussy?” I asked, rubbed my cock head over her clit.

“Of course, I am sure,” she begged impatiently. “Don’t tease me anymore! Please, put it in and fuck me.”

No sooner I put it at the hot opening of her pussy than she lunged back taking it balls deep in one swift move, making my balls slap noisily against her clit. Her pussy was hot like a furnace and wet like a river. It massaged and milked on my cock marvelously while we fucked. Her leaking pussy juice drenched my balls as they hammered against her hot clit.

I watched her pussy stretched around my shiny cock sliding furiously along my shaft. Eventually, I noticed her puckered hole. I probed her mouth with my index finger getting it wet with her saliva then wormed it into her asshole. I finger fucked her ass according to our fucking pace. Her movements got more frenzied and her moans and squeals got noisier when her orgasm was moments away. She grunted and stiffened as her orgasm took over her, making her holes spasm around me. A fresh load of her juices was discharged around my cock.

Removing my finger from her ass, I gripped her cheeks and worked my cock in and out of her pussy in an easy pace until her orgasm ebbed. I let her rest a few seconds then I pulled my cock out and pressed its bulbous head against her anal opening. Her asshole yielded under the gentle pressure and my cock made its way slowly into her rectum. By the time my balls touched her pussy, she was hot and ready to rock.

She was so hot she almost did all the fucking and I just knelt there watching and enjoying the view and feel. I reached forward, taking her tits in my hands and giving her hard nipples a gentle squeeze that made her moan and made her ass contract around my slick shaft.

When we settled into a nice pace, I pulled my cock a little more in the out-stroke, taking it completely out and pushed it into her pussy in the next in-stroke. That unexpected act made her come around my cock as I continued pumping her gushing pussy. As soon as her orgasm receded, I was back into her ass in one smooth, long stroke. In a couple of minutes, I was fucking her ass smoothly.

I switched to her pussy and back to her ass twice more, making her come two more times. When she came the second time, I was too hot to survive her furious vaginal milking so I ended up spewing my thick come deep inside her sucking pussy.

“This is the best fuck I’ve ever had,” she moaned quietly. “I’ve never been happier.”

“I am very delighted to be part of this special experience of yours,” I whispered.

Now, I was sure she would never say no to me. She was mine forever. Enjoying this thought, I collapsed on top of her, my arms around her waist feeling my cock twitch lustily in the heat of her squeezing pussy. We both settled flat on the bed my legs on either side of hers.

I raised myself a little on my knees, removing my cock from her, and nudged her to turn around beneath me. When she did, I lowered myself onto her pressing my semi hard cock against her pussy. I licked and sucked on her nipples taking them back to full hardness. Then I crawled dragging my cock up her body, passing between her tits until the head rested on her lips. Her lips parted, taking my multi-flavored cock in. She sucked on it while I slid it in and out of her mouth feeling it grow fast to full hardness.

Dragging my cock back down her body, I headed towards her pussy. When I reached my target, I placed my legs between hers, nudging hers apart. I pushed my cock into her pussy. She helped guide it to her opening and it slid smoothly in. She wrapped her legs around my waist. I lifted them one then the other and pushed them back under my shoulders, opening her up outrageously. I gave it to her, pumping her pussy deeply, listening to my balls slap against her asshole, which was getting wetter with the juices that bubbled out of her pussy.

When she neared her orgasm, I switched to her asshole and drilled her the rest of the way to her orgasm and back down, working her leaking juices into her ass and enjoying the contractions of her orgasmic rectum. When her asshole relaxed, I switched back to her pussy. I switched back and forth, enjoying a total of three orgasms in her asshole. The third of her anal orgasms sucked my come right out of my balls deep into her spasming rectum.

Judging from her moans and movements, her recent orgasms were stronger than the ones she had a little before. I freed her legs from under my shoulders and collapsed on her, my cock dangling between her thighs. I showered her face with kisses, planting a few on her lips. She moaned her satisfaction and rapture with this glorious fuck. I whispered similar loving words in her ear.

All this fucking tired our sweaty bodies. We rested in each other's arms for a while and eventually dozed off. I woke up alone on the bed. She was gone. I discovered later that she had some chores to do. I got up and showered. After the shower, I relaxed in a couch, watching TV.

In the afternoon, I felt a little horny again. I took off my shorts and parted my knees making my cock hang out in the open as I sat back. When she passed me in the living room, I called her. She knelt between my legs, taking my cock in her hand.

“What is it, honey?” she asked as she toyed with my hardening cock.

“Suck it, mom,” I said. “I want to feel your fantastic lips around it. Give it a good suck, lover.”

Before I finished my sentence, she had taken my cock deep into her mouth. I relaxed as my cock stiffened under her adroit ministrations. She switched between deep throating, sucking the head and licking my balls and alternated her hand between palming my balls and teasing my asshole.

After about half an hour of that delightful treatment, I was involuntarily getting ready to shoot it down her throat. My moans and grunts told her all about it. Her sucking became more feverish as my balls contracted in readiness. I stiffened, holding her head in my hands and started shooting my hot come forcefully down her throat. She swallowed expertly, leaving no drop to waste.

Now, that my cock had been sucked dry, she licked and massaged the shaft into complete relaxation. I looked down at her gratefully. Her dress showed a lot of cleavage. The view of her tits made my cock twitch.

“Is there anything else, honey?” she asked, looking at me with a mischievous smile.

“Yes, mom, if you don't mind,” I said.

“Of course, I don't mind, honey,” she said lovingly. “What is it?”

“I want to fuck your tits,” I said. “Would you get it up for me again?”

“Sure thing,” she said, “but first I want to take my tits out for you.”

She stood up and took off her thin dress. Then she let me take off her bra, leaving her in black shear panties. She knelt between my legs taking my limp but hardening cock back into her mouth. She pulled my wet cock out of her mouth and slapped it against her tits. In a minute, my cock was at full attention, ready for anything.

She kissed my cock on the head and walked down to the sofa opposite of me.

“My tits are all yours” she invited, lying back. “Do whatever you want to them.”

I sat on the sofa beside her and bent over her tits. I licked her tits all over and then zeroed in on her areolas and nipples. I licked and sucked on her nipples while kneading both tits with my hands. She moaned and moved her head from side to side as I got her hot and bothered.

Satisfied with the hardness of her nipples, I retrieved a coconut oil bottle. I poured oil over her nipples and rubbed it into her tits as it trickled down her glorious orbs. I oiled her tits all over and massaged and kneaded them sliding my palms over her nipples, making her moan and squirm. Finally, I oiled my cock and was ready to ride.

I straddled her chest, laying my cock between her tits. She pressed her tits together around my shaft. The head of my cock was showing beyond the top of her cleavage. I leant forward putting my hands on the armrest for leverage and started pumping her cleavage gently. She kneaded and squeezed her tits together in the same rhythm I pumped her tits. Her tits jiggled up and down as my pelvis hit the undersides of her tits. My cock head appeared and disappeared at the end of her tit tunnel.

As I fucked her tits harder, my thrusts made her skid up on the sofa. She ended with her head raised up resting on the armrest. She stuck her tongue out to lick the head of my cock every time it peeked out. Seeing that, I took longer strokes that actually made the head disappear between her lips. She now sucked my cock head at the end of every thrust.

It was a delightful tit fuck. I varied the pace every now and then. She followed my lead with kneading and squeezing her magnificent globes. I was nearing orgasm and so was she. I fucked harder and harder. My cock made plops every time it slid out of her sucking mouth. Orgasm was very close.

I pulled my cock out of her tit tunnel. She held it with one hand and reached with the other between her own thighs. She jerked my cock while she did her pussy. She started coming as my cock spewed its milky spunk onto her skin. She directed my come to land over her tits and face, jerking it until there was not a single drop of come left in my balls. She squeezed the shaft for extra drops.

She was a scene to behold with my come drawing random crisscrossing lines over her pale tits and face. I watched as she rubbed it sexily into her tit flesh, massaging her globes thoroughly with my special extract. Then she rubbed the come on her face into her skin like an expensive beauty lotion. Then she licked off whatever little come that clung to the head of my cock. She licked up and down the shaft making sure there was nothing left anywhere. Finally, she gave the head a parting kiss.

I bent down over her and planted a loving kiss on either oily, spunky nipple. I lay on top of her, resting my head between her tits. She wrapped her arms around my head while we rested.

“I am going to visit a friend of mine,” she said lazily. “I am only going to wash my face and pussy, leaving my tits the way they are.”

I kissed her on the lips for that. She did like she had said. I showered and rested waiting for my night court.

I was reclining on my bed when I heard some noise downstairs. In a couple of minutes, dad shouted at me. I came downstairs to the living room. Sheila was there, of course. She had on a mini dress that barely covered her ass. It was cut so low it barely covered her tits. I suspected she wore no panties. A few moments later, I discovered that to be the case.

He signaled me to go to her since he was sitting opposite of hers.

“We'll see how you will act this time,” she said, lowering my shorts. “We hope better than last time.”

“Me too,” I said emotionlessly.

She started spanking my bare ass. I felt nothing except the stinging pain, not even the slightest feeling in my deeply sleeping cock. Of course, she was upset that she had no effect on me. She even tried to tease my cock with her free hand while she spanked away, but to no avail. She found herself helpless.

“He is behaving himself this time,” she said to dad then looked at me as she sat beside him. “We can resume seeing each other next week.”

“Did anyone tell you I was interested in seeing you anymore?” I said ironically as I pulled my shorts up, fixing her with my eyes. “Miss, I don't have the slightest interest to say hi to you any more. Goodbye and good riddance.”

“Do you want anything else from me?” I said, looking at dad.

“No,” he said.

I went back upstairs to my room as she leant towards him and started crying. He calmed her down, rubbing her back and tit. I did not want to watch them fucking. I checked on them half an hour later. I peered at them from upstairs. He was drilling her ass doggie style. Apparently, they were having a good time. I could not care less.

I thought about taking mom to the beach for the weekend. When she returned from her friend's, I asked her whether she would like to go.

"I'd love to," she said.

I told dad, in her presence, that she and I were going to the beach for the weekend. He did not protest.

"Have a good time," he said.

"We will," I said.

We were going to enjoy outdoor sex, marine sex and some other stuff. When dad disappeared upstairs, I grabbed her and gave her one hot kiss that took her breath away. That night, I drifted into sleep feeling great. Finally, she was mine—the deepest fantasy of every man and woman came true for me and her. It all started with flunking a couple of courses!

Life is sometimes funny. It's fun if you get to laugh last.

The End

Grounded

My girlfriend and dad conspired to punish me for failing at school. As a result, I ended up grounded at home for one week after getting spanked and watching my girlfriend have sex with dad. Having mom at home all the time made it all worthwhile. We developed a new relationship that blew dad's mind away. At the end, we were ready to collect our prize.
